

《Billionaire CEO Won't Leave》

Chapter 76

The restaurant has been reserved. It's a new western restaurant in the west of the city. I heard that the style of that western restaurant is too high. In just one month, it became the favorite place for celebrities in a city to eat.

She felt that she should have a good talk with Jiang zhiang.

Maybe she didn't see her feelings clearly before, but now she understands a lot. She is more grateful to Jiang zhiang than she likes. How can a grateful heart support her and him for a lifetime?

Ready to pack up things for work, the North suddenly raised his head, "where to?"

White read Xi Leng Leng, then said: "eat."

Somehow, she didn't want kangmobei to know that she was going to see Jiang zhiang.

Conmobei didn't ask any more and continued to work with his head down.

Bai nianxi comes to Jiang zhiang's restaurant. Jiang zhiang's table number is in the center of the hall. The table has been arranged and filled with flowers and candles.

It's a warm and beautiful atmosphere, but Bai nianxi feels a little unnatural.

"Zhi'ang, why did you ask me out for dinner today?"

Jiang zhiang said with a smile, "I can't go to Kang's house to find you, and you can't go out casually. Can I have dinner with you?"

Mouth pulled out a reluctant smile, Bai nianxi did not speak again.

"By the way, did you receive today's flowers?"

Bai nianxi nodded, which was what she wanted to ask. After speculating in her heart, she said, "you sent so many flowers, I can't put them on my desk."

"Ninety nine roses, it seems a little more." A warm smile.

It's not from Jiang zhiang. Who would it be?

Just thinking about it, Jiang zhiang suddenly blinked and called softly, "nianxi."

Bai nianxi raised his head and saw Jiang zhiang clap his hands. A man in a black tuxedo came out from one side, put his violin on his shoulder and played a soothing and gentle music.

There are other people's eyes in the restaurant, some envious and some curious.

There's another one, scared.

Secretary Xing stood in front of a glass window, looking at Bai nianxi and Jiang zhiang who were immersed in the beautiful atmosphere inside, his voice almost shook.

"Miss Bai is having dinner with Jiang zhiang," she said on the phone. Finish saying, unconsciously pull the phone away from the ear.

The opposite is just a silence, for a long time, came a sentence, "pull the gate."

Secretary Xing

The beautiful atmosphere didn't last long. The lights in the restaurant suddenly jumped. After a few flashes, the whole restaurant fell into darkness.

The crowd was in an uproar.

On the contrary, Bai nianxi, who is hard to sit still, feels calm for a long time at this moment.

Obviously, she didn't enjoy the romantic atmosphere before.

In the dark, a pair of hands reached Bai nianxi's waist. Bai nianxi was shocked. First, and then Jiang zhiang's warm voice sounded in his ear, "nianxi."

Raised his head, suddenly a touch of warm and cool lips across her forehead, "Nian Xi, I miss you so much."

The breath is hot, and Bai nianxi is flustered. He seems to be able to predict what will happen in the next moment.

Subconsciously just want to hide, suddenly the forehead empty, the burning breath disappeared, Bai nianxi was pulled back a step, separated from Jiang zhiang distance,

in a trance hit another person's arms.

A familiar smell came from the tip of the nose, and Bai nianxi subconsciously said, "kangmobei?"

The people behind seemed to be slightly stiff and did not speak.

Then Bai nianxi wants to knock off his teeth.

Kangmobei is staying in the company. What are you doing here? She really thinks too much.

The work efficiency of the western restaurant is really high. Just after the gate was pulled down, it was repaired in two minutes. After the light on the head flickered a few times, the restaurant was bright again.

Secretary Xing comes to the glass window again and keeps an eye on Bai nianxi.

Eh, how can the figure of the man around Miss Bai look like the president of his family?

Take a closer look. I'll go. I'm really the president of his family!

Secretary Xing banged his head against the wall. My president, can't you bear it a little bit? You are standing there now, and the fool can guess who made the brake just now, OK!

Jiang zhiang's always mild face was filled with layers of anger, "Mr. Kang, what are you doing?"

Kang Mo north cold face, eyes in the changeable, "don't do anything."

Jiang zhiang's eyes are on Kang Mobei's hand holding Bai nianxi. What does he mean!

"Let go of nianxi."

Bai nianxi is the first to shake off the hand of Kang Mobei. She doesn't know why. When she really sees Kang Mobei here, she is a little fidgety.

The eye son of Kang Mo north is black, take back a hand, leisurely insert back the trousers pocket.

But no one can see how tight the fist is. "Why are you here?" Kang Mobei's words were directed at Jiang zhiang.

"I should say that to you." Jiang zhiang stepped forward, and the meaning in his words was very obvious. "Nianxi is my fiancée. Is it strange that I have dinner with her?"

"Strange." "You shouldn't be here," he said

Turning his head, he said to Bai nianxi, "come back with me."

"Mr. Kang!" Bai nianxi stepped back a little upset and opened the distance between Kang Mobei and Bai nianxi, "it's you who shouldn't be here!"

Just now, because of the power failure, the restaurant became noisy, so no one noticed the dispute between the three people here. After the quiet atmosphere was restored, the voice of the people here was particularly abrupt.

One after another, people looked this way.

There is no lack of gaze and surprise, it seems that someone has recognized conmoBei, but some hesitation and uncertainty.

"Here you are?" A cool and pleasant voice sounded, and several people looked at her. She was a woman with noble and elegant temperament in her dress, manner and temperament.

People's eyes fell on the woman who was talking. Only the eyes of Kang Mobei were still staring at Bai nianxi, and they didn't seem to notice that someone was coming towards him.

A woman's posture leaves a fragrance where she passes.

He went directly to the side of conmoBei and said, "I've been waiting for you for a long time. Why don't I come here?" Looking at Bai nianxi and Jiang zhiang again, "is this your friend?"

Women with elegant and charming smile, genial as the breeze, white night all see the eyes a little straight.

If she was a man, she would be fascinated by her.

Conmo turned his head and looked at the woman who was talking. There were some incomprehensible emotions in his eyes.

Before looking to this side of the people's eyes all fell on the woman, mouth unconsciously issued sincere praise. The atmosphere seems to have eased a lot, not as

embarrassed as before.

Kangmobei turns and goes out. After nodding to Bai nianxi and Jiang zhiang, the woman also goes out.

Bai nianxi was surprised. So, did she misunderstand Kang Mobei just now? Conmber didn't come to see her, just happened to have an appointment with someone?

Is her reaction too big? Is that a bit excessive?

But why, the heart seems to be dull sour.

Jiang zhiang's eyes to the north of Kangmo have become secluded and far-reaching.

Secretary Xing scratched her head. Who is this woman? Why doesn't he know him? What's more, is the president looking for this woman?

After walking out of the restaurant, conmoberton stepped down. "I don't seem to know you?"

The woman smiles, "I don't know you either, but I've helped you out, haven't I?"
