## BENEATH HER DARKNESS: The Alpha's Little Demon Chapter 21

### 021 – Oasis in the Sahara Desert

LUCY.

“Alpha...” I couldn’t stop moaning over and over.

The Alpha knew how to bring pleasure. His fingers and mouth were skillful, and soon, my body started to shake as my orgasm built up.

“Alpha... I’m so close...” I closed my eyes, my hands gripping the rings tightly as I bucked my hips, pushing my core into his face.

“Do you want to come?” He pulled away from my pussy, making my mouth open as my eyes watered.

“Please, Alpha...”

A smug smirk formed on his lips as he extended his hard, strong tongue, swiping it slowly over my folds without taking his eyes off me.

My lips quivered. He was torturing me. I regretted telling him that I was about to come. I didn’t want him to stop me.

“Please... make me come...”

“Let it go, baby... Come into my mouth.” His voice was so deep and sexy, arousing me more. My whole body shattered the moment his mouth sucked on my folds

again as his two fingers fucked my pussy

harder and faster.

A sultry moan of pleasure escaped my throat as my orgasm rippled through my whole body, but Alpha Stone didn't stop assaulting my core. If anything, he was driving in and out of me at a harder and faster pace while his mouth sucked me clean from the juices squeaking out of my

core.

"Stop! Stop!" I tried to wriggle my body

away from his grasp, but he was holding my back tightly.

He was grunting and groaning against my core, and the vibration mixed with his fingers ramming into me was too much. Soon another orgasm was building up, but this time it came in full force and I

couldn't stop it.

The Alpha withdrew his fingers from inside my pussy just in time as jets of

clear liquid squirted out from me, splashing him all over his face down to

his torso.

My eyes widened as my heart thundered, my pussy still throbbing from my second orgasm, but I dared not breathe.

The Alpha placed my feet down before he got up from kneeling and stood in front of me. His face and torso were wet with my

squirt.

The expression on the Alpha's face was s

o deadly that it terrified me that I did

something he didn't like. But it was his fault. I told him to stop.

"Alpha..."

His hand went to cup my face, squeezing i

If it hurt, I had no idea. I was more concerned that I had made him angry.

“Did you just squirt on my face?”

My lips quivered. How would I tell him it was his fault without making him angrier?

His jaw twitched before a smile slowly tugged on his lips.

What the fuck just happened? Was this Alpha losing his mind? Was he mad at me or not?

I was still confused at the smile on his

face when he pulled me closer and smashed our lips together, kissing me bruisingly hard and making me taste my

own pussy juice.

A low whimper left my throat as he pressed our bodies closer. I hung on to the ring and wrapped my legs around his

body. His hand held my back before I heard a fabric rip and my hands fell down to his head. I almost lost my balance, but he was too fast to catch my back.

His claws retracted as he began to fumble with his button. I untangled my legs from his hips and went down on my feet, my hands flying to his pants as I helped him tug them down his legs.

I dropped to my knees, ready to return the pleasure he gave me when the Alpha yanked me up roughly, pulling my body against him as he captured my lips again. My arms wrapped around his neck while my hands held onto his head, my fingers coiling around his hair while I kissed him with all the passion within me.

I felt our bodies lower as the Alpha lay

down on his back against the hard floor.

“Ride me.” His authoritative voice sent shivers down my core. I didn’t need any more prodding. My hands went up to the Alpha’s chest as I pushed my body up, and positioned myself on his thighs.

His cock was already big and hard, ready for my wetness. I coiled my fingers around it as I slid my body down his legs as I bent forward and pushed his shaft into my eager mouth.

Alpha Stone growled as his hand went to my hair, gripping it tightly as I swirled my tongue around his cock. I slurped and sucked him sloppily, wetting his cock enough before pulling him out of my

mouth.

I positioned myself and raised my body slightly, pointing his hard cock at my wet entrance while the Alpha's hands went on my hips. Our eyes met as I slowly descended my body, my pussy stretching

to accommodate his thickness.

