

Billionaire CEO Won't Leave

Chapter 419

"You..." Mu Liancheng in a hurry, notebook also almost fell to the ground.

Connobei reaction quickly caught the notebook, inadvertently, saw the red and green broken line of the stock market.

Mu Liancheng was afraid that his action would be found, so he snatched the notebook and forced it to shut down.

"Hum," said Kang Mobei, who had known for a long time that he was doing something he didn't need to do, such as agreeing to Mu Sili's request, protecting Mu Liancheng, and rescuing Mu Sili in the face of Shen Shimo's threat. He didn't feel regret. "Mu Sili almost died in Shen Shimo's hands."

"What?" The astonishing news makes Mu Liancheng's heart immediately tight.

"But it's OK, he's OK," connobei said with his eyes on his laptop. "It's better to sell. Although he has lost a lot, it's better than to lose everything. You can prepare for it in the past two days. I'll send someone to send you to the United States. Don't come back in a short time. I think musili has surrendered to me."

"....." Mu Liancheng put a bad face and said nothing, but he couldn't say anything.

"What happened? When you came to the United States, you asked mousse to leave. Originally, your family and I would not have developed into such a situation, and I didn't mean to kill mousse." Kang Mo North said, then did not return to leave the ward.

Mu Liancheng worried about the safety of his children. After Kang Mobei left, he immediately removed his face, picked up his mobile phone and got through to Mu Rusheng's mobile phone.

"Hello Dad..." Mu Rushuang picked up the phone with a choking voice.

"Are you all right? Just now, Kang Mobei came to me and said a lot of strange things..."

"Dad Wu Wu Wu, I'm sorry, I'm sorry..." Mu Rushuang's cry interrupted Mu Liancheng's concern. "My brother was almost killed Wuwuwu, fortunately someone

came to save us in time, Wuwu... "

Mu Liancheng's heart ached: "yes Conmber saved you

"No, it's Shen Hedan..." Mu Rushuang raised her eyes and looked out of the safe house, where Shen Hedan was still guarding.

Mu Liancheng is worried about the relationship between them. If there is nothing wrong with a pair of children, he can feel at ease. Kang Mobei said that he has sent someone to send him to the United States these two days. He can't help waiting any longer. He immediately wants to arrive in the United States to confirm the safety of a pair of children with his own eyes.

In Qianqiu group, Ji Zhiye excitedly takes the film mother to Bai nianxi's office.

"Mr. Bai, the movie has been finished!" Ji Zhiye completed the film shooting and post production two months ahead of schedule. Although Bai nianxi didn't say that he was in a hurry, Ji Zhiye always felt this way. Therefore, he led the whole crew to work overtime. He also had a few months' sleep every day.

Looking at Ji Zhiye's exaggerated black eyes, Bai nianxi was shocked: "you So fast? "

"Well! Because Bai always seems to be in a hurry. " Ji Zhiye smiles shyly.

Bai nianxi had no choice but to smile: "you're really in a hurry. You're doing well, but you haven't made it to such an emergency. Don't do that next time. Look at your dark circles, ha ha."

Ji Zhiye left Bai nianxi's office with a shy smile after he handed in his mother's belt.

There is no time to lament that as expected, Bai nianxi has got through the mobile phone of kangmobei.

"The movie is finished. Send someone to get it." It's kangmobei who is in a hurry. Bai nianxi doesn't plan to see it in person.

"OK, great. I'll come over and have dinner with you." At the other end of the line, the good news made kangmobei in a good mood. After hanging up, he rushed to Qianqiu group. The short animation movie before

is a market test. This is the first cooperation between the real awesome group and the new Kang's. This new market, Kang Mo Bei wants to hold fast as soon as possible.

After receiving the master tape, commobei quickly led the technical department and

processed the movie into a broadcast format integrating m + experience technology. Thousands of branches across the country had already been deployed, which cost nearly 300 million yuan.

Under the joint marketing of online and offline, the novel release mode of the film has attracted many audiences to come to the major experience stores to "experience" the film content.

Sure enough, after the release of the film, due to the realistic sense of experience, the film reaped a good reputation as soon as it was released, and won the praise of the industry.

The first cooperation between Qianqiu group and Xinkang group resulted in an uproar in the business sector.

At this point in the layout, the next step plan of commobei has reached the mature implementation stage.

With the chain store plan, kangmobei calls Shen Hedan for the first time.

Shen He Dun thought that commo North was calling for the case of Musi Li. After the phone was connected, Shen Shimo pretended to complain:

"when did I become the security company of you and nianxi in the United States? Is it too much for me to help moussili

"Ha ha, that matter, it's me and Nian Xi, owe you a favor," said Kang Mobei, looking at the plan with a smile. "I'm calling you. I want to cooperate with you. Are you interested?" "Well? OK, let's meet and talk. " Although Shen Hedan was very disappointed with the inaction performance of commobei for more than a year, he always recognized the business talent of commobei.

"Now, after the film is shot, it can only be shown in the major theaters and reap the box office revenue. But with this scheme and this technology, the film's exhibition channel is no longer limited to the theaters."

After nearly two years, commobei demonstrated its investment promotion ability for the first time: "I have already set up thousands of private cinema like chain stores across the country, and two films have been shown as market tests. At present, the revenue performance is excellent. Are you interested in this project?"

Shen Hedan carefully looked at the chain store's plan. At the end of the plan, it was the income of the latest movie. The film production investor had a revenue of 500 million yuan. As the exhibitor, kangmobei also reaped 500 million yuan. A movie recovered

all the previous investment. Shen Hedan read the financial report and was interested in the new form of the movie.

"How to cooperate?" Shen He Dan asked.

"Well," said conmobei, pretending to hesitate, "I want to sell all the chain stores and the right to use M + technology. My psychological price is \$3 billion."

"Puff," Shen could not help laughing, "from the book, 3 billion is not much, and you are also very poor..."

"It's a new business. It's too big to worry about. I don't want to worry about it. And it's just the beginning. According to SWOT analysis, this business has advantages and opportunities, but at the same time, it also has disadvantages and threats. In addition to investment, you don't have a clear foothold in a city. I think this plan can become your foothold in a city."
