

Billionaire CEO Won't Leave

Chapter 291

Shen Hedan glanced at Liu Xiaoru lightly, "what you promised is to let us see your father."

Shen Hedan emphasized the word "see".

Ten minutes later, a man in a white coat came out in a hurry. When he saw Liu Xiaoru, he came up and said, "what are you doing here?"

Liu Xiaoru said, "someone wants to see you."

Liu Yiwei saw the man standing behind Liu Xiaoru, a couple of well-dressed men and women with good temperament, and a child who was as delicate and beautiful as a doll.

But, as a doctor, he noticed the difference in Lolo's eyes.

However, he quickly removed his eyes and turned to Shen Hedan and Bai nianxi, taking precautions and looking, "who are you?"

Shen Hedan explained his intention.

Liu Yiwei shook his head solemnly, "no way."

As expected, Liu Yiwei refused directly.

"It can't be cured, but you don't want to?" Bai nianxi asked.

"My patients here are all dignitaries and dignitaries. They don't have the energy to help your children look at their eyes. What's more, my major is Cardiology, and your children should go to an ophthalmologist."

"When I spoke to Mr. Liu just now, I just said that I hope you can help us to take care of our illness. I didn't say that I want you to look at the children's eyes." Shen Hedan looked at Liu Yiwei with a sharp eye like a falcon.

Without understanding Luo Luo's condition, it is very difficult for ordinary people to directly find Luo Luo's eye problems. Liu Yiwei just looked at Luo Luo and knew the problem.

Maybe he really has the ability to cure Lolo's eyes.

Liu Yiwei's attitude is very firm, probably because he has contacted too many high-ranking political figures and cultivated a lot of psychological quality, which makes him remain unmoved even in the face of Shen Hedan's power.

After Liu Yiwei said a few more words, he would turn back.

There are noble patients waiting for him.

Shen Hedan looked at Liu Yiwei's back and said nothing more. Now that he knew Liu Yiwei's identity, he could find him again.

But Bai nianxi frowned slightly, looking at the back of Liu Yiwei's leaving, his eyes showed a faint worry.

If Lolo's eyes can be cured one day earlier, she doesn't want to wait another day.

Suddenly, she found something different. In the grass not far away, there seems to be some light jumping.

"Mr. Liu!" Bai nianxi suddenly called out.

Liu Yiwei kept walking, as if he didn't hear it.

Bai nianxi realized what the jumping light spot was. He had a bad secret in his heart. He stepped forward and ran quickly, shouting: "Mr. Liu, be careful!"

Liu Yiwei then stepped back and looked at Bai nianxi with a puzzled look in his eyes. Bai nianxi noticed that it was not good and called out: "be careful!" While shouting, he pounced on Liu Yiwei.

He threw himself directly on Liu Yiwei and pushed him to one side. Because of too much force, they fell to the ground together.

At the same time, a "poof" sound sounded. The lawn beside Liu Yiwei seemed to have been hit by something. The turf was broken and splashed with a piece of soil.

Liu Yiwei's face turned white. It was a bullet!

There are snipers around here!

At this time, the guards around the luxurious private house also noticed it and quickly gathered

The surrounding places where Tibetans could be found were searched. The shooter ran away immediately after the mission failed. The guard did not find the murderer.

It's obvious that this time, although Liu Yiwei was the one who wanted to kill directly, he came for the owner of the private house.

Liu Yiwei is just a doctor, there is nothing worthy of other people's attention, and his superb medical skills is the crux of the problem.

In recent days, he is going to do a heart transplant operation for the politician in his private house. This operation is very difficult. Except for Liu Yiwei, he can't find a suitable doctor to do it in a short time. The illness of the politician can't be delayed any longer. As long as Liu Yiwei dies, the politician will also die.

Everything calms down again.

Liu Yiwei recovered from the uncertainty, and his eyes became deep. Liu Xiaoru stood beside Liu Yiwei, holding Liu Yiwei's arm, and was afraid for a while.

"Mr. Liu, I saved you." Bai nianxi stood opposite Liu Yiwei. At the moment, there was a blood mark on her neck, which was the mark left by the bullet when it passed at high speed.

Liu Yiwei nodded, "well, I'll give you a sum of money in return."

"Money?" Bai nianxi smiles, "I don't need money, and I don't need money."

"What do you want?" Liu Yiwei twisted his eyebrows.

"What do you say?" Bai nianxi asked.

What she wants, isn't it obvious?

Luo Luo is standing at the leg of Bai nianxi. After what happened just now, Luo Luo has been holding Bai nianxi for fear that something might happen to Bai nianxi. Shen Hedan stood aside. He was a little angry. Bai nianxi was so angry that he rushed forward. Fortunately, she was OK.

Understanding the meaning of Bai nianxi, Liu Yiwei snorted, "if you want something

else, I can give it to you, but I can't cure your child's eyes."

"It's not for my child's eyes, it's for Mr. Liu, the child who saved your life." Bai nianxi stressed.

"What do you mean?" Liu Yi Wei's brow tightened more tightly. "Do you want to repay each other with kindness?"

"That's right. It's just a reward." Bai nianxi's answer is very straightforward and magnanimous. She should never miss the chance to cure Lolo's eyes as soon as possible.

The atmosphere froze for a long time, finally, Liu Yiwei finally nodded.

"However, I don't have time. There are still several patients here, and their conditions can't be delayed any longer. So I can only send my assistant to treat your child's eyes."

"Assistant?" Shen Hedan was obviously not satisfied with the assistant.

Liu Yiwei nodded, "but don't worry, he is my assistant and my apprentice. He can do his best to treat your child's eyes. In Ophthalmology, he is more proficient than me. You don't have to worry."

After the negotiation, Bai nianxi and his party left.

Back in the Gobi, Shen Hedan's plane had one more person. It was Gao Yu, Liu Yiwei's right-hand man.

Gao Yu has checked Luo Luo's eyes in New York, and has a basic understanding of Luo Luo's eyes. Although it is difficult, it is not without solutions for him.

When getting off the plane, Bai nianxi leads Luo Luo to get off the plane. As soon as he lands, he sees Qin Nanfeng standing not far away in a bright red suit.

When seeing Bai nianxi, the demon's face raised the demon's smile and trotted all the way to Bai nianxi.

As soon as Bai nianxi saw Qin Nanfeng, she couldn't help frowning. She was in a good mood. As soon as she saw this man, she felt headache.
