Chapter 11 Tell Me, How Much Do

Jessica blushed from Timothy's straightforward words. Was he too self-centered?

"Timothy, I'm not your woman."

"Even if you deny it, I've decided that you're my woman. If you like it, you should love me. If you don't like it, you also have to bear it with me. Anyway, you were the one who seduced me last night. That's the first time for me to have sex, you must be responsible for

me'

Jessica was annoyed, "Please, so dol."

"Since this is the first time for both of us to have sex, we should be more responsible for each other.'

Jessica was speechless.

Jessica couldn't refute him.

Last night, she was so impulsive that she even found a man to have sex with in order to revenge on Simon.

If others found it out, it would be hard

for her to explain it and she might fail before she took revenge.

Jessica glanced around, pulled Timothy into a corner, and explained, "Listen, have a husband."

"Yes."

"My husband is very rich. I don't need

your support."

"I see."

"If he knows about our relationship, you will get into trouble."

"I know."

Looking at Timothy's nonchalant look, Jessica didn't know what he was thinking and went angry. "So you don't have to be responsible for me. If you want me to be responsible for you,

can give you the money."

Jessica had been to Timothy's house and knew that he was not a rich man.

She intended to persuade him and

analyze the stakes.

"You have a husband, and he is rich and powerful, then why you go out to find a man? Is he impotent?"

Timothy's incisive summary made Jessica shocked, "What? ..Impotent?" She stammered.

Jessica recalled what she had just said, and it seemed to convey that as a rich lady, she went out to find a man at night because her husband was impotent.

Jessica regretted for all that.

"That's good. You maintain your status as a rich lady. I'll satisfy you when you need me. It's good for both of us, and you were very satisfied with me last night."

Timothy analysed it reasonably with a wicked smile.

He looked sloppy, but he was also elegant. And it made him so seductive.

"Tell me, how much do you want?" Jessica didn't want to continue arguing with him and her face darkened.

Unexpectedly, as soon as Jessica finished speaking, she was pressed against the wall.

Timothy held her in his arms fiercely.

Jessica turned pale with fear. "What..."

What are you doing?"

"I know you want to take revenge on Simon and Louise and take back what belongs to you." Timothy whispered in Jessica's ear, his thin lips almost

touching her ear.

Timothy's expiration spread evenly over Jessica's neck, causing her body to tremble slightly.

Timothy knew that Jessica was sensitive. After all, he had experienced it last night.

"How do you know it?" Jessica was shocked. She glared at him and questioned.

He kissed her lips, which were slightly opened in shock, and put his hands around her waist. "I can help you retaliate against them and make them know how it feels like to be taken

advantage of."

Chapter 12 Her Breathing Was

There was no doubt that Jessica was bewitched by his words.

Especially when a man made a promise, a woman could feel the sense of security from him. Jessica knew that his words were unreliable, but she still

chose to trust him.

"You want to help me. What's your purpose?"

"You." After Timothy finished speaking, he lowered his head to kiss her.

Jessica gave him a different feeling that no other woman could give him.

Jessica's breath began to become disordered. His kiss was rough and

overbearing, which matched his predatory temperament, difficult to

resist.

She was so dizzy from his kiss in the corner that she could only put her hands around his neck.

At the TY Group, Jessica was kissed by Timothy.

In the end, Timothy forced himself to calm down and let go of Jessica. He saw that the woman's cheeks went

pink and her eyes were watery.

"I really want to have sex with you now."

Jessica was absent minded and she didn't know what to say.

It was not until she got on Timothy's motorcycle and left TY Group that she suddenly came back to her senses from shock.

She believed that a man who lived in a

single apartment and rode a motorcycle would help her retaliate the scum. She must be crazy.

However, it was not the only thing that surprised her.

Timothy picked Jessica to the Civil Affairs Bureau. After getting off, Jessica looked at the building in front of her and asked him with confusion, "Why did you drive me here? This is not where you live."

"You cannot wait to go back with me?" Timothy teased with sexual hints.

Jessica was so angry because this man would always get her wrong.

"I'll satisfy you later, but now we have to do another thing." Timothy took Jessica's hand and went into the Civil Affairs Bureau as a nice couple.

After realizing what he was trying to do, Jessica began to struggle. "Even if we want to take revenge on Simon and Louise, we don't have to marry. Timothy, you went too far."

Jessica could accept to have sex with him, but she really didn't dare to get married with him.

"Louise is pregnant with Simon's child." Timothy's tone was calm. After knowing about the affair between

Simon and Louise, this woman dared to go to the bar to find a man. He believed that when she knew about Louise's pregnancy, she would also be impulsive.

When people were impulsive, they tend to do something out of line.

Then Jessica stopped the struggle to follow Timothy without saying a word.

