

Billionaire CEO Won't Leave

Chapter 292

"Miss Bai, you are back at last!" Qin Nanfeng ran to Bai nianxi, "why did you go so long? I really miss you. "

Bai nianxi got goose bumps all over his body. He said with a smile: "is that right? I feel like I'm happier without you. "

The expression on Qin Nanfeng's face did not change, "how else can we say that there is such a thing as unrequited love? It doesn't matter that Miss Bai doesn't want me. Anyway, she will come back to me. "

Bai nianxi doesn't pay attention to Qin Nanfeng any more. He leads Luo Luo to go inside, and Gao Yu follows him.

Qin Nanfeng's face changed when he saw Gao Yu, "who are you?"

Gao Yu is a very gentle person, the whole person is gentle and elegant, with a pair of glasses on his face, delicate facial features, looks full of academic atmosphere.

Hear Qin Nanfeng's words, Gao Yu Leng for a while, took a finger to point to oneself, "I?"

Qin Nanfeng squinted, "are you or who?"

Gao Yu smiles and is about to answer. Bai nianxi's voice comes first. "His name is Gao Yu. He's my new one."

Qin Nanfeng's face was uncertain. "Miss Bai, you can't do this to me."

It's this familiar sentence again. I don't know what Qin Nanfeng wants to say. Bai nianxi turns his head slightly, "how can I treat you?"

"Before I came to you, you were never close to men. After I came to you, you brought one man after another home."

Bai nianxi smiles. The smile at the corner of his mouth seems elusive, but also a bit fierce. "It seems that Mr. Qin, you know my past very well."

Qin Nanfeng looks at Bai nianxi and then turns back. Where Bai nianxi can't see him, Qin Nanfeng turns back the evil smile on his face. Bai nianxi is too wary of him.

"No, Mr. Qin, you misunderstood." Gao Yu has no choice but to shake his head, "I'm just a doctor brought back by Miss Bai."

Qin Nanfeng took a look at Gao Yu and said, "who is interested in your identity?"

Finish saying then also stride to leave, Gao Yu some muddled alone stay in situ, he to his identity, not interested in?

After coming back, Gao Yu gives Luo Luo's eyes a full set of detailed examination. After making a specific judgment and summary of Luo Luo's eyes, he tells Bai nianxi and Shen Hedan the result.

Give out the diagnosis, and the results of Dr. kahal's usual report is no different, just Gao Yu said one thing.

That is Lolo's eyes, which could have recovered faster and better, but the progress of treatment seems to have been delayed intentionally, and the condition has also been delayed.

It's true that we can still recover from the operation, but if we delay it for a while, I'm afraid there's nothing we can do about the operation.

"So you mean, Lolo has to have an operation as soon as possible?" Bai nianxi frowned and expressed his worry.

"The sooner the better." Gao Yu concluded.

And he said solemnly: "moreover, because the treatment process has been delayed, the difficulty of operation is much greater than before, and the success rate of operation is also much lower."

"Bang!" With a loud noise, Shen Hedan kicked a chair beside him. It was a solid wood chair. After being kicked by Shen Hedan, it broke up.

"I knew that Wei Xia didn't have a good heart!" Shen Hedan almost said in a cruel voice: "dare to delay the treatment process of Luoluo!"

Bai nianxi's expression is also very serious, and asked: "the success rate of surgery, how much?"

Gao Yu pushed the glasses on the face with one hand, "ten percent."

Bai nianxi's face was completely gloomy, and he asked, "if the operation fails, what will happen?"

"The best result is the same as now." Gao Yu's face is serious, "the worst result is blindness."

The room was quiet for a while.

Is this operation to be done or not to be done?

"If you want to have an operation, my suggestion is that the earlier the better, because the longer the delay, the higher the failure rate."

Shen He Dun rubbed his eyebrows, and his voice sounded very low. "What if I planned to have an operation in a month?"

Gao Yu appears very surprised, "a month later? It's better not to do this operation. At that time, the operation will be basically impossible to succeed, only blindness will be possible. "

Shen He Dun and bang, a punch on the table, issued a dull huge sound, damn Wei Xia, dare to put him here.

Bai nianxi suddenly has a feeling of powerlessness. In the end, Luo Luo is allowed to bear the bitter fruit of the disputes between adults. Luo Luo is so small that he should not have been involved in these disputes.

Several people fell into silence. No one noticed the door behind them. I don't know when it was pushed open. Lolo stood at the door.

"Mommy." Lolo called out suddenly.

Bai nianxi's heart trembled. He turned his head to look at Luo Luo, like a frightened bird. Then he pulled out a reluctant smile on his face, "Luo Luo, when did you come here?" Luo Luo went to Bai nianxi and said, "Mommy, I'm going to have an operation."

The expressions on Bai nianxi's and Shen Hedan's faces have changed.

"Lolo, you heard that?"

Lolo nodded. "I know that the decision about whether to have an operation is very

difficult for mommy and uncle. It's up to Lolo to make the decision. I want to have an operation."

Bai nianxi's eyes turned red when he heard Luo Luo speak word by word, and his voice became choked. "Luo Luo, do you know that the success rate of the operation is very low, if it fails, the result will be..."

In the end, Bai nianxi couldn't say a complete word.

Life is so cruel to Lolo.

"Well, I know." Lolo's big, beautiful eyes glowed a little strangely, "but Lolo still wants to do it."

"Even if the success rate of the operation is very low, there is still a chance of success, isn't there? Lolo wants to see Mommy, uncle and daddy again

"If the operation is successful, I will be able to see the world again and see Lolo's favorite you. If the operation is not successful, I will be blind. Lolo doesn't like the way it is now. I can only see your shadow and outline in my eyes forever. For Lolo, it's no different from blindness."

With Luo Luo's words finished, Bai nianxi was already sobbing. He could only bite his lips and not let himself make any sound.

Shen Hedan's eyes were also deep and incomparable, and gradually turned red around his eyes.

"Mummy, let Lolo do the operation. Maybe Lolo is the lucky 10%

Bai nianxi didn't speak all the time. In the face of such a sensible and brave Lolo, she only felt that she wanted to suffocate.
