

Billionaire CEO Won't Leave

Chapter 271

Bai nianxi instantly gathered his eyebrows, "personal account?"

Shen Hedan also stopped talking, his eyes turned from Bai nianxi to Anqing, and his eyes became sharp.

Just now he was making fun of Bai nianxi. He knew that Bai nianxi and Mr. Z did not meet as scheduled this time. Although he did not know who Mr. Z was and what his purpose was, he did not pay much attention to this matter.

It's just the money now, but it's in Bai nianxi's personal account?!

You know, in order to protect bainianxi and Luoluo, Shen Hedan has been hiding bainianxi very well in the past two years. Even if bainianxi takes care of the company outside through the Internet, it is in the name of Shen youyou.

In those days, Bai nianxi became Shen youyou. She lived as Shen youyou. Shen Youyou, in the eyes of the outside world, is also a very mysterious person who can hardly trace.

But the \$150 million account is Bai nianxi's personal account and the only one in the world that exists as Bai nianxi.

When Mr. Z deposits his money into this account, doesn't it mean that he already knows Bai nianxi's identity? Not only know that "Luoyang autumn water" is Bai nianxi, but also know that Shen youyou is Bai nianxi?

It's not surprising that Bai nianxi and Shen Hedan had a sharp momentum for a while, but this matter is really suspicious and alarming.

"Have you found out the source of the money?"

Anqing shook his head. "The money is from the Swiss bank. I sent someone to check it. It's the direct appropriation from the bank. As for the other side's account, it's well hidden."

Bai nianxi nods and makes a payment from Swiss bank, which shows that the other

party is deliberately hiding his identity. What is Swiss bank? There are huge amounts of money and black money of unknown origin in the world, which can't be found in Anqing. It's normal.

"You've got a tough character." Shen Hedan was not smiling. The meaning of the words seemed to be joking, "my sister really made me proud. So many mysterious men are coming to you one after another."

Ignoring Shen Hedan, Bai nianxi asked again, "where is the payment? Is there any attached explanation?"

"Yes." Anqing nodded, then looked at the screen in his hand and said, "please send the four paintings to the niston Manor Hotel within seven working days..."

Read here, Anqing seems to be a little surprised, and then continue to say: "room 1202."

1202 is the room Bai nianxi lived in Germany last time.

Why send it there?

"I see." Bai nianxi's face was still a little heavy. He didn't say anything more. He turned and went upstairs.

Only Shen Hedan stood in the same place, his hands in his pockets, standing straight, as if thinking about something.

After Bai nianxi left, Shen Hedan looked at Anqing. Then anqing immediately stepped forward and handed over his iPad.

Shen Hedan stares at the numbers and words on the screen, trying to find some clues.

In fact, he has a conjecture about Mr. Z's choice.

Today, it's the day Dr. Cahill routinely checks Lolo's eyes.

After Lolo's eyes are improved and the condition is stable, Dr. kahal will come to the Gobi once a month to check and follow-up treatment for Lolo.

A small helicopter slowly lands from the Gobi sky. The whirling propeller rolls up the yellow sand on the ground. The yellow sand is flying all over the sky. After the helicopter lands on the ground, a man comes down from the fuselage.

Bai nianxi's face changed when he saw the man.

Shen Shimo is here.

Dr. kahal followed Shen Shimo, and they came together. They went through the Gobi in front of them and came to Shen Hedan's garden.

Here is full of flowers and plants, a full of vitality, in the boundless golden sand, it is particularly eye-catching.

This is the first time for Shen Shimei to come here. When he saw all this, his eyes lit up. In the endless Gobi to build such a magnificent green garden, there are flowers, grass, as well as fountains, I think Shen He spent a lot of effort and financial resources.

"Hello, little sister." After approaching, Shen Shimo says hello to Bai nianxi.

In fact, Shen Shimo doesn't have much to do with Bai nianxi either. After seeing that side two years ago, Shen Hedan hid Bai nianxi. Although they kept in touch with each other in the middle of the meeting, they counted the number of times they met.

As soon as Bai nianxi saw Shen Shimo, his eyes became a bit alert.

Bai nianxi didn't answer, but Shen Shimo was not embarrassed. He turned his eyes to Luo Luo, "Oh, Luo Luo has grown so tall. My little nephew has really lived up to your good genes. You are so smart and lovely."

Luo Luo has never met Shen Shimo, but he knows that this is his other brother-in-law, but he doesn't like this brother-in-law, so when Shen Shimo talks, he just stands with a cold face."What are you doing here?" Bai nianxi leads Luo Luo to go inside.

"Why, can't I come?" Feeling the unfriendliness in Bai nianxi's words, he shook his head in silence. "Little sister, you can't be so eccentric. You live with my elder brother all the year round. My second brother comes here occasionally to see my little nephew. You have to bury him."

Bai nianxi didn't speak. She didn't like Shen Shimo from the bottom of her heart.

If it's all a family, he and Wei Xia are going to kill her and Lolo.

When several people walked in, they just met Shen Hedan coming down from the upstairs. Shen was stunned when he saw Shen Shimo, and then his whole body burst out with chilly momentum.

He quickened his pace and came to Shen Shimo. He almost asked in an overwhelming manner, "what are you doing here?"

Shen Shimo frowned slightly and looked at Bai nianxi. What he said was meaningful, "brother, I just came here. How come you and my little sister are all reacting like this? I think you're the family, and I'm just an outsider. "

Shen He delay the corner of the mouth micro hook, "yes or no, you know in your heart."

Shen's momentum over the past few years is unmatched by Shen Shimei. In the face of Shen's pressure, Shen Shimei has to be weak.

"My mother asked me to come here this time to see how Lolo's eyes are recovering."

Shen Shimo said that, but both Bai nianxi and Shen Hedan knew that it was Bai nianxi's trip to Germany that aroused Wei Xia's vigilance.

"Come here, Cahill." Shen Shimo greets behind him, and kahal comes over.

The third floor is a rehabilitation treatment room specially set up for Lolo, where Lolo conducts every examination.

After an examination, kahal put down his instrument and looked at the picture displayed on the medical equipment. He said: "the young master's eyes are recovering well. At present, all the indicators are at the normal recovery level. The operation should be normal after more than a month."
