

Billionaire CEO Won't Leave

Chapter 465

"Do me a favor." Kangmobei thought fruitlessly and finally asked Shen Hedan for help.

"How." Shen He Dun frowned.

"Those countries that have not signed extradition treaties with our country, are your people still there?" Asked conumber.

"Do you want me to put Yao Mei's whereabouts on hold for the time being and find Mu Sili first?" Shen Hedan said his guess.

Conumber nodded: "well, I suspect that musili is in one of these ten countries."

"..... I see

Should stop, Shen Hedan gave a hasty order to the Secretary, the Secretary nodded, will quickly leave the office.

Conumber is also ready to leave. This is only one of the ways to find people. He has other ways to try.

Because of his worry, conumber didn't even realize that the sudden disappearance of mousse brought him a lot of trouble.

When Bai nianxi returns to the company, Ji Zhiye comes to Bai nianxi's office.

"Mr. Bai, the second creation of the script has been changed. Have you a look?" After several days of busy work, Ji Zhiye completed the relevant work.

"Oh? Show me. " Bai nianxi said with a smile.

After taking over the script, the content of the script was at least half less than before. Ji Zhiye changed the long movie script into a micro film with only 30 minutes.

The arrangement of the plot is much better than the first draft. Bai nianxi praises it secretly. Ji Zhiye is really a professional director.

"That's good. Do you have any problems with the arrangement of starting the shooting

of this micro movie first?" Bai nianxi asked.

Ji Zhiye shook his head: "there's no problem with the arrangement, but Now the two lawsuits have not come to any conclusion. It may be very sensitive to take pictures at this time. "

"The release belongs to the release, and the shooting belongs to the shooting. Speaking of this," Bainian paused. "I'm going to stay in the capital for a month to deal with the lawsuit. Just in time, this month should be enough for you to complete the shooting?"

"Oh, there's enough time, but I'll give you another time later..." Ji Zhiye said.

"There's no problem with post production. I hope that before I come back from the capital, the micro film can be shot. Three young people need hope." Bai nianxi said with a smile.

"Yes, I'll arrange it now." Ji Zhiye said that and left the office in a hurry.

The lawsuit has been delayed for more than a year. Bai nianxi feels a little exhausted. This time he decided to stay in the capital for a month in the hope that he can concentrate on facing the lawsuit and settle it as soon as possible.

Before leaving, Bai nianxi went to the hospital to say goodbye to the three young people.

"The doctor told me that I hope you can transfer to Shanghai for plastic surgery. I've arranged it. You need to refuel. In the next month, I don't have time to see you. You should do well yourself." Bai nianxi said with a smile.

The three young people knew what she was doing and felt embarrassed.

Because they are busy in the evening, even busy without any return.

Bai nianxi laughs: I like to see the beauty of the moment when justice comes.

"Is there any way for us to check the information on the immigration side?" Kang Mobei came to the Technology Department of new Kang and asked the minister.

Hearing this, the minister thought for a while: "if their families report that they are missing, the police have the authority to check the entry and exit records."

"Well, it's not easy." Hearing this, the heart of kangmobei suddenly became clear.

In a downtown area of Germany, moussili holds a local map and looks around.

Soon, a hand slapped heavily on his shoulder.

Looking back, Musili saw a young Western man with yellow and white beard, smiling at himself.

"I'm looking for someone," moussili said in English, taking out the prepared picture from his arms. "This woman, I want to find her whereabouts."

The man took the photo, frowned and looked at it carefully for a few seconds. The man raised his eyes and said, "30% in advance, 10000 euro."

Moussili reached into his arms again, and just as he was about to take out the envelope, the sound of footsteps came from behind him.

Before he could look back to see who the comer was, Musi Li was tightly held by his shoulder: "Mr. Shen told us to come here, he told you to return home immediately."

Hearing this, Musi quickly patted off the hand that someone put on his shoulder: "I've already come, how can I go back empty handed."

Seeing that they were chatting, the white man rubbed his two fingers impatiently and motioned to moussili to pay quickly.

Mousse quickly took out the envelope, handed it to the white man and said, "if you can help me catch that woman, I can give you 100000 euros."

The huge amount of money made the white man's eyes shine. Shen Hedan's men no longer gave him any time to talk, and quickly pulled mousse aside.

"Let go of me. I'm almost ready. Aren't you looking for Yao Mei?" Musi asked with a frown.

"Let's just look for it. Mr. mu, you'd better go home first. You don't need to leave in person for this kind of thing." My staff are very polite."So," mousse said, taking out a piece of paper and writing down the number he was using, he handed it to him. "Call me if you have any news, that's it."

Don't give Shen Hedan's men the chance to come back, Mu Sili has already left in a hurry.

"Well? Ah

Outside the window, there is a luxurious Church in the distance. The roof of the

church is as luxurious as a contract, and the streets are crowded with passers-by.

Yao Mei looked out of the window at the scenery. He took a sip of his tea cup with no expression on his face.

"Bata" is the sound of someone opening the door.

Yao Mei stood up and opened the door. Outside the door stood the white man who had just finished talking with Mu Sili.

"I didn't ask you to come. What are you doing here?" Yao Mei was dissatisfied.

The man chuckled and rubbed his hands playfully: "of course, I have news for you, madam."

"What's the matter?" Yao Mei frowned and asked.

"More than one force outside is investigating your whereabouts. Just now, another force is looking for you. They seem to know each other." Said the man.

Yao Mei is lost in thinking. The person who is looking for her is supposed to be from kangmobei, but kangmobei has no influence in western countries, but he has a good relationship with Shen Hedan. He must have been looking for her all the time. It's Shen Hedan's person, and the new one is emerging

"What did it look like, remember?" Yao Mei asked.

The man kept smiling and shook his head: "the information has been told to you, please pay in advance."

"....." Yao Mei was upset, but he went to the house and picked up a bunch of euros.

After counting the amount, the man stuffed it into his pocket with satisfaction: "I'll come back when I have news. Goodbye, madam."

"Hum." Yao Mei chuckled, scorning them for being played by himself like a monkey.

[if you can help me catch that woman, I can give you 100000 euros.]

moussili's words echoed in the minds of white men.

Looking back at Yao Mei, the white man hesitated. The reward just announced was only four figures and six figures. Of course, it was very attractive.

"Why don't you go out?" When Yao Mei saw that he was not leaving, he was on guard and began to wave in his heart.