They got their marriage certificate smoothly, but Jessica began to regret it again as she looked at the certificate outside the bureau.

From last night to now, she felt that she was not taking revenge on Simon, but on herself.

Timothy took the certificate from

Jessica's hand and asked her, "What's your following plan?"

"Go back to the entertainment industry to compete with Louise, and expose the affair between her and Simon. Louise is my half-sister, and the Sandgren Group is my mother's. I won't let my father make Louise and her mother the formal successors."

Then a self-deprecating smile appeared on Jessica's face. "Do you think my family chaotic?"

But Timothy shook his head and pinched her face, saying, "There are many families more chaotic than yours."

Just as Jessica was about to take his hand off her face, her phone rang.

Chapter 13 Wedding Night

As soon as Jessica answered the phone, she heard Mrs. Kimi say excitedly. "Jessica, have you seen the trending topics today? Louise is probably wailing now. It's strange that after I posted the video of them making you the scapegoat on the Internet, it went viral. Everyone curses TY Group and Louise now."

Jessica had no time to know about the follow-up events on the Internet because of Timothy.

Now hearing what Mrs. Kimi said, she knew that she won the first battle.

Timothy, who was standing next to Jessica, also heard Mrs. Kimi's words,

and his sexy and thin lips curved up slightly.

It seemed that Oscar became more competent after he took charge of the company.

"Jessica, I just received an invitation from YH Entertainment. A senior leader of the company wants to sign you. When you're available, let's go to

the company. Also, Louise is shooting a heroine-dominant film, but the director wants you to replace Louise."

Today was full of surprises! Jessica's heart was thumping with excitement after hanging up.

She felt as if she was in a league of her

Own.

Timothy drove his cute wife to where he lived, while the TY Group was busy tackling what happened today.

In Simon's office, Louise kept crying, "Simon, I'm sorry. I really don't know why it came to this."

Simon's face darkened as he looked at

Louise. She became very tearful, which didn't break his heart but upset him.

"I've told you so many times that although I can make you popular, you still need to show your strength. Now the TY Group is suffering because of

you, and the director wants to terminate the contract. Can you just stop making trouble?"

Simon was angry at her for the first time. Louise knew that she had caused

trouble this time, so she tried even harder to please him, "I want to perform well, but I'm pregnant and easy to get tired, so I've been off my game. Simon, I didn't mean to."

Hearing the word "pregnant", Simon restrained his anger a little.

He held Louise in his arms and said, "I'll

solve the problem. You should have a good rest."

Louise leaned against Simon and then replied softly and kissed him.

There was an erotic atmosphere in the office, and the temperature seemed to gradually go up.

Brant called Jessica before she went home with Timothy.

Jessica had admired her father since she was a child.

After her mother passed away, her father never remarried in about ten years.

Now she knew that it wasn't that he didn't want to get married. In fact, he had fooled around with Louise's mother, Eudora, for more than 20 years.

In other words, Brant had sex with Eudora, the nanny of the Sandgren family, when Jessica's mother was pregnant.

Thinking that she had been deceived for so many years, Jessica took several deep breaths before saying, "Dad."

"Jessica, you're back from a business trip?"

"Yes."

"I asked Aunt Quenelle to cook dinner. Go home and eat with me."

Jessica was going to refuse, but Timothy nodded beside her, so she had to agree.

Timothy said after she hung up, "It's a

dinner with ulterior motives. Remember, you must grasp at everything that belongs to you."

Originally, Jessica did not suspect Brant. However, she was instantly alert after Timothy said so.

"Okay, I see." Jessica looked at the man and felt like she was with someone awesome.

"Remember to come back early. Today is our wedding night."

Chapter 14 You're Shameless

It was already 7 pm when Jessica came back to the Sandgren family.

She had only been away for a few days, but she found that almost everything in the house had changed.

The swing she liked in the yard disappeared, and even the lavender

that her mother liked when she was

alive was covered by the plants that Eudora bought

Besides, other things in the house seemed to have changed after her mother died.

There was no trace of her and her mother left here.

"Jessica, hurry in. It's cold outside."

Eudora, who was wearing an apron, looked happy when she saw Jessica.

Seeing Eudora, who looked like the hostess instead of the nanny, Jessica avoided her hand and quickly walked

into the living room.

Sitting on the sofa, Brant flipped through financial magazines, with Simon and Louise aside.

As soon as Simon saw Jessica, he immediately took her hand and said with concern, "Jessica, where have you been? I've been looking for you in the company for a long time."

A faint fragrance came from Simon's

body, which was from Louise's favorite

Dior.

Jessica pulled her hand out quietly. "I left first for there's something to

handle.”

“Since Jessica is back, let’s start our dinner.” Putting down the magazine, Brant got up to walk to the table.

Along came the others, and they gathered around the table for supper.

In the past, Jessica felt lonely when there were only she and Brant eating together.

