

Billionaire CEO Won't Leave

Chapter 309

Mousse's eyes narrowed slightly and her whole body suddenly shrunk. She said to the man coldly: "what did you do to her? \"

when the man saw Musi Li, he first looked up and down. He didn't even look like an ordinary person in his manner of dress. He must have a noble status, so he put up with his dirty words.

"What can I do to her? She did it to me first for no reason! \"

" she hit you for no reason? \"Mu Sili stares at the man, and her eyes become sharp in the dark eyes." since it's for no reason, why does she want to hit you? \"

when musili asked about this, the man's eyes twinkled for a moment, and then scolded:" how the hell do I know! She's going to hit me! You should have asked her! \"

Mu Sili looks down at Bai nianxi, who is a little delirious in his arms. Bai nianxi drinks too much wine, his face turns reddish, his eyes become blurred, and he exudes a very charming atmosphere under the ambiguous light of the bar.

"How dare you say that! \"Bai nianxi pointed to the man, with an angry face, broke away from the arms of Mu Sili and tried to beat the man again.

Mu Sili pulls Bai nianxi into his arms and looks at the man coldly. "This is the women's bathroom. Why are you here? \"

" I \"A man hesitates for a moment." I'm going wrong, OK? Should I be beaten in the wrong place? I went to the wrong bathroom. Did I break the law? \"

when Bai nianxi heard the man's sophistry, he was even more excited. He pointed at the man and scolded the asshole, and tried to pounce on him.

Mu Sili tightly protects Bai nianxi. His face is a little helpless. Seeing this, the man takes the opportunity to fasten his pants and goes outside.

"Stop!" Bai nianxi yelled. He broke away from Mu Sili's hand and rushed to the man. He grabbed the man's hair with one hand and forced him to fall over his shoulder.

"Bang!" With a loud sound, the man fell to the ground by Bai nianxi.

One side of the waiters stood watching, looking at the sight of Leng in situ, seems to be Bai nianxi this cruel fall to frighten.

The man on the ground groaned with pain. Musi Li frowned slightly and went to Bai nianxi?"

Bai nianxi angrily points to the ground," he, son of a bitch! Rape other girls!"

"I didn't Ouch!" Before the man finished speaking, Bai nianxi kicked up again, which made him breathe out in pain.

When Bai nianxi finished the word rape, Mu Sili's face changed greatly?"

although he drank too much wine, Bai nianxi didn't speak very clearly and his thinking was confused by alcohol, he still pointed to the bathroom and said:" there, there!"

Moussili asked the waiter to hold Bai nianxi steady, and then ran in to have a look.

Sure enough, in a small compartment in the bathroom, there was a woman sitting on the toilet with her back against the wall. She seemed to be asleep. Her clothes had been picked up in a mess. The beautiful scenery inside was exposed. She frowned unconsciously. More importantly, this woman was zhixia.

Moussili rushed out of the bathroom and gave a hard kick to the man's head.

Zhixia also came to the bar to drink today, but unfortunately, she was targeted by this man and drugged in the wine. Zhixia seldom came to such occasions and drank wine without half precaution. Finally, when she went to the toilet, she fell into the bathroom, and soon the man followed her.

When the man came, he began to undress and take off his clothes. He took advantage of Xia zhixia. How could he know that when he was just about to overthrow the Phoenix, a head suddenly came from the top of the next compartment.

When the man looked up and saw it, he was almost scared out of his wits. The head was from Bai nianxi.

After entering the bathroom, Bai nianxi heard strange sounds coming from the next

room. After drinking, she climbed to the toilet. She was tall and wore high heels. It was not difficult for her to stick her head over.

Then I saw this scene.

Although drunk, but still reflected what happened, and then it happened later what the waiter said, the two fight inside.

Of course, the most important thing is Bai nianxi's unilateral assault on the sex wolf.

It's late at night after the bar business is handled.

Moussili looked at two women on the back of the car who were dizzy with alcohol and drugs, sighed slightly, and then dragged them back to the company together.

After giving zhixia to the following people to take care of him, Musi Li walks into his office with Bai nianxi in his arms. When he walks in, conmobei is waiting inside. When he sees Bai nianxi in his arms, his face suddenly changes, and his fists are clenched inch by inch.

If in the past, he would never allow other men to get close to Bai nianxi, but now he can't mind even seeing Bai nianxi held in his arms by Mu Si, because he doesn't even care.

"Are you here?" Musi Li was stunned when he saw kangmobei. Then he went on in, took Bai nianxi to the bed and put him down. Conmobei wriggled his eyebrows and couldn't help following him?"

mousse straightened up and loosened his bow tie," HMM."

" why drink?" When kangmobei asked questions, he was cold all over.

Mousse looked away at conmber and did not answer, but the meaning in his eyes was obvious.

Kang Mobei's eyes were fixed on Bai nianxi's face, which was flushed with drunkenness. His eyes gradually became deep and profound.

Moussili went to his desk and poured himself a glass of water. He took a sip of it and said, "do you want to remind me that you are married now."

" isn't it good for you to look at other women so affectionately and in front of my elder brother?" Mu Sili turned his head slightly and looked to Kangmo north.

When Muse finished speaking, Kangmobei took his eyes back. "The shares of Ziguang are ready to be acquired."

after Kang's marriage with Mu's was confirmed, the two families had a great deal of cooperation, including this evening, Mu Sili appeared in Kangmobei because he was talking about this cooperation.

"Well. Musi didn't show any emotion." for the news of successful acquisition of shares, just ask Secretary Xing to call me and come here in person. Is there any other purpose?"

needless to say, I don't know why Como came here.

I just didn't expect that Bai nianxi would get drunk and be held back to the office by Mu Sili.

Kangmobei didn't answer, and Musili didn't say any more. He sat back in his president's chair, opened his desk file, and began to work. Kangmobei didn't leave, so he found a place to sit down.
