

《Billionaire CEO Won't Leave》

Chapter 97

Kangmo steps up to Bai nianxi's side and glances sideways. Does this woman dare to use all her courage on him?

Gently waving, facing behind the two lines of black sunglasses bodyguards.

"Smash."

That's right. He's the one who's serious.

She would not be here if someone didn't want to abuse her heart with deep love.

If someone didn't want to see her make a fool of herself and drag her onto the stage, how could she make the show.

If someone didn't deliberately make it difficult for her to toast, how could she spray wine on others for no reason.

He has given many opportunities, but there are still people who don't know what to do and deliberately humiliate his sweetheart.

He was not a good man and did not know what compassion was. But it's a wedding. It's a smash.

There was a scream in the dining room. Although there was a security guard to stop, the destructive power of those people brought by conmoBei was amazing. Within a few minutes, the banquet hall had been smashed.

The atmosphere of aestheticism and romance is gone.

After the panic, Huang Ruoling was in place, "you, you..."

"Don't you want a thrilling wedding?" Commo is very eye-catching.

If you want to put what Bai nianxi hasn't done on her, she's really holding back. In that case, it's better for him to do it for her.

A few steps forward, such as the wind in general, one hand clenched toward Lin You's face in the past, action natural and unrestrained ruthless, SA like running water.

Lin you was overturned on the ground, bleeding from his mouth and nose.

For no reason, Bai nianxi has been in love for so many years. This blow is for himself.

Take the hand of Bai nianxi, "go."

From the beginning to the end, moussili sat quietly and lazily, but the people brought by commobei didn't come to lift the table.

Moussili sat leisurely, with an enigmatic smile in his mouth, as if he had not been moved by the chaos of the scene.

The wine I drank before seems to be on the top now.

He shakes his glass and swallows it.

After Kangmo left North, Huang Yaohua came with a group of people. He was full of anger. When he saw that Musi left, he gathered his anger slightly and walked forward respectfully, "Mr. mu, just now..."

"Gone."

"Do you know who it is?"

Musi Li was playing with the wine glass in his hand. It seemed that he glanced at it casually, and the corners of his mouth began to smile, "so what? You can't get in trouble again. "

Huang Yaohua was stunned and didn't speak any more. Instead, Lu Yichen's brows wrinkled. He had only seen one face in a hurry before, but he didn't recognize the outline of that face clearly. Just now, he saw that it was Kang Mobei, who has always been the top man of the year in a city?

Kangmobei brings Bai nianxi straight home.

Bai nianxijiang recovered from Huang Ruoling's story of stealing her necklace. He seems to be in a trance.

"Why are you here?"

"What are you going to do if I don't come?"

Kangmobei's eyes narrowed and his breath was heavy. He could see everything in the wedding clearly. Oh, this woman can really bear it.

That's how she came over all these years?

Bai nianxi sighed. What Huang Ruoling did today was a little too much. She had expected that nothing good would happen to her. She should have insisted on not going.

"So you just smashed the wedding?" Bai nianxi is helpless, but Huang Ruoling is right in saying that the wedding is the most important moment in a woman's life.

It seems that it can't be said that it was smashed like this.

"She did it for herself." "What a pity," he said

Bai nianxi doesn't want to argue with kangmobei either. He can't fight anyway. It's more difficult for kangmobei to admit his mistake than to go to heaven.

Besides, she was not without pleasure.

Bai nianxi poured a glass of water for himself, thinking about another thing.

That dream.

Although she didn't remember, she always felt that the dream was real. Huang Ruoling said that she had stolen her necklace at Xie Shiyan, which was the same as the dream. The girl in the dream happened to be a-ling.

In her memory, after the college entrance examination, she left the Bai family. The Bai family coerced her with 200000 yuan. She borrowed money from Lu Yichen and then broke off her relationship to go abroad.

She worked in a foreign restaurant, saved money sparingly, and paid little to Lu Yichen's account.

Then she met Jiang zhiang and started the story with him.

But over the years, has she missed something? Why did Lu Yichen only say that she had not seen her for five years, but she remembered that it had been six years since the college entrance examination?

What's more, if something happened in the dream, who is the boy behind, who said he

had been with the girl?

"What do you think?" Looking at Bai nianxi's meditation, Kang Mobei suddenly asked.

Bai nianxi reacts and shakes his head, "no, nothing." Conmobei's deep eyes were filled with some incomprehensible emotions, and his fists hidden in his trouser pockets were unconsciously clenched.

She kept something from him.

When Huang Ruoling left at her wedding, Bai nianxi was already in a daze.

A lot of things seemed to have an exit, but when she wanted to go out and touch the secret, it soon disappeared.

"By the way, don't you go to work?" Bai nianxi asked.

It's still early. Just at noon, she doesn't know when conmobei came out of the company. She just guesses that according to his busy work, there should be a lot of work now.

I took a look at my watch. It's almost 12 o'clock.

"No hurry. I'll leave after dinner."

Bai nianxi goes upstairs to change clothes. It's too expensive. She can't breathe because it's too expensive. She'd better dress casually.

At the order of conmobeir, the servants began to prepare lunch.

Conmobei casually went to the living room sofa and sat down. He turned on the TV in front of him and adjusted the TV in a bored way.

He seldom watches TV. Except for the occasional financial news, he doesn't pay much attention to other things, such as Yu Xiuchang's knuckles and stops on the same channel.

There is a live shopping screen on the interface of the TV. Suddenly, he remembered that he had not used the lottery program robbed from Lolo, so he went upstairs.

Directly into the study, he remembered that he put the U disk in the desk drawer.

There is a book on the desk, a very ordinary book, which is probably put here after Bai nianxi's reading.

The bookmark in the book stretches out from the edge of the page, revealing a small section, on which a beautiful word is written: such as.

He stretched out his hand and opened the page. The bookmark in it was displayed in front of his eyes. On it was a line of small handwritten words: spring breeze is not as good as you.

Good looking eyes slightly narrowed up, he suddenly remembered a girl.