So she suggested that Louise and Eudora ate with them, and it was good to be lively in such a big villa.

However, she regretted it completely.

She had no appetite at all, seeing the people who always played tricks on her.

Before she finished, Brant said, “Louise, I see your eyes are red. Is there something wrong?”

The inadvertent questioning made Jessica instantly alert.

As Timothy had said, it was a conspiracy.

“Uncle Sandgren, it’s nothing but something at work” Louise said with a look of sadness and depression.

“Something must have happened to you. Tell me, what’s wrong?”

After Brant finished speaking, Louise suddenly cried.

“Jessica, you’re out of the entertainment industry. Please don’t compete with me for the show. You’re the daughter of the Sandgren family with your father and Simon aside, but for me, I wouldn’t have anything if I couldn’t have that show.”

Louise said in a humble tone, her tears running down.

“What... What’s going on?” Putting down his chopsticks, Brant became worried.

“Louise, go upstairs. It’s rare for Jessica to come back. Why do you do this?” Eudora darkened her face on the spot, intending to drag her daughter

upstairs.

However, Louise grabbed Jessica’s clothes and begged with tears, without any intention of leaving.

In the end, Simon told Brant everything that had happened today. Brant, who now knew the whole story, not only did not care about his own daughter taking the blame, but also helped Louise persuade Jessica. "Jessica, this is your fault. Since you have left the entertainment industry, why are you competing with Louise? It's not easy for her to get to this point."

Hearing this, Jessica felt extremely miserable. "Dad, it was Louise who made me substitute for her. I took the blame and apologized, and finally, the director wanted me to act. It's not that

I snatched the opportunity from her. It's not easy for her to do anything, but I suffer as well!"

Billionaires Daring Wife by Sweet Lady Chapter 15

Chapter 15 In Collusion

Brant was astounded and did not expect his daughter, who had never dared to talk back to him, to be so

furious.

Of course, Jessica didn't finish venting her anger and she started to blame Louise, "Don't bite off more than one can chew. How could you let someone else take the blame just because you didn't perform well? Is it because the Sandgren family treats you so well, so you get overwhelmed and forget that you are just a nanny's daughter? Louise, if I haven't helped you, nobody knows you. Why are you so shameless to want me to give you everything?"

"You... You... I knew although you said

we were good friends, you actually

looked down on me. Did you plan it?

You want to take everything from me!" Louise was so angry with Jessica that her expression changed.

She was also Brant's daughter, but she had been looked down on in the Sandgren family for so many years because she was an illegitimate daughter.

Every time she saw Jessica's condescending attitude, she was in fury.

"I don't care whatever you think. I didn't intend to take that show, but I've

changed my mind after hearing your

words. Louise, I'm going back to the entertainment industry."

Jessica glanced at Louise arrogantly. Jessica never needed to be pitied.

She would get whatever she wanted.

Simon quickly took Jessica into his arms and comforted her gently. "Jessica, Louise is not sensible. Don't argue with her. Too many things happened today, so she lost her temper."

Jessica

chuckled

and

mercilessly

pushed Simon away.

"Both my father and my boyfriend help Louise. I'm really eye-opening. You're the family and I'm the one have to leave, right?"

Jessica felt that she might die of anger if she stayed here.

She ran out of the Sandgren family, stopped a taxi and ignored Simon's obstruction, closed the door and left.

For the first time, Simon found that he

couldn't control Jessica. As he watched the car recede, he couldn't help but scold, "Damn it."

When he returned home again, Louise, who had stopped crying, immediately

asked, "Did Jessica agree?"

Jessica had taken the blame for Louise and sacrificed for Louise several times.

Every time Jessica would do whatever they asked, tonight was definitely an

accident.

"She got in the car directly." Simon sat

next to Louise, looking sullen.

Jessica's attitude towards him made him very unhappy.

The whole living room fell into a strange silence. Finally, Simon said, "Maybe we were too hasty. I will persuade Jessica."

"Well, by the way, find a time to talk to Jessica about your relationship with Louise." After Brant finished speaking, he went upstairs with Eudora's help.

Louise and Jessica were both his daughters, although he should treat them equally.

But Brant felt even more sorry for Louise for letting Louise and her mother be scolded for so many years.

In addition, Louise was pregnant with Simon's child. For Louise's happiness, he could only sacrifice Jessica.

In the huge living room, only Simon and Louise were left.

Louise sat directly on Simon's lap and held his face, "Simon, that role is very important to me. I can't let Jessica take it away. Otherwise, all our efforts will be in vain."

"I know."

After the car had driven out for more than ten minutes, Jessica suddenly remembered that her cell phone had been forgotten in the Sandgren family.

She had to tell the driver to turn back to get her phone. Jessica never thought that she would know another truth when she went back this time.
