

Billionaire CEO Won't Leave

Chapter 466

The decision has already fallen in my heart. The white man is determined and turns back to Yao Mei.

"Just now, the gentleman said to me," the white man looked like he had no fear, "help him catch you, he can pay me 100000 euro, or Madam, you'd better come with me honestly, so that I won't hurt madam."

"You Yao Mei was shocked, "you..."

It seems that he won't let go. The white man put away his smile and quickly pushed Yao Mei to the ground: "be honest, I'm just looking for money."

In the face of the huge physical gap, Yao Mei seems to have to be tied up and let the white man push herself to the ground. Yao mei just wants to panic and shout, but the white man covers her mouth and nose, so strong that she is about to suffocate.

"Don't struggle, or your wife will get hurt." The white man smiles and presses Yao Mei's hands with his knees. Yao Mei can't help struggling with pain.

Control Yao Mei, white men look around, hoping to find a rope to tie Yao Mei.

Looking at the window sill in the distance, there was a table. The white man saw that there was a thin hemp rope used to bind the pizza box on the table.

"Well In her struggle, Yao Mei is dragged up by a white man, dragging her toward the windowsill.

Seeing the thin hemp rope, Yao Mei guessed that he was going to tie himself up. In case he was really tied up, there would be no room for resistance!

The white man didn't think much. He was confident in his strength.

Just at the moment when his hand was about to touch the hemp rope, Yao Mei suddenly bumped into the white man like the giant wood of a bell!

The man suddenly lost his center of gravity and staggered to one side. He staggered under his feet and released his hands at the same time. Yao Mei scratched in the air, hoping to regain his balance.

Yao Mei took advantage of the situation not only did not help him, but pushed the man heavily again. The man completely lost the chance to stand firm, and fell to the ground with a bang.

Everything happened in a few seconds, Yao Mei has also taken advantage of the opportunity to prepare to abscond!

The second he opened the door of the guest room, Yao Mei noticed something unusual - the white man, didn't seem to move?

It's reasonable to say that he should be clamoring for it.

This silk small curiosity, let Yao Mei stop the pace of escape, turn to probe back, look at the white man.

It doesn't matter if you don't look. Yao Mei's eyes widened with the smell of blood. When the white man fell down, his back fell heavily on the windowsill, and the blood was spreading.

"..... Dead? " Yao Mei's mouth didn't have time to close because she was frightened. She didn't wake up until her saliva dropped.

Run! Yao Mei fled here in a hurry!

"What about people?" Shen Hedan's men stood on the strange street and looked around.

Just now, moussili was still in sight. With a few blinks of effort, moussili successfully escaped their tracking.

"Clear up! Leave the rest of you

A group of men in police uniforms were in a hurry to maintain order on the street, and several police cars and ambulances were stopping not far ahead with their horns blaring.

"What's the situation?" Gao Shun, with another team of people, came from a distance to join his colleagues.

"I don't know. Just now, mousse disappeared here. We I lost it Shen Hedan's subordinates feel guilty to Gao Shun, the security team leader.

Gao Shun's expression doesn't change much. His eyes keep staring at the front. The front is busy because of the emergency, even if the police are clearing the scene all the time.

"Hoo." Mu Si left to look around, after confirming that he had got rid of Shen Hedan's men, he took a deep breath.

It's not easy to trace here. How can he be willing to return home so easily.

From the distance, the sound of the alarm also attracted Musi Li's attention.

After calming down a little and confirming that the alarm was coming from the position just now, Musi Li was puzzled and curious, and urged him to turn back carefully, trying to see what happened.

A large number of police were on the scene, which shocked moussili - it seemed that The white man who had just commissioned the work, after receiving his money, entered the hotel?

Musi Li is not sure whether his guess is true. As he is thinking about how to find out, several police officers entering the hotel, together with four people, carry a white stretcher out of the door of the hotel. The stretcher is covered with white cloth.

The doubt became more and more serious. When mousse came back, he was standing by the stretcher, and the police were blocking his approach.

He reached out to lift the white cloth, and mousse left his heart with a thump.

The clothes on his shoulder seem to be grabbed by a force. When he looks back and sees that it's Gao Shun, Shen Hedan's subordinate, he has already been dragged away by Gao Shun, not pushed away by the police.

At the corner of a hidden alley, Musi squatted in the corner and looked up at Gao Shun, who was tall and strong. Musi said without expression: "the dead man is the one I commissioned to investigate Yao Mei's whereabouts." Gao Shun heard no response: "Shen asked you to return home."

"....." Although there was no evidence, someone died as soon as he commissioned someone to do something, which made mousse feel that Yao Mei must be in Germany. "Didn't you hear what I said? My client is dead! Yao Mei must be here! "

After that, Musi Li figured it out. It's no use communicating with his subordinates. It's better to communicate with Shen Hedan directly.

Thinking of this, moussili will always turn on his mobile phone, ignore hundreds of missed calls and text messages, and directly dial Shen Hedan's number.

In Shen Hedan's office, Kang Mobei lingered, but he did nothing. He just sat there, as if waiting for something.

Just now Gao Shun made two phone calls about Mu Sili. Kang Mobei thinks that if he continues to wait, there will be results.

"I said you..." Shen Hedan looks at kangmobei pacing back and forth in the eye circles, and gradually feels dissatisfied.

"By the way, if there's any news from Musi Li, you can change the message..." Conmber suddenly thought of something.

"Hum..."

Before Kang Mobei finished, Shen Hedan's mobile phone rang again.

Seeing that the caller ID turned out to be Musi Li, Shen Hedan's eyes lit up.

"You tell him that Qin ruoqing is in a hurry." Kangmobei said quickly before Shen Hedan answered the phone.

Shen Hedan nodded.

"Hello! Shen Hedan, I confirm that Yao Mei is in Germany! You lend me your men, and I'll catch her!" As soon as the phone was put through, moussili said eagerly.

Shen Hedan opened the hands-free, heard the sound and took a look at kangmobei, then leisurely said: "my men will investigate, you don't need to be alone, you hurry back home."

"You..."

"Your girlfriend, Qin ruoqing, is in a hurry. Come back quickly." Shen Hedan's eyebrows were slightly frowning, and his tone was a little deep.
