

Billionaire CEO Won't Leave

Chapter 399

The Mu family is in a mess. After Jin Ting and others left, Mu Sili went up to the second floor and went back to his room.

Mu Liancheng was worried, so he hurried out of the house before he could get angry because of the disaster at home.

After he went to the law firm and told the lawyer about the general situation of moussili, the lawyer said it was difficult to make accurate judgment.

But, Mu Liancheng electricity union Mu Sili.

"You tell me what you did last night." After the phone is connected, Mu Liancheng says directly.

Moussili was a little impatient. He was too lazy to say, "nothing, hang up."

"Wait a minute!" Mu Liancheng growled, "Sili, your sister has been put into prison. I feel that my father has failed. If even you are accused, what do you want me to do? Please tell me. We mu family can't have any more accidents. I don't want you to have any more accidents. "

After hearing this, Mu Sili lay on the bed and wriggled his lips. Finally, he said something about the situation. Mu Liancheng quickly turned on the PA and asked the lawyer to listen while recording in detail.

"Where did it happen?" The lawyer asked without expression.

"It's a desert island to the east of Juji island in South Korea." Musley replied.

The lawyer nodded: "desert island Is it within 10 nautical miles of Juji island? Within 10 nautical miles, it is the territorial sea of South Korea. Over 10 nautical miles, it is the high seas. Can you determine the specific distance? "

"Well..." Mousse thought for a while, "you can get to Juji island in about 10 minutes by yacht."

"OK, I see." The lawyer handed the mobile phone back to Mu Liancheng.

Mu Liancheng took the phone and hesitated. He didn't know what to say. After a few seconds of silence, he said calmly again: "you have a good rest. Dad won't let you have anything."

When Musi Li heard the sound, his heart seemed to be emptied of some strength. His weak softness mixed with some soreness spread in his chest, and soon his nose was choked.

"Well." Mousse gave a faint hum and hung up.

When was the last time I heard about my father's concern? If only my sister could feel it Musili thought to himself.

The lawyer calculated the number that Mu Liancheng couldn't understand with the draft paper. After the calculation, the lawyer raised his eyes and saw Mu Liancheng looking at his draft paper, so he explained faintly: "suppose the maximum speed of the ship is 35 nautical miles per hour, and if it takes 15 minutes to go ashore, the desert island mentioned by master Mu should be within 10 nautical miles, belonging to the territorial sea of South Korea, so there is no problem It's over. "

"No problem? Really? " Mulian city is looking forward to it.

The lawyer knew that he could not be 100% sure, but nodded his head cautiously and said: "in our country, the crime of kidnapping is sentenced to more than 10 years, while the illegal detention is less than three years. There is an extradition treaty between China and South Korea. According to the provisions of the criminal law on personal jurisdiction, Chinese citizens who commit crimes in foreign countries or violate the criminal law of our country should be investigated for responsibility, but if the maximum legal penalty is three years, they should be punished If they are less than 20 years old, they can not be investigated. Therefore, if they file a lawsuit, the biggest challenge is to be convicted. If they are convicted of kidnapping, young master Mu will be in prison. If they find a way to make it illegal detention, they will be free from prison. "

"Oh, oh..." Mu Liancheng was in a trance.

"If Mr. Mu is worried that master Mu will My suggestion is to see if the other party really has a plan to sue. If so, master Mu had better turn himself in first, voluntarily admit the charge of illegal detention, and then advocate the personal jurisdiction of the

criminal law after the trial. In addition, the relevant evidence should also be actively provided, otherwise, the odds of victory will be greatly reduced when the other party collects the evidence. " Lawyers are very professional.

"Well What evidence do you need? " Mu Liancheng asked.

"The difference between kidnapping and illegal detention lies in that the constitution of kidnapping crime requires not only the illegal deprivation of personal freedom, but also the purpose of extorting property or satisfying the perpetrator's illegal demands, as well as the corresponding practice of extorting money or making illegal demands. Illegal detention only requires the perpetrator to have the purpose of depriving others of personal freedom."

The lawyer pushed the glasses on the bridge of his nose and looked up at Mu Liancheng:

"young master Mu needs to provide strong evidence to prove that he was only temporarily angry and deprived someone of his personal freedom, and that he did not make any extortion and demands."

"I see. Thank you." After Mu Liancheng understood the way to deal with this matter, he also had the confidence in his heart. With a word of thanks, Mu Liancheng stood up and left the lawyer's office.

Just left the lawyer's office, Mu Liancheng sat in the car, slightly closed his eyes to sort out some thoughts, mobile phone timely came the vibration.

Seeing that it was his son, Mu Liancheng picked up the phone.

This phone call, Musi from feel should not be called, but the inner struggle, finally got through to Mu Liancheng's mobile phone.

"Hello, Dad." There is no emotion in Mu Liancheng's voice.

"What's the matter?" Mu Liancheng asked, vaguely felt that he had something important to say, but could not guess what he wanted to say.

Mu Sili hesitated for a moment, and finally said: "Dad, Rushuang is having a bad time. Please go and have a look at her." "....." Mu Liancheng subconsciously, anger filled his chest, but the next second, he didn't understand why his first reaction was anger.

Pressed with anger, Mu Liancheng asked in a low voice, "why did you let me see her?"

This sound, full of contempt, and to admire such as frost disappointment, but ask,

means that the father is keeping patience, this is also a rare.

"Rushuang has lost a lot of weight and has some injuries on her body. Although she can't see it, she can also see that she has been bullied. She can't eat well and sleep well in it. She has to do coolie and group training, and She's your daughter, and you should care about her. " Musi from slowly, will heart to sister's heartache.

Mu Liancheng unconsciously recalled the past of her daughter mu Rushun, from her childhood until her wedding day, and when she lost a leg in an accident. At that time, Mu Liancheng was very sad, but he didn't tell anyone the pain in his heart.

This kind of heartache, again in the heart faintly hit.

"Cough," Mu Liancheng cleared his throat, "send me the address, I'll see her."

"Well, remember to buy something for my sister. She doesn't even have a warm quilt. I'll send you the meeting place and time." Musi left and hung up.

Mu Liancheng is holding the mobile phone that has been hung up for a long time without any action. He feels a chill.

After seeing the text message from Musi, Mu Liancheng took a look at the time. Today is just Sunday, and we can meet during the day. So he started the car in a hurry, prepared to buy some things, and then went to Tianhu prison.
