

Billionaire CEO Won't Leave

Chapter 375

Wei Xia personally attends to her son's wound. Shen Shimo's wound is slowly healing. When it heals well, the wound itches.

Seeing Shen Shimo's itching, Wei Xia reaches out her hand and pats Shen Shimo's itching hand heavily.

"Oh, Ma, you don't have to watch me. What should you do?" Shen Shimo is dissatisfied with Wei Xia's strict care.

"Well, I haven't seen Kang pay the price yet. What's your hurry?" Wei Xia rolled her eyes at Shen Shimo.

Shen Shimo sneered: "wait and see. Tomorrow is the regular general meeting of Kang's shareholders. Kang's position in Kang's will plummet."

"And then?" Wei Xia and others, it is not this result, but, Kang's bankruptcy.

"Don't worry. You'll have to watch the play slowly." Shen Shimo sells Wei Xia.

The next day, Kang Liqing came to Kang's headquarters with a heavy look, and all the shareholders had already arrived.

A few days did not return to the headquarters of Kang Liqing, a group of staff can not help but look sideways, and then whisper with others.

"Who did Kang offend? It's too much to be done like this."

"You don't care who you offend. Take care of your job. Maybe tomorrow you will become a vagrant."

"Spit, crow's mouth, we Kang's strength is strong, how can we fall so easily."

"That's it."

.....

Kang Liqing walked quickly past the talking staff, ignored all the words he heard, and

walked straight to the conference room.

Shareholders have already arrived. They are very dissatisfied with kangliqing's response to the attack, and the late kangliqing makes them roll their eyes.

"Mr. Kang is here. The meeting officially begins!" The Secretary said noisily.

"Wait a minute," kangliqing went to the middle position, did not intend to take a seat, looked around dozens of shareholders, kangliqing continued, "I'm here, not to hold a meeting, but to announce something."

"Oh?" A crowd of shareholders began to clamor.

Kang Liqing said with a smile: "my physical strength is not as good as before, and my brain is not as good as when I was young. Moreover, the root cause of Kang's malicious sniping is actually attacking Kang's family, so I have come up with a way to let Kang avoid attacking hearts."

"Oh, we've been in bad luck for so long. Would you stop playing tricks?"

"Mr. Kang really knows himself, huh."

.....

In the face of the noise, Kang Liqing raised his hand to signal silence: "I officially announce that the Kang family has completely given up all of its controlling shares in Kang family, and all major shareholders will share them equally."

"Wow! Is it true or not? " Incredible huge wealth was pushed out, and the jaw of many shareholders was about to drop.

"Even according to the current market value! The market value of Kang's shares is at least 5 billion! Are you clear? " The Secretary couldn't help shouting.

"All right." Kang Liqing smiles bleakly.

If it wasn't for his heart that he had completely trusted Kang Mobei, how could Kang Liqing give up this huge wealth? But after his father left, he didn't have much heart to support this huge stall. He just wanted to be free and experience the feeling of living. After struggling for half a lifetime, he would have been tired.

"I have conditions," Kang Liqing continued with a bitter smile when he saw that the shareholders' eyes turned into "sure enough" disdain. "First, Kang's group must release my shares in accordance with the bankruptcy and reorganization procedures. Second,

during the reorganization process, Kang's group must change its name to make it public. From then on, Kang's group has nothing to do with my Kang family."

"No more?" Waiting for the "third" a number of shareholders can not wait below, again surprised asked.

"No, that's all," Kang Liqing continued after sipping his tea. "Well, since I've finished my talk and you don't have any objection, then the shareholders' meeting that has nothing to do with me will start. I'll leave."

Kangliqing naturally raised his steps and stepped to the door of the meeting room. The shareholders subconsciously wanted to follow the etiquette to retain him, but billions of wealth was about to be divided up at the next moment. They chose to abandon kangliqing at this moment, which was their due etiquette.

"Hoo ~" Kang Liqing sighed briskly. Behind him, the door of the conference room was closed. He didn't expect that he would be so relaxed. Kang Liqing was in a good mood, "where's the next stop..."

Kangliqing wants to visit new Kangshi in Lumi Island, but for the sake of kangmobei's secret plan, kangliqing holds back and leaves Kangshi. Kangliqing is ready to go home.

[Kangjia announced to give up the control of Kangshi group completely!]

[over 5 billion Kongs shares cause distribution disputes!]

.....

Shen Shimo scowls at the news. The big news that shocked a city is fermenting. Commentators are all scolding Kang family for being stupid. The attack on Kang group before was completely ignored by the melon eaters.

"Mom, Conrad announced bankruptcy and reorganization." Shen Shimo has been waiting for such news for a long time, but his heart, which he thought would be very happy, always feels that there is something missing."Well done." Wei Xia has long hated Kang family and Bai nianxi. Now, Kang family, who can become Shen Hedan's powerful partner, declares bankruptcy, and Kang family returns to poverty and completely loses control of Kang family.

When Shen Shimo heard Wei Xia's words, he was still depressed, but his mood was still encouraged by Wei Xia's words, and his mood was gradually getting better.

"As I said, if you dare to move me, there will be no good end." Silent sneer, although the wound on his body is still a little dull pain, but it's worth it.

After reading the news, Yao Mei fell into deep thinking again.

Before that, she always thought that when Kang was buried with her son Jiang Yiang, she would feel very happy. But this moment came, but the feeling of happiness did not come.

In addition, Yao Mei couldn't figure out how Kang Liqing would give up such a huge amount of wealth? Thinking about it, she couldn't help but raise her steps and hurried to Kang's home. She urgently needed to remove her doubts.

When Kang Liqing returns home, Luo Luo is painting with Kang Xinyue.

Except when he was a child, Kang Liqing had never seen Kang Xinyue draw before. This scene made Kang Liqing feel strange.

See brother back, Kang Xinyue rare put a smile: "brother, Luo Luo painting is very good, see I am interested in painting."

"Is it?" Kang Liqing smiles and goes over. Sure enough, Luo Luo's painting is very beautiful, while Kang Xinyue's is crooked

"Well, it's OK." Kang Liqing is trying to find a suitable adjective.

Kang Xinyue frowned: "I'm just at the beginning. I'll draw better and better."

"Well, it's good." If you can be happy, Kang Liqing said in his heart.
