

# Billionaire CEO Won't Leave

## Chapter 422

"Ah, kumobi..."

Before Kang Mobei and Bai nianxi could say the next sentence in their conversation, a familiar but unwanted voice came from behind.

Several people at the same time look back, see is Mu Si from push mu Rushuang to come, the atmosphere suddenly repressed a little.

Looking at the frowns of several people, musili tried his best to ease the atmosphere:

"my sister is ashamed, so she came to..."

"You don't have to be so kind. Let's go."

Without waiting for mu Sili's voice to fall, conmo North coldly said that he didn't even look at her.

Mu Rushun hung her head in shame. The indifference and disgust of kangmobei deeply hurt her heart.

"Not yet?" Kangmobei stares at the two brothers and sisters of Mu family coldly. He hopes that the two will disappear immediately.

"I see." Musi no longer said anything, slightly drooped his head, ready to push his sister away.

Knowing that kangmobei was in a bad mood, Bai nianxi came forward and took kangmobei's arm as a consolation.

Musi left a little look back, just to see this scene of love, my heart suddenly mixed.

"Wait for the new restaurant in Lumi island. It's said that it tastes good." Bai nianxi tries to change the topic.

"Well, good." With a faint sound, Kang Mo North glances at the two brothers and

sisters of the Mu family who are walking away.

Moussili held the handle of the wheelchair tightly. Unconsciously, the strength of his hands was about to crush it.

Bai nianxi He is also the one who lives in his heart. Although he has put down his extravagance, it doesn't mean that he can accept Bai nianxi's love for others.

Only the gentle change in tone was enough to crush the scales in his heart.

"Brother..." Mu Rushuang saw that her brother was absent-minded and whispered a call.

Musi Li heard it, but did not respond. In his heart, there was a turbulent fantasy, mixed with pain, bitterness, and reluctance.

Finally, looking back, kangmobei just lifts his messy hair to his ear for Bai nianxi. Looking at kangmobei's eyes and musili's eyes, his suppressed anger is burning faintly and wantonly.

If you can't get Bai nianxi, you'd rather destroy the person who got her

Why do you deserve to be so happy? For what? unfair!

My heart is getting out of control.

"Mr. Shen, at present, has negotiated 15 films that can be shown in branches across the country. It is estimated that if they go online as scheduled, all the early investment can be returned within two months." Shen Hedan's secretary is reporting the current progress of the chain group.

"Well, pay attention to the relevant laws and regulations. Don't have any problems with them." Shen He Dun reminds a, then signal Secretary can go out.

The boss's chair turns half a circle, Shen Hedan faces such a large French window, overlooking the scenery outside the window.

The weather is very good, but his heart is only half of the bright. The dark cloud in his heart is the Wei family.

If it wasn't for the Wei family staring at him from beginning to end, Shen Hedan had no interest in understanding the Wei family.

But after understanding, Wei's internal business is like a mystery, how also elusive.

In the United States, the Wei family, which has a great influence, has a few core businesses on the market. Although they are strong enough to constitute the Wei family, Shen Hedan always thinks that there are some unknown core confidential businesses hidden in the deepest part of the Wei family.

It's just that Shen He Dun doesn't know exactly what this business is.

Back to himself, in a city, a single business naturally can't withstand the attack of the Wei family. What he has to do now is to enrich his business layout in a city.

After knowing about the next task, Shen Hedan raises his hand and picks up his mobile phone to call kangmobei.

Kangmobei is having dinner with Bai nianxi at the newly opened restaurant in Lumi island. After receiving the call, kangmobei doesn't feel disappointed.

"Hello."

"Is Shen Shimo honest recently?"

"Well, half honest." Conmber chuckled.

Shen Hedan nodded: "my business layout in city a can't be a single business. You can start a few more businesses as soon as possible, and I can wholly acquire them."

"In response to the Wei family?" Kangmobei takes a look at Bai nianxi. Bai nianxi doesn't move his chopsticks, but waits for him to finish the call.

"Well, I'm not worried about their news. There's no news now, but it's disturbing. Anyway, you can do it as soon as possible."

"In this case, it's better for you to set up your own team to integrate this technology into various fields, which will become your backing." Commo North Light Road.

"Well, that sounds good." Shen He Dun is thoughtful.

"Well, I have the exclusive domestic agency, so do you want to buy it?" Conmber chuckled.

"You are..." Shen He delay shallow dissatisfaction, "ask a price."

"Friendship price, 1 billion."

.....

A phone call and a billion dollars in the bill are enough to make commobei in a good mood. "Young master, there are many reporters outside, you..."

Looking at Shen Shimo, who is wearing clothes and preparing to leave the hospital, his subordinates stop talking.

"Get rid of them." Silent and impatient.

That day, he was beaten by moussili in public. His whole body was bruised, and his face was no exception.

"Young master, you'd better avoid it. There's too much news about you recently. First it's about Mu's family, then it's injured, and it's photographed that it's about being beaten by Mu Si. This..."

"I'm leaving the hospital!" Shen Shimo stares at his subordinates and secretary with great momentum.

.....

Outside the hospital, Shen Shimo's men can't drive away many reporters, but there are still some "leaky fish" at the door of the hospital.

"Mr. Shen! You failed in your investment in Mu's this time! Do you have anything to say

"Master Shen! This investment of nearly 4 billion has lost all its capital. Will this damage your strength? "

"Mr. Shen! Mr. musili has a big fight with you! What are you going to do with it? Is it because of Mr. Mu Sili that he started on you? "

.....

Surrounded by angry silence, cold eyes around the reporters.

"My Wei's strength is very strong, just 4 billion is a piece of wool!"

"I'm not going to let it go if Musi does harm to other people's body maliciously."

With a positive response, the reporters were even more happy and actively surrounded:

"master Shen! Since Wei's strength in the United States is so strong, why should he enter a city this time? Is it a commercial layout? "

"OK, OK, this is the end of the question. Please step back. We have to go. Thank you

Shen Shimo's secretary stopped a group of reporters in a sweat to protect Shen Shimo from getting on the bus.

Sitting in the car, they are silent and cold. These reporters have never seen the market before. They ask such low-level questions.

Will the failure of investment in Mu's constitute the damage to Wei's strength? Joke!

Wei's core business has never been disclosed.

"Master Shen! You and Shen Hedan are brothers! But so tit for tat! Where is the reason? Can you tell me! "

Across the window, a reporter who didn't know what to do asked, even knocked on the window rudely.
