Topic discussion once dominated the hot search lists, even for seven days.

Although Lin Zesan had been discharged from the hospital for a long time, the rehabilitation still needs to be carried out every day.

In order to facilitate their rehabilitation, Qianqiu entertainment specially emptied an office of the company and decorated it as a rehabilitation room. After working, they can stick to daily rehabilitation activities in the rehabilitation room.

During the intermission, Lin Ze repeatedly looks at the discussion on the microblog. His microblog account number, fans, Zhuo Tian and Wenguang, soar by millions in an instant.

"Happiness and misfortune depend on each other. The ancients did not deceive me." Lin Ze looked at the exciting hot search list hot discussion, from the heart of a sigh.

"Ha ha." Zhuo Tian heard the sound and laughed.

"That is, if it wasn't for this kind of thing, I couldn't see that Letian was so black hearted and abandoned us. Hum, teach them a good lesson in the future." Wen Guang is sitting in a squat rehabilitation posture. Every time he says a word, he has to take a few breaths.

"After calming down for a long time, I feel that I used to be quite impetuous. You see, we're going to add two songs at most to this micro film work, so that we can pay Without works blessing, my heart is so empty." Zhuo Tian chatted.

"Ah! I also have this feeling. I have to get better as soon as possible. The studio is next door. Even if there are no official works, it's better to post more of my own works on Weibo." Wen Guang echoed.

Lin Ze is calmer: "take your time, don't rush. I believe Mr. Bai has a plan."

"Well, it is."

.....

[Letian fell into a whirlpool of public opinion and its stock price plummeted by 3% every day! ]

the public opinion is not only around the three young people, but also towards Lota entertainment.

Facing the crisis of Letian, netizens asked three young people to say something.

[when Letian abandoned you! Now they deserve it! Linze! Come out and have a word! Tell us the truth! Let Letian close down! ]

[Lin Ze, come on! I trust you! ]

[Letian ~ tiandao hao reincarnation ~ enjoy it slowly ~ wait for the last blow from Aidou! Cool! ]

.....

In the face of fans' demands, Lin Zesan did not make any response.

In the face of criticism and stock price crash, the three young people

did not make any response. They took a tacit stance or ignored the stance. After urgent discussion, it is impossible for Lota to issue a public apology letter, which is equivalent to sending its own company to jump off a building!

After the final discussion, Tian Huarong can only pull down his face to seek reconciliation. As long as the three people deny public opinion, they can give any reward.

Bai nianxi forwards Letian's request for reconciliation to the three people. They all scold him for not having money face. Bai nianxi also feels very happy.

Yellow to black face, eyes are bright, constantly staring at the yellow to white face in front of the East, continuous and long gaze.

Wei Xiabin walked to the end of the street, trying to ignore the gaze from the local people.

She wandered in various countries with fear, and lost the huge power she could rely on. Wei Xia suddenly became a street mouse. Even though she still had a lot of wealth, she could not buy a sense of security at all.

Finally, after walking through the disturbing street, Wei Xia took a deep breath. The big hand on her shoulder almost scared her and sent her to see God.

"Mom, I have a hotel reservation." Shen Shimo put down his hand on his mother's shoulder and looked around warily.

In order to counter track, Wei Xia deliberately strolls on the street, while Shen Shimo takes the opportunity to set a hidden hotel.

"You scared me to death! There's no sound when you walk!" Wei Xia rubbed his head and opened his mouth.

His mother's temper has become so irritable for two years, and he is used to it. What makes him more concerned is when the day of terror ends.

Shen Hedan made an appointment with the guest in advance and met him in his office.

Guest, it's the section chief of CCB, that is, the section chief of commercial crime investigation section.

His desk is full of related documents.

"More than a dozen people in our department read and collated the information they gave me all night, you Why is there so much more?" As soon as the section chief entered Shen Hedan's office, he saw the pile of documents.

Shen Hedan relaxed with a smile: "why, you don't need to send someone out to investigate. It's not that the work has been lightened."

"These Are they all Wei's commercial crime materials?" Asked the section chief, gaping.

Shen Hedan nodded: "the top one is a series of illegal operations behind Wei's involvement in Mu's family. I've sorted them out for you. You can go back and have a look, and then submit and apply for wanted and arrest warrants."

"Ha ha, you've arranged my way back clearly." The irony of science is that it doesn't laugh. "In a word, what I want is very simple. Let Wei Xia and Shen Shimo have no chance to return home. Even if they die, it doesn't matter to me."

Thinking that the US forces will continue to threaten their safety, Shen Hedan feels that this desperate situation is more useful than any other means, and his great enmity has come to an end.

"I'll take away the documents. I'll ask you to cooperate in the investigation and evidence collection when necessary." Leaving a polite remark, the section chief took a deep breath and left Shen Hedan's office with a tall document in his arms.

Seeing the section chief leave, Shen Hedan smiles and gives a letter to

the Secretary: "ten days later, give it to CCB. The content of the letter is the location of Wei Xia and Shen Shimo."

The Secretary nodded and took the letter.

Shen Hedan has sent people to track Wei Xia. He has tracked many people, so he knows how these criminals will take advantage of loopholes in the law to be free in countries without extradition treaties.

If CCB does not have the right to extradite, it will use its own way to take Wei Xia and Shen Shimo back to China by illegal means.

After two years of panic, every day I wake up and think of my situation, I have to collapse several times.

When can we get rid of this situation! Shen Shimo roars and questions in his heart!

"Bata", "Bata"

Outside the door, strange sounds came from time to time. Every time there was a sound, Wei Xia and Shen Shimo had to tighten their hearts. After confirming that it was just an ordinary sound, their hearts could not return to the ground for a long time.

This kind of fear tormented two people, even did not dare to relax at all, for fear that even a little carelessness and negligence would make them face the situation of death.
