Chapter 1151 Who Is Tessa Reinhart?

The staff employee had no intention of providing more information. This led Leah to believe that he had simply miscounted. Moreover, the person who had the last private room was undoubtedly less famous than her but had deceitfully taken her dressing room through a sneaky ruse.

However, Tessa was unaware of this fact. She sat in her chair in front of the dressing table while her team applied her makeup. Suddenly, her phone began to ring next to her, and she looked down to see a message from Nicholas.

'I'm on my way. I'll be there shortly.' When Nicholas learned she would be filming today, he planned to accompany her. A warm grin broke out on her face as she read the message.

She sat there with her phone in her hand and typed away with her long, slender fingers. 'Okay. I'll be waiting for you.'

Unexpectedly, the door behind her slammed open with a loud bang as she sent the message.

When they turned around, they saw a woman who appeared to be wearing a lot of makeup standing in the doorway. It was Leah and her team; they were the ones who had been shouting outside. There were even staff employees from production standing behind her.

In addition, dissatisfaction shone

The staff employee tried to drag Leah out of the room, but she dodged his hand. She exclaimed, "Don't touch me! There is no way I will share a dressing room with anybody!" Rejection was painted all over her face.

Annoyed by her attitude, he gave up on helping her out of the hole she was digging for herself. Then, he berated, "Miss Stone, do you know whom you are talking to? She—"

"I don't care who she is. Despite my experience, I am considered less than a newbie in the production's eyes. I do not even have my own dressing room. Who do you think I am? Well, I am telling you that I like this room. Tell her to leave immediately!" She was so arrogant that she did not even wait for him to finish before making her demands known.

Alice was not happy to hear that. Tessa raised her eyebrows as well. Leah is here to actually kick me out! Then, she glanced at Leah in the mirror while remaining where she was. Alice will be able to resolve this problem. Seeing how calm Tessa was, her makeup artist continued to work.

Alice stepped forward with a smile that did not reach her eyes. "Miss Stone, I am Tessa's assistant. This dressing room was assigned to us by the production team, which means it is ours now. Don't you think you are being rude by barging in like this?"

While Leah expected a specific reaction from Tessa, she got something entirely different. Tessa replied, "I don't know what the rules are, so I just obeyed what I have been told."

Her patience was wearing thin, so she turned to command Alice, "She is too noisy. Send her out, Alice. I still have to get changed."

"Got it." Alice nodded and turned to the hair and makeup team. "Get these people out of here," she ordered. Leah's face immediately darkened when she heard that.

“How dare you kick me out!” Her bark was directed at Tessa. “Why wouldn’t I dare?” Tessa coldly shot back. “This room is mine, after all!”

Leah was beyond herself with anger when she saw how blunt Tessa was with her. “Let us see just whose dressing room this is!”

She then sat down on the couch. With her arms crossed before her chest, she started threatening the production staff employee. “You have two choices; kick this woman out, or I will not attend the filming.”

“What? You want to know whom I slept with to get to where I am, right? Fine by me. I’ll tell you, but before that, you have to pay the price for what you said!”

After finishing her sentence, Tessa raised her hand and slapped Leah across the face. Leah covered her face in pain and looked at Tessa angrily. “How dare you hit me!”

“You seem to be asking for it. So, why wouldn’t I dare to?” Tessa looked at Leah contemptuously with unconcealable disgust in her eyes.

Leah was furious. “You b*tch!” She raised her hand to return the slap, but Tessa grabbed Leah’s wrist before it even came down upon her.

Seeing this, Alice breathed a sigh of relief. If Tessa was injured right under her nose, Sofia would reproach her. By then, she wouldn’t even be able to explain what happened to Nicholas.

Evan also had the same thought. He felt that it was too dangerous for Leah to be so close to Tessa now, so he quickly called out to the staff around him, “What are you all doing standing there in a daze? Hurry up and pull Leah over here!”

Seeing this, Tessa let go of Leah's hand to make it easier for the staff to do as

When Tessa saw the man approaching slowly, she immediately gave him a sweet smile. "You're here." Nicholas' icy facial features softened instantly. He nodded slightly, took her into his arms, and asked with concern, "Are you okay?"

"I'm fine." Tessa smiled and shook her head. Nicholas nodded, helped her adjust the loose hair around her ears, and then turned to reproach Evan. "The Sawyer Group supported your station because we think that the quality of your programs has always been very good and the people whom you have invited are also commendable. However, you really let me down this time!"

