

Billionaire CEO Won't Leave

Chapter 340

In Musi from the body to vent his temper, conmobei inexplicable mood is very good, decisive came to the bar, beautiful drink two glasses of wine.

The happiest thing for Bai nianxi every day is to cook a delicate dinner for Luo Luo and himself at dinner time.

Thinking of leaving the post of president of Qianqiu group for the time being, Bai nianxi feels a lot more relaxed. In the future, she can not only cook dinner for Lolo herself, but also make breakfast and lunch herself.

Thinking about this, Bai nianxi suddenly had a question in his mind: since he likes living with Luo Luo so much, why do he continue to fight in Qianqiu group?

Random thoughts drift inadvertently, Bai nianxi has cooked three dishes.

Lolo is sitting quietly in the living room, watching "Detective Conan" on the TV. Lolo's small eyebrows are slightly frowning. It seems that his small head is thinking at any time with the progress of the case.

"Dinner, Lolo." Bai nianxi, as usual, greets Luo Luo to come to the dining table in a light tone.

Lolo stood up and walked slowly towards the dining table. In a short distance, Lolo's eyes seemed to be looking for something, and her brows were still slightly frowning.

Bai nianxi guessed that Luo Luo smelled something he shouldn't have?

Before he knew it, Bai nianxi recalled the sudden appearance of conmobei in the daytime and the blazing atmosphere

Back to God, Bai nianxi found that his heart beat a little faster because of this casual memory.

"Well, it seems that mommy is in a good mood. Today's food is better." Lolo ate without expression and said something against his expression.

"Can you see that?" Bai nianxi's favorite smile.

"Have there been guests at home?" Luo Luo cold not Ding, said let Bai Nian Xi heart frightened words, the thing of the day, is the thing that she wants to conceal.

"How could Lolo..."

"It smells of smoke," said Lolo, raising her eyes and glancing slightly at the cigarette box on the coffee table in the living room, which no one ever touched. "Moreover, the cigarettes used to entertain guests have been opened."

Luo Luo's words have already revealed his delicate mind.

"Well, there are no guests. It's mommy who broke it up." Bai nianxi smiles and eats slowly.

Luo Luo stops eating and looks at Bai nianxi seriously: "Mommy never touches that thing. Why does she suddenly want to smoke?"

Bai nianxi wants to end this topic: "it's just curiosity. Mommy didn't smoke. She just lit it up. Let's have a meal. The food is getting cold."

Luo Luo, like an *Ascaris lumbricoides* in Bai nianxi's stomach, cleverly stopped talking. After eating a bowl of food, he got up in a hurry and continued to bury his head in front of the TV, trying to find clues faster than Conan.

Almost discovered by Luo Luo, it makes Bai nianxi's forehead want to sweat.

In the bar, conmobei finally found drinking boring, got up to check out, and then walked outside the bar.

[just follow you. When you are beaten, Miss Bai tells me to just watch.]

in his mind, what king said came out.

At the beginning, conmobei used all his acting skills to cheat everyone, making everyone think that he was really a psycho.

When he gets drunk in the bar, Bai nianxi asks Jin Ting to follow him secretly. After this idea comes to mind, Kang Mobei subconsciously looks around and tries to find Jin Ting.

But he didn't see King Ting as he wanted. He was a little frustrated and cooled his heart. He raised his hand. The watch on his watch showed that it was more than 10 pm

now.

"Where to go..."

Looking at the downtown area with colorful lights and few pedestrians, Kangmobei felt for the first time that city was so big and heartless that even a shelter could only be a temporary hotel.

Kangmobei didn't want to go to the hotel. He waved to stop a taxi. After he got in, the taxi went straight to Bai nianxi's private house.

"Mommy, I don't want to hear such childish bedtime stories. I want to hear Sherlock Holmes."

Bai nianxi sits at the head of Luo Luo's bed, holding a fairy tale book of his age. As soon as he finishes reading a little story, Luo Luo can't help complaining.

"Thinking before going to bed is insomnia, sleepy just to sleep." Bai nianxi gently smiles and raises his hand to touch Luo Luo's small head.

Luo Luo's mouth sank slightly, protesting for a second, then compromised and said, "OK, Mommy, read it."

Bai nianxi, with a helpless smile of "I really can't help you", began to read "Sophie's world".

Sure enough, Luo Luo was hypnotized by the story he was not interested in. Before Bai nianxi had read two pages, he heard Luo Luo breathe peacefully.

"Lolo, are you asleep?" Bai nianxi asked tentatively.

No response, on behalf of his sleep, Bai nianxi stands up carefully, covers the quilt for Luo Luo, goes out of the door, and then turns off the light in the room.

"Bang, bang, bang!" Bai nianxi hasn't come to his bedroom yet. Suddenly there is a frightening knock on the door.

"Who is it?" Bai nianxi frowns and expresses her dissatisfaction. She is worried that the knock on the door wakes Luo Luo who has just fallen asleep.

"Hey, hey, I, Kangmobei ~" outside the door, there was a funny voice.

Bai nianxi didn't plan to open the door. He lowered his voice through the door and said, "what's the matter?"

Kangmo North a Leng, immediately aware that he should not appear, blame alcohol control of his body: "I have no place to go, can take me a night?"

"No Bai nianxi cold way.

"Come on," said the voice outside the door. "If you don't take me in, I'll sleep on the street."

"Oh." Bai nianxi's brow is more and more wrinkled and tight.

Normally, if Bai nianxi really didn't want to take care of herself, she would not speak, but she still responded, even if there was only one word "Oh", which made kangmobei's mood take off like a bird:

"I heard that you were impeached, I beat old man Liang's son personally, hehe, in order to help you revenge ~ I kangmobei! No one is allowed to bully you! "

Bai nianxi's heart was startled, almost exclaimed.

"Ah, by the way, that son of a bitch Mu Sili manipulated public opinion! I want to turn public opinion on you! Hum, of course, I won't let him go. I beat him up in front of his company staff! Am I good? Hey, hey ~ "

" what? "

With Bai nianxi's exclamation, he blurted out that the door was also opened.

"I said, you won't be cruel to me. You can't watch me sleep on the street." Conmber was so elated that he was about to enter the house.

"Stop, don't go in." Bai nianxi blocks kangmobei with her body. At the same time, her unique smell is sniffed by kangmobei because she is too close.

"Nianxi..."

"Why do you mind my business?" Bai nianxi stares at Kang Mo north and shouts angrily.
