

HIDDEN WIFE : BEST HUSBAND

Chapter 221 - 221 - Worried

It was almost eleven o'clock in the evening when Dae Hyun arrived at the Pyeongchang-dong villa. Initially, he did not intend to go back there but considering that today there was no time for his little wife, Dae Hyun decided to go home.

As soon as he arrived at the door, Aunt Xia had come to greet him.

"Good evening, sir," Aunt Xia said. There was a strange feeling when she saw his boss came home alone.

"Where is Miss Soo Yin?" She said. Aunt Xia already asked Chung Ho about Soo Yin. But Soo Yin didn't contact him so Aunt Xia thought that Soo Yin came home with Dae Hyun.

"Isn't Soo Yin home?" Dae Hyun asked with a frown. Immediately feeling anxious in his chest.

"But Miss has left again, sir. Miss said if she will go for a walk with Jean," Aunt Xia said.

Dae Hyun only had time to hold his cellphone because today he just finished overtime. Park Soo Hyun, who was supposed to do everything, suddenly disappeared without being contacted. Made work piled up even more. He didn't know how long Park Soo Hyun will be reliable.

Dae Hyun quickly tried to contact Soo Yin but the number turned out to be inactive. Now his feelings were getting more anxious, remembering that the day was getting late. Didn't forget to call Jean's cellphone number but it's the same.

"How, sir?" Aunt Xia asked, who was also worried about Soo Yin's condition.

"Her cell phone number is not active. Didn't Soo Yin say where she wanted to go?" Dae Hyun said with the cellphone still stuck to his ear.

"No, sir. Miss didn't say anything," Aunt Xia said.

Dae Hyun immediately ran back to his car, he won't be calm until Soo Yin was found. He returned to get the car out of the garage. Just about to drive the car out of the villa area. From the direction of the gate, there was someone who was walking in. She looked back while carrying her shoes.

After being observed it turned out to be Soo Yin. With a sigh of relief, Dae Hyun immediately got out of the car and ran to his little wife.

Soo Yin stepped her feet occasionally looking back in fear that the man would follow her. Her face looked disheveled and lackluster. Her feet were also scratched as a result of not wearing footwear when walking on paved roads.

Her face immediately lit up when she saw Dae Hyun running towards her.

"Honey, thank goodness you're fine. Why didn't you call me?" Dae Hyun said while hugging Soo Yin's body very tightly.

"Actually, where have you been until late at night not home yet?" he continued.

"Sorry, for worrying you. I just went out with Jean," Soo Yin said while tightening her arms. Her body was too cold so she needed warmth.

"Where did you guys going so you don't know a time like this?" Dae Hyun let go of his hug.

"Actually, I lost Jean earlier. I looked for her in several hospitals but could not find her," Soo Yin said with a frown.

"The hospital? Did something happen to Jean?" Dae Hyun asked.

"Jean's mother was in the hospital so I intended to comfort her but I didn't find her. Now Jean must be angry with me," Soo Yin said while pursed her lips. She then covered her face with both hands.

"Tell me what really happened?" Dae Hyun asked because his wife's face looked so sad.

"I don't know if Jean planned a meeting between me and Park Soo Hyun," Soo Yin said with a guilt raging in her heart.

Dae Hyun's expression turned cold and sour knowing that his wife had just met Park Soo Hyun. Or maybe ....

"What did Park Soo Hyun do to you?" Dae Hyun grabbed Soo Yin's shoulder tightly and then shook her.

Soo Yin's eyes widened immediately and immediately covered her mouth with her hand. Ouch looked like she had gone too far in talking. Though initially Soo Yin didn't want to say this to her husband at first. Thinking too much about Jean made her wrong to speak.

The words that came out now could not be retracted. Soo Yin didn't know where to start the story from. Didn't want to keep all of this from her husband, but Soo Yin didn't want a fight between them just because she who was meaningless.

"Are you going to ask me to tell it while standing like this?" Soo Yin said, trying to buy time, maybe her husband was not interested in the story.

Dae Hyun let go of his grip as he closed his eyes to catch his breath so that he would be calmer and did not get carried away by emotions.

"Okay, let's go inside first," Dae Hyun said, who had softened his tone.

"My legs are sore, don't you want to carry me?" Soo Yin said in a spoiled tone. As much as possible tried to make Dae Hyun's mood better.

Dae Hyun quickly lifted Soo Yin's body with both hands.

Soo Yin had to find a way so that her husband didn't get emotional. She looked at Dae Hyun's face. His jaw was stiffened with eyes that looked wistful, perhaps from fatigue and lack of sleep.

Soo Yin gently stroked her husband's chin which was overgrown with hair.

On the way to the room, Dae Hyun didn't say anything. Remembering that Park Soo Hyun had just met his wife made him want to get angry. He was busy alone at the hotel but his brother was even comfortable meeting a woman.

Dae Hyun lowered Soo Yin on the side of the bed in a sitting position. He saw Soo Yin's feet, which turned red and blistered.

"Why are your feet like this?" Dae Hyun said.

"When I go home earlier I got on the bus and there was a man following me. I couldn't walk fast wearing my shoes so I took them off," Soo Yin said as she pursed her lips.

"Stay seated," Dae Hyun said. Quickly look for betadine and alcohol in the drawer.

Dae Hyun immediately squatted down and then washed Soo Yin's feet using alcohol to avoid irritation. Painstakingly, the man put betadine on his wife's leg.

"Next time you have to tell me if you want to go. Luckily you are fine. What if the man intends to harm you?" Dae Hyun said.

"Sorry, I won't repeat it. Actually I wanted to say it but I only met you at the hotel," Soo Yin said while lowering her face to admit her mistake.

"You can call my cell phone," Dae Hyun said still with a flat face.

Seeing her expressionless face like that made Soo Yin scared.

"I think Jean really asked me. I didn't expect her to cooperate with Park Soo Hyun," Soo Yin said. It was useless to hide it if Dae Hyun already knew about it.

"Now tell me what Park Soo Hyun did?" Dae Hyun couldn't wait. Tomorrow morning it will be confirmed that Park Soo Hyun will suffer the consequences.

"You better take a shower first. Don't be too late to take a shower. It's not good for your body," Soo Yin said. She would say that when Dae Hyun calmed down.

Dae Hyun nodded his head. Forced to follow Soo Yin's wishes.

### HIDDEN WIFE : BEST HUSBAND

Chapter 222 - 222 - Don't Be Angry

Soo Yin wore her sandals so that her feet didn't get wet while in the bathroom. She stood up to help to unbutton her husband's shirt one by one.

"Your leg hurts, I can do it myself," Dae Hyun said. He didn't want to be too much trouble for his little wife who must have been very tired after walking a long way.

"I'm happy to do it," Soo Yin said with a smile etched on her lips. That's how Soo Yin was when she was forbidden, that sentence was always spoken.

Soo Yin went into the bathroom to prepare warm water for her husband. Even though Dae Hyun had insisted on forbidding, Soo Yin was still firm in her stance. Her legs still felt sore but Soo Yin tried to endure them.

"Come in, let me massage your body. You must be very tired today," Soo Yin said with a smile. She sat on the edge of the bath.

Dae Hyun complied with his wife's request to get into the bath.

Soo Yin tried to massage Dae Hyun's shoulder who was sitting with his back to her. Although her hands were not very good at it. In just a moment, her hands felt sore.

"Tell me what happened?" Dae Hyun couldn't wait to hear it.

"Promise me you won't be angry with Park Soo Hyun," Soo Yin said.

"Hmmm, hurry up and say it before I get really angry," Dae Hyun said.

"Earlier Jean asked me to hang out like before. She took me to Daehn Cinema then we went to the top floor which turned out to be the Sky Rise Garden." Soo Yin stopped her story with a deep sigh.

"Then?" Dae Hyun closed his eyes enjoying Soo Yin's gentle massage on his neck, surprisingly comfortable and not too bad.

"At first it was fine before Jean said goodbye to the toilet. But it's been a while since Jean didn't coming back. In fact, your brother was already there because of a brief power failure." Soo Yin did not say the fireworks part because she knew that her husband would be angry.

"Did he say something?" Hearing Soo Yin's story, her brother must have intended to confess his feelings. Otherwise, it would be impossible to make it to the Sky Rose Garden. What Dae Hyun knew that it was a romantic place even though the only menus provided were deserts from various countries in the world.

"He said if...." Soo Yin's tongue really felt heavy and heavy.

Dae Hyun was silent waiting for Soo Yin to say everything. Even though his chest was already rumbling knowing what might have happened.

"He asked me to marry him," Soo Yin said softly. She was so afraid that her husband would get angry knowing this.

Dae Hyun turned around to look deeply at Soo Yin. Soo Yin closed her eyes, ready if Dae Hyun would take out all his anger on her. It was her fault for not realizing it from the start.

Not the anger she got from her husband. But a kiss that was so soft landed on her lips. Soo Yin slowly opened her eyes to see Dae Hyun's eyes were closed.

Dae Hyun continued to kiss Soo Yin's lips gently. He tried to calm himself so as not to get emotional. This was how to reduce his emotions.

They did it for a long time before finally Dae Hyun released the kiss from Soo Yin's lips.

"Did you accept it?" Dae Hyun asked as he fixed his eyes on his wife's eyes.

"I... I haven't answered it yet," Soo Yin said.

"Park Soo Hyun didn't give me time to talk. Instead, he gave me a month to think. What should I do now?" Soo Yin continued while pursing her lips.

"Good, just be normal for one month. Fortunately you did not reject him outright. At least there is one month for him to become director first," Dae Hyun said with a face that was not too tense anymore.

Soo Yin frowned, not understanding what her husband was thinking. She thought her husband would scold her.

"I don't understand," Soo Yin said as she blinked her eyes.

"In one month I will give my position as hotel director to Park Soo Hyun. So that after we leave Seoul I don't have to worry about hotel."

"I really don't understand." Soo Yin shook her head.

"If you refuse Park Soo Hyun now then it is certain that he will leave from Seoul as before. If he had become a director he would not be able to leave," Dae Hyun said. His brother had quite a complicated mind which was sometimes difficult for other people to understand. After his father returned to Seoul, Dae Hyun will immediately resign.

Sometimes living in wealth didn't mean you can live happily. It was enough for him to work hard for the hotel. Now it's Park Soo Hyun's turn to do it.

One thing he dreamt of now was to be able to live happily with Soo Yin with comfort and peace.

"Why do you intend to resign?" Soo Yin asked. Being a director of a company was not an easy thing, in fact, often the brotherhood will be destroyed because of fighting over positions. However, her husband wanted to resign. Sometimes Dae Hyun was really hard to understand.

"I don't want my time to be too busy to take care of work rather than family. You don't have to worry even if I'm not a director anymore, we will live well. I've prepared everything," Dae Hyun said while rubbing Soo Yin's cheek with his thumb.

"I understand," Soo Yin said while trying to digest her husband's words.

"I want to know, how does Park Soo Hyun express his feelings?" Dae Hyun asked curiously.

"Are you sure you want to know that?" Soo Yin said while knitting her eyebrows to make sure that Dae Hyun wouldn't get angry again.

"Of course, I'm sure it must be very ordinary," Dae Hyun sneered confidently.

"He is even so extraordinary that he can make women unable to sleep," Soo Yin said.

"Hurry up and say it," Dae Hyun ordered.

"Okay I'll tell you." Soo Yin sighed softly while remembering what happened.

### HIDDEN WIFE : BEST HUSBAND

Chapter 223 - 223 - Not Romantic

"He gave a surprise through fireworks with the words 'I love you' in the sky. Then he also put a necklace in the Cheese cake. I almost swallowed it," Soo Yin said.

"That way is no longer romantic. It's too ordinary, can't he find another way," Dae Hyun sneered with a snort.

Soo Yin rolled her eyes at Dae Hyun's statement.

"It's much more romantic than the man who is currently in front of me. Never mind proposing, not even said to marry me," Soo Yin said.

"It was much more romantic because I said it directly to your father," Dae Hyun argued defensively.

"It was not romantic but forced," Soo Yin said.

"If not, you will not want to marry me," Dae Hyun said in a flat tone.

"Of course, who will marry a man who already has a wife," Soo Yin. muttered

"Even though I already have a wife, my face is much more handsome than a man who is still single," Dae Hyun said while winking one eye.

"Geez, I never thought you were too confident. Never mind I want to change my clothes," Soo Yin said, who was already standing and stepped towards the door. Did not want to linger arguing with her husband.

"You're not even done doing your job!" Dae Hyun exclaimed.

"My job is finished," Soo Yin said from behind the door.

