

# Billionaire CEO Won't Leave

## Chapter 401

"Dad I'm sorry... " Mu Rushuang choked and lowered his head in a low voice.

The old feeling on Mu Liancheng's face is even more serious: "don't say these words," Mu Liancheng blew his nose and looked up at mu Rushun, "Dad rarely comes to see you. If you have anything, just say it. Dad, listen, dad doesn't blame you."

"Well..." Mu Rushuang choked, "Dad, can you help me out..."

"This..." Mu Liancheng's language is stopped.

Mu Rushuang raised her hand and wiped her face with her handcuffed hands. Her face was full of grievances and said: "people here bully me and beat me I have to do very tired work every day. Dad, I can't stand it any more. Dad, would you please help me out... "

What method does Mu Liancheng have to save her? He doesn't even have the chance to appeal. Unless he tries to break the prison, it's impossible. He won't do such a thing.

"Rushun, Dad can't help you out, but he can help you. Who bullied you? Tell Dad, Dad, find a way. " After muliancheng thought about it, this is the only way.

Mu Rushuang's eyes were a little dim, and immediately said: "the five people in the same prison room with me bully me every day, and often beat me..."

"You have to be tough. Don't forget that your father will support you. If they dare to bully you again, you can say, your father, I won't let them go!" As he spoke, Mu Liancheng's voice became heavier and heavier.

"Well..."

"It's time to meet!"

When the cold iron door is pushed open, the two prison guards pull Mu Rushun up without any consideration, and then pull Mu Rushun away from Mu Liancheng without hesitation.

"Don't forget! All the things are handed in. Remember to take them! There are quilts

and food! " Mu Liancheng doesn't know if he can still hear his voice inside. He still looks at mu Rushun's figure dragged away and shouts to the phone.

The canteen is just the meal time of the prison. Seeing mu Rushuang walking with a crutch on one leg, several female prisoners looked at her and whispered in a low voice:

"hum, after the meeting, her face is still so smelly, I don't think she got any benefits."

"I'll get back to her later!"

.....

Mu Rushuang looked around the canteen and easily caught the five female prisoners who were in the same cell with her. So she put away her sadness and walked over with a determined look:

"my father came to see me. He said that if you dare to bully me again, he will clean you up."

After that, the faces of the five female prisoners became ugly. Then they dropped their heads and continued to eat lunch.

"Is that true? I don't believe it

"Don't believe in evil. It's no fun to leave her alone."

"Well."

.....

Mu Liancheng was sitting in the driver's seat, unwilling to leave Tianhu prison for a long time.

The iron gate of the prison blocks the integrity of Mu's family mercilessly. After hearing Mu Rushan's words, Mu Liancheng is very unhappy. Even if he is angry, he never thinks that his own daughter will suffer like this. As a father, how can he have the heart to make her suffer

After thinking about it, Mu Liancheng naturally thought of Kang Liqing. Since Kang Liqing announced that he had completely quit the Kang family, he had been in a state of seclusion. It seemed that his life was very leisurely.

Compared with Kang Liqing's home and Wanshixing, his Mu family is fragmented, which makes Mu Liancheng feel bad.

After starting the car, Mu Liancheng went straight to Kang's home.

"Lele? Call grandfather ~ "Kang Liqing and Kang Xinyue are together, teasing the lovely little Lele.

Lele is only half a year old and still can't speak. Kang Liqing always tries to teach her how to speak. He naturally teaches "grandfather" first, rather than "father" and "mother" first.

"Cluck..." Lele was always giggling and crawling on the sofa like a white meat ball.

Kang Xinyue walked out of the kitchen with a smile on her face. When she heard Lele's laughter, she began to laugh unconsciously: "brother, it's all afternoon. Hurry to coax Lele to take a nap, or we'll have to sleep again at dinner time."

"Well," Kang Liqing nodded obediently, "Lele, are you sleepy? Grandfather coaxes you to sleep ~ "

..."

"Ding Dong."

There was a doorbell at the gate. Kang Liqing looked up at the gate and looked at it for a while. Then he got up and opened the door with Lele in his arms.

Outside, is mu Liancheng, this lets Kang Liqing some accidents.

"Oh, what brings you here?" Kang Liqing said sarcastically.

Mu Liancheng's face is gloomy, and mu Rushuang's situation is not good now. Compared with the peace of the Kang family, Mu Liancheng's heart is about to overflow his chest:

"I've been living a good life. I just take care of my children every day? Tut Tut, I'm all red eyed. " Mu Liancheng spoke plainly and bitterly.

Kang Li Qing sneers and sends Lele to Kang Xinyue in a hurry. Then he returns to Mu Liancheng.

Mu Liancheng didn't get any greeting, so he automatically walked into Kang's house and sat down on the sofa.

"No, thanks to your Mu family, I can live so leisurely now." Kang Liqing smiles and

insinuates. He doesn't cover up the fight between the Kang family and the Mu family. "You're welcome," murian Cheng hummed coldly. "I also think you're living so well now. How can I say thank you to my Mu family."

Kang Xinyue was afraid that the comer would be bad. She finished the busy kitchen, took off her apron and went to the living room: "master mu, you can really put gold on your face. We Kang family have lost Kang family, but we still want to thank you? Ha ha, it's really shameless, but fortunately, our Kang family doesn't care about those things. "

Mu Liancheng was ridiculed, and his face was even more ugly: "hum, our Mu family and Kang family were friends, why should we make such a mess? What's more, it's not my Mu family that attacks your Kang family. How can this account be calculated, it's not my Mu family? "

"What you said is so light. You're the happiest person when the Kang family quit the Kang family? Why, do you want to cover it up now? " Kang Xinyue is eager to chase customers, and has no intention of giving face.

Mu Liancheng's helpless smile flashed from his face: "what's so happy about my Mu family? Yes, there was a lot of competition between you and me at the beginning, but that was the normal situation in the business world. Our Mu family never thought of bringing down the Kang family. Now that the Kang family has lost the Kang family, you have to blame Yao Mei of the Jiang family. "

"If you don't say that, why do you come to Kang's?" Kang Liqing ends the controversial topic, and plans to quickly understand its intention, and then quickly see off the guests.

Kang Xinyue rolled her eyes: "can you come to our Kang family with any good intentions? Hum, I'm afraid that after the Mu family is broken, I can't see the three generations of our Kang family. Hum."

"....." Mu Liancheng's heart was stabbed, but he resisted his anger and was silent for a few seconds. Mu Liancheng knelt down in front of Kang Liqing and scared Kang Liqing.

"Please, help my daughter Rushuang. She's living a hard life now. She knows her mistake, please." Mu Liancheng asked with his head down.