This was a very serious matter. The implication was that if Evan didn't handle this well, it would affect the future investments from Sawyer Group.

Evan naturally understood and quickly apologized sincerely, "President Sawyer, please calm down. This matter is indeed a mistake caused by our TV station. I will deal with it now."

Nicholas snorted softly but did not speak; he was obviously waiting for Evan to deal with things. Seeing this, Evan wiped off the cold sweat that didn't exist on his forehead, turned around, and said to Leah sternly, "Your performance is canceled for the evening program. Take your assistants with you and leave immediately!"

Kieran waved his hand while saying, "Well, you don't have to worry about us. Just go about your business." Hearing this, Evan had no choice but to leave with the other staff sensibly. Before leaving, he was very prudent, closing the lounge door to prevent other people from prying or eavesdropping.

Now, only Tessa, Nicholas, and Kieran, alongside Alice and the makeup team were left in the lounge. "President Sawyer, Master Kieran. Please have some water."

Alice served water for the two of them. Then, a few of them chatted for a while. Seeing that it was almost time for her to get ready, Tessa broke free from Nicholas' arms and said, "Continue chatting with Kieran first. I'm going to get my hair done."

Nicholas nodded. Soon, Tessa returned to the dressing table. Before this, her makeup was already quite complete. After all, she was pregnant, so she couldn't put on too much makeup and could instead have something light. So, after getting her hair done, she went to change into her costume.

Subsequently, Tessa came out of the changing room and immediately stunned everyone with her beauty. The costume prepared for her by the makeup team was a golden court dress, and the full skirt concealed Tessa's belly so that it was not very obvious to the eye. Besides that, the golden color also made Tessa's entire temperament nobler.

"Mommy, you're so beautiful." Gregory was the first to come to his senses, and he happily trotted toward Tessa.

On the other hand, Tessa was a little surprised when she saw him. "When did you come?"

Felicity spoke while gesturing to the fruits in her hands before turning to look at Tessa. “Speaking of which, you and I will perform back-to-back in a while, so we can go together later.”

Tessa looked at Felicity, who took the initiative to be friendly, and felt that this person was intelligent. When Tessa’s eyes fell on the fruits, the smile on the corner of her mouth became even more prominent. The fruits looked very expensive and were obviously not prepared by the TV station. It was more likely that Felicity specially asked someone to buy the fruits.

Besides, Felicity didn’t show up during the fiasco just now, but now, here she was, at the right time.

Although Tessa didn’t care for such an individual, for Kieran’s sake, she let Alice accept the fruits before stating, “Thank you, Miss Bones, for your kindness, but the performance is subject to change at any time. It’s too early to decide this now.”

She declined Felicity’s invitation because she didn’t want to deal with such a fake person. Felicity also noticed her intention and was a little disappointed, but she didn’t mind much. “You’re right. I didn’t think it through.”

"Mr. Duquais, you're too kind," Tessa thanked him humbly. Drew shook his head and said with a smile, "I'm not. If you don't believe me, you can ask the audience if the performance was good."

After speaking, he pointed the microphone toward the audience. The audience immediately responded enthusiastically. "It was great!"

"It was awesome! Encore!" Among them, Gregory shouted so much his neck turned red.

Listening to the audience's positive response, Drew joked, "It's impossible to play another piece, but I can let Miss Reinhart stay on stage for a few more minutes."

As he spoke, he looked at Tessa mischievously. Tessa knew that he was intentionally enhancing the atmosphere, so she cooperated and replied, "Then, you have my thanks, Mr. Duquais."

After the show ended that night, Gregory followed Kieran home. Now that she was done with her performance, Tessa removed her makeup.

She also allowed Alice to get off work. Then, she followed Nicholas back by car.

On the way back, Tessa thought of what the host announced on the stage before and hugged Nicholas happily.

"Why don't I know anything about the fact that you created an aid fund in my name?"

She knew that the reason why Nicholas did this was undoubtedly to create a positive image for her.

Nicholas gazed back at Tessa and smiled slightly.

"Since you want to do such a thing, then I want to do it for you too."

Hearing this, Tessa felt like she had fallen into a pot of honey; even the air she breathed smelled sweet.

"Why are you so nice to me?"

She couldn't help rubbing Nicholas' chest affectionately. Nicholas let out a deep laugh.