=====

As usual when Dae Hyun stayed at Pyeongchang-dong villa, he didn't want to wake Soo Yin when he went to work. Instead, he will only make breakfast with a fairly varied menu. It was enough to touch Soo Yin's heart. At least her husband still bothered to make her breakfast even though he was busy at work.

Soo Yin felt very lucky sometimes, although sometimes his possessiveness was a bit outrageous. But it didn't matter while it was for good.

Today Soo Yin can't wait to meet Jean. When there was free time, Soo Yin tried to find her.

To be precise, Soo Yin had nothing to do this afternoon because Dae Hyun was out. She was only given a small task to do. So that after finishing it Soo Yin immediately looked for Jean.

With a gasping breath, she searched several rooms that Jean used to clean but she didn't exist. Even willing to had to climb several stairs. Soo Yin also asked several other employees but they said they didn't see her.

Until finally looking for her outside of the building, maybe she could find her there. After walking around in the hotel courtyard, Soo Yin's legs felt sore so she decided to sit on one of the chairs. The hot weather also made her throat started to feel dry.

Jae-hwa was just outside the hotel area when he saw Soo Yin who was rubbing her face. Sweaty sweat appeared on her forehead.

"Soo Yin, what are you doing in here?" Jae-hwa asked, who was standing beside her.

"What a coincidence we met. Do you know where Jean is? I've been looking for her but I didn't find her," said Soo Yin with a happy face. It's certain that Jae-hwa knew where their best friend was.

"Don't you know if Jean is no longer working at this hotel?" asked Jae-hwa. It didn't make sense that Soo Yin didn't know about it because all Jae-hwa knew was that they were really close.

"Is it true?" Soo Yin rose to her feet while widened his eyes. Did not believe with what she heard.

"Didn't she tell you?" said Jae-hwa with a frown. It really felt very strange.

Soo Yin shook her head softly. Her body felt limp until she sat back down. Regret and guilt now raged in her heart.

"Soo Yin, are you okay?" Jae-hwa shook Soo Yin's body because her gaze looked blank.

Soo Yin immediately regained consciousness then took a deep breath to calm herself down.

"I'm fine. I'm just surprised because Jean didn't say anything," Soo Yin said with a thin smile. Hoped that Jae-hwa didn't notice if something went wrong between them.

"Actually, she had wanted to resign for a long time, but I didn't think if it was the time. Maybe she already got a new, better job," said Jae-hwa.

"Do you know where she works?" Soo Yin asked hopefully.

"I don't know either, but if I do, I'll tell you," Jae-hwa said. He realized that there was worry in Soo Yin's eyes.

"Please tell me as soon as possible if you meet Jean," Soo Yin said while holding Jae-hwa's wrist.

"You don't need to worry, I will definitely help you find her," Jae-hwa said with a smile. He glanced at Soo Yin's hand that was still holding him.

Soo Yin immediately came to her senses so she hurriedly withdrew her hand. Didn't want get misunderstood. Especially if her husband saw her, he would definitely be angry.

"I better go back inside because I have to go back to work," Jae-hwa said goodbye. Even though he still wanted to chat with Soo Yin, a lot of work was waiting for him.

"Alright."

Soo Yin immediately returned to the building. She stepped limply into the elevator to go to the 10th floor. When she was about to enter the room, from a distance there was a waiter who was carrying coffee. Even though the weather was hot outside, it felt cold indoors because the AC kept turned on.

Soo Yin patiently waited for the waiter to walk towards her. Just as she expected so she asked for a cup of cappuccino coffee. Luckily the waiter was willing to give it. Even though the coffee was actually ordered by another employee.

Soo Yin immediately grabbed the door knob, apparently the door was not closed tightly. There's no way if Soo Yin forgot, earlier when she left she was sure she had closed it properly.

"Manager Han?" Soo Yin muttered as she stepped closer to Dae Hyun's table with the coffee cup still in her hand.

"Manager Han, what are you doing?" Soo Yin asked, seeing his suspicious movements. It was as if the man had just put a file among the pile of files that had piled up.

### HIDDEN WIFE : BEST HUSBAND

Chapter 224 - 224 - I Don't Want To

"I just delivered yesterday's report which turned out to be wrong," Han said dryly. No nervousness that appeared on his face.

When he saw Soo Yin's face, with a sly grin Han smiled. He grabbed the file again then opened it while walking towards Soo Yin.

Brakkk... Prang....

The sound of the collision and clinking of cups falling on the floor, bursted into the room. His voice was loud enough to be heard.

Han accidentally bumped into Soo Yin so that the coffee she was carrying spilled over the report he made. The report was now on the floor in wet conditions.

"Ouch!" Soo Yin moaned as her hands felt hot from being scalded by coffee. She rubbed her wrist quickly. Her clothes were also wet with coffee.

"Weren't you using your eyes whilst walking?" Han cursed angrily. Actually he did it on purpose to get the report wet so that Soo Yin would be fired. As per Aeri's request, he had to make Soo Yin stay away from Dae Hyun.

"Look, the report I made. Everything was in vain because you spilled the coffee," Han continued with a raised tone.

Soo Yin who was rubbing her shirt looked towards Han while frowning.

"Aren't you the one who didn't look around when walking. You already know that I'm standing in here but you were still walking while reading," Soo Yin muttered defensively. This was not her fault so there was no need to be afraid. After all, Soo Yin was annoyed with the man too.

"You are still defending yourself even though you already know if you are guilty," Han said while his hands on hips with eyes glaring at Soo Yin.

Instead of being afraid, Soo Yin did the same thing Han did. Now she felt like wanted to hit him. Didn't care about that man who looked angry.

"Now clean up the file right now before Mr. Dae Hyun comes!" Han ordered while pointing at the file that lied on the floor.

"I do not want to." Soo Yin shook her head. Out of nowhere to get this kind of strength to dare to refute Han's orders.

"If you don't want to, be prepared by packing up all your things because soon you will be fired," Han sneered while raising one lip upward.

Soo Yin narrowed her eyes as she wanted to laugh at Han's sneer.

"Right now, clean up all that!" Han said while narrowing his eyes.

Soo Yin just kept quiet without doing what Han ordered. It wasn't her fault that Soo Yin didn't want to do it. It didn't matter if her husband got angry later.

Han's anger grew even more when Soo Yin was silent without doing his orders. He immediately took one step forward and then pressed Soo Yin's shoulder until she sat on the floor.

"Ouch!" Soo Yin moaned as her shoulders ached and her knees ached too.

Right at that moment, the door opened from outside. It was Dae Hyun who entered.

As soon as he entered the room, Dae Hyun's gaze was immediately fixed on Soo Yin who was sitting on the floor. She looked grimaced in pain.

"What is this?" Dae Hyun asked in his cold voice. He immediately stepped toward them.

"Sorry, sir. The report I fixed was damaged by your sloppy secretary," Han said while glancing at Soo Yin.

"Soo Yin, get up." Dae Hyun stretched out his hand to help Soo Yin up.

"Soo Yin, why don't you clean the file!" snapped Han who had run out of patience. By scolding her, Han also intended to find a face.

Usually Dae Hyun really believed in him if he got angry like this then anyone will be fired immediately.

Dae Hyun really didn't accept Han who yelled at his little wife.

"Don't ever yell at her!" Dae Hyun exclaimed quite loudly as he tightened his fists. His face looked flushed from holding back anger. The look in his eyes also looked so sharp and scary.

"But, she destroyed the report you requested, sir." Han was so stunned, could not understand what he had just heard.

"You can make it again if it destroyed," Dae Hyun said.

"But this is all because of Soo Yin's fault. She was bringing coffee and suddenly bumped into me," Han said defensively. Didn't let the weapon eat the master. There was no way he did it all again.

"Intentionally or unintentionally it is your job. It is not the duty of a secretary, because Soo Yin's job is only to help my work," Dae Hyun said with great emphasis.

"But...." Han said.

"I don't care. That report must be on my desk this afternoon," Dae Hyun said.

Han forced to pick up the filthy file. He walked past Soo Yin while glancing at her with a sharp gaze.

"Excuse me, sir," Han said with intense anger. If Aeri had not asked for it, he would not have done the job twice. It's really time consuming. There was no way the report could be finished in the afternoon.

Soo Yin was about to crouch down, intended to clean the broken glass on the floor. But Dae Hyun immediately grabbed her wrist.

"No, let's just let the servant clean it," Dae Hyun said softly.

"It's okay, I can clean it," said Soo Yin.

"Don't argue," Dae Hyun said firmly.

"What did Manager Han do to you?" Dae Hyun looked panicked seeing Soo Yin's red wrist.

"Ah, this is okay." Soo Yin covered her red wrist. Didn't want to panic Dae Hyun just because of a small thing like that.

"I saw him looking for something earlier. But he walked towards me instead so that the coffee I brought spilled," Soo Yin said with a bent face.

"Don't think about it. Maybe he really intends to make excuses as if you made a mistake," Dae Hyun said to comfort his little wife.

"I'm really sorry. I didn't do anything," Soo Yin said sadly.

## HIDDEN WIFE : BEST HUSBAND

Chapter 225 - 225 - Not Reliable

"Darling, calm down. I believe in you, there is no way you could do something like that." Dae Hyun grabbed Soo Yin's face, he lifted his little wife's chin then rubbed her lips gently with his thumb.

When Dae Hyun stared at her, Soo Yin rested her head against her husband's chest.

"Thank you, you trust me so much," Soo Yin said.

"Of course, I definitely trust my own wife more than a traitor like him," Dae Hyun said as he stroked Soo Yin's long hair.

What was on Soo Yin's mind this time was wanting to know where Jean was. Until it made her eyes teary.

"Honey, Jean doesn't work here anymore," Soo Yin sobbed. Her heart was very sad, remembering that the only friend she had now, she didn't know where she was.

"Is it true?" Dae Hyun was also quite surprised to hear this.

"Please help me to find her. I want to explain everything if I do not have any relationship with Park Soo Hyun," Soo Yin said in between sobs.

Dae Hyun rubbed her back gently to calm her down.

"Well, no need to worry I will ask someone to look for her. Now stop crying, if you cry our future child will also be sad," Dae Hyun said while kissing the top of his wife's head.

"Is it true?" Soo Yin asked, who had released herself from her husband's arms. Hearing if the baby in the womb felt sad, suddenly made her tears stop.

"Right, don't you want what Doctor Mi Young said?" Dae Hyun asked.

Soo Yin shook her head softly.

"Didn't doctor Mi Young say that you should always feel happy. From now on, don't be too sad. I promise I will definitely help you to find Jean, sooner or later." Dae Hyun grabbed Soo Yin's shoulder to believe his serious words.

Soo Yin let out a deep breath then put a smile on her lips. What Dae Hyun said was true, she better not be too sad.

"This is my true wife," Dae Hyun said while pressing Soo Yin's nose.

"Look at Manager Han who made my coffee spilled even though I wanted to drink it," Soo Yin said while pursed her lips. She was very annoyed with that man. She didn't even have time to taste it earlier.

"Pregnant women should not drink too much coffee. It's not good for fetus development," Dae Hyun said.

"Can't I just drink a little?" Soo Yin asked.

"If a little, of course you can. Stay here, let me make it for you. You also seem to have to change your clothes," Dae Hyun said.

Dae Hyun immediately contacted Chang Yuan to immediately buy clothes that fit his little wife. Didn't let Chang Yuan choose the wrong choice.

"It shouldn't be a hassle for Assistant Chang, I can go out and buy it myself," Soo Yin said. Incidentally there was a clothing boutique that was located not too far from the hotel area.

"I don't want you to feel tired," Dae Hyun said.

"That's always the word that you say," Soo Yin muttered.

"I do this for the sake of our future child. You just have to obey and must not argue."

"Alright," Soo Yin said with a deep sigh.

"Have you had lunch?" Dae Hyun asked.

Soo Yin shook her head again.

"Come back to your desk, I won't be long." Dae Hyun rubbed Soo Yin's cheek before finally rushing out of the room.

oooooooooooooooooooo

Han returned to his room with quick and hasty steps. Right now, anger and resentment were mixed together. He slammed the door to his room firmly. This was really unexpected because Dae Hyun preferred his secretary.

All because of Aeri who told him to delete files on his laptop. If not, for sure now he only needed to print it, after that everything would be fine. Now that everything was done, Han only regretted his foolishness of trusting Aeri too much.

"Arghhhh!" Han shouted as he pounded the table then dropped the items on the table.

He needed someone to vent his emotions, so Han immediately contacted Aeri to ask her to take responsibility for the unfortunate incident that happened to him.

"Hello, honey. How? Did you manage to get that girl fired?" Aeri asked from across the phone. Her voice sounded so crunchy because she couldn't wait to hear the happy news.

