

# Billionaire CEO Won't Leave

## Chapter 397

Looking at my sister has been crying, but did not speak, Mu Sili has almost forgotten mu Rushun's crime, only know that my sister now looks very poor, he is very distressed.

"Inside Do you need anything? I'll bring you some. " Mu Sili raised her eyes and looked at mu Rushuang with a smile, hoping that she would stop crying. After all, her case has no bend to turn.

Mu Rushun wiped the tears on her face, raised her eyes, and looked at her brother with a bitter smile more ugly than crying: "will dad come to me?"

"If you want to see Dad, I'll ask him to come and see you." Moussili keeps smiling.

"No, no," Mu Rushun waved, "he won't forgive me, I know, forget it."

"You've lost a lot of weight. Can't you eat well?" Musi from looking at mu Rushuang, her clavicle water chestnut more clearly, even the scapula are looming.

"Every day is radish and cabbage, but also dry coolie," murushuang can't help complaining, but the more bitter, the more bitter, "brother, can you help me appeal? I can't stand working hard every day and being bullied! Wuwu, I can't stand it

"Like frost! The meeting is over! " Behind mu Rushun, the fierce roar scared mu Rushun.

Only then did moussili realize that meeting time is precious.

"Brother..." Mu Rushuang shed tears again.

Mu Sili just came to see her and didn't realize what he should buy for his sister. His empty hands were a little embarrassed at the moment: "Ru Shuang, do you hate Kang Mobei?"

It sounds like some puzzling questions, so that mu Rushuang didn't respond for a while.

"Do you hate the evening Musi from the eyes slightly firm looking at mu Rushuang.

A complex look of pain swept over Mu Rushan's face, asking her heart, and the present situation. Of course, she hated it. Looking back from the painful past, she didn't even realize that she had nodded to her brother, and told him that she hated Bai nianxi and Kang Mobei.

The guard rudely pushes the door in and pulls mu Rushuang up rudely. Mu Si stands up and can only watch his precious sister being treated rudely.

"Brother, help you." Mu Si leaves to stare at oneself not to give up to be dragged to leave of Mu Ru frost light way.

Mu Rushuang understood his lip shape, and two tears slipped down the tear mark again.

"Don't do anything stupid!" Mu Rushuang broke away from the prison guard's drag, grabbed the conversation microphone and yelled at her brother, "don't do anything stupid! Sooner or later you'll get caught! Look at me! Don't you understand? Don't do anything stupid

The string of the connected spring dialogue microphone was stretched due to dragging. Before mu Rushun's words seemed to be finished, he was dragged out of the meeting room by the prison guard.

Having heard of his sister's suffering, which will continue for ten years, mousse is centrifugal, and his sister's crazy cry shakes his heart. With a complex heart, mousse leaves Tianhu prison with a heavy step.

Outside the prison, the sky is very high and blue, and the emptiness sets off Mu Sili's solitary figure. His figure looks very lonely -

Kang family, Kang Xinyue has been able to make good dishes, although there are only a few back and forth.

"Is Nian Xi awake?" Kang Xinyue brings the three dishes made in the kitchen to the table, holds Lele, and asks Kang Mobei, whose eyebrows are deeply locked.

Conmberg shook his head. "I'll go and have a look."

"Hey, don't disturb her rest," Kang Xinyue said to Kang Mobei, coaxing Lele, who was more than half a year old. "Have a meal. You haven't had a good meal all day. It's not good."

Last night, two hours after bainianxi got out of danger, the helicopter finally landed on the desert island.

Bai nianxi because of severe fright, out of danger, unexpectedly collapsed into a deep sleep, the roar of the helicopter can't wake her up.

After a family of three decided to take the opportunity to return home, Ji Zhiye and the director of planning were given full power to shoot the film on desert island.

When I returned to Kang's home, it was already 3:00 a.m. and now, it was 12:00 noon. Bai nianxi had been sleeping for more than ten hours, and there was no sign of waking up.

The family doctor came to see Bai nianxi. He said that Bai nianxi was a physical and mental collapse caused by excessive use of brain in fright. When she woke up, she would be OK. However, it should be noted that she might be claustrophobic because of this shadow, that is, afraid of the dark.

Bai nianxi wakes up in a daze. There is nothing in her dream, or when she wakes up, she has forgotten whether she has ever had a dream.

When I open my eyes, the dazzling sunlight comes in from the window, and the fluorescent lamp on my head is still on.

Maybe after sleeping for a long time, Bai nianxi's head was dizzy and he got up to stretch. Excessive sleep made her ache all over.

Walking to the living room, Kang's family was having lunch.

Seeing that Bai nianxi went downstairs by himself, Kang Mobei quickly threw away the dishes and chopsticks and came to support Bai nianxi: "is there any discomfort?"

"Well Dizziness, too much sleep, like, how long did I sleep?" Bai nianxi's right hand is holding Kang Mobei's strong arm, and his left hand is still rubbing his head.

"17 hours." Conmobei replied directly that he had been counting the time, so he was able to answer the first time."God..." Bai nianxi exclaimed.

"Come and have dinner. There's soup." Kang Xinyue gets up and greets Bai nianxi before entering the kitchen.

"Thirsty..." Bai nianxi murmurs.

"Well, I'll give you soup. It's ginseng chicken soup. Drink some to replenish your

vitality." Kang Xinyue rushed into the kitchen.

"Where is musili?" Bai nianxi looks back at Kang Mobei and asks.

Speaking of musili, kangmobei's hatred was aroused. He disappeared after robbing the boat. In his opinion, it was a very bad behavior. He even wanted to let Bai nianxi have an accident. Kangmobei had decided to settle the account with the Mu family.

"I don't know. He ran away before you disappeared." Commo North light way, did not elaborate on the day of fierce confrontation plan.

Kangmobei's forehead was wrapped in square gauze. Maybe he changed it frequently. When he was rescued last night, his forehead was wrapped in a towel, which exuded a lot of bright red blood.

"Have you seen the doctor? Are you all right? " Bai nianxi sat down and asked with concern.

"Ah, this mu family is really entangled." After coming back last night, Kang Liqing saw that one of them was in a "coma" and the other had a bloody forehead. Under the pressure, Kang Mobei simply said the general situation, but after listening to the general situation, Kang Liqing was already full of anger.

"I'm all right, don't worry about me," he said

Kangmobei blames himself for his negligence. As a result, Bai nianxi doesn't even dare to turn off the light to sleep. His anger doesn't stand up, which makes him angry and powerless.

"Where is moussili likely to go?"

After dinner, kangmobei calls Shen Hedan in the deserted backyard. After stating the general situation, Shen Hedan asks.
