

Billionaire CEO Won't Leave

Chapter 398

"I don't know. You can find out. I'll make him pay for kidnapping Bai nianxi." He said quietly.

"Hum," Shen Hedan snorted coldly, "if anything happens to my sister, you can't think about it."

After that, Shen Hedan hung up.

Jin Ting is waiting for Shen Hedan to speak. After putting away his mobile phone, Shen Hedan looks up at Jin Ting: "take someone to find out Mu Sili and bring him to me."

"Yes." When Jin Ting finished, he waved to the three security guards in black suits standing at the door, ready to carry out the order.

"Wait a minute," Shen Hedan called to Jin Ting, "take 20 people to find it. Today, blow that bastard out for me!"

Jin Ting swallowed his saliva and realized that Shen He Dan was angry. After nodding, he went out quickly.

Mu family and Mu Liancheng haven't seen Mu Sili for several days, but they can't get through when they call him. After a long time, he can't help but worry, and more of them complain that Mu Sili is not sensible, that he has to deal with the company's affairs, and that he has to be distracted to care about his whereabouts. In fact, he is not sensible.

The rude sound of pushing the door came. As soon as the complaint of Mu Liancheng fell, Mu Sili came back.

Looking at his messy clothes, even stained with a lot of dust, not paying attention to the image, Mu Liancheng lost 10 points of satisfaction.

"Where have you been? How can you come back like this?" Mu Liancheng frowned and asked.

Mu Sili looks at his father with cold eyes. Mu Liancheng is shaken by these eyes, and

the cold feeling penetrates into his heart.

"I went to work. By the way, I met Rushan." Mousse is a short way from Jane.

Hearing the word "Rushuang", Mu Liancheng was even less angry: "why do you go to see her? Well, she asked for it

"Oh," Musi Li is used to his father's influence. He also understands that his father is good at abandoning soldiers and protecting cars. Now, mu Rushun is an abandoned soldier. "Rushun is in prison. It's said that she is bullied every day, eats badly and has to work hard."

This time without any emotion words, vaguely touched Mu Liancheng's heartstrings, heart instant pain, but mu Liancheng did not show this heartache, still a strong angry camouflage: "and then?"

"No, then, just to let you know." Muse leaves light way.

The lack of response to anger made the balance of Mu Liancheng's mood gradually tilt and his patience gradually lose its effect: "what about you? What are you doing these days? Do not know the company has a lot of things waiting for you to deal with it? Do you have a sense of responsibility? "

"I see. I'll start tomorrow and go to work normally." Moussili responded faintly again and was ready to leave his father.

"Stop!" Mu Liancheng said angrily, "I asked you! What are you doing these days? "

"To kill." Musi left looking back, eyes are suffocating cold, scared Mu Liancheng heart trembled.

"You..."

"Ha ha, I'm kidding. I can't die."

"Bang!"

All of a sudden, the huge sound of kicking the door came. Jin Ting led 20 security guards in black suits. After kicking the door of Mu family into a pile of broken boards, they rushed into the living room.

"Who are you! What are you doing? "

Jin Ting walked slowly from behind the 20 people to the front, with a look of the

leader: "Yo, Mu Sili, you really dare to go home. Anyway, I didn't find it so hard."

Mousse knew his carelessness. He didn't expect that commobei's action was so fast. He should have dealt with it earlier.

"What, revenge?" Mu Sili sneered at Jin Ting and said.

"Brother moo! Hit me Jin Ting ignores Mu Sili and orders his men to take action.

Mu Liancheng, with a puzzled face, didn't know what was going on. After hearing this, he became nervous, but it was too late. A group of servants were frightened by the continuous smashing and rushed to the backyard. More than 20 security guards were smashed upstairs and downstairs. Within a minute, the scene became a mess, and the ground was full of fragments of once noble exhibits.

"You..." Mu Liancheng covered his chest and his anger aggravated his heart rate. He couldn't bear the excessive heart rate. His eyesight became clearer because of the blood flow in his angry mind. "I know you're Shen Hetan's people! If you dare to make trouble in my house, you have to pay the price! "

"Oh," King Ting said with a playful smile, "yes, the price. That's the price you should pay after you do something!"

"Sili!" Mu Liancheng can't understand Jin Ting's words. He turns his head and stares at Mu Sili angrily, asking him to give him a clear explanation.

Musi Li still sneered, looked around the mess of the living room, and then looked at Jin Ting with sarcastic eyes: "out of breath? You dare not touch me, I guess

Jin Ting was guessed right, and immediately sneered: "don't be complacent, behind, there are more evil consequences you want to taste."

"Musili!" Mu Liancheng was ignored and even more angry.

"Dad, don't get excited." although Jin Ting spoke to his father, he kept looking at him with a sarcastic smile. "Last night, I tied bainianxi into an abandoned air raid shelter and beat kangmobei. By the way, was bainianxi saved?" Mu Liancheng looks stunned. He has always been gentle and admires Bai nianxi in his heart. Unexpectedly Unexpectedly Mu Liancheng's astonishment, even can't find words to describe.

"The Shen family is very lucky and has a big life. Of course, they have been rescued. Miss Bai is fine. As for whether you can be fine, you have a good idea." Jin Ting raised his contempt in the corner of his mouth, stepped forward without fear, and confronted musili face to face.

"Ouch..." Mu Liancheng had a fit of colic in his chest and could not help singing.

"Brother moo! Guard at the door of Mu's house and keep an eye on Mu Sili. "Ignoring Mu Liancheng's pain, Jin Ting continued to carry out his task." even if I go to the bathroom, whether I go to the tuba or the trumpet, I'll keep an eye on it! "

"Poof Yes Almost could not help laughing security, immediately put away the look of ridicule, seriously with one voice in reply.

Ji Zhiye didn't immediately restart the shooting. Instead, he collected everything that happened on the desert island. Just as the cameras and surveillance of the shooting site had been turned on, the scene of commobei being thrown into the sea by moussili was photographed from a distance.

After sending all the sorted evidence to kangmobei in the form of email, kangmobei is also taking Bai nianxi to the hospital to see a psychologist in an inadvertent way, leaving medical evidence by the way.

Bai nianxi is aware of Kang Mobei's action, but he doesn't say much. A few years ago, Kang Mobei was still a happy man of gratitude and revenge, and revenge was always with fists. Now, unconsciously, he seems to have grown up a lot and is more willing to choose legal means to punish malicious people.

Having let go of Musi Li once, Bai nianxi has no reason to stop kangmobei's action against Musi Li.
