"Wait a minute, brother. Don't tell me about my nearly being tied up, and about the injury of comber." Bai nianxi says toward the direction of the ward door that has been opened.

Shen he hesitated, didn't respond and left.

Sitting quietly in the office, there was a noise of footsteps outside.

So big office, suddenly more than a dozen security, security people have to retreat after the form of retreat into the office.

"You..." Shen Shimo frowned and complained. Before he finished, Shen Hedan led 20 thugs to Shen Shimo.

Shen He Dan glared at the bell angrily and looked at Shen Shimo with hatred:

"up!"

As soon as the order was heard, 20 thugs rushed to Shen Shimo one after another. Shen Shimo was shocked. Fortunately, the security guard was not a vegetarian, so he reacted quickly and resisted Shen Shimo.

Shen Hedan, with a baseball bat in his hand, smashed the luxurious office like a piece of frustration. Looking back, dozens of strong thugs have become entangled with the security personnel.

The banging and banging of the thunderbolt was heard all the time. Shen Shimo reacted a little, and then he realized that Shen Didan was taking out his anger, but he didn't know where he had offended.

"Are you sick?" Shen Shimo raised his finger and said coldly.

"I'd like to ask, are you sick? What else can you do besides doing those dirty things? "

"Bang" is a security guard who was thrown to Shen Shimo's feet by his back. Seeing more than a dozen security guards fall to the ground one after another, Shen Shimo's anger also came up. He immediately took his hand and waved his fists to the aggressive thugs.

.....

Shen Hedan took a lot of steps, step by step towards Shen Shimei. Shen Shimei didn't have time to look up, so he hit Shen Hedan on his chin.

"Shen Shimo snorts and returns the punch to Shen Hedan. Shen Hedan steps back to avoid his fist and kicks Shen Shimo's abdomen.

Shen Shimo was kicked back and forth, and when he hit the wall and stopped, the floor was full of security guards who showed their teeth.

"Wait a minute!"

When Shen Shimo saw that Shen Hedan didn't mean to stop, he quickly called to stop.

"What's the last word?" Shen He Dun stares at Shen Shi Mo coldly.

Silent angry smile, for a time was angry speechless: "you come up to look for trouble, I have no opinion, I can't stop you, but! You've come here to look for trouble, but you can't say clearly what it is for? "

"Send someone to kidnap nianxi. Who else can do this kind of thing besides you?"
Shen He was angry.

"Kidnapping?" Shen Shimo smiles and tilts his head in surprise, "ha ha, I kidnap Bai nianxi? Joke! If I want to kill her, I'll just kill her on the spot. Do I have to kidnap her? Hehe, are you joking? "

Shen He Dun was stunned. He felt that what he said seemed to have some truth. With his kung fu, Shen Shimo picked up the heavy porcelain and quickly threw it at Shen He dun.

The cracking sound of "yanlang" porcelain exploded beside Shen Hedan. Fortunately, the reaction was quick, otherwise the porcelain would have to be broken on his face.

By this sneak attack, Shen Hedan's anger suddenly exuberant: "hit me to death!"

"Wait! Wait Seeing that the enemy was outnumbered, the silent hero didn't suffer the immediate loss. "You said that Bai nianxi was kidnapped. It's not me! But... "

"But what?"

"But I did ask Yao Mei to do something for me. I'm going to use Yao Mei to attack Kang and bankrupt him." Shen Shimei knows that if Shen can't get his approval, this farce won't end. Besides, it's OK to tell him, "I'm going to use the way of attacking Kang to force Kang Mobei to show up and see what can Kang Mobei do to get back. After all, the shopping malls Competition is fun. "

Yao Mei Shen he frowned, and at last, with a look of silence, he left this mess with a group of thugs.

Shen Shimo saw that Shen Hedan had left one after another. Before he could relax, he raised his hand and touched his painful chin. Then he saw that the back of his hand, which had wiped his chin, was stained with bright scarlet -

"I'm not full yet..." Kangmo north see white read night face expressionless clean up the simple table, can't help but open a way.

"Lolo, what are you doing?" Asked conmobei, pretending to be chatting.

Lolo did not look up: "write exercises."

Luo Luo brows a Cu, rolled a white eye to Kang Mo North: "you hear wrong."

"Well, I've heard it at least ten times. Is it all hallucinations?" Conmobei pretended to think back, and looked at Lolo with a bad smile.

Lolo thought the topic was boring, so he picked up the exercise book and planned to stay in the next ward.

"Mommy, I went next door." Luo Luo said politely, and the door of the ward closed.
