

《Billionaire CEO Won't Leave》

Chapter 53

There are about dozens of photos. In the photos, Bai nianxi and Secretary Xing have different expressions and different movements. Secretary Xing and she meet and chat at the door of the publicity department, Secretary Xing leads her into the dark stairwell, Secretary Xing drives her car waiting for her downstairs, and Secretary Xing pushes her away in a wheelchair

Ten large and small pieces almost cover all the contacts with Secretary Xing after Bai nianxi came to the company.

This person, from the beginning, was secretly photographing her!

Besides, there are not only photos on the billboard, but also a lot of words similar to the big character newspaper, on which Bai nianxi's various crimes after he came to the company are listed in detail: bullying colleagues, seducing superiors, being late for work, engaging in specialization

Bai nianxi is stunned. It's a pity not to be a screenwriter with such imagination.

Suddenly, some people in the crowd began to notice Bai nianxi. After a look, they made sure that Bai nianxi was the woman in the photo. Suddenly, a despicable look focused on Bai nianxi.

They know that this woman's backing is the famous Secretary Xing in the company, so they don't dare to provoke, but it still can't stop their disdain for Bai nianxi.

Bai nianxi was seen with a burning face and hurried into the company.

Obviously, many people in the company have seen the photos. Wherever Bai nianxi walks by, he will be followed by a look with disdain.

"Ah, here comes our white deputy."

Mo Zhixi shouts, and everyone's eyes in the office are focused on Bai nianxi who is standing at the door.

Mo Zhixi's face a good play to see the expression, "white deputy department, the company downstairs those photos, you see?"

Bai nianxi's face was not very good. He went to his desk, took off his bag and put it on the chair. He nodded faintly, "well."

Looking at Bai nianxi, Mingming is angry and helpless, but he pretends to be calm. Mo Zhixi hums coldly in his heart: still pretending?

"Isn't this another misunderstanding?"

"It's a misunderstanding." Bai nianxi replied calmly.

Mo Zhixi in the heart bah a, really shameless. Then he said: "but I see those who have time and photos, they can't be fake. Moreover, I feel that the above commentary seems to be reasonable."

Mo Zhixi seems to be thinking about Bai nianxi. He seems to believe that this is really just a misunderstanding, but what he says has directly confirmed the truth of the rumor.

Bai nianxi frowned. She didn't like Mo Zhixi, who was so busy and noisy.

Without answering Mo Zhixi's words, Bai nianxi sat down, opened the documents on the table and began to check them.

During her absence from the company these two days, she has accumulated some things that she hasn't had time to deal with. In short, rumors have come out. Bai nianxi is sure that someone wants to deal with her. Since things can't be changed now, it's better to keep the same.

Seeing that Bai nianxi doesn't answer, everyone thinks that Bai nianxi is guilty, which is tantamount to admitting that the rumor is true in disguised form.

Although Mo Zhixi didn't say anything like that, the wechat group in the office has already started to explode.

A: "ah, look at the white deputy department. Nine times out of ten things are true."

B: "what's the point? The picture can't be fake. "

C: "I knew that Vice Minister Bai had a backstage, otherwise how could he have parachuted to the propaganda department to be Vice Minister

Ding: "but I didn't expect that she was Secretary Xing backstage! It's hard enough. "

A: "last time I thought the person behind her was really Vice President Chen."

Mo Zhixi: "why not? Is it strange for a man like her to hook up with several men at the same time? "

B: "but I remember that Gao Wanqing didn't like secretary Xing?"

Ding: "shut up."

This is a private communication group within the company department, not a work group. Bai nianxi and yang are not in it. Gao Wanqing was not in it. Last month, I didn't know who pulled him in.

When Party B said that Gao Wanqing liked Secretary Xing, the whole group was silent.

"Does the company give you money to chat with at work?" Gao Wanqing made a cold voice. As expected, the crowd was silent, and no one spoke any more.

However, some people begin to take an attitude of watching a good play. Gao Wanqing has not dealt with Bai nianxi. Her favorite Secretary Xing is robbed by Bai nianxi. Can she really let Bai nianxi go?

Sure enough, the next moment, Gao Wanqing stood up and said: "white deputy department, please come with me."

Bai nianxi stands up slightly suspicious and follows Gao Wanqing out.

Seeing this, Mo Zhixi stealthily gets up and follows up. With the leader, the others also stand up and rush to the door to eavesdrop on their conversation.

"What's the matter?"

Gao Wanqing took a look at Bai nianxi and handed her a document in his hand. "This is a document you should have dealt with before, but it's urgent, and you're not here, so I directly checked and approved it. Let's see if there's any problem." Bai nianxi took the document and glanced at it roughly. "No problem."

"Why, do you have anything else to say?" Looking at Gao Wanqing does not mean to leave, Bai nianxi asks.

It's just a document. Gao Wanqing can talk to her in the office. I'm afraid that's not the reason why she's called out.

Gao Wanqing thought for a moment. A trace of complex emotion appeared on his face, which was always so serious that he had no expression. He said: "you and Secretary Xing..."

When it comes to the point, all the eavesdropping ears inside the door stand up.

She and Secretary Xing? Bai nianxi looks at Gao Wanqing. Although she has known Gao Wanqing for a short time, from her usual contact, we can see that Gao Wanqing is not a person keen on gossip. Now she is called out for a rumor.

The only possible reason is Bai nianxi is clear in his heart.

"Do you want to know if Secretary Xing and I really have that kind of relationship?" Bai nianxi said with a smile, "I'll answer you now, No."

"But pictures." Gao Wanqing looks dignified, "I've seen it, it's not fake."

"The picture is real." Bai nianxi nodded, "but the rumor is false."

Gao Wanqing does not seem to believe Bai nianxi's words.

Bai nianxi feels funny. Sure enough, no matter how powerful or smart a woman is, she will lose her mind when facing the person she likes.

"What are you laughing at?" Gao Wanqing is not satisfied.

Bai nianxi straightened out, "if you really like secretary Xing, I think you should choose to believe him, believe in his personality, not the kind of person who will mess."