Both our mouths parted as our bodies

became one.

The Alpha moved and bucked his hips, thrusting slowly while I remained still, letting my pussy adjust to his size. He was stretching me beyond measure, and the way he was hitting my walls was spreading heat all over my body.

He stopped bucking his hips as his forehead creased. "Am I hurting you?"

The concern in his voice was making my heart giddy. I shook my head and clenched my pussy, making the Alpha grunt and close his eyes.

"Lucy!" His hands went to mine as he dragged them up to his chest. "Fuck me..."

This time his words came out as if he was

begging, and I was more than willing to do

that for him.

ADAN STONE.

"Fuck me..." I was begging her. And I had never done this before. Her pussy

clenching my dick was too fucking overwhelming that it was taking all of me

not to come yet.

With her hands resting on my hard chest, which also caged her perfect round breasts, she began to rock her body up and down. She was fucking me at a slow, torturous pace, making me grunt and groan in pleasure. It took a moment before the little temptress accelerated her pace until she was bouncing on top of me.

She looked like a sex goddess, with her hair cascading over her face and her full breasts swaying and bobbing around right before my eyes. It made me want to fuck her until I couldn't anymore.

I grabbed her waist and began bucking my hips, meeting her thrust, and in no time, I was already controlling the pace and I was fucking her hard and deep. Lucy was whimpering and moaning, her arms giving in as she slumped her body forward while I kept fucking her.

I rolled us over, allowing her to lie on her back on the cold floor while my body hovered over her. I anchored my arm on the floor, caging her head as my mouth captured her swollen lips before trailing kisses down her throat to her breasts.

She arched her body as my tongue bit and pulled her hard nipples before ravaging her breasts while I continuously pounced into her tight and wet pussy, making her body jolt with my every assault.

Her moans were driving me wild and I couldn't remember the last time I had this desire to fuck someone as I did right now. I could spend the whole night, even

the whole fucking day, just fucking her, and I would still have energy for more.

Her pussy clenched around my cock as her hands on my shoulders tightened, her nails digging into my skin. "Oh, Goddess! Alpha Stone!"

I withdrew from her breasts and slid my hand under her head, holding her in place as I captured her eyes.

"Adan. Scream my name when you come, baby..." My voice came out throaty as I gritted my teeth. My own orgasm was building up, but I wanted her to come first. – something I had never done before. I never waited for any female to come before me. They would be lucky if I could

make them come before I did. But today

was different. I wanted to please Lucy,

give her back the pleasure she was giving

Her mouth opened as her eyes watered, Just swirling in them, and it was making

my heart swell with pride. I was bringing her to ecstasy just as I wanted.

“Adan!” My name rolled out so fucking

sexy on her tongue before her body

shuddered and her moans turned to

whimpers of pleasure while her orgasm took over her.

Her juices leaked out like they had been leaking the whole time, and I knew mine was coming soon. I continued to thrust brutally into her, and after a few more hard strokes, my muscles clenched as a guttural growl escaped my throat. My body let go of my own release, squirting my seeds into her pussy, which my perfect Omega welcomed wholeheartedly with a seductive and satisfied smile on

her face.

I was still panting when I rested my head in the crook of her neck while making sure I wasn't crushing her. She wrapped her arms around me before I felt wet lips,

caressing the back of my ear. “Alpha, if this is what punishment would be like, I think I'll be breaking many of your rules.”

“This is punishment, Lucy. But if you decide to follow my rules and be a good female, I can give you more.” I mumbled against her skin.

I really wanted to punish and fuck her hard for all the things she was doing to me and to my control, but the moment I tasted her, I forgot all about the punishment and just wanted my cock

inside her.

She was like an oasis in the Sahara Desert, quenching the drought that I had felt for years. And I couldn't get enough of it.

My head inched deeper, my nose digging

into her neck, inhaling her sweet scent. Her smell was so addicting, and I knew I

would have a hard time if the time came

that I needed to let her go.
