

《Billionaire CEO Won't Leave》

Chapter 29

Secretary Xing is driving the car in front of him. Kangmobei is sitting behind the car with a gloomy face. Bai nianxi is sitting beside kangmobei carefully, just like a child who has done something wrong.

As soon as he got home, Lolo jumped out of the house, "Xiaoxi, you're back!"

Seeing the bandaged commobei, Lolo was shocked, "Daddy? What's the matter with you? "

Commo north of the expressionless glanced at Bai nianxi, the first to enter the door.

"Xiaoxi, don't you mean to cook hot pot tonight?" Ignoring Kang Mobei, Luo Luo holds Bai nianxi's hand and says, "where are the dishes you bought?"

Bai nianxi glanced at kangmobei sitting on one side with a guilty heart. It seemed that there were some broken leaves hidden in the luxuriant hair on his head. He said silently in his heart, "Lolo, I'm really sorry. All the dishes I bought are smashed on your father's head."

Just finish saying, Luo Luo sucked small nose again, "Yi, this is what flavor, bad smell is dead."

Little nose sniffed on Bai nianxi, "it's not Xiao Xi's, Xiao Xi's body is fragrant."

Said, the small head rubbed to the side of kangmobei, is ready to close to the suction, did not expect that kangmobei stretched out a hand against Luo Luo's head, Luo Luo block in a meter away.

But still can't resist Lolo sensitive small nose, this taste, is always pay attention to the style, dad body upload?! Lolo raised his head in the hands of commobei, his eyes were a little confused, and said: "Daddy?"

With a black face, Kang Mobei stood up and, by the way, took Bai nianxi, who was beside him, walked upstairs, walked into the bathroom and locked the door.

"What are you doing?"

What are you doing? Kangmobei's eyes narrowed slightly, "take a bath."

"You can do it. I don't have to take a bath."

Who said she was given a bath? "I mean, you wash it for me."

"I'll wash it for you!" Bai nianxi was shocked and repeatedly waved his hand, "no, no, no."

No? Kangmo leaned forward and pressed Bai nianxi's back against the wall of the bathroom in front of him. "You dirty it. If you don't wash it, who will wash it?"

“.....”

"Take off." Unable to bear the lingering smell of fish on his body, Commodore ordered.

Looking at Bai nianxi motionless, a profound smile suddenly appeared in the corner of his mouth. "If I were allowed to come by myself, I can't guarantee that what we are doing here is just taking a bath."

Bai nianxi bows his head and succumbs to the power of Kang Mobei.

After taking a bath for kangmobei, Bai nianxi turned red. He took kangmobei's clothes and handed them to the maid outside. Just as he was about to order the maid to take them for dry cleaning, only kangmobei, who was wrapped in a bathrobe, suddenly said, "throw them away."

Then he reached out and threw the Rolex gold wristwatch he was wearing today into the dustbin.

Listening to the undisguised dislike in Kangmo north dialect, Bai nianxi felt speechless in his heart. He was about to go out, and a sentence came from behind, "just go?"

Bai nianxi turned his head, his eyes fell on the bare upper part of kangmobei's body, and the strong muscles and symmetrical lines made her face red again. "Mr. Kang, what else can I do for you?"

Commodore stood still, "dressed."

"I'll dress you?"

Conmber pointed to the bandage on his finger. "I got a concussion from you today."

The doctor can say, just a little bit of concussion, not serious, not affect. Besides, does concussion have a lot to do with wearing clothes?

Well, after more than ten seconds of stalemate, Bai nianxi gave in again. I can't help it. Who asked her to fight conmobei?

Today, Luo Luo didn't eat the hot pot he wanted to eat. He was not very happy. He was even more unhappy when he saw that Bainian was feeding kangmobei seafood porridge spoonful by spoonful.

Dissatisfied with the bowl will be pushed forward, Luoluo meat toot toot face toot up, hum a, "I also want to Xiaoxi feed."

Swallowing a mouthful of hot porridge that Bai nianxi just brought to his mouth and the temperature was just right, Kang Mobei said indifferently: "eat it yourself!"

"Then why can Xiaoxi feed you?" Lolo looked very angry.

"Because." Kangmobei took a look at Bai nianxi, who was feeding porridge with no expression on his face. He was strong and said with some rogue: "this woman owes me."

"Yes, Mr. Kang?" Bai nianxi made the bed for Kangmo north and asked.

She has been summoned so many times, should it be enough to make up for the slight concussion she caused?

"Well." Conmobei nodded, went to the bed and sat down, with a grim expression on his face. "There's only one left."

Bai nianxi breathes out a breath. OK, there's only one item left at last. She can go back to rest when she's finished. Lolo is still waiting for her to go to bed. "Go ahead."

Kang Mo North stretched out a hand to pull, white read a night to take to the bosom, exhale like orchid, "sleep."

Didn't you say concussion? How come you can't live in bed?

Bai nianxi felt cheated and began to count down the days in Kang's house in silence. It's been more than half a month, and never come back! Outside Kang's house.

"Who are you looking for, please?"

"May I speak to Mr. conmberkon, please?"

"Mr. Kang is not in."

Hearing the servant's reply, Yao Mei is relieved. She only dares to find kangmobei when she is not at home. If kangmobei is not at home, everything is easy to say. "Is bainianxi here?"

"Miss Bai is here. Just a moment, please." The servant turned in and called.

Bai nianxi was surprised to see Yao Mei standing at the door. "Auntie, how did you come here?"

"Why, I can't come here?" Yao Mei hissed, with the same despicable expression on his face, "or don't you want me to come here, don't you want to see me?"

Bai nianxi frowns slightly and shakes his head, inviting Yao Mei in.

"I've come here with something to say." Yao Mei came straight to the point and looked at the servants in the living room who were doing their jobs and cleaning the house.

Bai nianxi understood the meaning and asked all the servants to withdraw.

"You have a good time here. Kangmobei has so much money. There are as many servants as in the Imperial Palace in ancient times. Have you enjoyed a lot of happiness here?" Yao Mei said.

Bai nianxi didn't say a word. He heard Yao Mei say, "you're living a happy life, but it's hard for our Jiang family, who was hurt by you."

"The Jiang family?" Bai nianxi asked nervously, "what's wrong with the Jiang family?"

Yao Mei snorted, "the Jiangs are almost out of business now! Last time, commobei did that. Although it finally stopped, the company was still hit hard and suffered a lot of losses. It was you who did it! "

"Zhiang can't eat every day now. You're happy here. You're not comfortable. Do you have any conscience?"

The current situation of the Jiang family is really predictable, but Bai nianxi didn't expect that the situation would be so bad. Yao Mei has always been used to blaming her for her mistakes. At this time, it's normal to come forward and blame her. It's just

that Yao Mei didn't come here just to scold her, right?

Sure enough, Yao Mei said, "what the Jiang family needs is money. If you have a little conscience, do you know what to do?"

"How much is it?"

Yao Mei paused and said, "80 million."