"It's not that girl who was fired, it's my position now that is precarious. I've done everything you asked but as a result I have to do everything again," Han grumbled with his chest rising and falling.

"What do you mean?" Aeri asked.

"Your idea was a complete failure, Dae Hyun was even angry with me when I snapped. It seems like it's true about your guess all this time. If you want to get rid of her you should just find another way. One more thing, don't involve me again," Han said in a high tone.

"You are not reliable," Aeri sneered.

"What do you mean by saying that to me?" Han became very emotional when he heard Aeri who blamed him.

"Never mind, I don't want to argue. I'll take care of her myself," Aeri said.

Phone connection was lost.

"Shit!" Han swore.

It was impossible for him to do everything from scratch because it took so long. If only Aeri didn't tell him to return the money he embezzled it might not have happened like this.

Han looked down with both hands on the table as he continued to think.

According to the schedule he heard, Dae Hyun will soon have another meeting. Han hurried to his feet, stepped out to make sure that Dae Hyun had left his room. While Dae Hyun wasn't around, he intended to force Soo Yin to do everything.

Now Han was hiding behind a pole to peek if Dae Hyun has left.

Sure enough, it wasn't long before Dae Hyun finally walked out of the room. Made Han smile triumphantly. Han quickly entered without knocking on the door.

[HIDDEN WIFE : BEST HUSBAND](#)

Chapter 226 - 226 - Are You Guys Cheating?

Soo Yin's eyes felt heavy so she leaned her head on the table. Wanted to close her eyes for a moment while waiting for her husband to return.

Her heart also didn't feel calm if she hadn't found Jean. Didn't want to let Jean hate her for life just because of this misunderstanding.

With slow steps Han walked over to Soo Yin who was looking to the other side so that she didn't know when Han came.

"It's so good that's all you do. What a worthless!" Han cursed while narrowing his eyes.

Soo Yin immediately raised her head when she heard Han's voice echoing in her ears.

"Manager Han, what are you doing in here?" The question reflexively escaped her lips with her eyes widened.

"Right now retype all of this!" With sharp eyes, Han slammed the wet file against Soo Yin's desk. Made Soo Yin jump in surprise then grabbed her chest.

"Didn't Mr. Dae Hyun say that it is your job?" argued Soo Yin while narrowing her eyes.

"This is your fault so you must correct it," Han said with a sly smile.

"I don't want to," argued Soo Yin bravely. She stood with her hands on her hips.

"You bitch! You think, you are so special in the eyes of Mr. Dae Hyun. Remember you are just a poor girl who could not possibly be parallel to Miss Aeri," Han sneered while chuckling disparagingly.

Soo Yin's red eyes made her chest rumble at the word she hated so much.

Plakkk....

With all her courage and strength, Soo Yin flicked her palm across Han's cheek. Her patience was ran out, always stayed silent when other people insulted her. Whatever if she was currently pregnant.

"You should be the so-called bitch. A man who wants to have a relationship with his boss's wife. Shameless bitch!" Soo Yin shouted with a trembling body while holding back her anger.

"How dare you to say such a thing!" Han had already raised his hand to reply to Soo Yin's slap. For him it was an insult that must be repaid.

"Manager Han, what are you doing?" Dae Hyun shouted from the door. His patience at this time was irresistible.

Han hung his hand in the air, even though a little more he had landed on Soo Yin's cheek. He immediately lowered his hand with a trembling body.

"Sir?" Han turned to look at Dae Hyun as he bent his body.

Dae Hyun placed the tray he was carrying on Soo Yin's desk.

"Manager Han, get out of this hotel right now!" he said coldly.

"I'm sorry, sir. I didn't mean...." Han said, who was cut off.

"Should a man be violent to a girl?" Dae Hyun glared at Han with fiery eyes. If he was just a little bit touched his little wife's cheek. It was certain that he would make calculations.

"That's because she slapped me first, sir," Han argued.

"I don't need your explanation! From this moment on, please pack all your belongings and get out of this hotel," Dae Hyun ordered.

"Sir, please don't fire me," Han said in a pleading voice.

"I don't want to hire a traitor in this hotel," Dae Hyun said.

"If you hear what Soo Yin said, that is not true," Han argued.

"Don't deny it, I really hate a traitor working with me."

"You have to realize that this girl is just a poor girl who is trying to seduce rich men," Han said.

"Watch your words!" Dae Hyun exclaimed.

"Or is it true what Miss Aeri said if you have a special relationship with that girl," Han guessed while glancing at Soo Yin sarcastically.

"Do you want to know the relationship between she and I?" Dae Hyun smiled crookedly then stepped his foot closer to Soo Yin.

Dae Hyun cupped Soo Yin's face while glancing at Han.

Kiss ...

Dae Hyun boldly landed a soft kiss on Soo Yin's lips.

Soo Yin widened her eyes, very surprised by the action of Dae Hyun kissing her in front of Han.

Han was also very surprised that Dae Hyun was so blatantly doing it in front of his eyes. This was all so unbelievable.

"I teased her, she did not tease me." Dae Hyun looked at Han then kissed Soo Yin's lips once again. Only then reached Soo Yin's waist into his arms.

Han was so shocked that he couldn't say anything at the moment. Still like dreaming of seeing the scenery in front of him.

Dae Hyun casually embraced Soo Yin's waist very affectionately as if Han wasn't there. This was their first time behaving like this in front of strangers. Dae Hyun did it on purpose to find out Han's reaction.

"So, you cheated on Miss Aeri," Han said.

"Is it true that I was cheating?" Dae Hyun asked with a crooked smile.

"I feel sorry for Miss Aeri, getting a cheater man like you. She must be in a lot of pain," Han said without realizing that he was the one who had an affair.

"Ha ha ha ...." Dae Hyun laughed crisply at Han's words. He thought it was very funny.

Soo Yin, who was still beside Dae Hyun, tried to get away but Dae Hyun was too strong to hug her waist. Even though she was already scared if someone else suddenly entered. It was enough for Han who saw all of it. Didn't want to let anyone else, if hotel employees found out about this it will certainly become big gossip.

"Why are you laughing instead?" Han's forehead was furrowed with an annoyed face.

"You should feel sorry for yourself. So far, you've only been able to be Aeri's side lover," Dae Hyun sneered with a darkened face.

"What do you mean?" Han still denied that there was an illicit relationship between him and Aeri. Because there was no way he could say it frankly. Aeri can get mad at him.

"If you feel sorry for her and really want to take her right now. I have absolutely no problem if you take something that is yours. I'm sorry I took it from you," Dae Hyun said casually.

Chapter 227 - 227 - Get Out Right Now

"I don't want Miss Aeri at all," Han argued.

"No need to pretend. Never mind, I don't want to argue. Right now you better leave this hotel," Dae Hyun said. It was pointless to argue with a shameless man.

"So, you really want to fire me?" Han asked once again.

Dae Hyun massaged his temples. Didn't know how else to give him understanding. Should have shouted if the words were no joke.

"Get out right now, before I tell security to come here," Dae Hyun threatened.

"I'm sure you will regret for firing me from this hotel." With his fists clenched, Han immediately turned around and then stepped out. Slammed the door so hard.

Dae Hyun, who was very angry, now wanted to laugh at Han's defense. So in love with Aeri that he was willing to sacrifice his feelings.

After Han left, the door opened again. Now it was Chang Yuan who entered while carrying a paper bag in his hand.

"Sir, what just happened?" Chang Yuan asked. When he ran into Manager Han at the door, his face looked pale.

"Get people to keep an eye on Han. I don't want him to make a fuss in this hotel," Dae Hyun ordered with a flat face.

"Yes sir." Chang Yuan could tell a little of what was happening from the expression on Dae Hyun's face.

"Miss, this is a dress for you." Chang Yuan immediately handed the paper bag in his hand to Soo Yin.

"Thank you, Assistant Chang. Sorry for troubling you," Soo Yin said as she stretched out her hand to accept it. She felt really bad for the man to bother buying women's clothes.

"Not at all, Miss. Then I will excuse me," Chang Yuan said. Didn't want to bother his boss who seemed to be having lunch together. Chang Yuan could guess it because he glanced at the tray filled with food.

Dae Hyun nodded his head.

Soo Yin immediately pushed Dae Hyun's body away a little because he had been hugging her waist too tightly.

"What were you doing in front of Manager Han?" Soo Yin grumbled while covering her face.

"So what?" Dae Hyun asked with a frown.

"What if later he will leak our relationship to your family?" Soo Yin said, who was now scared.

"Calm down, he doesn't have any evidence so we can deny it. You don't need to worry," Dae Hyun said while cupping his wife's face, which was covered in palms.

Soo Yin slowly removed her palms from her face.

"What if they believe?"

"Will not." Dae Hyun kissed Soo Yin's eyes alternately to calm her down. His little wife was really overreacting to such a problem.

"If we get caught, it's your fault," Soo Yin said as she pursed her lips.

"Yes, honey. By the way, you were very brave to slap Han's face," Dae Hyun said with a smile. It was unexpected that his little wife was brave now.

"It's because he insulted me, lucky I didn't punch him in the face," Soo Yin said with such a funny face.

"Now you better change your clothes. I've made coffee as well as lunch. The coffee must be cold by now," Dae Hyun said with an annoyed chuckle.

"Let me taste the coffee first." Soo Yin immediately grabbed a cup of cappuccino coffee made by her husband. It turned out to be quite good. Soo Yin wanted to finish it in one gulp because it's warm.

"Honey, remember not to drink too much," Dae Hyun warned.

"I just tasted a little," Soo Yin said with a grimace. Immediately put the cup back on the table which turned out to be only half of the contents.

"You can't drink it again." Dae Hyun immediately finished the rest of Soo Yin's cappuccino in one foot swallow.

Soo Yin immediately went into the bathroom to change her clothes. Indeed, there were not too many coffee stains on her clothes. But enough to make her felt sticky.

Waiting for Soo Yin, who was changing her clothes, Dae Hyun brought a tray of food to the table in front of the sofa. It was more comfortable to eat there. Before someone suddenly walked in, Dae Hyun also locked the door first.

Dae Hyun made two servings of fettuccine pasta, which in Italian meant small ribbons. Fettucini is served with tomato sauce with a topping of meat or carbonara.

Incidentally, the restaurant in the hotel also provided a variety of pasta so Dae Hyun had borrowed the restaurant's kitchen for a while to make it. Hopefully Soo Yin liked it. Considering this food was an unfamiliar menu. Dae Hyun learned to make it while in Italy a few years ago.

Soo Yin had already come out with the clothes that Chang Yuan bought. It turned out that the man was very good at choosing clothes that fit her body.

"Assistant Chang is very good at choosing clothes," Soo Yin said, who was standing in front of Dae Hyun.

"Of course, he can be relied on in everything," Dae Hyun said, who agreed with Soo Yin's words. That's why he was not too worried about leaving his job.

"Honey, is this some kind of pasta?" Soo Yin asked with sparkling eyes as her eyes turned to the table.

"Hmm, eat it. I hope you like it." Dae Hyun grabbed a plate of pasta and handed it to Soo Yin.

"It looks delicious, did you make it yourself?"

"I'm just trying to make it again after not cooking it for a long time."

"This is very delicious, you are indeed the best husband," Soo Yin said after tasting one bite. Too happy made Soo Yin reflexively kissed Dae Hyun's cheek once.

Dae Hyun just smiled as he rubbed his cheek. His little wife was very sweet when she was feeling happy.

Chapter 228 - 228 - Aeri's Pregnancy

#### UN Village

Mrs. Park didn't know what to do at this time. Her daughter-in-law locked herself up in the room after Dae Hyun sent a lawyer to help with their divorce. She even angrily expelled the lawyer without wanting to see him.

"Madam... Madame!" Eun Hee called as she walked down the stairs. She just delivered lunch to Aeri's room.

"What's the screaming?" Mrs. Park, who was sitting on the sofa, suddenly got up.

"Madame, Miss Aeri ... Miss Aeri is fainted," Eun Hee said, panting.

"Fainted? How did she faint?" Mrs. Park asked with dilated pupils.

"I don't know, Madame. When I came in, Miss Aeri was already lying on the floor," Eun Hee said, trembling.

"Now call Doctor Kang, let me check Aeri." Mrs. Park hurried up the stairs in a hurry. There was worry on her face. If something happened then she will surely be blamed by Aeri's mother.

Eun Hee also immediately checked the phone book to contact Doctor Kang.

In the room there were already two servants who helped to lift Aeri's body to the bed. There was Jo Yeon Ho who was already sitting beside her with a face that looked sad.

