

Billionaire CEO Won't Leave

Chapter 352

When Yu Feixue sees kangmobei, she subconsciously steps back two steps. Kangmobei in front of her is already a madman. Yu Feixue is unavoidably afraid of meeting him and of being crazy about himself.

Conmobei is carrying just bought big and small bags of food materials in his hand. On his shoulder, he also has a supermarket shopping bag, which contains several cans of milk powder.

Although I saw Yu Feixue, kangmobei didn't feel surprised. He walked directly in front of Yu Feixue without looking at her.

Yu Feixue is relieved. She is worried about being persecuted by a madman. Fortunately, it doesn't happen.

It's just that when kangmobei passed her, his mobile phone kept ringing, not the sound of a call, but the message prompt sound of wechat.

She didn't think much and was eager to leave.

With big and small bags, kangmobei returns to Bai nianxi's private house.

Bai nianxi is still the same as before, sitting in front of the TV with a little messy hair, eating delicious food with relish and watching interesting movies.

"Lolo will be out of school soon. Remember to pick him up. Don't be late." Bai nianxi's eyes are watching TV, and his voice drifts into the ears of commo north without emotion.

"Good." Kangmobei should be ordered to classify the ingredients into the refrigerator, and then hurried out again.

Luo Luo is a sophomore in primary school. He is always on his own in school. He

doesn't like to associate with naive pupils. In other words, he is too precocious.

With his hands on the steering wheel, conmobei sees Lolo coming out of the school alone. Walking alone, conmobei sees that Lolo is lonely from him. He also wonders whether it's his own reason that makes Lolo look so lonely.

"Lolo, do you have any good friends at school?"

On the way home, conmobei asked.

"No Lolo's response was very cold.

"Well All right Kangmobei wants to chat with him and care about him, so as to make up for his absence in recent years. However, Lolo has obviously become the topic terminator. The topic that is hard to find can be ended with a few words of Lolo.

"By the way, what would you like to eat at night?" Conmobei finally found a topic again.

"Whatever." Lolo, again, responded coldly.

"How's life at school? Are you interested in... "

"Nanny, you've crossed the line." Luo Luo cold voice interrupts, decisively delimits the boundary between father and son.

Commo Beiyu Sai, immediately obedient, will look away from the mirror, concentrate on driving, no longer say anything.

[Mr. Bai, there's something wrong with the development procedures. The problem is very complicated. It's not clear in a few words. Would you like to come to the company?]

commobei is busy in the kitchen, with mobile phones on the side, sending inquiry messages from time to time.

[just take a picture of the document and send it.]

after Kang Mobei replied in the name of Bai nianxi, he put down his mobile phone to check how the pig's hoof soup was stewing.

Half an hour later, exquisite dishes were put on the table one after another. Bai nianxi walked to the table automatically along with the flavor of the food. She held Lele in her arms and ate a few mouthfuls at random, while coaxing Lele in her arms.

"I'll hold you. Have a good meal and drink more pig's hoof soup." Kangmobei takes off his apron and goes to Bai nianxi.

"Well," Bai nianxi said casually after he handed Lele to kangmobei's arms while eating, "can we deal with the company's affairs?"

"Well, it's no big problem. I can do it." Conmo North light way, eyes eyes stopped in Lele's small face, a face affectionate looking at Lele.

"Game Island, this proposal is not bad, but the income is hard to predict. If you lose, get out of here." Bai nianxi is overbearing.

"I won't pay for it. I have confidence and core technology." Kangmo Beiyan listens to Jicong's response.

"In two years, there are two things. First, the game island will recover the investment amount. Second, I want to see the Wei family declare bankruptcy." Bai nianxi mentions the promise that he has been late for more than a year and has not fulfilled. This promise is his promise to Shen Hedan.

Conmobei nodded lightly and did not respond with words.

Sitting quietly in the office, looking leisurely out of the window, a city has a bird's-eye view.

Since kangmobei disappeared, Shen Hedan has kept a low profile. Now that the Wei family has no rival, Shen Shimei feels that the war is boring.

"Go and tell Yao Mei of the Jiang family that the next task assigned to him by the Wei family is to attack Kang to bankruptcy." Shen Shimo told his secretary.

"Ah? This... " The Secretary hesitated, "although the Jiang family is developing, Kang's skinny camel is bigger than the horse Just by the words of the Jiang family... "

"Just tell me what Yao Mei needs. I'd like to see how kangmobei will react if Kangshi goes bankrupt. Ha ha, it's interesting." Shen Shimo imagines the scene of that day.

"Yes." The Secretary stopped talking and left his office.

Yao Mei has been honest for a long time since her son's death. Apart from running the business of the company, she is almost closed. After receiving a call from Secretary Shen Shimo, Yao Mei had a bad feeling for the first time.

"What? Tell me to attack Conrad? I... "

"Madam, you think about how your son died. Are you really willing not to take revenge on the Kang family?" On the other end of the phone, the Secretary had thought about the wording and countermeasures, and asked with a sneer.

Yao Mei clenched his fists. Yes, the death of his son had nothing to do with kangmobei. Although Jiang zhiang didn't do anything right at that time, it was his own son after all. Even if he made a big mistake, he would not pay for his life!

"Jiang family, can't do it, unless Wei family is willing to provide 5 billion action funds." Yao Meixin knew that it was useless to shake the tree, so he pretended to be 5 billion, with the intention of persuading the Wei family to come down with the rude "order".

However, if the Wei family really provided 5 billion yuan, she would be able to avenge her son on the Kang family.

"I'll get back to you later." The Secretary at the other end of the phone knows that it's very important. He can't make a decision until he's silent.

After listening to the report, Shen Shimo said with a smile, "tell Yao Mei and promise her to check the account within one hour."

The secretary was surprised, but didn't show it: "in case the Jiang family fails, the money will also..."

"It doesn't matter. It's not a dollar. If Yao Mei fails, it's a big deal. Sell Jiang and make up for it." Shen Shimo doesn't care too much about the 5 billion yuan. He just wants to see a good play.

Yao Mei unexpectedly saw a large number of figures in her account. Meanwhile, the agreement was sent to her by email.

"Oh, if you fail, you will give Jiang's hand to you The abacus is really loud. " Yao Mei snorted coldly. When he raised his eyes, his eyes became sharp.

Mujia, dinner time.

"Yo, Yao Mei?" Yao Mei comes to Mu's house, and Mu Liancheng looks at Yao Mei strangely.
