

《Billionaire CEO Won't Leave》

Chapter 27

Looking at Bai nianxi indecently, the East brother's face showed a pity expression and said, "it's a pity that such a beautiful little beauty will die like this. It's a pity."

"What do you mean?" Bai nianxi shrank behind him in horror, and his eyes fell on a knife half meter long and half palm wide that Dongge had just taken out of his bag.

"What do you mean?" The East elder brother put the knife in front of Bai nianxi to shake, smile of some seeping people, "this thing is prepared for you, what do you mean?"

Bai nianxi swallowed his saliva, his voice trembled, "don't mess with me."

The man laughed and stopped talking. He took out a grindstone and a bottle of water and began to sharpen the knife.

Killing people is his pleasure. Over the years, countless people have died under his hands. He always pays attention to the ritual of killing people. Every time he kills someone, he must sharpen his knife.

The sharp and piercing sound of sharpening knives reverberates in the empty and cold abandoned factory building, which is particularly shocking.

Everything is ready, East brother came with a knife.

White read Xi strong make calm, looking at the East brother came, bite teeth, try to enunciate clearly said: "who sent you."

He spat his saliva on the knife in his hand and said, "it's a secret. Those of us who take people's money and buy people's lives have to learn to keep it a secret."

His eyes fell on Bai nianxi. Today, Bai nianxi was wearing a light blue dress. Her skirt reached her knees. Her gentle light blue set off Bai nianxi's white skin and gave off a

very attractive luster. In addition, Bai nianxi was nervous and afraid, and she was sweating, which was more and more provocative.

Bah, brother Dong dropped his sword. It's not too late to be happy first.

He stepped forward, untied his trousers and reached out to take off Bai nianxi's clothes.

Bai nianxi screamed and resisted. Soon, Bai nianxi's clothes had been torn to pieces by his east brother. His east brother pulled Bai nianxi's feet and dragged him under his body.

Kangmobei and his party came to the factory building. They heard the scream of the woman's panic. Kangmobei recognized that it was Bai nianxi's voice!

"Mr. Kang! Let's go right there! " The man in black came forward and said respectfully that he was about to rush in to save people.

As soon as his hand stopped in the air, he motioned them to stop. "You wait outside." Then he walked in quickly.

With the sound getting closer and closer, conmobei's face was extremely cold, his fists clenched and made a clucking sound. As he took off his suit coat, he eagerly looked for the direction of the sound source.

Walking around a corner, conmobei finally saw a man wearing only underwear, with a woman struggling to resist under him. The woman was already out of clothes.

His whole body was as cold as a glacier. He quickly ran over and kicked away the man on Bai nianxi. He waved his suit and coat to cover Bai nianxi's naked body.

"Conmber!" Seeing the comer, Bai nianxi couldn't help crying and rushed to kangmobei's arms.

East brother was kicked far away by kangmobei. After coughing up a mouthful of blood, he stood up again from the ground. With a gloomy smile on his face, he wiped away the blood from the corner of his mouth. "Another one to die?"

After pacifying Bai nianxi, Kang Mobei let go of Bai nianxi and stood up. He said harshly, "come in!"

Dongge has picked up the polished broadsword beside him and waved it to kangmobei. Kangmobei dodges and cuts his hand on Dongge's arm. Dongge has been licking blood at the tip of the knife for many years. His reaction skills are good and he takes it down abruptly.

At this time, the man in black came outside.

"Keep him alive," he said. With that, he went to Bai nianxi, picked him up, walked out of the workshop and put him in the car of Kangmobei.

"Wait for me here." After putting down Bai nianxi, Kang Mobei is about to turn around and leave. However, Bai nianxi grabs his arm with tears on his face, as if to say: don't go.

Kangmo looked at Bai nianxi in a deep color. He had to teach the man himself, but the next scene would be bloody. He didn't want her to see it.

Touching Bai nianxi's forehead, he said in a soft voice: "good, obedient, it's safe here, I'll be back soon."

Bai nianxi opens his hand and nods timidly. Kangmobei's eyes shake slightly. He kisses Bai nianxi's eyes gently. Then he closes the door and turns away.

East brother has been paralyzed by the man in black and lying on the ground with bruises and bruises. Kangmo comes in with cold eyes, grabs an iron stick held by a man in black, and throws it directly at East brother.

"Yes?" Kangmo sounds like a skate.

The man in black bowed his head

Kangmobei looked up, breathed out a breath, rolled up the sleeves of his hands, and came forward fiercely. His hard fists fell on Dongge like raindrops. After a fierce fight, kangmobei's fists oozed blood.

The East elder brother already can't say complete words, whimpering of groan. Kangmo stood up, picked up the big knife and stepped forward. The man in black next to him stopped him. "Mr. Kang..."

Kangmobei stood in the same place with a knife. His slender figure shook slightly because of his anger. "Since he won't say it, it's useless to save his life."

Bai nianxi thought that after this incident, she would leave a serious psychological shadow, but unexpectedly, there was a person whose psychological shadow was more serious than her.

She just had a few days' rest at home, and everything was back to normal. It had to be said that Bai nianxi was really a man with a big heart. Although she still had a faint

fear when she thought about that day again, she didn't have the idea of going out to buy vegetables in the past few days.

Conmobei, however, is inexplicable. It's like suffering from a very serious psychological trauma. He is clearly the group president with busy affairs, but he has been on vacation for a week at home.

So, is it her or combo North who was kidnapped?

"Where are you going?" Bai nianxi strides over the canvas bag and is about to go out. Behind him comes an inexplicable and gloomy voice, which makes Bai nianxi shake three times unconsciously.

"I, I'll go shopping."

"Don't go." Kangmo north cold spit out three words, came forward, grabbed the canvas bag in the hand of Bai nianxi, eyes like a knife: "do you dare to go to that market?"

"Then I'll go to another market?"

Kangmobei is more and more powerful. What does this woman think? I'm not afraid that others will eat her?!

In fact, Bai nianxi also had no choice. Kangmobei invited the best teachers from all walks of life in the world to Lolo. Lolo often went out to study during the day. Therefore, in addition to occasionally finding time to teach Lolo painting at home, she was completely idle.

My only hobby is to order.

Kangmobei pulls Bai nianxiqiang back to the sofa and sits down, "no way."
