

Billionaire CEO Won't Leave

Chapter 298

After Musi left the room and went out, Mu Liancheng said in a cold voice: "the engagement ceremony is about to start."

Kangmobei knew the meaning of Mulian City, and let out a cry.

After Mu Liancheng pushed mu Rushuang out, Kang Mobei released his fist that he had been clenched on his side.

When Bai nianxi came in, he was smoking. After seeing Bai nianxi, kangmobei squeezed the burning cigarette end into his hand.

The hot cigarette end burned his hand, leaving a big blister in the palm, and because he clenched his fist too tightly, there were several streaks of blood in his palm.

As if nothing had happened, he threw the cigarette end in his palm into the dustbin. Then he went to the tea table, took out some wet tissues and wiped the blood stains in his palm.

Wet tissue directly contact with the wound skin, is very painful, not to mention, or with so much force.

However, no matter how painful the injury was, it was less than one thousandth of his present heartache.

When Bai nianxi takes Luo Luo out, he meets Qi Zhiwei. Qi Zhiwei saw Bai nianxi and Luo Luo. He seemed a little surprised and stopped them directly. "Bai nianxi?"

Bai nianxi turns his head and sees Qi Zhiwei. He doesn't react for a moment.

"Why don't you know me?" Qi Zhi slightly frowned, "I'm Mo Bei's mother."

"Oh, hello." White read Xi reaction come over, light of say hello.

"What's the matter, such a lost look?" Qi Zhiwei looks at Bai nianxi, "is it because Mo

Bei is married?"

Bai nianxi didn't speak.

The expression on Qi Zhiwei's face seems to be a little strange. "I thought Mo Bei would marry and you would sincerely bless him."

Sincere blessing?

Now, I'm afraid she can't do it.

"By the way, this is Lolo?" Qi Zhiwei finally notices Luo Luo in Bai nianxi's hand, which sounds like a guessing tone.

She and Lolo had never seen each other before, and their impression of Lolo still remained in the impression of the little glutinous rice ball more than two years ago. Lolo is much taller now, and his face is covered with a bandage, so he can't recognize it all of a sudden.

"Well." Bai nianxi answered.

"What happened to Lolo's eyes?" Qi Zhiwei asked in a tone that sounded more curious than caring. After all, she and Lolo had no feelings at all.

"I had an operation." Bai nianxi's answer is very simple.

Qi Zhiwei gave a sound. He seemed to think that there should be no big question. He turned to Bai nianxi and said, "where are you going?"

It may be that time has passed for a long time. In addition to the fact that kangmobei and murushuang have confirmed their marriage relationship, Qi Zhiwei's hostility to Bai nianxi is not as strong as before.

"Lolo and I are going home now."

"Stay." Qi Zhiwei said, "today is Mobei's engagement ceremony. After all, you fall in love with him, and Lolo is Mobei's son. You can stay and wish Mobei well."

Bai nianxi said with a smile, "no one should want to see me and Lolo here."

Qi Zhiwei probably underestimated her feelings for kangmobei. It's no easier for her to watch kangmobei get engaged to other women than to let her die.

Qi Zhiwei didn't say any more. He turned around and left. Instead, Mu Sili came over

from behind. Looking at Bai nianxi who was a little lost, he said, "are you ok?"

Bai nianxi pulled out a smile, "mmm."

Musi Li looked down at Bai nianxi, "can you still go out from here?"

Bai nianxi raised his head with a bitter smile, but he saw a bright red face on Mu Sili's face, and the corner of his mouth was bleeding. He was a little surprised, "what's the matter with you?"

"Beaten by the old man." Moussili said with a smile, "come with me, I'll take you out."

Bai nianxi nods and pulls Luo Luo to go out with Mu Sili. Because there are so many people in the hotel at the moment, Mu Sili takes Bai nianxi to the remote places as far as possible.

On the way, Musi Li answers a phone call. It seems that there is something very important. Just at this time, after a tea room, Musi Li leads Bai nianxi in. "Nianxi, I have something to do. You and Lolo sit here for a while, and I'll be right back."

Before Bai nianxi could nod his head, he heard Mu Sili say: "remember when I come back, don't leave by yourself. There are many people in the hotel and many reporters. I'm afraid that you and Lolo will encounter any trouble."

Indeed, musili knows Bai nianxi very well.

If he didn't say the last sentence just now, she might have left with Lolo first, but she thought it was reasonable to say so.

There are many people here, and there are many reporters. If she takes Lolo out of here and is caught, I'm afraid it will bring more trouble to the wedding of conmobei.

After Bai nianxi agreed to come down, Mu Sili left first. Just as Muse left his front foot, Kang Xinyue pushed the door open and came in.

Bai nianxi saw Kang Xinyue, frowned slightly, "is it you?"

Bai nianxi has already guessed that the phone call that Mu Si just got through should be exactly what Kang Xinyue did. There's nothing wrong with Musi at all. It's Kang Xinyue who takes the opportunity to separate musili.

"It's me." Kang Xinyue came in and replied without expression.

"What are you doing?"

Kang Xinyue snorted coldly and turned her eyes to Luo Luo. "I haven't seen you for two years. Luo Luo has grown so tall."

Luo Luo didn't say a word, he felt Kang Xinyue's hostility.

"I have something to tell you." Kang Xinyue said coldly.

With Kang Xinyue's words, Luo Luo rushes to Bai nianxi. Although he doesn't say anything, he looks like an old hen protecting a chick. He doesn't allow anyone to bully Bai nianxi.

"But I have nothing to tell you." Bai nianxi puts her hand on Lolo's shoulder in front of her body. She feels his tension to appease him.

"Well, that's not up to you." Kang Xinyue no more nonsense, waved, behind two strong men came in.

"What are you doing?" Bai nianxi protects Luo Luo and is on guard.

Kang Xinyue directly told his men, "take this woman away for me."

When Kang Xinyue's men come to Bai nianxi, Luo Luo directly protects Bai nianxi and punches and kicks the men who come. Bai nianxi also starts to fight, but after all, because of the great power gap, they can't resist, but Bai nianxi is taken away.

Lolo chases after him and is stopped. He bites the man's hand in front of him. The man is hurt by the bite and throws Lolo to the ground.

There was a loud crash.

"Lolo!" Bai nianxi almost cried out.

Kang Xinyue impatiently waved, "lock Lolo here and take this woman away."
