

Billionaire CEO Won't Leave

Chapter 457

"Uncle? Do you think something is wrong? Like... "

After Mu Si left, Qin ruoqing stood by Mu Liancheng and looked around the big and luxurious Mu family. Qin ruoqing felt that she was out of place here.

But still have the courage to understand here.

"Ha ha, such as frost..." Mu Liancheng a mouth, is a pile of saliva gushing out of the mouth.

Qin ruoqing quickly takes a paper towel to help him wipe his saliva. Seeing that his saliva is continuous, Qin ruoqing looks for something that can be used everywhere and surrounds Mu Liancheng so that his saliva will not fall on him.

"Uncle, do you remember the last time you had dinner?" Qin ruoqing patiently asks, feeling that Mu Liancheng's mental disorder is lighter than all the dementia patients she has contacted. She hopes Mu Liancheng can be cured.

"Well The plane is delicious Mu Liancheng was drooling.

Qin ruoqing nodded, thought a little, took out her mobile phone and called the doctor she knew.

"Hello? If it's fine, what's the matter? " At the other end of the line is Qi Tiancai, a senior of Qin ruoqing. At present, he is an elite doctor. They have a good relationship and often contact each other.

"Well, I My friend's father has some mental disorders due to stimulation. He just wants to ask, "is there any hope of recovery in this case?" Qin ruoqing introduced the situation of muliancheng in detail and briefly.

"Oh, so," Qi Tiancai said, "it's better to come to the hospital to accept the nerve test, and do CT to see if there is any pathological change in the nerve. If the pathological

change is not serious, it can be treated with drugs. You say it is stimulated, then, auxiliary psychotherapy should have effect."

"Great. I'll ask my friend, if I need to, can I contact you?" Registration is difficult, Qin ruoqing greets in advance.

"Of course, I haven't seen you for a long time. Let's have dinner together when we have time." Qi Tiancai said with a smile.

"Well, you'll be busy and make an appointment when you're free." Qin ruoqing asked and hung up.

In the hospital, mu Rushun was like a deep sleep, lying motionless on the bed.

Domestic experts came to see it one after another, shaking their heads, saying that there was no hope.

Mousse can't be reconciled. My sister seems to have no problem Just like normal people, they just fell asleep.

After several days of sad experience, Musi Li didn't even realize that he wanted to shave his beard. He looked decadent. After he was busy in the hospital, he arranged for a nurse to take good care of his sister, and then he went home.

As soon as he entered the door, musili was surprised: "how do you Why are you still there? "

Outside, it's dark. He forgot that Qin ruoqing is at Mu's home.

"I promised to take care of your father for you. How can I go?" Qin ruoqing is feeding Mu Liancheng.

Mu Sili looks at Qin ruoqing's actions and guesses what his father would think if he knew that he was always tough and wanted others to feed him when he became like this Don't you think it's a shame

"What do you think?" Qin ruoqing looks at Mu Sili and asks.

Being pulled back by Qin ruoqing's voice, Mu Sili shook his head with a bitter smile: "it's nothing. It's hard for you."

"Take a rest. You're tired, too." Qin ruoqing is just like the hostess of this family, which is very natural.

Mu Sili heard the sound and felt his fatigue clearly: "well, there is a guest room on the second floor of the house. If you are tired, have a rest. I'll go up first."

Don't bother to say polite words again. Musi Li was already tired physically and mentally. He didn't say much polite words, so he went upstairs in a hurry. After a simple shower, he collapsed on the bed and fell into a dream.

Such days are endless and meaningless.

A month later, Mu Sili, as always, returned home from the hospital. Qin ruoqing had already handed in her resignation. After she even came in, she never went out. She took good care of Mu Liancheng every day and was patient.

After watching for a long time, Musi li felt guilty. After the initial impact was gradually diluted by time, Musi Li also unconsciously accepted the reality.

Reality, is such a dead cycle, endless reincarnation.

"Sili, come to dinner." Qin ruoqing simply cooked three dishes and ate together, which also became a habit.

Mu Sili sits up from his eyes closed nap and follows his voice to the dining table. Yu Guang sees that Qin ruoqing is taking care of her father to eat, while she is eating by herself.

"Sili, in fact, I have an ideal," Qin ruoqing said, chatting about her "ideal" full of hope like a chat. "When I used to study, I thought that I wanted to open a hospital and take care of people in need."

"Well And then what? " Musi has no idea, just chat and listen.

"I want you not to be depressed all the time. Look at you, you always sigh and don't notice it at all," said Qin ruoqing with a smile. "Although I'm just a small person, I can only be a hard-working nurse, but it doesn't prevent me from having an ideal. People should have hope in life ~"

"ha ha," her ideal, vaguely remembered by Mu Sili, "since your ideal is like this, Then you can open it. I'll provide the money. However, you are only a nursing major. The hospital needs a doctor. Where can you find a doctor? ""I have a senior..."

"Ding Dong!"

Before she finished speaking, the doorbell of Mu's house was rang. Mu Si didn't know who would come, but Qin ruoqing was excited and rushed to open the door.

"Who is it?" Mu Sili asked doubtfully.

Qin ruoqing opens the door, and senior Qi Tiancai appears at the door with a smile.

"Hello, I'm Qin ruoqing's senior, chief physician of internal medicine." Qi Tiancai introduces himself to Musili with a smile.

"Oh," Musi Li put down his chopsticks. Qi Tiancai looked very young. He was actually the chief physician, and seemed very powerful. Beside him, Qin ruoqing's excited face made Musi Li feel uncomfortable. "Come to my house, what's the matter?"

"You just said that hospitals need doctors. Where can I find doctors? No, Cao Cao and Cao Cao are coming. The seniors are coming!" Qin ruoqing smiles brightly.

The expression on his face gradually dissipated and eventually became expressionless: "so for your hospital, are you using me now? Slowly approach me? "

"Ah?" Qin ruoqing is surprised and surprised. She doesn't understand.

Looking at Qin ruoqing and Qi Tiancai standing together, a very suitable appearance, Musi Li's inexplicable anger came to his heart: "it seems that the feelings are very good, but if you want to use me, you want to think too much, get out of here!"

Qin ruoqing's expression suddenly solidified. Just now, she couldn't understand what Musili was saying. Now, she probably understood what he was thinking - originally, he thought so.

"Are you too..."

"Senior, let's go." Misunderstanding, so that Qin ruoqing was a huge sadness and anger shrouded, she understands that he has been in a bad mood recently, so, do not want to explain for themselves at this time.

But in Musili's opinion, she was exposed by herself.

What a fool I am! Mu Sili angrily scolded himself.

Interrupted by the explanation, Qi Tiancai looks at Mu Sili with a speechless face and is dragged away by Qin ruoqing.
