

Billionaire CEO Won't Leave

Chapter 374

"Dad, let's announce the bankruptcy and reorganization of Kang family. Let's withdraw from Kang family and leave other matters to me." Conmber said.

Kangli Qinggang's face was slightly softened, and then gradually darkened: "that's your grandfather's hard work!"

"Dad, believe me, I can," said conmber calmly. "As long as I'm here, there will be a second conmber and a third conmber."

"Hum," for more than a year, Kang Liqing has been disappointed by Kang Mobei's performance. He can't help humming coldly, "impossible."

Bai nianxi is obstinate to Kang Liqing and has no choice but to smile: "Dad, I also believe in Mo Bei. Just live in peace, and leave the rest to our young people."

Having said that, Bai nianxi operated his mobile phone for a while, turned out some photos of the documents, and then slowly handed them to Kang Liqing.

Kangliqing saw that in the mobile phone delivered by Bai nianxi, it was the panoramic picture of lumishan Construction: "lumishan? What do you mean

"This land will be the base of new Conrad." White read Xi light way.

Kang Liqing's face changed imperceptibly, and his inner view of Kang Mobei was also changing.

"Dad, it's estimated that the general meeting of shareholders will be held soon. Just take the opportunity to announce that the Kang family will withdraw from the control of the Kang group." He continued.

"Ah..." Kang Liqing sighed heavily, and then nodded -

in the familiar police station, mu Rushun was treated more impolitely than last time. The police put the black headgear on her head, because there were a lot of reporters around.

"Let's get out of the way! Don't squeeze The police who escorted mu Rushun to the

police car and transferred to the superior public security bureau were shouting while blocking the crowd of reporters.

Mu Rushuang wants to cry without tears. She hangs her head in fear. Soon, she is taken to the police car by the police.

"Hoo, these rich second generation are endless troubles." The policeman sitting in the co driver's seat of the police car breathed deeply.

"Who are you talking about?" Mu Rushun is out of control and roars.

The policeman sneered: "don't think you can escape a second time if you escape once. Who are you talking to?"

"A thin camel is bigger than a horse! Do you want to laugh at me? You don't see who you are! " Mu Rushun's voice was distorted by her excitement.

The police are too lazy to pay attention to the madman. They turn around and ignore the clamor of Mu Rushun.

"Why did you catch me!! Show me the evidence! " Murushuang continues to be hysterical.

The two policemen were really upset by the quarrel. They raised their hands to pick up a document bag and shook it in front of Mu Rushun: "this USB flash drive is the intersection monitoring. These documents are the confessions of the two people you invited to murder Miss Bai nianxi. Are you satisfied?"

"They..." Mu Rushuang heard the words, and his face turned pale with fear.

After catching mu Rushun's face changed greatly, the police snorted again.

A few days later, kangmobei could not resist his father's stubborn temper, so he could only let him pack up and leave the hospital.

When Kang Liqing came back to his big and empty home, what he saw at first was Kang Xinyue sitting in front of his portrait.

Kang Xinyue still can't accept that her father has gone. She always thinks about everything about him.

Seeing his brother coming back, Kang Xinyue said with joy: "brother, I know, Dad, he will definitely come back. He certainly can't rest assured of us, but when he will come back, I haven't thought of the answer."

"Xinyue..." Kang Liqing's heart was aching again. "Dad's gone. He won't come back. Don't do that..."

"Brother, don't talk nonsense, dad will definitely come back." Kang Xinyue slightly frowned at Kang Liqing's disappointing words to show his dissatisfaction.

Bai nianxi had a bleak smile, with helpless words on his face: "aunt."

"Well? Nianxi back? Oh, Lolo, give me a hug. " Like Kang Xinyue, she has completely changed her sex. Her mood is always fluctuating, either in endless sadness or in extreme excitement.

Kang Liqing knows that Bai nianxi is just sending him back. Seeing that Kang Xinyue is holding Luo Luo and his face is full of happiness, Kang Liqing says with embarrassment:

"nianxi, or you Why don't you move back? Look at your aunt. Lolo can be happier with her If not, it doesn't matter. Ha ha, I'm just asking. "

Bai nianxi gently shook his head and said with a smile, "I'll find a moving company and move here in the next two days."

"Ah?" Kang Li Qing surprised smile, "really? Then I'll find someone to do some cleaning. Oh, it's good. After you move back, your aunt can help you take care of your children, and you can relax. Oh, it's good, it's good. "

Kang Li Qing was a little bit old. He was overjoyed and at a loss. He was slow for a while, then he figured out what he should do. He immediately walked towards the back garden, where the servants would usually stay.

"Lolo, will aunt take you to see my grandfather?" Kang Xinyue's eyes are shining with surprise, holding Lolo doesn't feel heavy.

Lolo shook his head: "no, don't disturb my grandfather's sleep. Mommy said my grandfather went to another bed because he was very tired."The light of Kang Xinyue's eyes gradually dissipated, and finally settled between confusion and grey: "yes, I can't disturb my grandfather to sleep."

.....

Although Bai nianxi is not willing to let Luo Luo stay with Kang Xinyue, who seems to be a little bewitched, he doesn't have the heart to let Kang Xinyue stay alone.

"Lolo, chat with your aunt. Mommy is going out." Bai nianxi gets close to Luo Luo. Kang Xinyue finally feels Luo Luo's weight and puts him down.

Lolo nodded: "well, Mommy, don't worry, I won't run around."

"Good boy." Bai nianxi gave a compliment and left Kang's home with a smile.

Wearing sunglasses and cap, and wearing a dark casual suit, kangmobei came to the construction site of Lumi island in a low profile.

The residential and commercial areas to be built in the center of Lumi island are already lined with buildings, and the external walls have also been built. In two years at most, it will become the base of the new Kangshi group.

"You boy, I haven't heard from you all the time. You are doing such a large-scale construction."

Behind him, there was a faint voice. Looking back, he saw that Shen Hedan was coming. He didn't want to be recognized by anyone. He raised his mouth and squeezed out a bitter smile.

"I thought I recognized the wrong person." Shen Hedan's dazzling eyes looked into the distance, and then walked slowly to the side of kangmobei.

"Why are you here?" Commo North Light Road.

Shen Hedan gave a wry smile: "Shen Shimo was almost beaten by you. I'm afraid Kang's family is going to die these two days."

"It doesn't matter. As long as I'm here, there will be a second Kang." Kangmo looked at Lumi island in the north with a calm expression.
