

《Billionaire CEO Won't Leave》

Chapter 79

Star bar.

Bai nianxi went in, full of lights and bustle.

Hot strippers dance sexy dances with passionate music on the stage, and their heads are surging and cheering off the stage.

's hustle and bustle atmosphere, the dejected wine and perfume smell made the white night feel uncomfortable.

"Sister, here you are." Bai Yuhao is very happy to see the appearance of Bai nianxi.

Bai nianxi saw him sitting on the sofa with a few precious wines and a leg in plaster.

Go over and sit down. "What can I do for you?"

Bai Yuhao hi a, a pair of very mature appearance, "elder sister, you see you, come to say this, younger brother to talk to you, can't you?"

"Chat?" White read Xi pick eyebrow, "nothing does not ascend three treasures hall, say."

"Come on, sister." Bai Yuhao poured a glass of wine and put it in front of Bai nianxi, "didn't my brother-in-law give me two million last time? I have to thank you for the money, don't I? "

The white reads the night cold face, "don't forget, that money you but want to return."

If he didn't answer Bai nianxi, Bai Yuhao opened his cell phone directly. Today, he prepared a big gift for Bai nianxi.

As soon as the news was sent out, the door of the box was pushed open and a man came in.

The man stood there in formal clothes, handsome and cool.

When Bai Yuhao saw the people coming, he was stunned. Are the people here so fast? But look at this person's appearance and temperament is really not vulgar, sure enough, the number one is the number one.

Musi Li saw the people in the box, and then he was about to retreat.

"Ah," Bai Yuhao cried out, "what are you doing out there? Come here and sit down. "

Mousse pointed to himself, "me?"

The voice is also very nice.

"No, who are you?" Bai Yuhao waved, "come and wait on my sister."

Moussili's eyes are shining, waiting for you?

Bai nianxi is even more puzzling. What medicine does Bai Yuhao sell in his gourd?!

Mousse stood still, his eyes were filled with a bit of pondering, and his eyes fell on Bai nianxi.

Today, Bai nianxi is wearing a silver white knee length skirt with suspenders, which is selected by kangmobei himself. The neckline has been specially handled by kangmobei's people, but there is still a faint spring light leaking out.

The skin is white and tender, showing a faint warm luster.

It's a beauty.

"What are you doing standing still?" Bai Yuhao looked at the reaction of Musi Li and was annoyed.

Micro squint eyes rippling open, although in front of this person is most likely to recognize the wrong person, musili still walked forward.

When you come, you will be at ease.

Bai Yuhao felt his chin, "otherwise, take off your clothes first."

Pick eyebrow, let him take off clothes unexpectedly?

Finally, he understood what Bai Yuhao meant. Bai nianxi blushed and said, "Bai Yuhao! What are you doing! "

Bai Yuhao tut a, "elder sister, you see you, also shy."

Then he stood up on crutches and made room for Bai nianxi and Mu Sili. He spent a lot of money. Bai nianxi couldn't let go of the courage to play. How could he?

Before leaving, he said to musili, "don't be stunned! Take off your clothes and serve me well. "

Bang, the door is closed.

It seems to be pressed from the outside. Bai nianxi can't open it all of a sudden.

Mousse's eyes are light and bright. It seems very interesting tonight?

First of all, he took off his suit coat and left it on the sofa. He was charming in his shirt.

Then he stretched out his jade like fingers and slowly began to unbutton his chest.

"Stop! Stop Bai nianxi quickly stops. She's a good woman. If she really lets him take off his clothes, it's OK!

Mousse stopped, "how?"

"I don't need your help. Go out." Bai nianxi didn't see it. What's the matter that Bai Yuhao gave her? You think if you give her a man, you don't have to pay her back?

Thinking of this, Bai nianxi suddenly thought of the ice face of kangmobei.

One shivered, "get out, get out."

"But." Mu Sili seems to be aggrieved, but deep in his eyes with a tease, "you spent money."

Oh, this simple little brother doesn't seem to want to leave.

Bai nianxi took out some cash from his bag and handed it to musili, "take the money and go."

Mousse glanced away, "not enough."

It has to be said that moussili's temperament is simple and outstanding. If he wants to sell it intentionally, he can sell it accurately.

Bai nianxi counted several more and handed them to Mu Sili.

Musi looked at the money, as if thinking.

After pondering for a few seconds, he took the money and went to get the coat on the sofa. Seeing that the man was about to leave, Bai nianxi had the courage to look at Mu Sili and found that the man's appearance and temperament were not the way she imagined to be a duck.

I can't help but feel pity. What a good child.

Just a step back, moussili turned around again, as if in tears, "if I go out and be known by the manager, it will be very miserable..."

In the space of Bai nianxi, musili began to untie the button again, "I'd better carry on the service to the end."

Bai nianxi almost choked.

Pull Musi from to sit down on the sofa, Bai nianxi began to persuade people to be kind.

Mousse looked at her with her chin in her spare time, and reached out with one hand to pour herself a glass of brandy.

Two fingers holding the wine cup, looking up to drink, in an instant, the whole body unconsciously revealed the noble spirit, let Bai nianxi suddenly.

Is this really, is it a cowboy?

The look in the eyes suddenly changed, and the expression on the face had become vulgar and flattering. He sent the wine cup to Bai nianxi's mouth, "elder sister, you drink."

Bai nianxi frowned and shook his head very seriously At your age, it's time to work hard... "

Delicate eyebrows and eyes, bright atmosphere of facial features, even without powder, still plain elegant, close look, the beauty of the soul.

Musili took another sip of wine.

"Don't do it any more. You should have a better future. Why don't you call your family and take you back."

Musi nodded unconsciously.

After a period of silence, Bai nianxi urged: "you call, I'll tell them."

She can't rest assured that she won't see him sent back with her own eyes.

Moussili reached into his pocket and felt something hard. Suddenly he stopped and blinked, "I don't have a mobile phone."

Well ok

Bai nianxi takes out her mobile phone and waits for Musi to leave the number.

Musili is really sorry. Why doesn't he recite more phone numbers?

Bai nianxi made three wrong calls and asked if there was a younger brother who was a cowherd. After being scolded, he finally got through with the fourth call.

In order to avoid the tragedy happening again, Bai nianxi carefully said, "do you have a brother named Munich? He is, is... "

"No

Mu Sili recognized mu Rushuang's voice, "sister! It's me

Mu Rushuang frowns slightly. What's the matter with Mu Sili?

"Miss mu, if you have something to do, you can go first." Conmobei swallowed a mouthful of red wine and asked the waiter to pay for it.

Mu Rushuang didn't drive here. Today, it was Mu Sili who sent her.

"Can you do me a favor, Mr. Kang?"
