

Billionaire CEO Won't Leave

Chapter 341

Kangmobei's eyes were full of doubts and firmness: "I kangmobei, I can't see you being bullied."

"My business! What qualifications do you have to step in?" Bai nianxi said coldly again.

Kangmobei was silent. Looking at Bai nianxi, he was trying to interpret the anger on her face.

"Go away, I don't want to see you." Bai nianxi raises his hand and pushes kangmobei, intending to push him out.

However, after being pushed, kangmobei still stood in the same place and did not move.

"Are you angry because I hit moussili?" There is no emotion on his face, which is also the serious appearance he rarely appears recently.

Bai nianxi was too lazy to talk to him again: "just remember that you are not qualified to interfere in my affairs. Please go out."

"Are you in love with him?" Kang Mobei suddenly roared, with indignation and grievance on his face. If it wasn't because he was an adult, Bai nianxi thought he would cry next second.

"Musili is my fiance! Why are you doing this to my fiance?" Bai nianxi was stirred by him and said angry words.

"Ha ha, I don't believe it." Conmber sneered.

"Go away!! Get out of here! "

Bai nianxi hated this kind of entanglement very much. In a hurry, he suddenly started to fight and kick against kangmobei.

Kangmo Beisheng is beaten by Bai nianxi, but he doesn't go. He still looks at her

coldly.

Bai nianxi doesn't want Lolo to wake up and see him appear. Seeing that he really doesn't have any oil and salt, he immediately looks around for something that can be used as a tool and tries to drive him out of here with violence.

"Please get out of my world!"

Bai nianxi's eyes are fixed on the tea table in the living room. The ashtray, which is used to meet guests, is picked up mercilessly, and then smashed heavily on Kang Mobei's body.

The pain makes kangmobei feel that he is living in the world. Seeing Bai nianxi's appearance, he is so angry that his hair is even messy. Finally, kangmobei knows what he is interested in and takes a step back to let the gate have a chance.

Bai nianxi sees his retreat and closes the door.

With her back to the gate, Bai nianxi slowly slid down to the ground. Maybe just now, she spent too much energy, and now her hands feel a little sore.

Conmobei turned around slowly, but he didn't mean to leave. He just lay on the dusty ground, curled up, and just lay down. He planned to make do with it tonight. He even planned to spend every night here.

Compared with the unified warmth of the hotel, it can make him feel that he is living in the world and the significance and pursuit of his existence.

Late at night in the living room of Mu family, Mu Sili sits alone on the sofa, holding a glass in his hand and sipping carefully from time to time.

On his face, there was a shocking injury, and a shaking sound from his mobile phone told him that there was a new text message.

[the headlines tomorrow morning have been removed and replaced with other news.]

after reading the text message, musili took another sip of wine carefully, so as not to touch the wound on his face.

Kangmobei strongly warned him that if he used Bai nianxi as the spearhead to transfer public opinion, kangmobei would not let him go.

After all, if it wasn't for the Mu family, he wouldn't hurt Bai nianxi.

As for Kang Mobei's beating, Mu Sili didn't feel wronged, so he planned to endure the beating and not retaliate.

Mu Rushuang passed by the living room several times, but she didn't know how to open her mouth when she saw her brother thinking.

But brother face shocking injury, the more to see, mu Rushun is more can't help the impulse to intervene.

"Didn't the Kang family send him to the United States? Why are they still in city a? " Can't help but ask, mu Rushuang uses a wheelchair to push herself to Mu Sili's face, and her words don't cover up her complaint about the Kang family's bad work.

Musi left to slightly move next body, the face has no facial expression way: "early rest, this matter elder brother can handle."

"But kangmobei is still in a city, brother, you are very dangerous!" Mousse said away, with an anxious look on his face. "No, I'm going to Kang's house."

"What are you doing?" Musi Li asked with a frown.

"Go and ask them why they can't even shut down conmobei!"

Voice back to musu from the eardrum, mu Rushuang has been out of the door.

Kang's family was quiet as usual. He was hospitalized for a few days. After his blood pressure dropped to normal, he went back to Kang's family.

Kang Liqing is more attentive to take care of the old master, lest the old master's blood pressure soar because of something.

"Bang bang!"

As soon as I pushed the old man back to the room, I thought of the rude knock on the door.

Kang Li Qing didn't hesitate to open the door directly. Seeing that mu Rushun was coming, he immediately frowned.

Although mu Rushuang knew that she should respect her elders, her brother was beaten by kangmobei for no reason. She was angry."Uncle, didn't you say you've sent conmber to the United States? Why is conmobei still in city a? "

\\\\"Mobei is in city a? \\\\"Kang Liqing was puzzled and surprised.

His reaction surprised mu Rushun: "uncle doesn't know he's in city a?"

"Why did he Ah, "Kang Liqing recovered his surprise, immediately took out his mobile phone and tried to contact the two men who had been sent to see Kang Mobei before, but he couldn't contact them, so Kang Liqing had to give up," what's the matter?"

Looking at the frowning Kang Liqing, mu Rushun's displeasure rose again: "uncle, Kang Mobei beat my brother! Can you keep an eye on him? Don't ask him to make trouble! "

Blame tone, Kang Liqing natural listen to clear: "ha ha, originally is to settle accounts?"

Mu Rushuang was criticized and stopped for a short time. Kang Liqing didn't have a good way: "really, don't you want to marry him all the time? Now there's something wrong with Mobei's spirit. Your attitude has changed 180 degrees. I'd like to hear your explanation."

"I, I..."

"What are you doing? If you really have Mobei in your heart, you will marry him! Why, before I wanted to marry Mobei, now I don't want to? " Kang Liqing's sharp taunt.

Mu Rushuang wanted to vent her unhappiness, but she was accused again. She was even more embarrassed and angry. Despite her impoliteness, mu Rushuang angrily pushed her wheelchair, turned around and left decisively.

There is no place to go to Kangmo north, lying in front of Bai nianxi's door and can't sleep, insomnia, he aimlessly walk around in disorderly steps, unconsciously Kang's mansion is in front of him.

There is someone in front of the gate of Kang's family. The obvious wheelchair makes kangmobei know that it is mu Rushun.

Seeing that mu Rushuang didn't go in, he turned around and left. Although the one standing at the door didn't know who it was, the speed and strength of closing the door obviously revealed that the man inside the door was angry.
