

《Billionaire CEO Won't Leave》

Chapter 51

Conmobei stepped out of the car.

Cold eyes fell on Bai nianxi, "hurt?"

He got up from the ground and shook his head.

"Ah --" suddenly came a woman's scream.

Wen Xin looked at the dog lying on the ground and screamed with his hands on his mouth.

Her dog! Her dog!

When Bai nianxi looked in the direction of Wen Xin, his eyes were full of surprise. Isn't this Wen Xin? Now the most popular national goddess in China?

Look at her appearance, these dogs should be hers. Aren't her ordinary people pure and sweet healing girls? Why do you have such a ferocious dog?

In response, yes. After all, human design is human design.

"You! You killed my dog Wenxin angrily came over, a delicate and beautiful face full of anger.

It has to be said that the national goddess is the national goddess, and it is unruly and lovely when it is angry.

Bai nianxi was about to explain when he heard Kang Mobei say, "Miss Wen, is this your dog?"

The sudden chill makes people feel like falling into the ice.

Wenxin looked at kangmobei, stunned for a long time, and then recognized who it was. Isn't it, kangmobei, the uncrowned king in a city ranking?

Godfather once told her that with him covering her, she could be domineering in a city, but there is one person who can't be offended, komorbei.

Today, she just moved to the villa that her Godfather bought for her in century manor. Unexpectedly, she met komorbei here!

Suddenly momentum Yan down, shrunk his shoulder, "yes, yes."

"Miss Wen, as an artist who has a great influence on the public, goes out to walk her dog without tying a dog rope or wearing a muzzle. She almost killed herself. It seems that she doesn't want to take care of her public image?"

This is a naked threat, and he also has such strength. As long as he says, Wenxin, a rising star in the film industry and a national goddess with a booming career, everything can be reduced to nothing.

If he wanted to, he would make her disappear.

Wen Xin shakes his shoulders and dare not say a word.

Looking at Wen Xin's pitiful appearance, Bai nianxi can't help but feel a little bit excited about her, and even a little impulse to intercede for her.

Even if she just got out of the dog.

In fact, Bai nianxi is not my Buddha's compassionate person. She stresses fairness in everything. Just be fair.

After all, she's all right. The most important thing is that Wen Xin's precious dogs are all dead, so she doesn't think it's necessary to investigate too much. It's even.

"Otherwise, forget it."

Kang Mo North discontented to see to white read Xi, so quickly good scar forget to hurt? Even pleading for Wenxin?

If he just didn't arrive in time, what she lost was not something worthless, but her life! How can this stupid woman plead for someone else?!

The anger in the deep black pupil of komorbei is even more penetrating. "In my dictionary of komorbei, I have never calculated two words."

What to do, what to do, what to do. Wenxin was afraid and scared. Her Godfather told

her clearly, but how did she get into trouble with kangmobei!

"Mr. Kang, I'm wrong. I really know I'm wrong. Please forgive me. I don't dare to..."
Wen Xin has become incoherent.

Kang Mo North coldly glares at Wen Xin, only said a word: "roll."

Will he let her go? Of course not. Get ready to be snowed.

Wen Xin fled, leaving only kangmobei and Bai nianxi. Bai nianxi was staring at by kangmobei and shivered.

"What's the matter with the feet?"

Kangmobei's eyes suddenly fell on Bai nianxi's leg. Bai nianxi looked down and found that his right ankle had oozed blood.

It reminds me that I fell to the ground before. I should have stepped on the foot of a stone and slipped. My ankle was cut by a sharp stone.

"Nothing." Bai nianxi is not a very sentimental person. He is ready to leave with the pain.

Looking at her a pair of don't cherish oneself of appearance, Kang Mo North eye a cold, "get on the car!"

Er, Bai nianxi was stunned. I think they are still in the middle of the cold war. If they get on the bus at this time, will they be defeated?

"If you don't leave, that's to let me hold you?"

“.....”

With a thick layer of gauze under his feet, Bai nianxi came to the company.

In fact, kangmobei told her yesterday that since she was injured, she would not come to work today. Although the boss of the company personally gave her a holiday, she thought that the Department was working on a big case recently, and everyone was busy. If she didn't go to work, her work would only fall on others.

She didn't come to the company long ago. She couldn't be so spoiled, so she came.

"Deputy Bai, please review my data." Mo Zhixi comes to Bai nianxi and presents the document he just made. Since Bai nianxi denied her last time, she felt embarrassed for

a long time. She was jealous and angry about Bai nianxi's backstage affairs. In this way, her hatred for Bai nianxi became more obvious.

It can be seen from the expression on her face that she is not willing to talk to Bai nianxi. Even when she calls Bai's deputy department, she has a feeling of gnashing her teeth.

"Well." Instead, Bai nianxi took the paper and put it on the table.

Mo Zhixi suddenly noticed the injury on Bai nianxi's foot and said, "ah, Bai vice department, who are you beaten by? Why do I always see you hurt? "

What Mo Zhixi said is full of irony.

Who doesn't know that Vice President Chen's wife came to the office to fight Bai nianxi last time? Although it seems that Vice President Chen was fired later and no one was found, no one came forward to clarify the matter.

Although Bai nianxi said he was innocent, the above meaning is also very clear, but still not enough to suppress the people's mouth.

Don't know at this time Mo Zhixi again mentions this stubble, what is the meaning of irony?

White read night breeze light cloud light of saw one eye own leg, light way: "fall of."

Mo Zhixi still did not let go, "how can a good one fall? Pushed? "

I didn't want to worry about her, but I can't be too ungrateful.

"I have already told you that I fell, why do you still insist that I was pushed? Is it because you've been beaten so many times that you feel conditioned to see what other people's injuries are? "

Mo Zhixi chokes all of a sudden. Before she can refute, Bai nianxi throws the document she just handed in back to her arms.

"Redo it."

"What?" Mo Zhixi can't believe his ears, "why?"

"Because I don't feel good." Bai nianxi's eyes are staring at the computer screen. He doesn't even give Mo Zhixi a look.

"Why can't you say that you didn't even look at it?" Mo Zhixi is very angry.

Bai nianxi turns to see Mo Zhixi, takes out the document from Mo Zhixi's arms, glances at it roughly, and puts it back again.

"Now that I've seen it, I still feel it's not good. I'll redo it."
