

Billionaire CEO Won't Leave

Chapter 385

Mousse looked at the three people in front of him without expression. His first reaction was Whether my sister mu Rushun's experience during her detention is the same as her own.

"Bang!"

"Er..."

Before the thought of Musi Li was over, a sharp pain first came from his abdomen, and his whole body retreated because of the sudden great force, until his center of gravity was unstable and he fell on the iron gate, and his whole body slowly slid down against the iron gate.

"Tut Tut, rich people are different. They feel like they're kicking."

"Ha ha ha!"

Mu Sili supported the ground with his right hand, slowly raised his cold eyes and looked up at the three people around him.

"Why do you want to eat us three with your eyes?"

"Pa" loud sound, in the head of the man's voice down when the loud spread, Musi Li already took advantage of their blink of an eye of the Kung Fu Teng stood up, heart with great anger, anger into the power of the fist, once again heavily wave to these three people.

"Hiss Brothers! Cut him

The man who has been kicked to the ground bares his teeth and stares at Musi Li. Musi Li looks around coldly, quickly pulls up the skinny man who sneaks at him from behind, and then falls on the man who has already fallen to the ground. Their bodies collide with each other, and they can't fight back.

Another man suddenly saw that moussili was so capable of fighting, and he was shocked.

Mousse stares at him, step by step: "dare to move my family, the end is not good!"

"Yes, yes! Mr. mu, spare your life! Spare my life, spare my life Counsellor man quickly rubbed his hands and knelt down to beg for mercy, looking pitifully at Musi Li, hoping to avoid a beating.

"Any more noise, get out of the cell!" Outside the cell, there was an angry shout. Musi Li looked back slowly and saw that the guard was shouting.

"Hum." Musi Li snorted coldly and looked around the empty and narrow cell. Musi Li found a corner and sat down against the wall.

"Big brother! You will be our big brother in the future The counsellor was the first to climb over and beg for the surrender.

Musili didn't pay attention to what the person in front of him said, although he heard his words clearly.

Kangmobei, if it wasn't for you, Bai nianxi would marry me. Why, even if you don't do anything, the invisible force will break you and me into opposition

"Big brother? What do you think? " The defecting man asked in a low voice.

Mousse looked back at the man in front of him, then looked up at the two men who were still writhing on the ground.

"What's your name? Why are you here? " Musi asked casually.

The man's eyes suddenly lost their luster: "I Poor, I couldn't think of robbing an old woman's bag Then... "

"Well," Muse sneered, "trash, stay away from me."

"Big brother, I came in fighting." The little skinny man who was knocked down quickly crawled over. Maybe he thought that Musi Li could curry favor with him and rely on him to earn a living.

Just now the most fierce strong man, with an unconvinced face, leaned against the wall and turned his head. He didn't look at mousse at all.

"And you?" Moose left the room and asked the strong man.

"Well, it's none of your business." Strong men have no interest in musili -

"ha ha ha, fun." Shen Shimo is lying on the bed. After such a long time of hospitalization, his injury has been completely cured, but Wei Xia does not give him the discharge, so he can only choose to continue to stay in hospital.

He is bored in brushing his mobile phone, and does not need to use search engines to search the news he is interested in. The court confrontation between Mujia and Kangjia has been the center of the vortex of public opinion.

"Young master, the Mu family is so stupid, ha ha," Shen Shimo's staff are also brushing their mobile phones. He is watching the news that the Mu family has failed to save mu Rushuang, and even brought Mu Sili in. "Now the Kang family and the Mu family are not good. What's the next step, young master?"

"Well, that's a good question," Shen Shimo reminded, and he also thought of the next goal, which had not been arranged. "It's better to What's the matter with Shen? "

"Er..." His men suddenly faltered.

Silent shallow frown, face is meaningful smile: "how, do you think the difficulty is high?"

"This..." His subordinates were suddenly asked, and suddenly they became nervous, "Shen Da Shao Er, like the young master, Shen Hedan's bases are all in the United States. I don't think it's easy for US laws to be so strict with business. "

"Well, of course I know. Go out and call my mother by the way." Shen Shimo finished chatting with his subordinates. It's time for him to plan the next step.

Wei Xia personally serves her son's three meals a day. It's not good to have more salt and not to have strict nutrition. In recent months, Shen Shimo's tongue has been thin.

His subordinates specially come to find Wei Xia. Wei Xia smiles scornfully to show her helplessness to Shen Shimo's son. Then she pushes the dining car and slowly comes to Shen Shimo's ward.

"Mom, I want to leave hospital. I've been in hospital for nearly three months and suffocated." When Shen Shimo sees Wei Xia come in, the first thing is to complain."To be honest, lie down for me. It's a hundred days since I hurt my muscles and bones. You're still ten days away." Wei Xia side of the table with a sick number, said at the same time.

"Now the Mu family, mu Rushuang, is going to be in prison for 10 years. Looking at Bai nianxi's posture, Mu Sili can't escape from prison. There is only one lonely old man left in the Mu family." Shen Shimo talks about the pain and pleasure of Mu

family.

Wei Xia's helplessness in her eyes was replaced by praise: "the collapse of the Mu family and the Kang family, you do a beautiful job, but ah, you see the fight between the Kang family and the Mu family, both of them suffered a lot."

"Well?" Silence seems to hear something deep.

"Don't wait for the chance. When someone who can compete with Shen Hedan appears, it's too expensive to go against Shen Hedan and end up in person." Wei Xia light way.

"No way!" Shen Shimo vehemently objected, and the voice volume also increased a little. "Now Shen Hedan's wings are all broken, so that Shen Hedan can't turn over at one stroke!"

"You You are too young and full of spirit Wei Xia's tone suddenly changed.

"I don't care," Shen Shimei turned out of bed, picked up the laptop on one side and then turned back to bed, "on the last day of this year, Shen has no place to die!"

Wei Xia hesitated, but she didn't say any more. Seeing her son's strong and resolute attitude, she thought she couldn't persuade her, so she had to remind her: "be careful."

Shen Shimo no longer talks to his mother, opens his e-mail and reads the long accumulated e-mails from the United States.

Qianqiu group, a fierce quarrel, came out from the planning department, the outside staff have a look.

"Director Isn't that good? Our venues are all set up. You can't say it at this time. How can it be like this? " The minister talked with the new director.
