

《Billionaire CEO Won't Leave》

Chapter 87

Conmobei's anger seemed to subside quickly. After returning to the apartment, he never mentioned what happened just now. Even the red mark on his face was just frozen with ice without saying a word.

Bai nianxi has a fever.

She had gone to sleep and had a dream. The girl in the dream still seems to be the girl last time. The face of the person in the dream is still as unclear as last time.

In such a big banquet hall, the girl was dressed as a waiter and stood in the corner timidly. Many people gathered around, pointing at the girl.

"Sure enough, the poorer you are, the less promising you will be. After reading for so many years, I haven't learned anything good. I've learned it by stealth."

"Don't you think she's still Xiaoling's classmate? Why do you steal Xiaoling's things? "

"Who knows, vanity."

A person sighed, "this girl is not easy, the students are happy here to do Xie Shi wine, but she can only appear here as a waiter."

"It's not easy and you can't steal." Another person seems to feel particularly resentful, "no matter what the reason, the thief is hateful."

Hearing this, the girl's face turned red and raised her head. She said stubbornly, "I didn't steal anything! I didn't steal it

"Who else can you be! You found all my Xiaoling's things here! " A middle-aged woman with an angry face came out and criticized the girl.

Someone came over in a hurry. It looks like it's the manager of the hotel.

After understanding the situation from the people around, the hotel manager seemed to

recognize that the girl was the thief, and seriously took the girl aside to question.

In the noise, things are almost clear.

The girl and the girl who is here today are originally classmates in high school, but the girl's family is poor. When other students are happily attending teacher Xie's banquet, she can only work hard for the university tuition.

Today's banquet, she and her classmates, are people of two worlds.

Xiaoling did well in the exam this time. She has a wealthy family. Her parents bought her a valuable jewelry necklace as a reward. It's said that the necklace is worth tens of thousands of yuan. Xiaoling can't put it down every day.

However, Xiaoling's necklace suddenly disappeared at the teacher Xie banquet.

This event caused quite a stir, the party was suspended, and the students were helping her find the necklace.

Unexpectedly, the necklace was finally found in a cloth bag which was washed to whiteness. That cloth bag was the girl's.

The girl shook her head and explained, "no, it's not me. It's really not me. I didn't steal. I didn't steal!"

The manager reached out and grabbed the girl's hand. "The evidence is solid. You can't argue."

This kind of thing happened in the hotel itself has a bad impact on the reputation of the hotel. If she doesn't deal with it quickly, she is afraid that it will cause more criticism, so she insists on sending the girl to the police station.

Despite the girl's constant excuses, no one believed her, but there was endless ridicule and contempt.

The girl was eventually taken to the police station.

There is no direct evidence for the whole thing. The only one who can prove that the girl stole the necklace is a girl, because the girl found the necklace from the girl's bag. The girl is also Xiaoling's good friend.

The police asked the girl to call her family. After the girl dialed the number, a boy rushed over.

After saying something to the girl, the boy began to negotiate with the police.

The girl looked at the boy's eyes, so many people, only he chose to believe her, and firmly stood by her side.

Because there is no direct evidence, and the staff of the hotel can prove that during the period when the necklace was lost, the girl always went back and forth between the hall and the kitchen to carry dishes. In addition, the girl is not yet an adult, this matter finally seems to be settled.

Out of the police station, the girl stood in the sun, looking at the boy's shining face, her eyes also lit up.

"Thank you."

"No thanks." The boy smiles and waves.

"No, no, no, thank you very much. Thank you for trusting me. After a few days, I'll get my salary here. I'll treat you to dinner!"

"What's your salary, don't you mean to keep it for tuition?" The boy poked the girl's forehead with his finger and said with a smile.

The girl blushed, "there is still money for dinner. I must thank you very much."

"Thank you so much?" The boy's mouth raised a smile that he couldn't mean. "Then you can be my girlfriend."

The girl's eyes were wide open in surprise. The flush on her face spread to the root of her ears, and then she lowered her head.

"Is silence a promise or not?" Asked the boy.

Thinking for a long time, the girl nodded.

"Brother Ann..." Bai nianxi lies on the bed, and his mouth is murmuring unconsciously. Standing on the bedside of the north face of a Leng, and then look to white read Xi's eyes become deep.

Bai nianxi frowned, as if in some pain. Sweat seeped from his forehead. Kang Mo bent down and called softly, "Bai nianxi, wake up."

Cold voice in the ear, white night wake up, just after the dream, now in the brain of a paste, see clearly in front of the face, "Como north?"

The eye son of Kang Mo North shrinks, this woman, the courage is more and more big.

His head was dizzy. Bai nianxi had been slow for a long time before he recovered. When he recovered, he had already handed her a cup of hot water. His broad palm stretched out flat in front of her, and two green tablets were lying in his white palm.

"Take the medicine."

White read Xi don't understand, look up, and smell Kang Mo north way: "you have a fever."

It's no wonder she said that her head is so heavy and she has no strength.

After taking the water and taking the medicine, Bai nianxi noticed that kangmobei was still dripping with water.

Surprised, he said, "what have you done?"

Conmber turned and put down his water cup, "buy medicine."

The tone is so flat that it's like talking about a common thing.

Bai nianxi felt sorry. In the middle of the night, it was raining again. He was wet all over in order to buy medicine for her

"You can go again tomorrow."

"Tomorrow?" "You think your brain will last till tomorrow?" he asked

Huh? what do you mean?

For the first time, conmobei had the leisure to explain, "originally, my brain was not easy to use, and then it was burnt..." Speaking of this, I glanced at Bai nianxi.

"I don't mind if you're stupid, but if you're too stupid, I don't think you can."

In fact, when he just found out that she had a fever, he had already rushed out. He didn't know where Bai nianxi had put his umbrella. He didn't even have time to take it.

He remembers that there seems to be a 24-hour self-service drugstore across from the community. Instead of waiting for secretary Xing to deliver the medicine, he would buy it directly.

As soon as this sentence was said, the little flame that just came out of Bai nianxi's heart was instantly doused out.

"Conmber."

"Well."

"You deserve to be single."

Kangmo North narrowed his eyes, and Bai nianxi had even taken the lead in the quilt.

Nothing more. Turn around and walk out of the room and go to the living room to change. Thinking about the name called by Bai nianxi: brother an.

Bai nianxi turns around and finds that kangmobei has chased him out. His face is still cold and calm.

Conmber is also in the rain.

In fact, as soon as Bai nianxi ran out of the apartment, he ran after her. She left, he left, she stopped, he stopped.

Kangmobei step by step goes to Bai nianxi and raises her hand. Bai nianxi can't help but raise her hand to hide. She knows that if kangmobei wants to slap her, she can't hide.

It's just, it's better than doing nothing and being beaten, right?

But I didn't expect that kangmobei just took Bai nianxi's other hand and pulled back.

Voice a little light, "make enough words, it's time to go back."

Bai nianxi subconsciously obstinate.

"Why do you want to slap me again before you go back?" The rain came down from his forehead, his wet hair was drenched, and the five finger marks on his white and thin face were clearly visible.

His eyes were clear and indifferent.

When she thought that the red handprint was left by her, she felt guilty for no reason. Bai nianxi thought that she was really crazy.
