

Billionaire CEO Won't Leave

Chapter 274

Commobei is dressed in a high-grade suit, elegant and noble, coming from afar, followed by mu Rushuang in a short dress.

Because he was still wearing high-heeled shoes, it was difficult for mu Rushuang to follow the steps of kangmobei. However, kangmobei didn't seem to want to wait for mu Rushuang. He swaggered along with his long legs and came over calmly.

Bai nianxi looks at Kang Mobei. For a moment, he forgets to hide his surprise.

Kangmobei goes to the banquet table not far away from bainianxi and sits down. It seems that she doesn't see bainianxi. Mu Rushuang follows her and sits down beside kangmobei, but there is a vacancy between them.

Bai nianxi's heart is pounding. I feel that there are thousands of bees in my brain.

Shen Hedan obviously saw all this. How could he forget that with Ham's position in business, he had a deal and cooperation with Conrad group. It's natural for him to be here now. It's normal.

But, noticing Bai nianxi beside him, Shen Hedan's eyes become playful. Is Bai nianxi heartbroken or jealous?

Bai nianxi takes back his sight and puts his hand on the skirt slightly trembles. He doesn't see her.

But if in the past, he would not miss her, he would see her at the first sight, and then come towards her.

At this moment, Bai nianxi's mind was in a mess.

Even though she knew that it was not suitable for her and conbme to recognize each other under such circumstances, she still felt a panic of pain in her heart. Seeing him walking with other women, she was very jealous.

Mu Sili also came over from one side. He was originally with mu Rushun, but mu Rushun insisted on following kangmobei after seeing kangmobei. He had been used to

Mu Rushun's attitude towards kangmobei, so he came over by himself.

I also went to the table of commobei and sat down.

From the direction of Bai nianxi, he could see his side face. I don't know whether he chose this position intentionally or unintentionally. He didn't face Bai nianxi or take his back.

And Mu Si leaves to go to Kang Mo north of slant opposite party sit down, just with white Nian Xi to look over of line of sight opposite.

There was a surprise on his face, and he called out unconsciously, "nianxi?"

At the moment when Musi left, kangmobei's body was stiff. He slightly turned his head and looked at Bai nianxi. Mu Rushun was also shocked.

Seeing kangmobei's eyes, Bai nianxi understood that kangmobei had seen her just now, but he pretended not to.

Among the three, the biggest reaction was admiration.

Mu Rushuang's face is shocked and stunned. He looks at Bai nianxi with endless disbelief. Can Bai nianxi appear here?

Bai nianxi tugs at the corner of his mouth and shows a reluctant smile. He says hello. Then he takes back his sight and slightly lowers his eyes to cover his loss.

Kangmobei also took back his sight after only one look, as if Bai nianxi's appearance here didn't interest him much. Mu Rushun, after the initial absence, found that kangmobei didn't seem to have much reaction, half puzzled and half puzzled, took back his eyes.

Bai nianxi's hands clenched, just want to understand a thing.

Maybe connberg recognized her last time in Germany.

He has such meticulous observation and keen insight that even musili can recognize her at a glance. How can he not recognize her?

He may have known it was her for a long time, but he didn't pay attention to her. His indifference and alienation were not pretended, but real.

Two years is enough to change a lot of things.

Do they still have each other? She didn't know. Maybe it's just her dream now.

Noticing that Bai nianxi's face was a little pale, Shen Hedan frowned slightly and asked, "what's the matter with you? What's wrong? "

Bai nianxi shook his head, "OK."

Shen Hedan sat with his legs folded, and his eyes fell on kangmobei not far away. This guy, he's acting like that.

That's Wei Xia's intention, right?

The last trip to Germany fully raised Wei Xia's vigilance, and simply took advantage of the wedding ceremony to get komobei and Bainian together to see their respective reactions?

Lolo's operation has not been done. If there is something between kangmobei and Bai nianxi, the operation will be delayed.

Although he didn't intend to let Cahan cure Lolo's eyes, they may not be able to find a better doctor, so now, it's not appropriate to tear his face.

On the other side, in the luxurious and classical manor and castle, Wei Xia, wearing a wedding dress, stood in front of the window, with a telescope in her hand, observing what happened in the crowd below.

Although Wei Xia is in her forties, she is still slim and charming because of her good maintenance. Her maturity and style make her more attractive. Shen Shimo stood aside in a white suit and looked out of the window, "Mom, what's up?"

Wei Xia put down the telescope in her hand, "the surface is nothing different."

"Kangmobei let other women sit beside him, and never gave Bai nianxi redundant eyes from beginning to end. Either there was no emotion between them, or he pretended too well."

Shen Shimo was silent for a while. There was a question that he didn't understand very well. "Mom, why are you so defensive about Bai nianxi and Kang Mobei? She always wants to get married, doesn't she? "

Wei Xia went to one side and sat down. "When the Shen family's property is all in my hands, it's none of my business who she marries. But now, if she mixes with kangmobei again, and kangmobei and Shen Hedan join hands, we won't be able to fight back. While the child's eyes are not good, we can hold them back for a while

Shen Shimo still doesn't understand, "you married uncle ham, they don't have no way to take you?"

Wei Xia looked at Shen Shimo lightly. She was young after all.

At that time, she intervened in the Shen family and forced Shen Hedan's biological mother to leave. Bai nianxi was exiled for many years. With Shen Hedan's character, how could she let her go?

What's more, what she wants is the property of the Shen family.

The wedding is about to start, and the guests are returning to their seats one after another. Lolo is finally able to get away from a group of women, who are talking around him. He is really bothered by the noise.

After a few steps, Lolo noticed a fuzzy figure in the horizon.

Kangmobei also saw Lolo, cold eyes at the moment of seeing Lolo suddenly narrowed up, infected with thousands of emotions.

Lolo stepped forward involuntarily and came to the front of conbmer. His eyes seemed to be looking at something, but they couldn't see anything clearly. They could only see a vague black figure.

Lolo stood there, motionless, as if waiting for a response.

Bai nianxi and other people's eyes are now focused on two people, kangmobei and Luoluo.