"Mother, wake up," Jo Yeon Ho said between sobs while shaking Aeri's body.

"Yeon Ho, calm down. Your mother will be fine," said Mrs. Park while holding Jo Yeon Ho in her arms.

"What's wrong with my mother, Grandma?" said Jo Yeon Ho who was still sobbing.

Mrs. Park immediately checked Aeri's temperature by placing the back of her hand on her forehead. Actually it's not too hot, but why did she pass out.

Not long after that Doctor Kang arrived because when Eun Hee called him it happened that he was on his way not far from the UN Village.

"Aunty, what happened to Aeri?" said Doctor Kang as he took out some medical equipment from his bag.

"I don't know, the servant found her unconscious," said Mrs. Park.

Doctor Kang started checking her pulse and stomach to find out how Aeri was doing. He frowned after getting a result which he thought was doubtful. It must be wrong and impossible. The same result when examining Soo Yin.

The doctor gave medicine so that now Aeri slowly regained consciousness. Aeri can see Doctor Kang examining her.

"Doctor Kang, what really happened to me?" Aeri said softly while massaging her head which felt dizzy.

"Congratulations, you are currently pregnant," Doctor Kang said with an unhappy face. If Dae Hyun found out about this he will definitely go mad.

"Is it true?" Mrs. Park looked very sparkling at the news because it was something she wanted.

"That's right, Auntie," Doctor Kang said. Very regretted to come here. Sooner or later Dae Hyun would be mad at him.

Aeri sat there in disbelief at what she had just heard. Right now between happy and anxious. Aeri was happy that she was pregnant so Dae Hyun won't be able to divorce her. But she was also afraid because Aeri was very sure that the child in her womb was not Dae Hyun's child. She set him up just a few days ago so there was no way the results could show up too soon.

It took at least one month for the pregnancy to be known manually. Unless you did an ultrasound, it's likely quick to find out.

"Congratulations, you finally got pregnant." Mrs. Park immediately hugged Aeri happily.

"Am I going to have a younger sibling?" Jo Yeon Ho asked with an innocent face.

"Of course, honey." Mrs. Park rubbed Jo Yeon Ho's hair with a smile.

"Hooray!" Jo Yeon Ho exclaimed excitedly. His little eyes were filled with excitement and enthusiasm. He rubbed Aeri's stomach slowly.

Aeri was still frozen with cold sweat gushing out of her body. With a blank stare, Aeri was looking for a way so that Dae Hyun wouldn't suspect her.

"Aeri, aren't you happy about this?" Mrs. Park said, while knitting her eyebrows. When she saw Aeri's expressionless face.

Aeri immediately snapped out of her frightened reverie.

"Mother, of course I'm happy. I just didn't think that I was pregnant," Aeri said with a thin smile, trying to cover up her nervousness.

Derrrtt ... derttt ... dertt ...

Suddenly Aeri's cellphone vibrated. Mrs. Park who was near the nightstand immediately grabbed it and then handed it to Aeri.

"Aeri, someone called you. Maybe this is an important number," Mrs. Park said.

Aeri checked if the call was from an unknown number. However, the number belonged to Han who she was deliberately made anonymous. Aeri just let it go, no intention of answering it. If she answered him now, they will definitely be suspicious, but if she don't answer them, they will definitely be more suspicious.

"Aeri, why didn't you answer? Wasn't that your husband calling?" Mrs. Park asked.

"Ah, this... this is just a call from an unknown person. Maybe it intends to trick me," said Aeri stammered. Hopefully her mother-in-law won't be suspicious.

Doctor Kang, who was at Aeri's side, was suspicious of her movements. Somehow he felt sure that the child that Aeri was carrying was not Dae Hyun's flesh and blood.

"Okay, excuse me because I have to go back to the hospital," Doctor Kang said goodbye.

"Aeri, you should have enough rest and eat nutritious food," Doctor Kang said after giving Aeri drugs and vitamins.

"Thank you, Doctor Kang," said Mrs. Park who escorted Doctor Kang to the door. She immediately returned to Aeri's bed.

Mrs. Park also tried to call his son's cell phone but the number seemed to have been turned off on purpose. Although she couldn't wait to tell him the good news. Maybe Dae Hyun was really busy. Better to his son tonight. During the day like this he must be busy.

"Dae Hyun must be very happy to hear this happy news. Too bad his cellphone is not active," Mrs. Park said while sitting beside Aeri. Forgetting the fact that her son wanted a divorce from her daughter-in-law.

Aeri only smiled faintly in response to her mother-in-law's words.

"I can't wait to have a younger brother." Jo Yeon Ho looked so happy that he repeatedly hugged his mother.

"Sorry, I want to rest. You better go out," Aeri said as she pushed Jo Yeon Ho's body, who hugged her.

"Very well," Mrs. Park said.

"Yeon Ho, let's go out. Let your mother rest first," Mrs. Park said while stretching out her hand to help Jo Yeon Ho to get out of bed.

Jo Yeon Ho looked so disappointed that he wore a sullen face when he left Aeri's room. Even though he still really wanted to be with his mother.

After everyone left, Aeri got out of bed to lock the door. Currently, she was very curious to answer Han's phone, who had been calling her all this time.

"What's the matter to call me all the time?" Aeri asked curtly after answering the phone from Han. Her mood was not good right now.

"I got fired and it's all because of you," Han said.

"How did you get fired? Didn't he always trust you?" Aeri was shocked to hear that her affair was fired from the hotel.

"If you want to be in a safe position you better get rid of that girl right now."

"For that you don't need to worry. Because he will not divorce me," said Aeri confidently, although not too sure.

"What do you mean? You don't have to be overly confident," Han sneered.

"Now, you don't have to worry about me. I'll persuade him to get you back to work."

They kept talking for a while to plan something. Afraid that someone might suddenly hear her, Aeri immediately hung up.

### HIDDEN WIFE : BEST HUSBAND

Chapter 229 - 229 - Bad News

After finishing some work, tonight Dae Hyun will return to UN Village because his mother kept calling. Forcing him to go home since this afternoon. It was not clear why his mother sent him home.

His mother said that there was good news. Didn't know what news was meant. Maybe Aeri wanted to sign the divorce papers.

Before returning to UN Village, Dae Hyun took Soo Yin home first to the Pyeongchang-dong villa. Although his little wife refused to be delivered, Dae Hyun could not bear to let her take a taxi home. He was traumatized by last night, didn't want to let last night's incident happen again.

"Sorry dear, I can not accompany you to sleep tonight." Dae Hyun grabbed Soo Yin's fingers before getting out of the car.

"It's okay, I understand. You also have a family that you have to take care of," Soo Yin said so wisely.

Seeing the warm smile on Soo Yin's lips, Dae Hyun was deeply touched. Sometimes his little wife can be mature too, but sometimes she can also be very childish.

"Let me escort you into the house." Dae Hyun was about to help Soo Yin remove the seat belt on her body, but Soo Yin had already stopped his hand.

"I can go down by myself. If you take me, I'm afraid you won't come home," Soo Yin teased while chuckling with amusement.

"That's right, even now I don't intend to go home," Dae Hyun whispered in Soo Yin's ear sensually.

"Go home, see you tomorrow morning." Soo Yin immediately took off her seat belt, before her husband completely changed his mind. It was bad that Soo Yin found out if Mrs. Park has called many times.

Dae Hyun immediately helped Soo Yin to remove the seat belt. Before Soo Yin came down, he held her first in his arms. Didn't feel like separating like this.

"Let me say goodbye to our future child." Dae Hyun let go of his arms then bent over so he could put his ear on Soo Yin's stomach. Waiting for another month to be able to hear the baby's heartbeat, made him even more impatient. It must be something fun. To be able to feel his every move inside, must be a lot of fun.

"Alright," Soo Yin said while stroking Dae Hyun's hair. It felt great to have a husband who loved and cared for her so much.

"Accompany your mother to sleep tonight. You can't be naughty in there," Dae Hyun whispered then kissed Soo Yin's stomach several times.

"Honey, I'm sleepy," Soo Yin whined. If Dae Hyun continued like that when can she come inside the house.

"Alright." Dae Hyun sat back to normal.

Soo Yin immediately got out of the car then waved her hand while waiting for Dae Hyun to leave first and then she would enter the house.

=====

UN Village,

When Dae Hyun arrived at UN Village, his mother immediately greeted him warmly and kindly. As if it had been a long time since they met. Dae Hyun was already very curious to see his mother who looked so happy. Hopefully what he thought of what his mother thought was the same thing.

"What's the good news, Mom?" Dae Hyun asked. Because his mother even asked him to sit on the sofa. There was no Aeri there, so Dae Hyun thought that the woman had left the house. How happy he was right now. Finally the woman gave up too.

"Guess what," Mrs. Park said.

Dae Hyun frowned while wondering what made his mother looked so happy.

"Aeri is willing to divorce from me," Dae Hyun guessed with a flat face. Only that that came to his mind.

"What do you mean? Why did you guess that?" Mrs. Park immediately turned angry.

"Mother, because that's the good news for me." Dae Hyun leaned his head on the back of the sofa. Regardless of his mother's anger.

"Don't expect if you want to divorce Aeri. You also have to be responsible for what you did. Already doing good, you just want to run away," Mrs. Park said with a rising voice.

Dae Hyun frowned, not yet understanding what his mother meant by responsibility. He felt that he didn't do anything to Aeri.

"Your wife is pregnant. Do you really have the heart to keep divorcing her?" Mrs. Park asked, while glaring at his son.

"What?" Instantly Dae Hyun immediately stood up hearing the words that had just been uttered by his mother. Feelings of sleepiness and fatigue just disappear. It was impossible if Aeri was already pregnant even though he was framed only a few days ago. Meanwhile, Soo Yin was caught pregnant when she was almost two months pregnant.

"You have to take responsibility. Instead of going off on your own without thinking about your future child," Mrs. Park grumbled.

Ignoring his mother, Dae Hyun immediately stepped very quickly up the stairs. There's no way Aeri was pregnant. He felt very sure that it was not his son. This time he won't really believe her bullshit.

Brakkkk....

Dae Hyun pushed the door until it made quite a loud sound when the door collided with the wall.

Aeri, who was lying on the bed holding her chest in shock. Suddenly sat down.

"Dae Hyun?" She said.

"Honestly, whose child is in your womb?" Dae Hyun asked with a face that was so dark.

"What do you mean? Of ... of course it is your flesh and blood," Aeri stammered. Seeing Dae Hyun's gaze at her that of course was scary.

"You think I will believe all your nonsense! You must not be pregnant. Even if you are pregnant, it must not be my flesh and blood," Dae Hyun said while trying to hold back his emotions as not to exploding.

"Dae Hyun, what do you mean? When your wife was pregnant, you were accusing her of being nonsense," Mrs. Park said. After Dae Hyun climbed the stairs, she immediately followed him, afraid that her son might do something she didn't want.

Chapter 230 - 230 - Slap

"Mother, I'm sure it's not my son," Dae Hyun said with fiery eyes.

Slap!....

A heavy slap landed on Dae Hyun's cheek. As a woman Mrs. Park was furious with his son's actions. She hated the look of a man who didn't respect his wife.

Dae Hyun held his cheek which felt quite hot. Really can not believe what had happened. This was his first time getting slapped from his mother.

"Why did you slap me?" Dae Hyun grumbled.

"It's because you are irresponsible. How can you tell if it's not your fetus?" Mrs. Park shouted trembling.

"Mother, you will see. I'll make sure if it's not my flesh and blood. Mother will regret slapping me." Actually it didn't matter if his mother will be angry with a mistake he did. But this time his mother was willing to defend a cunning woman like Aeri. It just didn't make sense.

Aeri put on a sad face and then roared in front of Mrs. Park.

Without caring for Aeri who was crying loudly, Dae Hyun immediately stepped away. Now he had to immediately see Doctor Kang to ask everything. Doctor Kang must have checked wrongly.

=====

Dae Hyun was now in front of a luxurious house with a modern design. He had sounded the horn since earlier because the occupants of the house had not yet come out. He didn't care if people were bothered by a very loud horn.

Doctor Kang massaged his temples hearing the noise in front of his gate. Thinking if he didn't come out then Dae Hyun will leave his house. It was wrong, the man never gave up. Made Doctor Kang felt bad with his neighbors.

With lazy steps, Doctor Kang finally opened the gate. After leaving, a silver Maybach car went straight into the yard without being invited. Looked like Dae Hyun will get really mad at him.

The car stopped right in front of the porch. So Doctor Kang walked straight to him.

"Can you not make a fuss on nights like this?" Doctor Kang grumbled as he approached the owner of the car who had just got out.

"It's because you made a fuss first," Dae Hyun said with a cold face.

