

Billionaire CEO Won't Leave

Chapter 272

Silent nodded, his face still hung with a smile, just let people look, that smile does not contain a bit of sincerity, "that's good."

The next few people went out of the clinic, and Dr. kahal took Lolo for recovery treatment.

"By the way, I heard that my little sister brought back a man from Germany?"

"You are well informed." Shen Hedan went on walking without even looking at Shen Shimo, but when Shen Shimo spoke, the dark light in his eyes suddenly moved.

Wei Xia is really vigilant. As soon as Bai nianxi brings people back, Shen Shimo has come after her.

"That's natural. My younger sister has been away from the Kang family for two years. Now if we can find a suitable husband, it's a great joy for the Shen family."

Bai nianxi's face stirred up a smile of irony.

If she and conbmer break up contact from now on, and have no more contact, it's not a great joy for them?

They are afraid that because of Bai nianxi, Shen Hedan and Kang Mobei join hands to deal with them, so they try every means to prevent Bai nianxi and Kang Mobei from getting together.

What they are guarding against is more than a conbmer?

They don't allow Bai nianxi's future husband to have any power at all. It's better to be the kind of ordinary man who can't be found in the crowd. Bai nianxi's man can't be Shen Hedan's help.

"The second elder brother means that he wants to see the man I brought back?" Bai nianxi didn't like to beat around the bush in front of Shen Shimo and said directly, "I knew you were running for him, and I won't let you go this trip in vain. If you record a video and send it to you, you should be able to rest assured."

Shen Shimo smiles. Between the three of them, it's superfluous.

It's just that he can't rest assured if he doesn't see it with his own eyes.

When Shen Shimo saw Qin Nanfeng, she was surrounded by a group of maids.

The maids here are all western women, except that some of them are specially invited from China by Shen Hedan in order to better take care of Bai nianxi and Luo Luo.

Western women are often more enthusiastic and generous. Qin Nanfeng shows his personal charm casually, and a group of people have already become one.

When seeing Shen Hedan walking over, the maids who were still laughing suddenly scattered, leaving only Qin Nanfeng standing in the same place.

It's Shen Shimo. He knows.

Shen Shimo also stares at Qin Nanfeng. Is this the man Bai nianxi brought back?

I'm sure it's not Kang Mobei, but this man, at the first glance, makes people think he's not simple.

Is there any other force staring at Bai nianxi?

"Miss Bai, you can't do this to me." Qin Nanfeng's face changed in a twinkling of an eye. Soon, his face changed into a pathetic expression.

Bai nianxi's eyebrows are slightly frowning unconsciously. She can't stand a man like Qin Nanfeng. "What's the matter with you?"

Qin Nanfeng was about to cry, "Miss Bai, how can you abandon me from beginning to end?"

What's the point?

The other three turned black.

Qin Nanfeng then said, "I made a promise to you as an example. You refused. You asked me to be a cow and a horse. I agreed. But it's not enough for you to have me alone. Now you have brought a man back?"

Obviously, the meaning of Qin Nanfeng's words is to regard Shen Shimo as the man Bai nianxi brought back.

Bai nianxi's eyes are a little overcast. She says that Qin Nanfeng doesn't know who Shen Shimo is. She doesn't believe it.

Qin Nanfeng's move, in addition to his routine disguise, also has an important purpose, that is to disgust them!

Bai nianxi was really disgusted.

Only Shen Hedan calmly continued to help Bai nianxi go back to the past. "It's normal for a man like Mr. Qin, at best, to be a senior male model in the club, not to satisfy women."

Qin Nanfeng's face turned black.

Shen Shimei didn't know what the specific situation was, but he was suspicious and vigilant.

Obviously, this man and Bai nianxi are not in the same camp.

"Oh, yes." Shen Shimo suddenly said, "at the end of this month, go back to New York."

"New York?" Shen Hedan seemed a little displeased, "what are you doing back there?"

Shen Shimo glanced at Shen Hedan and Bai nianxi. The meaning in his eyes was profound. "You should know something about the relationship between mom and ham."

Shen He Tan picks eyebrows. The emotion in his eyes is very ironic.

Shen Shimo continued: "a week later, it's mom's and Ham's wedding. Brother, you are the eldest son of the Shen family, and now you are the leader of the Shen family. Will you go?"

"Why should I go?" Shen Hedan's voice sounds very cold. "Congratulations to my father's former wife. Finally, I'm going to remarry and marry someone else?" Shen Shimo's face was slightly ugly.

However, it was Wei Xia who asked Shen Hedan and Bai nianxi to go. Although he didn't know what Wei Xia was doing for, there must be her reason.

Shen Shimo didn't say much after he passed the word. When kahal finished the examination and treatment for Lolo, they left together.

Shen Hedan and Bai nianxi are sitting in the bright office on the top floor, looking at the boundless Gobi outside the landing window, falling into a silence.

What happened 25 years ago was a lifelong disaster for Bai nianxi and a lifelong pain for Shen Hedan.

Wei Xia once got involved in Shen's marriage and gave birth to his illegitimate son, Shen Shimo, because she was unwilling that her son could only be an illegitimate son. After giving birth to Shen Shimo, Wei Xia brought her son to the palace.

Bai nianxi's biological mother left the Shen family because of this. After she left, she found that she was pregnant with Bai nianxi. Because of this, Bai nianxi had been exiled before she was born.

Bai nianxi's mother died shortly after giving birth to her.

At that time, Bai nianxi's foster mother and Bai Xingmin went to the city to work. They were street cleaners and migrant workers.

After picking up Bai nianxi, his adoptive mother has been taking care of him carefully. Because his adoptive mother is kind-hearted and doesn't want to be bullied in the Bai family, no one in the Bai family knows about it except Bai Xingmin.

Shen Hedan always thinks of Bai nianxi's sufferings these years, and he feels extremely guilty in his heart.

"Brother, will you go?" Bai nianxi suddenly broke the silence and asked.

Shen He Dun snorted coldly, "Wei Xia is a good abacus and paves a good way for herself."

"You said, why did she invite us over?" Bai nianxi did not understand Wei Xia's action.

Shen Hedan shakes his head. He has no idea now.

"And Lolo's eyes, I can't always rest assured." Speaking of Lolo, the expression on Bai nianxi's face changed. "If the operation goes smoothly, it will be a year at most when Lolo's eyes recover. A year later, Wei Xia lost the tools to hold us back. How could she be reconciled? "
