

# Billionaire CEO Won't Leave

## Chapter 285

Shen Hedan snorted discontentedly, "I haven't finished the washing yet, but I was driven out by you first."

Although he said that, Shen Hedan came out of the bathroom, gave the place to Musi, went back to the room, and looked over the clothes he could wear.

After entering the bathroom, Musi directly turned on the sprinkler and took water to drench himself.

After looking around the room, Shen Hedan didn't find any clothes to change. It's right to think that this was Bai nianxi's room. How could there be men's clothes.

However, it reminds Shen He Dan of something. Why does Bai nianxi's room and Musi Li appear here?

Shen Hedan went to the door of the bathroom and found that the bathroom was not closed. He walked a few steps closer. "I said you, how can you take a bath without closing the door."

Shen He Dun said with a little disgust, and kindly extended his hand to help Mu Sili close the door. When the doorman was about to close, a hand suddenly stretched out and clasped the door.

Shen He Dun frowned and looked at the hand with distinct bone joints and slowly opened the door. Mu Sili appeared at the door wet.

Moussili is still the same as before. After his shirt is untied, he doesn't take it off. Instead, he still wears it open. Now, he is all wet and clings to his body tightly. The transparent white shirt vaguely outlines the muscle lines of moussili.

The black trousers on the body are still well worn, but when they are wet, they are constantly dripping with water, and the meticulous hair is also wet, hanging with water drops, stained on the forehead and temples, showing a faint youthful spirit.

He said, "I'll do it myself."

Shen Hedan half squinted and reached for his chin. "I said, you're not going to come here tonight to seduce nianxi with this gesture."

Mu Si Li was about to pull the door again when he heard Bai nianxi's name and stopped. His eyes were staring at Shen Hedan, "who do you say?"

Shen He Dun looked up and down at Mu Si and said, "what do you say?"

Mu Sili fell into a moment of silence, as if some did not react. His eyes were filled with amazement. Shen Hedan saw this scene, and raised his eyebrows and said, "ah, I say, if you like to read the evening, you can go after it. What's the use of hiding to be an infatuated little prince?"

The tone of his speech was a little bad. He liked to do something like to stir up disputes.

As he spoke, the door of the room rang.

Shen Hedan went to open the door. Outside the door stood a beautiful waiter with a suit of clothes in her hand and a standard smile on her face.

But when Shen Hedan saw that his upper body was naked, and his lower body was only surrounded by a bath towel, his words were not easy to say, "Hello, sir. This is what Ms. youyou ordered us to send A change of suit, she said, "you'll need it."

Shen Hedan took the clothes from the waiter. It seems that Bai nianxi is still worried about his brother. I still remember to send someone to deliver the clothes to him.

Shen Hedan closed the door after taking the clothes. Just now, he was calm and cold in front of the waiter. Now he was very happy and was going to the room with his clothes.

Moussili suddenly rushed out of the bathroom and grabbed Shen Hedan's arm, "don't go."

Shen Hedan was stiff all over, and his face turned a little stiff. His eyes fell on the hand that moussili grasped his arm, and his expression was a little hard to say, "how?"

"Give it to me." Moussili gently spits out two words.

"What?" Shen He Dan doubts.

Mu Sili's eyes moved to Shen Hedan's clothes and said again, "give it to me."

He also heard what the doorman said just now. He knew that it was the clothes sent by

Bai nianxi.

Shen He Dun raised eyebrows, with displeasure in his eyes, "why?"

"This is from nianxi." The breath of Musi Li is a little heavy.

"Yes, it's from my family." Shen He Dun shook off Mu Si's hand and said, "it has nothing to do with you."

Then he murmured, "here are your clothes. What should I wear?"

As soon as Shen Hedan got rid of Mu Sili's hand, Mu Sili stepped forward and grasped Shen Hedan's other hand. "It's something for nianxi, so I'll fight for it."

Shen He Dun understood what Musi Li meant. He shouldn't have said that to musu Li just now. Now he wants to rob clothes from him.

"There are some things you don't have to fight for, you know? Because it wasn't yours."

"What's more, don't you still have clothes on you?" Shen Hedan took care of Musu's wet shirt and said, "look, how nice you look in this suit. You don't have to change it."

Mu Sili seemed to be stimulated by Shen Hedan's words. He frowned and looked slightly painful. "Why don't you fight for it? Why isn't it mine? "

Shen Hedan tut Tut, just about to say something, Mu Sili has pressed up, to grab Shen Hedan's clothes.

Shen Hedan, of course, would not let him get away with his clothes. Unexpectedly, because of the water on the floor, he slipped and fell directly. Mu Sili also fell down with him. Both of them fell to the ground. Shen Hedan fell more seriously. He not only fell to the ground, but also caught the fallen Mu Sili.

“cao! ”

Shen Hedan didn't hold back the pain and yelled out.

Outside the window, a dark shadow flashed by. Connobei, who had just turned over the window, appeared in the room. Looking at the scene in front of him, he was stunned for a moment.

He came to find Bai nianxi, but he looked at the two figures on the ground.

Shen Hedan is half naked, his lower body is only surrounded by a bath towel, his long legs are slightly grinning, and he sits on the ground with a face of pain, while Mu Sili kneels on Shen Hedan's body with his chest wide open.

Scene, inexplicable embarrassment.

Kangmo North Leng a moment later, the face of expressionless spit out two words, "disturb."

Then turn around and leave.

Shen Hedan was surprised to see kangmobei come here, and then he looked like he saw the rescuers. How could he think that kangmobei turned and left so coldly?

"Kangmobei, stop for me!" Shen Hedan almost bared his teeth.

Mu Sili on his body was stunned when he heard the name of kangmobei. Looking up, the hazy figure in front of him seemed to be kangmobei, the man who robbed Bai nianxi.

Kangmobei still kept on walking. Shen Hedan scolded: "if it wasn't for Laozi here tonight, it would be your wife who was knocked down!"

In order to keep kangmobei, Shen Hedan also began to say whatever he wanted. "I'm your big brother. If you leave me today, I'll marry nianxi to this bastard tomorrow!"

After that, the momentum of his whole body shrunk coldly, and the momentum became overcast. He turned around slowly, his eyes were dark and misty, and said coldly, "what did you say?"

At the same time, Mu Sili looked at Shen Hedan, "what do you say?"

"What did I say? Are you deaf?" Now Shen Hedan is very irritable, inexplicably pushed down by a man, but also fell so embarrassed!

What's the meaning of the word "disturb" in conumber?