"I'm just telling the truth but you just blame me," Doctor Kang grumbled.

"I don't care. It's still all because of your fault," Dae Hyun said with such determination that it felt like he wanted to fight with Dae Hyun.

With wide strides, Dae Hyun led Doctor Kang into the house and then sat on the sofa. One leg crushed the other. The look in his eyes looked so scary, but Doctor Kang acted normal.

"What are you doing on nights like this making noise in people's homes?" Doctor Kang grunted, pretended not to notice his friend's annoyance.

"Don't pretend as if you don't know!" Dae Hyun said in a cold tone. His Adam's apple rose and fell with his eyes closed briefly.

"Then, now what do you want?" Doctor Kang asked as he folded his arms across his chest.

"Can a baby in the womb do a DNA test?" Dae Hyun asked directly because that was what he wanted so badly to ask. If he wait for the baby to be born it will take a very long time. Soo Yin might even have given birth first.

"Yes," Doctor Kang said shortly.

"But...." he continued.

"What do you mean, there is butts?" Dae Hyun, who had started to feel relieved, now felt angry again because Doctor Kang played with his feelings. Dae Hyun firmly grabbed Doctor Kang by the collar.

"Calm down a little," Doctor Kang said to reduce Dae Hyun's emotions. It was very difficult to talk to a man who was already emotional.

"Calm down? It's because of you who examined Aeri. You must be mistaken for thinking she is pregnant," Dae Hyun said with great emotion. There was no calm in his heart before he knew whether a DNA test could be done or not.

"I'm only telling the truth if Aeri is pregnant. Are you sure if the child she is carrying is not yours?" Doctor Kang asked as he tried to break free from Dae Hyun's grip.

"Do you think I'm lying! She did set me up but that was only a few days ago. Was it that quick to become a kid right away?" Dae Hyun asked uncensored.

"Calm down, lower your hand from my neck. I'll tell you the estimated age of her pregnancy," Doctor Kang said.

Dae Hyun took a deep breath then took off Doctor Kang's collar. He returned to sit on the sofa.

"Say how old is her pregnancy?" Dae Hyun asked, who couldn't wait.

"I estimate that her pregnancy has reached more than one month. But that is only my estimate. If you think you just did it a few days ago then it's certain that it's not your child. But are you also sure you never did it before?" Doctor Kang said a little explaining everything. Even though he was not a gynecologist, he was also studying it more or less because after all a general practitioner needed to know many things.

"Of course, I only did it with Soo Yin. Now what should I do to prove that the fetus is not mine?" Dae Hyun asked while massaging his temples.

"You better pretend to take Aeri to check her pregnancy age. If it's true as I thought then you need to do a DNA test on the fetus. But DNA testing is not as easy as it is done. DNA testing for fetuses can only be done after 14 weeks of pregnancy," Doctor Kang said.

"Should I wait that long?" Dae Hyun rubbed his face in a huff.

"It won't take long, maybe about a month and a half to do it. But you have to do it quietly because I'm sure if Aeri finds out about this, she won't want to do it," Doctor Kang suggested. That was the only thing he could do to calm Dae Hyun.

### HIDDEN WIFE : BEST HUSBAND

Chapter 231 - 231 - Can Sleep Well

"You're not trying to lie to me, are you?" Dae Hyun asked while narrowing his eyes.

"Why did I lie? I'm just telling the truth. I feel sorry for Soo Yin if she finds out Aeri is pregnant, she must be very depressed." Doctor Kang sighed softly remembering Soo Yin's face which looked so cheerful. At such a young age she had to experience this.

"You don't have to think about my little wife. What you're going to do right now is helping me find a doctor I can work with. I need the results of a DNA test to convince my mother," Dae Hyun said.

"You also have to say this to Soo Yin. Don't let her hear this from other people because sooner or later the news of Aeri's pregnancy will spread. For a doctor you can work with, you don't need to worry, I'll help you find it," Doctor Kang said.

They chatted for a long time about their future plans until it was almost midnight without knowing it. Now Dae Hyun felt calmer because he didn't have

to wait for the child to be born again to have a DNA test done. He only needed to wait another month and a half so he hoped Aeri would give up.

Dae Hyun immediately left Doctor Kang's house. Now confused about choosing a destination, go back to the hotel whether to Pyeongchang-dong villa. But it seemed like he had to do what Doctor Kang suggested. It could be that the news about Aeri's pregnancy tomorrow morning will spread.

With high speed Dae Hyun chose to return to the Pyeongchang-dong villa to meet his little wife. Once he arrived, it turned out that Soo Yin had slept very soundly. Not wanting to wake her up, Dae Hyun cleaned himself slowly so as not to make a sound that could disturb his little wife's sleep.

Once he came out of the bathroom, the blanket no longer covered Soo Yin's body. Her body, which only used red lingerie, looked very seductive. That was the instinct of men when they saw food in front of their eyes.

Dae Hyun immediately got rid of the dirty thoughts in his mind. Continued to convince himself if there was his future child that he must taken care of. Dae Hyun immediately covered Soo Yin's body with a blanket and then slept beside her.

Hopefully tonight he can sleep well after what happened. Hopefully Aeri's pregnancy had entered week 14. That way he won't have to wait for too long.

=====

Villa Pyeongchang-dong.

Soo Yin yawned as she stretched her hands forward. Last night, she slept soundly, apparently because Dae Hyun didn't bother her. With her eyes closed, Soo Yin stretched her leg muscles forward in a kicking motion.

Bugh....

There was a sound like a falling object. Soo Yin immediately opened her eyes to find out what happened. The voice sounded very close from her bed.

"Ouch!" Dae Hyun who was lying on the floor under the bed groaned. This was the second time sleeping with Soo Yin made him fall.

"Who is that?" Soo Yin hurriedly got up to see who had fallen. As a meant of self-defense, she used a pillow, maybe it was a bad person who entered her room.

When she poked her head, only Dae Hyun's feet that could be seen, so Soo Yin immediately threw a barrage of punches at Dae Hyun's body hard from the bed. She will make calculations to people who had dared to enter her room. Even sleeping beside her.

"Honey, stop it," Dae Hyun said because Soo Yin kept hitting his face. His head that hit the floor was sore.

Soo Yin stopped her actions after hearing the voice of a man she was very familiar with.

"Honey, it turns out to be you?" Soo Yin frowned to see that it was her husband who she hit. She thought there was a stranger in her room.

"How could you hit my face," Dae Hyun muttered, while trying to sit up.

"I thought you were a foreign man. Why are you here? Didn't you say that you were going back to UN Village? Why are you suddenly here now?" Soo Yin asked repeatedly.

"I've been there for a while and after that I came back here because I missed you too much," Dae Hyun said. Now he sat on the side of the bed with Soo Yin.

"Why didn't you not stay there? Usually Jo Yeon Ho really wants you to sleep with him," Soo Yin said with a frown. It seemed like something went wrong.

How could Jo Yeon Ho ask for it because they didn't even meet. Infuriated with his emotions made him forget about his son.

"I just want to be here with you," Dae Hyun said as he leaned his head on Soo Yin's shoulder. Leaning on the shoulder of the loved one felt very comfortable. The heavy weight on his shoulders felt lighter now.

Soo Yin wrapped her arms around Dae Hyun's back. At times like this, Soo Yin felt that Dae Hyun was not a strong grown man. There was a weakness in sight.

"Can I just be like a child again only for one day?" Dae Hyun asked. The slap his mother did was quite painful. Even so, Dae Hyun didn't hate his mother at all. In fact, his hatred for Aeri was growing. He currently missed the mother who used to spoil him as a child.

"How could you, you're too old to be like a child again. Aren't you ashamed of our future child?" Soo Yin chuckled in amusement at her husband's utterly absurd request.

"Why am I embarrassed in front of my son. You know, last night my mother had the heart to slap me," Dae Hyun said in a sad voice. He grabbed Soo Yin's hand then put Soo Yin's palm on his cheek.

"Why?" Soo Yin tilted her head to see Dae Hyun's face.

"Mother is angry because I do not accept Aeri's fetus that is not mine." Dae Hyun raised his face to meet Soo Yin's eyes. As if there was no lie in his eyes.

"Aeri is pregnant?" Soo Yin widened her eyes in disbelief. Until her eyeballs almost fell. How could that woman be pregnant when her husband said that they never had sex except for that night.

### HIDDEN WIFE : BEST HUSBAND

Chapter 232 - 232 - Not My Son

Her chest cavity had a hole again hearing that. Her heart ached after believing so much but it seemed like her trust was meaningless in Dae Hyun's eyes. It might be true that she was just a girl who didn't deserve to be in Dae Hyun's heart. Instantly Soo Yin's face turned grim.

Dae Hyun realized that his little wife had changed so he immediately lifted his head off Soo Yin's shoulder. He gripped Soo Yin's fingers tightly.

"Believe me, even though Aeri is pregnant, the fetus is not my child. I am very sure of it. According to Doctor Kang, it is impossible after the incident a few days ago to get pregnant immediately. The signs come too soon." Dae Hyun immediately explained to Soo Yin a little about everything that happened last night before losing Soo Yin's trust.

Soo Yin closed her eyes, tried to believe what her husband said. But somehow her heart still hadn't recovered from the pain.

"How do you know if that's not your child?" Soo Yin needed an explanation because she didn't understand anything about it.

"I'm going to do a DNA test, after Aeri's pregnancy reaches the 14th week," Dae Hyun said.

"Isn't DNA testing only possible after the baby is born?" asked Soo Yin.

"I've asked Doctor Kang if all of that can be done. According to doctor Kang's estimate, Aeri's pregnancy has reached 6-7 weeks. In one and a half months I will take her to the hospital for a check-up," Dae Hyun said.

"You don't intend to test the child in my womb?" Soo Yin asked with a sad face. For some reason now she felt quite offended by Dae Hyun's words. Afraid if Dae Hyun didn't trust the fetus in her womb.

"That's because it is definitely my child," Dae Hyun said with a smile.

"What if not?"

"That's impossible. There's no way you love a man other than a handsome man like me," Dae Hyun said with a wink.

"You are too confident," Soo Yin sneered as she rolled her eyes.

"Of course, otherwise there's no way I can get you." Dae Hyun rested his head on Soo Yin's shoulder again.

"Of course mom slapped you. She must have thought that you were an irresponsible man," Soo Yin guessed.

"Hmmm, that's right. Believe me if Aeri didn't set me up at that time, there was no intention of betraying you," Dae Hyun said sadly.

"If it's not your child then whose child?" Soo Yin asked curiously.

"I don't know, maybe Han or Lee Young Joun's child," Dae Hyun said nonchalantly. He didn't care at all about the father of the fetus.

After telling Soo Yin honestly. He didn't need to worry if she heard it from other people tomorrow. Fortunately, he followed the advice of Dr. Kang so it was not too difficult to explain.

Today they were not working so they can relax all day at home. Dae Hyun will use it to do beautiful things with Soo Yin. Not to forget, Dae Hyun had even turned off his cell phone so he wouldn't be disturbed.

=====  
The vast expanse of meadow stretched as far as the eye could see. The green color of the grass and leaves made the eyes feel very cool. Soo Yin was in awe of the sight in front of her. She continued to jog, while humming cheerfully.

Today Park Soo Hyun invited Soo Yin to go on a trip while they were on the day off. Seeing her put on such a cheerful face, Park Soo Hyun couldn't wait for a month. But should he ask now? It had been quite a few days since he couldn't concentrate because he thought too much about it.

"Park Soo Hyun, come here," Soo Yin said, while waving her hand so that Park Soo Hyun came over to her.

This was the first time Park Soo Hyun had heard Soo Yin called him by his name. Usually his idol calls him with the word 'sir'. It made him very uncomfortable. It was like there was a barrier between them for being too polite.

Happily, Park Soo Hyun walked over to Soo Yin.

They were currently in a place away from the bustle of the city. The village that was still beautiful could be seen not far from where they were currently standing. It was the village that Park Soo Hyun dreamt of inviting his loved ones to come to that place. There was no internet in this place, not even electricity. Really natural and away from the hustle of the city.

Park Soo Hyun deliberately invited her to that place so that no one could disturb them. Especially his own brother who seemed to really dislike his closeness to Soo Yin. If Soo Yin had accepted his proposal, he didn't need to worry about Dae Hyun.

"Soo Yin, don't go too far!" Park Soo Hyun exclaimed.

"Hurry up a little" Soo Yin shouted whose voice was carried away by the wind so that it was not too audible.

Soo Yin's smile really made him intoxicated. Every night dreaming of it made Park Soo Hyun did not want to wake up from his sleep.

