

Billionaire CEO Won't Leave

Chapter 346

Shen Hedan sat in the living room at home and sighed helplessly after listening to the Secretary's report.

The Secretary reported Bai nianxi's refusal to visit Qianqiu group. Shen Hedan mentioned the inspector's proposal.

It's not to monitor Bai nianxi. In recent months, her means have become more and more vicious. After ruthlessly eliminating all the directors of Qianqiu group, all the details of her affairs have fallen on her shoulders.

Shen Hedan just wanted to send someone to lighten her burden. If she said so, Bai nianxi would not hesitate to refuse. Then he tried to send him to Qianqiu group in the name of inspector.

"Ah, even I am not qualified to manage Qianqiu group." Shen Hedan sighed deeply.

When Bai nianxi was called to take over Qianqiu group, he intended to train her hands. But now he has become an outsider, which Shen did not expect.

What I didn't expect was the change of Bai nianxi.

"Hello, brother."

Bai nianxi busy, see Shen Hedan's call, voice coldly pick up.

The cold voice told Shen Hedan that he couldn't speak. He was a little bit slow. Shen Hedan suddenly felt that he was disturbing his sister's work. Then he said:

"you just had a baby a few days ago, and you haven't fully recovered, or I..."

"No, I can." Bai nianxi as he expected, blunt interrupt refused.

Shen Hedan was full of helplessness, because he was worried that her workaholic appearance would make her tired.

"I'll have Lele..."

"No, I can." The same answer, as a rejection of different inquiries, is about to explode.

"What are you fighting for? If it's for the children! You should be more relaxed! Spend more time with the children Shen He Dun can't help being angry, and his voice can't help being angry.

Bai nianxi was silent for a while, thinking about Shen Hedan's words. Yes, what's the reason for this? But the answer had already been written in her mind.

The reason is that this is the original appearance of komobei. She can't resist that she is becoming the appearance of komobei.

"Brother, do you think I am familiar with you now?" Bai nianxi asked coldly.

"Well?" Shen Hedan heard the speech, subconsciously inexplicable.

"Ha ha, it's OK. If I'm ok, I'll hang up. I'm a little busy now."

Without waiting for a response from the phone, Bai nianxi has hung up the phone -

at the police station, Kangmo Beiyou wakes up from the ground. This sleep, he doesn't know how long he has slept, but only knows that the hangover makes him headache.

"Mr. Kang, do you remember what you did?" When the police heard the news, they looked back at conmobei with a sneer.

Conmobei shook his head in doubt. He thought about it, which made his head ache even more. He didn't want to think about it.

"You've opened the heads of the guests in the bar. They want to accuse you of deliberately hurting them. Be honest and stay here." The policeman looked disgusted.

"Ouch." Kangmobei is fearless, light, sleep used to the ground, this small cell will not let kangmobei feel uncomfortable.

It seems that the police are very leisurely. Instead of handling cases, they sit at their desks and browse the news on the web.

"Tut Tut," the police glanced at kangmobei from time to time, "the rich list of city a has come out, Qianqiu group ranks first, tut tut..."

Kangmobei sneered at the white eyes of the police and said: "Qianqiu group ranks first. Why do you look at me?"

The police even looked down upon Kang Mobei: "at least he is also Bai nianxi's ex husband. Look how powerful Bai nianxi is. You look like a piece of shit."

"Hee hee," said conmobei with a bad smile, "you're not as good as shit."

"You are so special!" Stimulated by the words, the police immediately slapped the table, but he soon lost his temper. It seemed that he didn't need to see a lump of shit.

"Mr. Shen, Kang Mobei has been in the police station for two days. Look..." Jin Ting came to Shen Hedan's private house and said bluntly.

Shen He Dun frowned: "again? Is there no one in the Kang family to take him

"The battle between the Kang family and the Mu family is not all because of kangmobei. The Kang family is angry. How can they manage him?" King Ting's tone was slightly ironic.

"Well, that's right," Shen He said, sitting up straight, filling himself with a glass of red wine, then shaking his glass leisurely. "My sister has become the richest man in a city. Why am I not happy at all."

After hearing this, Jin Ting kept silent for a while, then avoided the topic and continued to ask about kangmobei: "if kangmobei is not in charge this time, is Mr. Shen still in charge of him? If you don't mind, I'll take the lawyer

"Don't worry. Stay in the cell for a few days. We'll talk about it later." Shen Hedan has been disappointed to despair in kangmobei.

Cold not Ding, just on the phone, Bai nianxi's inexplicable voice, suddenly floating on Shen Hedan's mind.

"Do you think I'm familiar now..." Shen Hedan said aloud with profound meaning, carefully thinking about the meaning of this sentence."Well?" Jin Ting thought Shen Hedan was talking to himself, so he was puzzled.

"It's OK. You go out." Shen Hedan sips a sip of red wine, feeling the aftertaste of red wine.

The headquarters of Mu group.

"Mr. mu, the Kang group has started again." Mousse left the Secretary beside him and

said with a frown.

Mu Sili's brows have not been able to stretch for a long time. Since mu Rushuang announced in the newspaper that he would quit his marriage, Mu's family and Kang's family have turned against each other. They don't deal with each other. They don't like each other. In business, they gradually fall into vicious competition.

"Another malicious snatch?" Mousse walked quickly to the project department and asked the secretary.

"No, the auction of suburban plot C is going on, and the Kang family has been raising their cards to bid. The price of plot C, which was originally planned to win 2.1 billion yuan, has now been raised to 2.6 billion yuan by the Kang family!" The secretary was so worried that he couldn't think of a solution to the problem.

"Hum," musili was disgusted with Kang's behavior, "if you can't get 3 billion yuan, you can get 4 billion yuan and give up."

"But What if Kang plans to do the same? " Because of the complexity of the situation, the Secretary has to twist his eyebrows.

"Kangshi is mobilizing funds to rescue their stock market, and it is possible for them to raise 3 billion yuan at present. Our stock market is stable, and Kangshi can't see our real strength, so we do it."

Even though Musi Li's voice is full of confidence, he can't help beating the drum in his heart. It's a gamble, and the chance of winning is only half.

Kang Liqing and his secretary appeared at the auction in person, and so did Mu Liancheng. When their eyes met, they almost burst out sparks.

"Want to take plot C to do real estate business? Hum, you are dreaming Kang Li Qing stares at Mu Liancheng coldly and murmurs.
