

# Billionaire CEO Won't Leave

## Chapter 371

Yao Mei doesn't know why Shen Shimo is in the hospital. When she comes to Shen Shimo's ward, she is surprised.

"Oh, you wound..."

"It's nothing to do with you," said Shen Shimo coldly. "I'll give you the last 30 days. Kang's family won't collapse. Your Jiang family will be in city a, and there won't be any ashes left!"

"Oh, the implication," Yao meirao looked at the silent injury with interest, "is this injury related to the Kang family

"You old woman, be wise. I said it's none of your business, so you're not qualified to ask." Shen Shimo is very dissatisfied with the sarcasm on Yao Mei's face.

The doctor took several female nurses to push the door and said coldly, "the operating room is arranged."

Shen Shimo glared at Yao Mei: "I remember what I said."

Yao Mei shrugs senselessly. Shen Shimo, a young man, is just a young man who likes to put on airs in her eyes. She has to ask her to go there in person for things that she can say by phone. Yao Mei is too lazy to bother with him.

In the psychiatric hospital, there is a detention ward specially reserved for the public security. It's the fourth day that mu Rushun has been locked up in the detention ward. The longer she is detained, the more irritable her temper is.

From time to time, the police guarding outside can hear the sound of smashing inside. Fortunately, the thing that can be smashed in the ward is zero. The police don't care much about what happens inside. Mu Rushun is smashing the bed at most.

“.....” Moussili's eyes passed a trace of cold, is disappointed and sad cold, sister why so selfish, "Dad said, the way to save you, not to the key time can't use."

"This is the critical time! brother! I'm going crazy here!! I'm going to be crazy! " Mu Rushuang screamed.

"I'm here to tell you what this method is, if you If you still think it's more important for you to get out of prison, then I have nothing to say. " Musi left and hung his head slightly. He even felt cruel and inhumane when he repeated his words.

"You said Mu Rushuang finally calms down and looks forward to his brother's voice.

Mu Si left the corner of his mouth, and his bitter smile was fleeting: "the cause of his death is brain death from the perspective of biological technology, not because of your" prank ". In addition, you have a mental abnormality test report, so you can be acquitted."

"Good! Brother, go and ask for it Mu Rushuang's eyes were shining with hope, and she was totally unaware of the deep meaning of the words.

Musi from the heart, issued a broken voice, is the last hope of his sister broken.

He stood up straight, didn't want to say anything more to his sister, and was ready to leave.

"Brother! How long do I have to be here? I'm really going crazy Mu Rushuang said bitterly.

"Just a few days." As soon as the voice fell, Musi left the room and closed the door with a squeak.

Mu Rushuang's eyes are shining with fierce light, sometimes hope, sometimes impatience, sometimes anxiety and uneasiness

Three days later, mu Rushuang's case of unintentional injury was heard.

After preparing breakfast for Bai nianxi and Luo luolele, kangmobei dressed in formal clothes and went to the court.He was present as a spectator. This is about my grandfather. The last thing is that conmbbe is very concerned.

After the two parties submitted their own evidence, the trial gradually lasted for more than half an hour.

"The plaintiff, Mr. Kang Liqing, according to the report on the cause of Mr. Kang's death issued by the hospital, the final cause of Mr. Kang's death was not directly or indirectly related to Ms. mu Rushuang. Mr. Kang gradually removed the instruments supporting the operation of brain function after injecting sedative drugs with the consent of his family members, and then entered into a state of brain death and finally declared his death. This report on the cause of death is sufficient to prove that there is no causal relationship between the cause of death of Miss mu Rushuang and that of Mr. Kang. Mu Rushuang's lawyer made an impassioned speech.

When these words came to an end, the spectator seat made a sound of surprise communication, and at the same time, these words hit Kang Liqing's heart heavily!

"You fart!! Or mu Rushuang spray insecticide in the ward! My dad won't have lung failure! " Kang Liqing growled and stood up, shouting deafening at mu Rushun.

"Silence The judge frowned to keep order.

Conmobei did not expect that the defense should take the cause of death as an argument. His anger made him tremble.

"You are so special! You wicked woman! You Er I... " Kang Li Qing was angry, and suddenly his throat was blocked, and he couldn't even speak.

Kangmobei saw that his father seemed to be covered by his chest and his face was livid. He quickly stood up from the spectator seat and rushed to his father.

Kang Liqing grabs Kang Mobei's sleeve and points to Mu Rushun with anger and pain. Kangmobei raised his eyes and looked at Xiangmu Rushun. He happened to bump into mu Rushun's eyes. His four eyes were less than a second. Mu Rushun was shocked by the scarlet eyes. Subconsciously, he held his hands tightly and dropped his head.