Park Soo Hyun immediately ran after Soo Yin, after being near her, immediately he hugged her waist.

Soo Yin tried to avoid him but it was too late, now her little body was in the arms of Park Soo Hyun who wrapped her in his arms from behind.

"Soo Yin, can I ask you something?" Park Soo Hyun said with a feeling of nervousness.

"What?" Soo Yin asked as she tilted her face toward he back.

"Can you answer my question right now?" Park Soo Hyun asked.

"Didn't you give me a month to think?" Soo Yin asked by knitting her eyebrows.

"It's been so long, I can't wait to hear it," Park Soo Hyun whispered in Soo Yin's ear sensually.

Soo Yin turned around until their current positions were both facing each other. Park Soo Hyun was very nervous because Soo Yin kept staring at him. Even though usually the one who felt very nervous was a woman. Looked like the world was turning into its wrong direction.

"Which question?" Soo Yin asked with an innocent face that was still natural and full of simplicity. Wished if the man in front of her said it one more time.

About my proposal at that time," Park Soo Hyun said with a frown.

Soo Yin immediately grabbed something from her pants pocket then hung it in front of his eyes. It was a necklace that Park Soo Hyun gave at that time.

"You brought it?" Park Soo Hyun's face immediately lit up when he saw the necklace being carried by Soo Yin. Unexpected if his idol brought it to this place too.

With a pounding heart, Park Soo Hyun immediately grabbed Soo Yin's fingers. Before speaking, he inhaled a breath from his nose then let it out of his mouth. This was enough to reduce his nervousness.

"Soo Yin, will you be my wife?" Park Soo Hyun said courageously. His patience had ran out even though he had only waited a few days. He wanted to immediately announce to the world that they were a very good match.

Soo Yin blinked a few times with a smile that was so sweet on her thin lips. She smiled in silence for a while before finally nodding her head.

"Do it one more time," Park Soo Hyun ordered as he rubbed his eyes with one hand. Afraid if he saw wrong, he thought Soo Yin nodded but turned out to shake her head.

Soo Yin complied with Park Soo Hyun's request so she nodded her head once again.

"Does that mean you accept me?" Park Soo Hyun asked with a happy face.

"Hmmm," said Soo Yin shyly.

Hearing the answer from his idol girl, Park Soo Hyun immediately lifted Soo Yin's body for a moment then lowered his back. He hugged Soo Yin's body very tightly.

"Now put this necklace around my neck," Soo Yin asked.

Park Soo Hyun put the necklace around Soo Yin's neck from behind.

"It's so pretty," said Soo Yin as she looked closely at the pendant with the shape of love.

"It's because you wear it. If it's another girl, it won't be that pretty," said Park Soo Hyun.

"Thank you, for being willing to be my future wife. I promise I will try to make you happy," Park Soo Hyun continued. Now his heart was really relieved after hearing the answer from Soo Yin.

Only nod Soo Yin did because she couldn't speak beautiful words to reply.

"Soo Yin, since we are lovers. May I ask you one more thing?" Park Soo Hyun said with hope that Soo Yin would do it.

"Say it, while it's not hard I will definitely do it," said Soo Yin.

Park Soo Hyun didn't answer. He just gave the code by placing his forefinger on his lips. It would be embarrassing to say it outright to ask for a kiss for the first time.

"Close your eyes first," Soo Yin said shyly.

Park Soo Hyun obeyed Soo Yin's request to close his eyes so that he immediately closed his eyes and put his lips a little forward, preparing to receive Soo Yin's kiss. It felt like his heart was beating wildly. He felt between happy and nervous at this time. This was the first time a Park Soo Hyun had asked a girl for a kiss.

"PARK SOO HYUN! Wake up right now!" Mrs. Park shouted while shaking her son's body. Didn't know what he had dreamed of so he fell asleep with his own smiles.

"Mother?" Park Soo Hyun widened his eyes. Why was there his mother, wasn't he was with Soo Yin in the meadow?

"Where's Soo Yin?" Park Soo Hyun asked with a look on his face that looked confused because it all happened so fast.

"Soo Yin, of course your idol girl is in her house," Mrs. Park said with a frown.

"But... but I was with Soo Yin, Mother," Park Soo Hyun said.

"Never mind now you wake up to find the whereabouts of your brother because his cell phone number is not active," Mrs. Park said.

"What is going on?" Park Soo Hyun asked limply. It turned out that all of that was just a dream.

"Aeri threatened to kill herself. Hurry up, you go to find your brother now. Mother must return to Aeri's room." Without waiting for Park Soo Hyun's answer, the middle-aged woman had disappeared behind the door.

Park Soo Hyun sat up and then rubbed his face in anger. It looked very real, it was unexpected that it was just a dream.

This morning was supposed to be his longer resting time, but unfortunately, his sister-in-law threw a tantrum. Inevitably, Park Soo Hyun drove his car back and forth to look for his brother's whereabouts.

No wonder if Dae Hyun gave up on his household with Aeri, he thought because his brother could not stand Aeri who was too dramatic.

Still wearing his pajamas from last night, Park Soo Hyun entered the hotel after he went to various places his brother might be. Didn't change clothes, he didn't even had time to wash his face.

Disheveled hair and sleepiness still lingered in his eyes, Park Soo Hyun walked through the hallway to his brother's room. The female workers seemed so fascinated by his natural beauty. Made them did not stop looking at Park Soo Hyun. This was the first time they saw their boss did not dressed in a formal dress.

With a disheveled face, Park Soo Hyun didn't care, he casually headed straight to his brother's room.

When he opened the door, the room was empty.

There was no one in the room. Even Park Soo Hyun had checked every corner of the room but still, he wasn't there.

"Where is he actually?" Park Soo Hyun grumbled with annoyance. If only he had stayed at home there would be no need to bother looking for him. Now he didn't know where to look.

Came up with an idea for him, Park Soo Hyun immediately contacted Chang Yuan to ask for his help. After succeeding, Park Soo Hyun decided to just go to his room.

There was also a room for him because if he worked overtime he often used it to stay overnight. Stretching his muscles while standing up, Park Soo Hyun then dropped himself on the bed. He still wanted to dream with Soo Yin like last night.

How happy it would be if all of that had happened. Too bad his mother woke him up at the most thrilling moment.

Park Soo Hyun also believed that his sister-in-law would not do such stupid things. In the past, she often made threats like that, but in fact she was still alive.

[HIDDEN WIFE : BEST HUSBAND](#)

Mrs. Park was very worried if Aeri was reckless, so she asked Sun Book to come so she can calm Aeri down.

Since the dawn, Aeri had been screaming and crying while trying to slice her veins using glass. She was devastated that Dae Hyun did not recognize the child she was carrying. Of course this was all just a drama. There's no way that Aeri that stupid to kill herself. She used that only to make Dae Hyun submit to her.

Aeri was already feeling tired of doing her acting but Dae Hyun hadn't even appeared yet.

"Mother, it seems that it's true that Dae Hyun has another woman," Aeri said with tears that almost dried up. She hugged Mrs. Park so tightly.

"There's no way Dae Hyun is like that." As a mother, Mrs. Park can only tried to calm her daughter-in-law down. Didn't let her to do something really stupid.

Aeri had heard from Han last night that Dae Hyun openly kissed Soo Yin right in front of his eyes. So that made her quite shocked. She also had her men look for Soo Yin's whereabouts in her rented house but she was not there. Even though she was not sure with what Han said, Aeri was very scared because of her precarious position. Didn't want to let Soo Yin completely replace her position.

Especially if Dae Hyun found out that the child was not his, it was certain that Dae Hyun would definitely kick her out of this house.

"Aeri, calm down. Now calm yourself, if you continue like this it will also endanger your womb," said Sun Book. The look on her face conveyed annoyance to her daughter. If there were no Mrs. Park, she had been wanting to scold her since a long time. She thought that Aeri looked so stupid now.

"Mrs. Park let me accompany Aeri, you should just rest because you must be tired," Sun Book persuaded so that the middle-aged woman would go out of her daughter's room. Besides, she also saw Aeri's tears that had dried up. Her crying acting definitely won't be long.

"It's okay," Mrs. Park said.

Sun Book felt tired since earlier she tried to get rid of Mrs. Park subtly but didn't success. She had been done thousands of ways until now it's almost noon.

"Mrs. Park, you better meet Yeon Ho because surely he is very sad because he was not allowed to come in to meet his mother," said Sun Book while glancing off at Aeri who was sobbing but her tears could no longer come out.

"Right, then I entrust my daughter-in-law to you, Sun Book," said Mrs. Park while releasing Aeri's body. Since earlier she had not thought about how Jo Yeon Ho felt because he was not allowed to enter. Afraid that Jo Yeon Ho will be the target of Aeri's anger. Because since morning Aeri had been throwing her things on the floor.

"Of course," Sun Book said, while smiling faintly.

Finally, the mother and the child can breathe with relief after Mrs. Park walked out of the room.

"Aeri, why are you so stupid like this?" Sun Book sneered.

"Howling non sense and even about to commit suicide. You owe mother a lot. I don't want you to die before making me happy," muttered Sun Book, while glancing sarcastically at Aeri.

"Mother, who wants to commit suicide. I only do it in front of my mother-in-law," said Aeri, while sighing softly.

"Good, I think you really want to do it," Sun Book said, while raising her side lip upward.

"Mother, but I'm really scared right now because it seems like Dae Hyun already suspects that this fetus is not his flesh and blood. Because I just trapped him a few days ago," Aeri said while biting her lower lip.

"Are you still in touch with that poor man?" Sun Book shot Aeri with a sharp gaze.

Right now she felt like wanted to curse her daughter for being so stupid that she still wanted to have a relationship with Han who couldn't give her any money at all.

"Mom, I love him," Aeri said.

"Well, right now, just eat that love. You think love can make you happy? Look, now you've even destroyed everything," Sun Book whispered with emphasis, afraid that someone will hear their conversation.

Aeri bowed regretfully for doing something stupid. Admitted what her mother said if love made her so stupid. But Aeri remembered something.

"Mother, it looks like this fetus is not Han's child." Aeri looked up with wide eyes.

"What do you mean?" Sun Book asked, while narrowing her eyes.

Aeri's heart was pounding again remembering the incident at the restaurant.

"If it's not that poor man's child then whose child will it be? How many men did you do it with?" Sun Book shook her head in disbelief that her child had really become a cheap woman.

"Mr. Lee Young Joun forced me at that time," Aeri said with a pounding heart. Her mind now felt empty.

Now Aeri is very afraid that her position in the house will be threatened. Afraid that what she has been fighting for so far is in vain.

No, she didn't want to bear Lee Young Joun's child. If all of this happened, not only Dae Hyun who would kick her out of the house. Han too will definitely leave her.

"What?" Sun Book exclaimed in disbelief.

"This time, Mother should not blame me. All of this not purely my fault, I also never wanted this to happen," Aeri said.

"So now, what should we do?"

"My head is dizzy, I don't want to think about it. Mother should help me to think," Aeri said.

Sun Book was forced to think hard this time in order to remain a part of the Park family.

Although to be honest she was disappointed with Aeri but what else to do because everything was already done.

"Why did you meet that jerk?" asked Sun Book.

"I wanted to work with him. But he tricked me." Aeri hid her head under the pillow.

"Calm down, we will definitely find a way out."

## HIDDEN WIFE : BEST HUSBAND

Chapter 235 - 235 - I Want You

Pyeongchang-dong Villa.

Early in the morning Soo Yin took Dae Hyun for a walk around the villa's complex. They did a short morning walk because light exercises were also important for a woman who currently was pregnant. Only a few meters away because Soo Yin chose to sit in the garden. On the way home, Dae Hyun even carried her back to the villa.

After finishing a little activity, Soo Yin's body stifled. In order to wait for her husband to prepare lunch, Soo Yin decided to take a bath in water filled with roses.

The aroma was so fragrant that it can relax her body. Soo Yin closed her eyes so that she didn't know that Dae Hyun was standing in front of her now. The unlocked bathroom door made it easy for Dae Hyun to enter. At first Dae Hyun only intended to take her out to eat. But reality sometimes didn't go according to the original plan.

Dae Hyun was still standing while looking at Soo Yin's body which was without a single thread. Even though her body was partially covered in flowers, Dae Hyun could still see it. Made something in his body woke up.

Dae Hyun started to unbutton his shirt one by one. Throwing it in any direction along with his pants. He could no longer hold back his desire now.

Soo Yin widened her eyes when she felt someone enter the bathtub. Moreover, seeing Dae Hyun who was not wearing his clothes.

"Honey, what are you doing?" Soo Yin asked while subconsciously shifting her body to make a place for Dae Hyun to sit beside her.

