

Always Been Yours Chapter 1199

In the end, he had no other choice but to make up a person to blame on. In the afternoon of the same day, facing the inspection team sent by the higher-ups, Oliver defended himself calmly.

“After the incident happened, I immediately asked someone to allocate compensation to the project leader and asked him to pass it on to the victims.

This is the document I approved at that time. Please, have a look.” While speaking, he handed over a somewhat old document. “Actually, our company has been closely investigating this after this incident came to light.”

“Oh? Did your company get any leads?” the person from the inspection team asked while checking the documents. Good thing Oliver had anticipated such a question.

He took out a yellowed account ledger and spoke outright, “We found that there

were major problems with the accounts of the project. The funds in many places

were vague and not verified, and the matter this time was not recorded in the

ledger. I think that the person in charge took advantage of his position to

embezzle public funds.”

Needless to say, his frankness and willingness to cooperate with the

investigation convinced the investigation team somehow.
