

# Billionaire CEO Won't Leave

## Chapter 295

Shen Hedan's voice is as light as a dream. Is it? Can their family finally get together?

When Luo Luo wakes up, his eyes are covered with a thick bandage. He can't help reaching out and touching them. He is blocked by Bai nianxi's soft hand. His voice is very soft. "Luo Luo, don't touch. The wound hasn't recovered yet."

Lolo's voice sounded soft. "Mommy, is the operation successful?"

"Well." Bai nianxi nodded, fell in front of Luo Luo and said in a soft voice: "doctor Gao said that the operation was successful, Luo Luo's eyes have recovered. After a while, remove the bandage, Luo Luo can see the world again."

"Really?" Lolo raised his mouth, "I haven't seen mummy for a long time. Lolo really wants to see mummy. Lolo wants to see mummy soon."

Bai nianxi touched Lolo's head. "Well, Lolo, don't worry. I'll see you soon. Mommy also wants to be seen by Lolo soon."

After the successful operation of Luo Luo's eyes, Shen Hedan began to prepare to attack Wei Xia.

They treat Bai nianxi and Luo Luo with no leeway, so he doesn't need to be polite to them any more.

Lolo's eyes have just been operated on. The stable period of the previous month is very important. Although the operation is successful, if something goes wrong during this period, the condition will worsen again, so we must be careful.

In this month, Gao Yu personally observed and took care of everything.

After that, Lolo's eyes are in stable condition. After the recovery period, he can see the colorful world clearly again.

But the recovery period is relatively long, as long as half a year or even longer. The

bandage on Lolo's eyes can't be removed and needs to be worn for a long time.

"Mommy, when can we return home?" In fact, what Lolo wants to ask is, when can I go back to find conmobei.

When it comes to kangmobei, Bai nianxi's mood is getting deeper. Shen Hedan is right. It's time for them to get together.

Luo Luo's eyes are no longer the handle in Wei Xia's and Shen Shimo's hands. Shen Hedan can finally let go and do what he has always wanted to do and should have done.

After so long separation, she missed him very much, and so did Lolo. It's time to return home.

A month later.

Los Angeles Airport, bainianxi and Lolo, today's plane.

Shen Hedan sent Bai nianxi and Luo Luo to the airport. Because things in the United States still need to be dealt with, and the struggle with Wei Xia and Shen Shimei has just begun, Shen Hedan wants to stay in the United States for the time being.

Shen Hedan sends Anqing to Bai nianxi and asks Bai nianxi to return home with him.

Inside the airport, Bai nianxi and Lolo are waiting for the flight together. Lolo is listening to the e-book quietly as usual, but it's not hard to find that he is in a good mood at the moment by looking at his slightly upward mouth.

Bai nianxi also sat quietly, his heart full of emotion.

The journey went smoothly. Bai nianxi and Luo Luo arrived in a city safely. They didn't come back for more than two years. Everything here became familiar and strange.

Arriving at 9 a.m. local time, Anqing pushed two cases of luggage, "Miss, would you like to go to the hotel to have a rest with you and the young master first?"

Bai nianxi leads Luo Luo and asks, "Luo Luo, are you tired?"

Although she can have a rest on the plane, her mood fluctuates all the time and it's hard to fall asleep. I believe Lolo is the same. Besides, because of the jet lag, they really need to have a good rest first.

Lolo shook his head. "Not tired."

Bai nianxi knows that Luoluo wants to go to kangmobei. She also wants to see kangmobei earlier. She smiles and says to Anqing, "it's OK. We have to go to a place first."

Anqing only knows about kangmobei, but she doesn't know the details. But when she hears Bai nianxi say so, she also guesses who Bai nianxi is going to see.

"Qianqiu group has sent a car and the hotel accommodation has been arranged. I'll take my luggage to the hotel first, and then miss and young master will take the car to the place you want to go."

Anqing finished, Bai nianxi nodded.

The people sent by Qianqiu group are already waiting outside the airport. Bainianxi and Lolo are driven by a white Bentley moushang.

"Mr. Bai, where are you going?" The driver in the driver's seat asked respectfully.

This time, Bai nianxi came back as the CEO of Qianqiu group, so people under Qianqiu called Bai nianxi president Bai.

"Go to Conrad."

The road from the airport to Conrad just goes through the largest Times Square in a city. On the huge electronic screen in the center of times square, the most watched news and advertisements of a city are still playing.

When waiting for the red light, Bai nianxi just saw the news on the electronic giant screen.

Kangmobei, the president of Kongshi group, which has a huge business empire in a city, and Mu Rushan, the daughter of moose group, which is also a big business tycoon, are officially married.

Although there has been such news before, this time it still caused a great sensation and gained the great attention of the whole a city. Different from the news of engagement spread more than two years ago, the press conference to announce the engagement was jointly held by the two families, and this time, the two main characters of the marriage were present.

Bai nianxi looks inside the screen and glances. Except Kang Mobei, Master Kang, Kang Liqing, Liu Xia, Kang Youqin and Kang Xinyue, all of them are present. Even,

there is another person, Qi Zhiwei.

On the other side of the Mu family, there are muliancheng and musili.

Different from the happy atmosphere of announcing the engagement, on the screen, everyone's expression was serious and solemn.

Everyone noticed that the heroine of this engagement was in a wheelchair. Of course, Bai nianxi also noticed.

She didn't know what was going on behind this, but when she saw the serious face of conumber standing on the stage, she was stunned.

As long as he doesn't want to, no one can force him. Now that he can stand here, it shows that his marriage to Mu Rushun is voluntary.

Before returning home, Bai nianxi thought about it seriously.

Maybe the people of Kang family will hate her and refuse to accept her as usual, and she is ready to face all this.

If all the people in the world told her that she couldn't be with conumber, she would never give up.

But if the person who said that they couldn't be together was conumber No, she didn't expect that.

At one time, she had doubts, worries and worries, but later, she felt that this was the way it should be between her and conumber north. They were born together, and they should have been together.

He once refused all the Yingyan around him for her. He only took one scoop of water and told her to be patient and wait for him.

She did.

But when he comes back, what about him? He's not where he is anymore.