Dae Hyun smiled at the response of Soo Yin who had shifted her seat. Dae Hyun deftly chose to sit behind his little wife.

"Honey, you look so seductive," Dae Hyun whispered sensually in Soo Yin's ear, interspersed with a little biting of her earlobe.

"Silly," Soo Yin moaned in a muffled voice. Instantly there was a feeling of amusement all over her body which made her stomach tingle unbearably.

"Is it true?" Dae Hyun deliberately bit a small bite of the tip of Soo Yin's earlobe.

Now Soo Yin's body felt hot because Dae Hyun's naughty lips continued to guerrilla on her collarbone. She can also felt Dae Hyun sipping her neck, leaving red marks. If like this, it was certain that tomorrow she will not be able to leave the house.

As much as possible, Soo Yin held back her desire but Dae Hyun was too smart to make her like she was floating up to the seventh heaven. Until Soo Yin unconsciously let out a sigh with a hoarse voice. Made Dae Hyun even more excited because he even felt the same way since earlier.

"Honey, I want you now," Dae Hyun whispered into Soo Yin's ear, caused an even more irresistible swish effect.

Under the half-remaining consciousness, Soo Yin tried to regain consciousness as it was daytime. There was no way they could do it in broad daylight like this.

"It's already noon, aren't we going to have lunch," Soo Yin said in a hoarse voice. Tried to shift her body forward a little so she can stand up.

"So what if we do it during the day?" Dae Hyun had his hands wrapped around Soo Yin's waist before she could get away from him.

"Didn't Doctor Mi Young say that we shouldn't do it too often," Soo Yin said with a roaring sigh because Dae Hyun's hands had even started to mischievously playing with her two sensitive objects.

"We haven't done it in a while." Dae Hyun turned Soo Yin to face him. Looked at her with a misty gaze.

Seeing her husband who already looked foggy, Soo Yin became discouraged. Actually a day ago Soo Yin had a few spots back so she contacted doctor Mi Young to consult of what to do now. Doctor Mi Young only advised not to do strenuous physical activity including having sex. But if she saw her husband currently, it made her feel bad. Hopefully nothing will happen after this like that time.

"Okay, but promise me you have to take it slow. I don't want anything to happen to our future child," Soo Yin said while sighing softly.

"I promise to do it slowly and will not hurt our children," Dae Hyun said then kissed Soo Yin's forehead for a moment.

"I don't want to do it here," Soo Yin whispered.

"Alright," Dae Hyun said with a meaningful smile.

Dae Hyun went down first and then took a towel for the two of them. In a bridal style, Dae Hyun carried Soo Yin's body out of the room with their lips playing with each other as if they didn't want to stop even for a moment.

Soo Yin wrapped her hands around Dae Hyun's neck to make it easier for their lips to stick together.

When he lied Soo Yin's body down on the bed, Dae Hyun let go of the kiss. In a single pull, the towel that covered Soo Yin's body immediately fell off. With a

reflex, Soo Yin immediately covered her body with both hands. Even though Dae Hyun had seen her in this condition many times, Soo Yin still felt embarrassed. Especially when the room was brightly exposed to incoming sunlight.

Dae Hyun carved a meaningful smile at his wife who was still shy. Dae Hyun quickly locked Soo Yin under him. Tracing her beautiful face with his finger. Meanwhile, Soo Yin chose to look away because her blood was now starting to swish. Gradually she closed her eyes while biting her lower lip because Dae Hyun started to play with her sensitive area again.

"Don't bite your lip later it hurts," Dae Hyun said hoarsely.

"You make me unable to hold it," Soo Yin said as she pursed her lips.

"Then let out what you feel." Dae Hyun again crushed Soo Yin's open lips so that his tongue can crawl in and explore every corner of his wife's mouth.

Soo Yin grabbed Dae Hyun's hair very hard to vent the desire that was already on the crown.

"Can I do it now?" Dae Hyun asked once again to make sure that his little wife was ready, even though he already knew her body's reaction.

Soo Yin finally nodded her head with wistful eyes and breath.

After getting the agreement, Dae Hyun did it very slowly so as not to shake his wife's stomach too much. Although they were not very satisfied, there was a baby that they had to take care of at this time.

The sound of sighing and groaning could be heard shouting to each other in the soundproofed room so that even someone outside the door would not be able to hear them.

Even though they hadn't doing it only for a few days, for Dae Hyun it had been a long time. Right now they felt like going back to Jeju Island, back then where nothing bothered them.

Dae Hyun finally collapsed next to Soo Yin with sweat drenched his body. What he did this afternoon was quite tiring. There are feelings of pleasure and anxiety mixed together. With a steady breath, Dae Hyun closed his eyes.

### HIDDEN WIFE : BEST HUSBAND

Chapter 236 - 236 - You Can't Come

Soo Yin was still lying with Dae Hyun's hand as a cushion. She still closed her eyes to treat a little of tiredness.

Dae Hyun's cell phone sounded, which kept ringing several times. It was upsetting Dae Hyun, knowing that it must be Chang Yuan who called his number. Only Chang Yuan who knew about his new cell phone number because the usual one was being deactivated.

Dae Hyun used his left hand to reach his cell phone which was on the bedside right beside the bed. After checking it, it turned out to be a video call. This was the first time Chang Yuan had video called him.

"What's calling me?" Dae Hyun asked with a flat face.

"Sir?" Even though he thought that his boss was alone with his young wife. But it was unexpected that Chang Yuan had to see the faces of the two of them who looked exhausted. Chang Yuan could also see Dae Hyun's shirtless body.

Soo Yin opened her eyes when she heard a sound which disturbed her sleep quite a bit. She immediately kissed Dae Hyun's cheek because she thought it was just a call, not a video call.

Soo Yin's eyes were perfectly rounded when she saw Chang Yuan's face on her husband's cellphone. She then smiled shyly so that she covered her head with a blanket.

Chang Yuan's expression turned flat. Regretted to have made a video call. Should have made a normal call earlier so he wouldn't see the sight that gave him a stomach ache. His young wife also couldn't keep her attitude in front of a single man like him.

"Assistant Chang, what's the matter calling me?" Dae Hyun asked with a slightly annoyed face because Chang Yuan had contacted him at a bad time.

"Y... your brother called me earlier. Said that Mrs. Park asked you to come home. There was a little chaos at home," Chang Yuan said with a little stammer. Seeing his boss who seemed to be passionate about his young wife made him very uncomfortable.

"So, you only bothered me because of that? I can already guess what chaos happened. Surely Aeri wants to end her life, right? If so, I already knew about it," Dae Hyun said. It's up to you if Aeri will commit suicide. In fact, it must be just a threat. Aeri had said it since a long time, but it never happened.

"I'm sorry, sir. Then please continue. I will not disturb Mr. and Miss," Chang Yuan said.

"Hmmm, alright."

Dae Hyun immediately turned off the video call. Then tossed the cell phone over the nightstand again. Until it made a loud sound of collision.

Soo Yin lowered the blanket from her head a little to peek if Dae Hyun had finished his call.

"Are you done?" Soo Yin asked.

"Yes, don't hide your head anymore. No need to be afraid because it's just Assistant Chang who called," Dae Hyun said as he rubbed Soo Yin's shoulder.

"I know but I'm embarrassed because I kissed your cheek in front of Assistant Chang. He must be uncomfortable seeing it," said Soo Yin who had all her head out of the blanket.

"What are you ashamed of, there's no need to be ashamed because you did it for your husband," Dae Hyun said with a smile.

"I can't afford to meet with Assistant Chang tomorrow," Soo Yin said, blushing.

"Here I treat you so that you are not embarrassed anymore." Dae Hyun now changed his position by sleeping on his side so he can see Soo Yin's face.

"How?" asked Soo Yin with an innocent face.

Dae Hyun cupped Soo Yin's cheeks and then looked at her closely, made Soo Yin could not blink her eyes. She was currently stunned by the good looks of the adult man in front of her.

Dae Hyun then alternately kissed Soo Yin's cheek then turned to her eyes and nose. Soo Yin stopped Dae Hyun when he was about to trace her neck. It was certain that Dae Hyun will definitely do it again.

"Enough! My stomach is very hungry. Do you want our child to starve in there?" Soo Yin grumbled as she tried to sit up with her hands on her back.

Finally Dae Hyun only sighed in resignation if she had said that she was starving.

"Alright, now let's take a shower first and then have lunch," said Dae Hyun, who had also sat down.

"I take a shower alone because you will definitely interfere," Soo Yin said, who had shifted her body to the side of the bed. Her feet were already on the floor with her body still covered in a blanket.

"No, I promise I won't do it again," said Dae Hyun as he raised his two fingers with a meaningful smile.

"Watch out if you're lying," Soo Yin threatened while narrowing her eyes.

"I will not."

Dae Hyun was now standing while wearing only shorts then immediately carrying Soo Yin's body into the bathroom.

The bathroom now sounded like an occasional laugh, which was quite crunchy from the lips of Soo Yin and Dae Hyun who joked, accompanied by the gurgling of the pouring shower. They rubbed each other's bodies until it was finally over.

After finishing the shower, Dae Hyun immediately invited Soo Yin to the dining room. As promised at that time, Dae Hyun prepared a meal for Soo Yin while at the Pyeongchang-dong villa. He did not want to miss their time together, which was not much time.

Soo Yin always liked whatever her husband cooked. For her there were no food that tasted better than what her husband made.

"Honey, the next few days I might not be able to accompany you," Dae Hyun said. He just finished eating.

"Why?" Soo Yin knitted her brows together. Her facial expression turned sad.

"I'll be out of town but it won't be long. It's only about two days," Dae Hyun said, who could capture the sadness in Soo Yin's heart.

"Can I come?" Soo Yin asked hopefully. She did not want to be away from her husband.

"Sorry, I can't invite you. Because if you are with me then I might not be able to work," said Dae Hyun.

Soo Yin pursed her lips. Actually she really wanted to come along. If Dae Hyun wasn't around then her life would be unpleasant even for a few days.

"I promise I only stay one night there. I'm afraid I'll hurt our child. Do you want something happens to the baby?" Dae Hyun asked as he sat with his hands on the table.

"Alright," Soo Yin said with a chuckle.

"Where are you going?"

"To Nami Island again because the project there hasn't been completed. I also did it for you and our baby," Dae Hyun said.

"Don't forget to bring me gifts," Soo Yin said.

"Of course, I'll buy you whatever you want," Dae Hyun said while ruffling Soo Yin's hair.

Dae Hyun's greatest wish is that they will age together without anyone intending to separate them.

Although a little disappointed that she can't join, Soo Yin can accept the reason. It was true that if she came she would interfere with her husband's work.

### HIDDEN WIFE : BEST HUSBAND

Chapter 237 - 237 - Overnight At UN Village

With great force Dae Hyun finally returned to UN Village after Chang Yuan contacted him again. This was not because of Aeri, but because Jo Yeon Ho

was whining saying that he wanted to meet him. Even though Dae Hyun knew that it was just Aeri's trick, hearing Jo Yeon Ho who was whining made him feel bad. It had also been a long time since he didn't interact with his son.

Dae Hyun purposely came home late at night when it was time for everyone to rest. He was tired of arguing and making a fuss.

Park Soo Hyun also just came back from the hotel even though since noon his mother had been calling him continuously. He was lazy to be bothered just for the problem of his sister-in-law who really liked drama.

He was just coming from the kitchen when Dae Hyun came into the house.

"Hyeong, where are you actually? I looked for you around Seoul but couldn't find you," Park Soo Hyun grumbled as he folded his arms across his chest. His body was leaning against the iron stair railing.

"Is it true that you were looking for me? Didn't you sleep in hotel all day?" Dae Hyun said, while raising an eyebrow. He knew that because he sent a message to Soo Yin to come to the hotel. But unfortunately the message was just read this afternoon.

"That's ... it's because I'm tired so I take a break first," Park Soo Hyun argued.

"Wait! How did you know that?" Park Soo Hyun continued while narrowing his eyes. Felt suspicious of his brother because he remembered that he did not telling anyone except Soo Yin.

"From the hotel worker," Dae Hyun said quickly.

"You don't have to bother looking for me because I'll go home by myself if I want to," Dae Hyun said with a flat face. Then climbed the stairs to go to his son's room.

"You're ungrateful. You don't even care about sister-in-law," Park Soo Hyun sneered with an irritated snort.

Dae Hyun could vaguely hear what his brother was saying. So he stopped his steps for a moment then looked back.

"If you care about her. Please take her," said Dae Hyun casually without fear if Aeri heard him.

