

Billionaire CEO Won't Leave

Chapter 473

"Shen He Dan! Conmber!! You two liars!! Liar! "

Yao Mei was locked up in the detention center. Every day when he had a little strength, he yelled at them.

It was agreed that she would be released in about 30 days, but now, more than 20 days after 30 days, Shen Hedan, Kang Mobei and even their lawyers have disappeared!

"Conmobei! Shen He Dan! Show me you!! I killed you on the spot!! A man full of farts! Kill my son!! You want to kill me!! I'll tell you!! You can't live in peace in your life! "

"I won't let you go when I'm a ghost!"

.....

The clamour reverberated in the detention center, which made the prison guards and the temporarily detained people have no temper at all. At first, they protested, but they couldn't do anything about her. They just shut up the dark room and yelled, so they didn't bother to care about her.

"Dad, conmobei reminds me that Mu Shi has accepted Shen Hedan's billion investment, so it's time to respond a little."

When mousse came home, he saw his father sitting on the sofa, reading a book.

Mu Liancheng is able to come back from the sanatorium by himself. He seems to be used to going to the sanatorium every day. After treatment and observation, he stays in the library to read, and goes home to sleep at night.

Hearing the sound and looking at his son, Mu Liancheng looked for less than two seconds, then dropped his head, but his attention was no longer on the books in his hand, but began to think.

Yes, mu Mu Shi, but he must run a good business in his life, otherwise how can he be worthy of his ancestors.

"I see. I'll see to it." Mu Liancheng gave a light response, then kept still, holding the book and sitting like a sculpture.

Seeing him like this, mousse calmly said "OK" like a robot, and went back to his room by himself.

In the quiet bedroom, it's empty and dark. As soon as Musi Li closes his eyes, it's just like his younger sister. As he opens and closes his eyes, his younger sister's past changes scenes at any time. When he keeps driving away, Musi Li gradually loses patience and his temper gets grumpy.

Qin ruoqing lives in the guest room next to musili and observes the movement of Musi Li at any time. Once he needs it, she will appear immediately.

"Ah!"

"Bang!"

Roaring, accompanied by the action of smashing, the huge voice startled Qin ruoqing. Qin ruoqing jumped up from the bed and ran to musili's bedroom.

Open the door and the ground is in a mess.

"Ah!" Mousse left the window and yelled at it.

Qin ruoqing quickly hugged him from behind him, but he was bored: "can you go away! I want to be quiet! "

"Ah?" Reaction, Qin ruoqing stay.

"Get out of here!" Mousse didn't know why, he became irritable, even he didn't realize what was wrong.

Qin ruoqing is a little hurt in her heart, but she still thinks about it calmly. Qi Qi prays that the spare melatonin given to her by senior Tiancai has the effect of calming and sleeping.

Thinking of melatonin, Qin ruoqing ran back and forth quickly, holding a glass of water and melatonin, said with a smile to musili:

"is Sili losing sleep? Take some sleeping pills and you'll fall asleep... "

"Pa!"

Musi slaps the water cup in Qin ruoqing's hand with his backhand. In the blink of an eye, the water cup falls to the ground and is covered with water stains.

"Get out of here!" Musili roared again.

Qin ruoqing tears, want to accompany him, but dare not stay, finally, in hesitation, left the bedroom of musi.

It took a long time for him to answer the phone.

"Hello I'm sorry to disturb you so late... " Qin ruoqing sniffed and tried to calm down.

Qi Tiancai is studying medical books in his study at home. When he hears the sound of swallowing, he says, "what's the matter? What's wrong with musili? "

"Well He is very angry. Everything that can be smashed in his bedroom has been smashed And let me go I really can't help him, nothing Sobbing. " Qin ruoqing cried out in frustration.

Qi Tiancai made a silent judgment for three seconds and said decisively, "I'll come here. Don't go there now, but don't get hurt. I suspect that he is manic now, and he can't control himself. Wait for me."

After that, he hangs up. Qi Tiancai puts on his coat and drives to the sanatorium. After getting an injection, he rushes to Mu's home.

Musili kicked the mess on the ground until his strength was exhausted. Then he fell on the bed and took a deep breath. He was not sleepy but excited.

"Frost! When will you be back? " Mu Sili began to talk nonsense, and then he began to giggle.

Mu Liancheng heard a quick knock on the door, so he got up from the sofa and went to the door to open the door. He saw that it was praying for heavenly material. At the same time, there was another thump on the wall on the second floor above his head. Qi Tiancai looks at Mu Liancheng's expressionless face and goes upstairs with a quick greeting.

"If it's fine?" Qi Tiancai called out tentatively.

Hearing the call, Qin ruoqing wiped her face and went to the corridor with a pale face.

Looking at the door of Musi's room, Qin ruoqing didn't even have the courage to open it.

"I took a sedative and let him sleep. I'll go to the sanatorium to prescribe medicine tomorrow..."

"Pa" of a, Mu Si leaves of the room door instant big open, let two people unprepared of stunned for a while.

Musi Li sneered at Qi Tiancai: "Why are you coming to my house so late?"

"Sili..."

"Do you have anything to do with him? I tell you! I've never been short of women! It's just that I don't like it! "

Mu Sili interrupts Qin ruoqing's voice and roars fiercely.

Qi Tiancai didn't respond. He just raised his hand and patted Mu Sili on the shoulder: "Sili, you have to think about it. In this case, if someone says to your sister, how does your sister feel?"

Hearing this, Musi suddenly lost his mind and fell into the thinking of this problem.

Qin ruoqing is stunned again. Qi Tiancai takes advantage of Musi Li's stupefaction and takes out the sedative prepared in advance from the injection box. Without hesitation, he ties the sedative injection into Musi Li's right arm deltoid muscle.

Qi Tiancai signals to Qin ruoqing to help him settle down Musi Li on the bed. Taking advantage of Musi Li's stupefaction, Qin ruoqing has no time to grieve and listens to Qi Tiancai's arrangement.

The sedative soon worked, and Musi gradually fell into dreamless sleep.

"It's good for him to have a sleep. Looking at his state just now, I don't know that he is manic." Qi Tiancai is always calm.

As a doctor, he is very professional. As a manager, he has his eloquence. Praying for talent is like having two faces, but they all revolve around the career he wants.
