

Billionaire CEO Won't Leave

Chapter 477

"Ma Are you ok... "

It's been three days since she was locked up in such a smelly place. Shen Shimo didn't even break free from the rope. Seeing her mother, she was sick and pale for lack of water and food. Shen Shimo could only make a voice from time to time to keep her awake.

Even though he himself was suffering from hunger for three days.

Wei Xia collapsed weakly on the ground, her eyes could only stare at the wall, the only narrow window, the narrow window faintly penetrated into the light of cold color, indicating that the window was not in the sun.

"If there is no more water, I will die..." In Wei Xia's weakness, she sighed like a ghost and uttered an ethereal voice.

When Shen Shimo heard this, he was so anxious that he began to break free from the binding of his hands again.

It's strange. Why hasn't anyone come in these three days?

Even if it's going to take their lives, how about giving them a good time? What is this? Are you going to starve yourself to death?

When Shen Shimo thought of this, he felt a sense of anger.

But angry also did not have the strength, the withered abdomen, bilateral ribs all revealed the obvious shape.

We must find a way to escape before we starve to death! Shen Shimo began to use his arms again, trying to get rid of his hands.

Shen Hedan's secretary looked up at the sun. It was cloudy today. The sun was not so dazzling. When he turned around, CCB's office building was right in front of him.

"This is "Information" provided by President Shen CCB section chief read the content

of the letter, face surprised asked.

The Secretary nodded, and the wall clock showed that it was 9 o'clock in the morning. Four days ago, they were arrested. The Secretary thought for two seconds, and then said:

"in fact, they were arrested four days ago. You'd better go and have a look." Don't starve to death The Secretary said in secret.

Hearing this, the CCB section chief's face was even more surprised. He didn't say any more. He went straight out of his office, hurriedly took a few team members, whispered a few words, and then drove to the position indicated in the letter.

"Soon Soon... " After unremitting efforts, Shen Shimo continues to break the rope dizzily. The rope that binds his hands is getting looser and looser at last.

The sound of "clang" suddenly came to silent ears, and silent nerves tensed instantly.

Wei Xia is already weak, even if the voice is very harsh, her body has no ability to respond.

The first reaction in Shen Shimei's heart is: someone has come in!

Use "potential" like, silent efforts to twist their hands, so that the volume of the palm curled up to the lowest, a hand successfully out of the shackles of the rope.

He untied himself in a hurry. Shen Shimo looked everywhere for a hiding place. After a circle, there was no place to hide in the open space!

Only the long sewer, you can take off the iron well cover, and then drill in!

Endure huge inexplicable humiliation, Shen Shimo did not hesitate to drill into the smelly sewer groove.

The section chief, with his team members, holding a pair of robbers, carefully went deep into the deserted house. A few minutes later, he came to the super large basement.

See Wei Xia coma in the ground, section chief quickly put away with rob, and team members together will frame out of the basement.

Shen Shimo hid in the groove of the sewer. He dared not breathe. He just looked at his mother and was taken away by four Chinese faces in police uniform.

"It looks like hypoglycemia and fainted."

The section chief remembered what Shen Hedan's secretary said to him: in fact, they were arrested four days ago. You'd better go and have a look.

"Then I have to go to the hospital." The crew in the driver's seat quickly drove the car, ready to leave here.

The section chief hesitated for a moment and wanted to say that he hadn't searched here yet, but he saw Wei Xia's haggard and abnormal appearance. Finally, he didn't say anything and let the team members drive away.

Shen Shimo saw that the four uniformed officers had taken his mother out. He quickly got out of the groove of the sewer and looked out carefully.

Actually? Just drive away? Shen Shimo was almost surprised, which means that before they come back, they have enough time to escape!

In the summer of a city, time glides quickly. In a twinkling of an eye, autumn has passed, and pedestrians on the road wear thick coats one after another.

Bai nianxi is in a good mood. Although she lost a lawsuit, after two lawsuits, she continued to shine and heat against the shareholders' protest against the three artists she signed.

Their popularity is even higher than before after their works come out one after another.

Bai nianxi spent a huge amount of medical expenses on them, in the form of return, and then returned to her hands.

"It's the end of the new year. Please don't put your mind on the company all the time. Lolo can't see you for several days and is in a mood."

Kang family, Kang Xinyue is still habitually busy in the kitchen. Seeing the busy man Bai nianxi coming back in spring, Kang Xinyue half complains and half laughs.

On hearing this, Bai nianxi's smile became more brilliant: "OK, the new year is coming so soon, time flies so fast..." "Yes," Kang Liqing put down his newspaper, raised his eyes, and wrote on his face with profound meaning, "since he didn't interfere in the business of running the company, his old friends have rarely contacted. By the way, have you been in touch with Mu family recently?"

After putting down the heart knot of Mu family, Kang Liqing mentions Mu family, and his tone seems very ordinary and relaxed.

Bai nianxi only knows a little about it. For example, Mu Liancheng has been receiving treatment, and the Mu family has never been able to make a comeback, while Mu Sili Because of Mu Rushun's death, he seems to be hit hard. For half a year, he has been receiving psychological treatment.

In response to Kang Li Qing's shaking his head, Kang Li Qing thought for a while in silence, and finally said: "how about this Spring Festival, our two families will have dinner together in the restaurant. It's better to be lively, but not too lively."

This proposal has the meaning of abandoning the past, and Bai nianxi nodded his head.

After chatting with Bai nianxi, Kang Li glanced at the newspaper he was holding just now. All the contents were finished, but there was still a little time before dinner.

Pick up your mobile phone, click on the news app, and after a few minutes, Kang Liqing's eyes widened because of the latest news.

[Wei Xia was sentenced to death six months after she was arrested for murder, economic crimes and other major crimes.]

"Wow Kang Liqing exclaimed in surprise.

Bai nianxi is puzzled. He looks over his head to see what Kang Liqing sees. He is surprised. After seeing the news, Bai nianxi is also surprised.

"When did she get caught?" Bai nianxi doesn't know anything at all.

"Does Mo Bei know about it?" Kang Liqing asked in surprise.

Bai nianxi shook his head.
