

《Billionaire CEO Won't Leave》

Chapter 49

It happened to be the weekend. Bai nianxi stayed at home to have a rest, and Lolo had no class. I remember that I had not taught Lolo painting for some time, so I stayed in my room with Lolo and painted for a day.

Connobei didn't know what he was busy with. He went out of the house after waking up in the morning and didn't come back until midnight.

Forget it. What does it matter to her whether he comes back or not? What does he have to do with her? She'll be quiet if he doesn't come back.

Luo Luo in the arms can't bear it, poking his little finger, voice of grandma, "Xiao Xi, why hasn't Daddy come back?"

"Why, Lolo missed dad?" Bai nianxi fondled Lolo's head with love and said in a soft voice: "dad should still be busy. Lolo should sleep first, OK?"

Lolo looks up at Bai nianxi. Oh, Mommy, why don't you worry that Daddy hasn't come back so late? What if smelly daddy is seduced by a butterfly outside?

"Xiaoxi, will you ask daddy to come back? You call him, call him ~ "

Lolo is charming. He knows that daddy will listen to Mommy.

Bai nianxi only thinks that Luo Luo is missing her father. Since Luo Luo is so coquettish, she can't refuse. Take out the mobile phone, think about it, dial the phone of connobei.

Connobeir was sitting in a dim conference room, with the dim light on his head, casting a profile on his pretty face.

One side of the mobile phone suddenly lit up, and connobei's eyes coldly swept over the mobile phone screen. When she found that the caller ID was Bai nianxi, her eyes

suddenly brightened up. How could she call him?

He used to call her, if you remember correctly, this is the first time she called him after he saved his number in her mobile phone!

Conmber made a hissing gesture with his index finger. The meeting room where someone was talking just now was silent. Even the sound of a needle falling on the ground could be heard.

Connected the phone, put in the ear, deep um.

"Kang, Mr. Kang, when will you be back?" There came the voice of Bai nianxi.

Kangmobei's eyes, like black Qushi's, shrank a circle. Thinking that something had happened to her, he suddenly became nervous and said, "what's the matter?"

Conmber's voice sounds a little tense. Is it because he was disturbed by his sudden phone call that he was not happy?

"Nothing." Bai nianxi felt that he was a bit of a fool.

"Nothing?" Conmo North's eyes with doubts, if nothing, Bai nianxi will call him?

Bai nianxi wants to hang up the phone very much. It's really hard to talk to kangmobei. Can see next to Lolo look forward to the small eyes, she also some in the heart can't bear.

"Just to ask you when you'll be back." Bai nianxi thought about it and added, "it's very late."

I don't want to urge him to come back soon, so Bai nianxi uses a more euphemistic way. Bai nianxi thinks that the meaning of urging him to come back early should be obvious, right? Is conmber here?

As expected, kangmobei arrived, and his understanding brain filled a circle of meaning of Bai nianxi.

Come back as soon as possible. I miss you so much. I'm afraid you will be abducted by other women when you come back so late.

Is that what you mean?

Noticing the subtle change of expression on conmber's face, everyone below held their breath.

Who knows, their meeting was originally an early meeting! It's a regular meeting at seven every morning! It's only now. It's 10:30 in the evening! They've been driving all day! A whole day!

He didn't know where he was angry. He ran here to vent his anger on them. In the meeting from morning to night, he had to let them keep talking!

The one standing on the stage now looks more bitter than bitter gourd. This is the ninth round of his speech. He has said everything he can, from company benefits to life ideals, from poetry to Philosophy of life. If this meeting continues, he will talk about his experience of how to win in E-sports.

Hung up the phone, everyone looked to the north, that vision, is incomparable expectations

Finally, Komo University pardoned the whole world and said, "the meeting is over."

When he got home, Lolo was asleep.

Kangmobei comes directly to Luoluo's room, and Bai nianxi is ready to sleep.

"Not to me?"

Well.

"It's OK. I just want you back. Now that you're back, it's OK." Bai nianxi lowers his voice for fear of disturbing Lolo.

What does this woman mean? What about him?

She a phone call, he ran back, home and told him it was ok?

"Nothing has to be done."

Kangmobei's cold words make Bai nianxi ready.

But who is conmobei? devil.

He carries Bai nianxi directly to his shoulder. For fear of waking Luo Luo, Bai nianxi struggles on kangmobei's shoulder, so he has to let kangmobei move himself back to his room. As soon as kangmobei threw it on the bed, Bai nianxi jumped out of bed.

With his broad chest in front of Bai nianxi, Kang Mobei took off his clothes and said,

"do you want to come to my arms or to my bed? Choose for yourself."

Speechless. Is there a choice?

I don't know how long I have been tossed about by Kangmo north. Bai nianxi just feels very tired and sleeps in a daze.

The whole world is a peaceful place, and the atmosphere around us is shallow and pleasant, which brings a sense of indescribable sureness.

Night has been very deep, white night sleep gradually sink, in a trance, feel the man around suddenly jumped out of bed.

There's nothing around.

Open his eyes, Bai nianxi comes down from the bed and goes out. Without a few steps, he hears the cry coming from Luo Luo's room. Bai nianxi wakes up and goes into Luo Luo's room in a hurry.

See commo north is holding Lolo in his arms, gently patting Lolo's back, soft expression is not like that ice cold him.

Bai nianxi hasn't seen the gentle appearance of Kang Mobei since then. For a moment, he was a little confused, but he was awakened by Luo Luo's cry the next moment.

He walked over and asked softly, "what's the matter?"

Conmber looks hard to see, "nightmare."

Lolo's nightmare?

Looking at Lolo's eyes carefully, I found that Lolo's eyes were still closed, should still be in a dream, did not wake up.

"How did you get up?" he asked

He wanted her to have a rest, but he didn't wake her up. Lolo often had nightmares. He came to comfort her at night, and he was used to it.

Since Bai nianxi came to Kang's home, Luo Luo's nightmare has never happened again. I didn't expect that it suddenly broke out today.

"Mommy - Mommy -" crying Lolo suddenly in the air waving a small hand, seems to be trying to grasp something.

Bai nianxi feels a pain in his heart. He goes forward and takes Luo Luo from Kang Mo Bei's arms. He holds Luo Luo in his arms and gently pacifies him.

It's amazing that when Lolo got to bainianxi's arms, he soon calmed down. His little hand tightly grasped bainianxi's hair, as if he had grasped the most important thing in the world.

Bai nianxi also feels incredible. She just feels that Lolo is lying in her arms at the moment. If she is loose, Lolo will cry. She can only hold it all the time.

Lolo acts like she's his mother.

This feeling is very strange, very strange.
