

Billionaire CEO Won't Leave

Chapter 273

"Well." Shen He delayed to answer a, more than a month later Luo Luo eye surgery, he really has been worried.

"Lolo's operation, I won't let Cahill do it." Shen Hedan looked out of the window. "I won't put Lolo's eyes on their hands."

He has already told conmobeil about it. Maybe conmobeil can use his power to find a better doctor for Lolo.

A city.

Late at night, conmbe sat in the dark office without the light on.

In the past two years, he has been sleeping in the office almost every day. Century manor seldom goes back. There is the smell of Bai nianxi and the trace of Luo Luo's stay. Every time he goes back, he will sleep all night in the open villa.

Every breath of air in century manor made him breathless.

In the dark, the door of the office was knocked. Conmber answered with a deep voice, "come in."

From the door into a figure.

Commo North stood in front of the window, did not look back, but said: "so late, what are you doing here?"

The people behind you, you don't need to ask, are admiring like frost.

"Just came back from Germany, must be very tired? Why don't you rest? " Murushuang opened his mouth to care.

She is still in love with Kang Mobei, still in love with crazy, but now she, a lot more patience, Bai nianxi disappeared, then she can have a lifetime to spend with him.

Conmobei did not answer. Under the dim moon shadow, his figure was so strong and

resolute, and so lonely and cold.

This moment of him, let her inexplicably bold want to embrace forward.

He walked over and put conمبر around his back.

"Mobei..."

The whole body of Kang Mo north is stiff, the momentum on the body is cold and fierce come down, send out a silk cold idea, cold way: "loosen."

Mu Rushuang is holding more tightly.

Two years ago, she gave him medicine, that night, if not Shen Hedan and Lolo, she would have been his person.

But her abacus did not work out after all. After that, conمobeir's attitude towards her changed completely. In his eyes, she became an ordinary woman like other Yingyan. He didn't even have half respect when he looked at her.

Fortunately, later, she came in time to save his life.

She was his Savior, a fact that could not be changed even if conمobeir did not want to accept.

"I said, let go." The coldness of conممبر's body is more serious, and the indifference and coldness in his voice make people tremble.

Can mu Rushuang is still tightly in the arms of komobei. Nevertheless, it was still the happiest moment for her.

Kangmobei stretched out his hand, without any temperature, and bit by bit peeled off murushuang's hand. Murushuang didn't move, so he stepped back a few steps to open the distance between him and murushuang.

"I hope Miss Mu will not do anything harmful to her identity and image." Conممبر's voice reminds her coldly.

Mu Rushuang was stupefied for a moment, and laughed. In his voice, he was unwilling and bitter. "What is harmful to his identity and image?"

"You know, from the first time I saw you, all these were destined to be abandoned by me."

How embarrassed she became because she loved him.

"Miss Mu's feelings are your own business. I have no intention to participate in it. There will be no beginning or result between us."

Maybe the cold words of Kangmobei shocked Mu Rushun's heart. Mu Rushun's mood was a little excited for a moment. "She won't come back. Do you want to wait for her all the time? You can wait for her for two, five, ten, twenty years? "

The moment that Kangmobei looked at Xiangmu Rushuang became extremely sharp, and his words seemed to condense into ice, "who said she won't come back?"

"If she would come back, she would have come back long ago. When you drink for her until you vomit blood and faint, and when you miss and grieve for her, if she would come back, how could she bear to see you alone for so long?"

Kangmobei's eyes exuded a layer of dense and fierce color, looking at Mu Rushuang, indifferent to spit out a few words: "only two years."

Yes, it's only two years. Even if there are two more years, he can wait.

However, the waiting time is very hard.

Mu Rushun's eyes were foggy, and tears rolled out of her eyes. After a while, she said, "I can wait for you, but it's only two years."

Finish saying, Mu Rushuang turns round, push a door to walk out.

Kangmobei heaved a deep breath, clenched his fists on the side of his body, and showed his blue tendons on his arms. Looking at the desk on one side, there are still the snacks and snacks Mu Rushun just mentioned.

He walked over, picked up the things Mu Rushuang bought, went to Secretary Xing's office and put them on Secretary Xing's desk.

I went back to the office again, sat back in the president's chair and opened the computer in front of me. Just now, Kangmobei received a new email from the United States. A week later, a luxurious private helicopter took off from the Gobi in Las Vegas and flew straight to New York in the United States.

Shen Hedan, Bai Nianxi and Luo Luo are all on this plane.

Weixia and Ham's wedding was held in a luxurious manor near the Hudson River. Many guests have come here before the wedding.

Ham is a famous entrepreneur in the United States. Naturally, his wedding guests are all distinguished guests. In addition to the entrepreneurs in the upper class of the United States, many celebrities and superstars also attended.

Bai nianxi and Shen Hedan's plane landed on the lawn of the manor. They took Luo Luo and walked down from the plane.

Although the Shen family is not a celebrity in American society, the Shen family has great influence in the United States. Therefore, when Shen Hedan appeared at the wedding venue, many people took the initiative to come forward and say hello to Shen Hedan.

Shen He Dun they know, just stand on the side of Bai nianxi and Luo Luo, they have not seen.

Some people have noticed that the three people seem to have some similarities in appearance. Now standing together like this, they naturally mistakenly think that they are a family of three.

"Mr. Shen, is this your wife and son?"

Shen Hedan smiles and doesn't explain anything. In order to avoid some unnecessary troubles, he doesn't disclose the identity of Bai nianxi's youngest daughter.

Many of them were female guests, but after a while, Lolo's personal charm was fully displayed among a group of beautiful sisters and aunts.

Many people laugh and talk around Lolo, and praise is endless. Although Lolo's expression is cold, and only occasionally answers the questions around him, it arouses women's interest. It's a great honor to get the cold Lolo's personal answer.

Shen Hedan looks at Luo Luo surrounded by a group of beautiful Yingyan and keeps shaking his head. Luo Luo has perfectly realized the inheritance of kangmobei, even better than LAN.

How can the child get rid of such a demon when he grows up.

The attention of the crowd was attracted by Luo Luo, but Bai nianxi felt a rare peace.

Bai nianxi has not been able to appear in public for a long time. Now he is sitting quietly with Shen Hedan, enjoying the rare peace and freedom.

Until the appearance of a person, completely broke the peace of Bai nianxi's heart.
