

Billionaire CEO Won't Leave

Chapter 487

"Oh, facial paralysis, loss of swallowing function, sleep disorder May not be able to exercise at will.... "

Guessing the unknown usually brings more fear than the facts. With a concrete answer, Bai nianxi feels relieved.

"Facial paralysis doesn't matter, I know his heart, swallowing function I feed him, get up and sleep with him. It doesn't matter if I stay with him. Well, I will always be with him. " Bai nianxi subconsciously gave her own countermeasures for every possible sequela. After that, she raised a smile on her face.

At least, she can do something.

Qi Tiancai keeps silent. From a medical point of view, he hasn't come up with any countermeasures yet. However, Bai nianxi has quickly put forward countermeasures from a realistic point of view, which makes him a little surprised.

"Mr. Tian! The report came out! Surprise

Tian Huarong is in his office in Letian, the capital city, constantly thinking about the problems to be solved.

The Secretary stormed into the office with a stack of documents, with a long surprise on his face.

Seeing this, Tian Huarong frowned: "what's the matter?"

"That hair! The report came out! You never think of it! The owner of that hair is a felon! Wanted man! Call Shen Shimo The secretary speaks so fast that his tongue will be ruined.

"Shen Shimo?" Tian Huarong thought the name was very familiar, but for a moment,

he couldn't remember anything.

"Do you know Mr. Weiss, who was once brilliant in the United States? Shen Shimo is the successor of Wei family! Wei's former chairman, because of transnational economic crime, intentional injury, and even homicide! He has been sentenced to death! "

As the secretary spoke, he could not hide his excitement and handed the document to Tian Huarong.

Tian Huarong frowned and picked up the document.

"Wei Xia, Shen Shimo I see... " After reading the document, Tian Huarong suddenly sighed.

"Ah?" The secretary was puzzled.

"No wonder he asked me to go to Switzerland to transfer funds, because he couldn't show up at all and wanted to use me. Hum, thanks to me." Tian Huarong is very satisfied with his caution.

"Well Are you going to... "

"Well, you go out first." This has to be well planned, Tian Huarong tone impatient called the secretary out, at the same time in the heart slightly proud of the secret way.

Tian Huarong held his cheek and closed his eyes to sit in the boss's chair.

3 billion is not a small amount. Moreover, the situation in Letian is very bad now. If he can, he naturally wants to take it as his own.

But working with the wanted? It's impossible. As a shrewd businessman, he would never allow himself to fall into any dangerous situation.

"What to do..." In the dilemma, Tian Huarong frowned deeper.

[Shen Shimu and Shen Hedan are half brothers.]Bai nianxi: Shen Hedan's half brother and sister.]

"Bai Nian Xi?" Seeing the introduction of blood relationship at the end of the document, Bai nianxi's name pricks Tian Huarong's eyes.

"Bai nianxi, President of Qianqiu group? Its Qianqiu entertainment, is not signed Lin Ze three people to their own Qianqiu entertainment Between the angry self talk, the

anger is burning in the heart.

Using the computer to inquire about Bai nianxi's past, the news that shocked him even more surprised him - it turns out that Bai nianxi is the public enemy of the Wei family!

In this case, Wei Xia's death sentence must be attributed to Bai nianxi. In this way, Shen Shimo must hate Bai nianxi's itching teeth.

The reason why Shen Shimei is still active after his mother's death is to revenge. Bai nianxi is the key person!

"Three billion is just around the corner." After the complex situation is dissected, Tian Huarong already has a proud appearance of huge wealth.

Bai nianxi takes a look at the time. Kangmobei has been in the operating room for five hours, but none of the doctors came out.

The longer the time, the more intense the uneasiness. Just when I wanted to say something, my mobile phone suddenly vibrated in my pocket.

[Tian Huarong: Bai nianxi, you are very dangerous. Shen Shimo is aiming at you.]

“? ? ? ” See text messages, great shock in the heart of Bai nianxi burst - silent? How could Tian Huarong have heard from him?

Shocked, Bai nianxi suddenly remembered the recent past -- why did kangmobei go to the capital for just a few days and have brain surgery when he came back?

Something must have happened!

Thinking of Kang Mo Beiming knowing that he had brain problems and hiding himself, Bai nianxi firmly believed that something must have happened in the past few days when he went to the capital!

And musili also knows!

Can't help but say, Bai nianxi cold face, Wu ran pull mousse away from the corridor, let the waiting people are confused.

"Where are you going?" Kang Liqing asked.

Musi Li's face is full of doubts, but he still lets Bai nianxi pull.

Bai nianxi didn't look back: "I suddenly remembered that I had forgotten to do

something. I went out with Mu Si for a while." "Nianxi You What's the matter? " Mousse didn't know what happened to her all of a sudden.

Walking out of the hospital, Bai nianxi stands at the door of the hospital and shows his SMS in front of musili without thinking.

[Bai nianxi, you are very dangerous. Shen Shimo is aiming at you.]

"this?" After seeing clearly, moussili was also shocked.

"Tell me, what happened to you in the capital? Why did conmobei suddenly find that he had brain problems and needed surgery as soon as he came back?" Bai nianxi asked with cold and sharp language.

Musi subconsciously recalled what happened in the hotel that day. Yes, if it hadn't been for the accident that day, conmobei wouldn't have suffered brain injury, leading to the outbreak of previous diseases.

After thinking about it, Mu Sili decided to confess: "after arriving in the capital that day, we stayed in a hotel. After I took a bath, I went out to find commobei and found that he was not in the room, so I transferred the monitor and found that he was on the roof. After I found him, he He was hanging on the edge of the roof. If he didn't go in time The consequences will be worse than they are now. "

Mousse left and continued: "it's Shen Shimo. Shen Shimo hit him in the back of the head with a brick on the roof. He had an old disease. This blow directly led to his concussion. The blood clot of the old disease in the back of the head also oppressed the cerebellum."

"Why don't you tell me the first time! Can I hide the past! Can it solve the problem? " Bai nianxi roars angrily.

“..... I'm sorry Moustache bowed his head and apologized.

Unable to laugh or cry, but also angry, Bai nianxi put away his mobile phone and resolutely stepped up to leave the hospital.

"Where are you going?" Moussili quickly grabbed her.

Bai nianxi looked back, his eyes were full of disappointment and anger: "solve the problem."

"Wait until Mobei's operation comes out, OK? What if he doesn't see you when he wakes up? " Musi had a worried and sad face.

Hearing this, Bai nianxi dissipated some anger, and finally gave up the impulse to calm down. Bai nianxi returned to the hospital.