"You jerk!" Park Soo Hyun cursed while glowering at Dae Hyun. Indeed, who wanted his rubbishes?

Dae Hyun continued to walk up the stairs without listening to his sister who kept grumbling incoherently. There was a feeling of anger every time he met his eyes after the night where he found out that his younger brother proposed to his wife. However, according to the promise he made with Soo Yin, he can only hold back his frustration. After all, why get angry if Soo Yin only loved him.

When he passed his room with Aeri, Dae Hyun did not glance at it or intend to enter there. It's not that he was too cruel to her, but it's just that he didn't want to get caught in her trap again.

Check ...

Dae Hyun turned the knob to Jo Yeon Ho's room, which was not far from his room. The room was dark, even though Jo Yeon Ho never slept in the dark because he won't be able to sleep. He reached for the switch while feeling the wall.

As expected, the room was empty, uninhabited. Dae Hyun sat on the side of the bed while massaging his temples. It must be that this time Jo Yeon Ho was with her mother. It turned out that the woman was very smart, using Jo Yeon Ho to get him home.

Sleepy eyes made Dae Hyun choose to lie on Jo Yeon Ho's bed. Even though his hope was that he could sleep with his son and read a fairy tale he had not done for a long time.

Aeri had deliberately invited Jo Yeon Ho to sleep with her tonight knowing that Dae Hyun was coming home. But after waiting until late, Dae Hyun didn't even show up.

"Shit!" Aeri grumbled as she glanced at Jo Yeon Ho, who was already asleep. She shouldn't have asked Jo Yeon Ho to her room so she could be free. Her hands gripped the sheets very tightly. She wanted to take all her anger out on her son.

Drrttt ...

Aeri's cell phone that was located beside her suddenly vibrated. Got ready to scold Han if he was the one calling her on nights like this. Because she was reminded him not to contact her for a while.

"Eunnie, have you fallen asleep?" There was a woman's voice from across the phone even though Aeri was getting ready to curse.

"What is wrong?" Aeri asked briefly. After understanding the voice it turned out to be Li Sa's voice.

"Eunnie, can we meet tomorrow?"

"I can't go anywhere right now. If there is something important just say it," said Aeri, while rolling her eyes. If she called she will definitely want to ask for help.

"Eunnie, please help me get rid of Jean," Li Sa whined.

"Why?"

Aeri stepped out onto the balcony for fear that Jo Yeon Ho would wake up from his sleep when he heard their conversation.

"I met Park Soo Hyun on the street. He said... he..." Instead of finishing her sentence, Li Sa bursted into tears.

Aeri massaged her head while snorting. She poured her heart out even though Aeri herself was having a very big problem.

"Tell me what happened?" Aeri was getting impatient. Didn't want to let Li Sa also made her even more angry because she called her at nights like this.

"He said if he already had a future wife. I'm sure if she was that poor girl. I got a photo of them together at the Sky Rose Garden. Eunnie, please help me how to get rid of her," Li Sa said.

Aeri let out a long sigh, she couldn't even get rid of Soo Yin from Dae Hyun right now. Should she take care of Li Sa's life too?

"Li Sa, sorry I can't help you this time because I'm in trouble too. Your cousin has dared to seduce my husband, I even wanted to get rid of her but couldn't. I also couldn't find her whereabouts," said Aeri.

"So, Soo Yin really seduced your husband?" Li Sa said in a voice that was loud enough to make Aeri took her cellphone a little away from her ear.

"Well, now our relationship has become tenuous because of that girl. I shouldn't have let her approach my husband from the start. Do you know her home address? I've been trying to find it but I couldn't find it," said Aeri. What's wrong with telling everything to Li Sa, maybe she can help her because what Aeri knew was that Li Sa really hated Soo Yin.

"I also do not know her whereabouts. But it looks like we can work together to get rid of them," said Li Sa.

"How to?"

Li Sa began to tell how her idea was. Aeri kept nodding her head as she walked around while listening to Li Sa who spoke. It turned out that Li Sa's idea could be considered. Next, they only needed to carry out the plan.

They continued chatting unconsciously until the early hours of the morning. Aeri was very lucky to know Li Sa because she was quite reliable too.

Chapter 238 - 238 - What Happened To Aeri?

The ringing alarm woke Dae Hyun from his deep sleep. With eyes closed, his hands fumbled around the bed because he thought he was still in the Pyeongchang-dong villa with Soo Yin.

"Honey, what time is it?" Dae Hyun asked as he grabbed a small hand above not far from his side.

With his eyes still tightly closed, Dae Hyun thought Soo Yin's hand was not that small so he hurriedly opened his eyes.

Two small shining eyes were staring into his eyes at this time. Dae Hyun blinked over and over at the pair of balls that were brightly colored and were so adorable.

"Yeon Ho?" Dae Hyun said while rubbing his eyes. He was still trying to digest it because he thought he was still in the villa.

"Why are you sleeping in here alone?" Jo Yeon Ho asked.

Dae Hyun immediately sat up and then leaned on the side of the bed. He started to remember that last night it turned out he went back to UN Village. Fortunately, he didn't mention Soo Yin's name.

"Father ... I fell asleep last night while looking for you but you weren't here," Dae Hyun said nervously.

"I slept with mom last night. Why didn't you sleep with us?" Jo Yeon Ho said with a disappointed face.

"I overslept and even though I was going to be there in a moment." Dae Hyun stroked Jo Yeon Ho's hair. There was a feeling of guilt seeing Jo Yeon Ho like that. Since there was a problem with Aeri, he neglected his only son.

"Although I've been waiting for father since the afternoon," said Jo Yeon Ho as he pursed his lips.

"I'm really sorry." Dae Hyun held Jo Yeon Ho in his arms very tightly. Tried not to upset and disappoint him. Because his selfishness who didn't want to sacrifice a little of his feelings for his son. Even though Soo Yin also often reminded him to pay more attention to Jo Yeon Ho.

"When are we going for a trip? Didn't father promise to take me and mom to Japan again?" Jo Yeon Ho asked while looking up.

Dae Hyun sighed softly. Now he even forgot his promise to invite Jo Yeon Ho to vacation.

"Your mother is pregnant so she can't go anywhere." Dae Hyun said while holding his son's shoulder. Tried to give him understanding because maybe he can't even grant his wish.

Someday Dae Hyun will indeed take him to Japan but with Soo Yin instead of Aeri. It was impossible to go on vacation when the conditions were not possible.

"Is it not allowed?" Jo Yeon Ho asked with an innocent face.

"Of course not. Let's take a shower first because soon father has to go to work," Dae Hyun asked then carried Jo Yeon Ho's small body into the bathroom.

For a long time not paying attention to him, this time Dae Hyun helped Jo Yeon Ho to take a shower. Helped to rub his body with soap. They played in the tub for a long time. Jo Yeon Ho was also very happy to be able to bathe with his father.

After changing Jo Yeon Ho's clothes, finally Dae Hyun asked him to accompany him to the room. Hopefully Aeri wasn't in the room so there's no need to argue or meet her.

Just as Dae Hyun opened the door, it turned out that there was already Mrs. Park who seemed to be going into Jo Yeon Ho's room.

"Dae Hyun?" Mrs. Park said while narrowing her eyes.

"Finally you remember the way back to this house," said Mrs. Park, while glancing at his son.

Dae Hyun chose silence rather than fight with his mother. Didn't want to let him to say inappropriate words that will only hurt his mother's feelings.

"Mother, I'll change my clothes first," Dae Hyun said, immediately took Jo Yeon Ho's hand into the room.

"That boy ...." Mrs. Park held her chest which felt a little tight thinking about his son's household which was on the verge of collapse. Whom should she side with now? Because both parties defended themselves.

When he entered the room, the room looked quiet. Dae Hyun thought that Aeri wasn't there, but faintly heard the sound of someone vomiting.

Jo Yeon Ho immediately ran towards the bathroom door then put his little ear on it.

"Father, what happened with mother inside?" the boy asked.

"Maybe your mom just has a stomachache," Dae Hyun said with a flat expression.

Hearing Aeri's non-stop vomiting made Dae Hyun feel sorry. No matter how much he hated Aeri, they have lived together for so long that Dae Hyun still had a conscience.

Dae Hyun, who initially wanted to be indifferent, with heavy steps approached his son.

Knock ... knock ... knock ....

Dae Hyun let out a long sigh before finally venturing out to knock on the door. Hopefully Aeri didn't misunderstand this.

"Aeri, are you okay?" Dae Hyun asked in a slightly screaming voice.

Aeri, who was washing her mouth with water, seemed to dream of hearing Dae Hyun's voice. Repeatedly fixing her face in the mirror, whilst slapping her own cheeks. Afraid it won't be real.

An oblique smile appeared on Aeri's lips. She had expected that Dae Hyun would still love her. If not, how could he care about her. Without answering him, Aeri returned to pretending to be nauseous again with a louder voice as she coughed.

"Aeri, what's wrong with you?" Dae Hyun shouted once again with a louder knock on the door.

Dae Hyun pretended to be concerned because he remembered Doctor Kang's message to take Aeri to have her womb checked. If he was ignorant then Aeri

would be suspicious if suddenly he was so attentive. Better just tried to play nice now.

Dae Hyun needed evidence to address to his family. So that his mother would not be consumed by Aeri's words anymore, who was very clever with her tongue.

Aeri opened the bathroom door with a haggard and pale face. She pretended to wobble until her body almost fell if only Dae Hyun didn't support her weight.

### HIDDEN WIFE : BEST HUSBAND

Chapter 239 - 239 - Don't Want To Interfere

With a flat facial expression, Dae Hyun led Aeri to sit on the bed. Unlike Dae Hyun, this time it felt like Aeri wanted to laugh happily because it seemed that Dae Hyun would be discouraged from divorcing her.

His attitude was very different from the night Dae Hyun found out that she was pregnant. Aeri hadn't realized that Dae Hyun was up to something.

Dae Hyun kept grumbling to himself, if it weren't for Doctor Kang's idea. He felt very reluctant to do all of that. For him there was no more trust in people who had betrayed because Dae Hyun was tired of always being fooled by Aeri.

"Finally you came home," said Aeri in a hoarse voice that she made as weak as possible. Her hand was about to touch Dae Hyun's face which was right in front of her, but Dae Hyun immediately moved his body a little so that Aeri couldn't touch him.

"Hmmm," said Dae Hyun curtly.

"What's wrong with you, mom?" Jo Yeon Ho asked, who was sitting next to Aeri.

"Mother is fine. Maybe it's because of your sibling that I am like this," said Aeri while rubbing her stomach. She glanced at Dae Hyun, who turned his head away.

Mrs. Park opened the door without knocking first. In her hand there was a tray filled with breakfast for Aeri. She was indeed the type of woman who cared deeply for her children. There was a smile on her lips when she saw Dae Hyun who was covering Aeri's feet with a blanket.

"Sorry, mom disturbed those of you who were gathered," Mrs. Park said as she stepped in.

"Mother, why bother bringing breakfast for me? I can go down by myself to pick it up," Aeri said, pretended to refuse. In fact, as long as she found out that she was pregnant, she rarely even went down the stairs. Will always told the servants to serve her.

"It's okay, earlier the waiter was busy in the kitchen, so coincidentally mother wanted to take Dae Hyun and Jo Yeon Ho to breakfast. So I bring it here," said Mrs. Park while putting the tray on the nightstand.

"Dae Hyun, I'm sorry about yesterday. I didn't mean to hurt you," Mrs. Park said while looking at his son.

Hearing his mother apologize made Dae Hyun feel very sad. The woman who gave birth should not apologize for a small mistake.

"Mother is completely innocent." Dae Hyun embraced Mrs. Park. During his life his mother rarely scolded him because since he was a child, Mrs. Park had always been gentle and affectionate in caring for her two sons.

"Mom, next time don't be angry with Dae Hyun. He acted like that maybe because he was still shocked to find out if I got pregnant suddenly," Aeri defended. Tried to win over Mrs. Park and Dae Hyun. Sincerely hoped that her efforts were successful.

For Soo Yin's business, someone had already taken care of it so Aeri didn't need to worry.

"Mother just begged you to discourage ...." Mrs. Park stopped her words. Realized that Jo Yeon Ho was among them.

"Aeri, after I come back from Nami Island, I'll take you to the doctor for a womb check." As much as possible Dae Hyun tried to make his face looked happy but still couldn't. It was very different if he was around Soo Yin who he always wanted to persuade and pay attention to her.

"You're going out of town?" asked Aeri.

"I'll be there not long. Maybe only about two days. Actually today I will also take you to the doctor but it's a shame because I have to leave this morning," Dae Hyun said with a flat expression. It felt like his lips felt very heavy to smile.

"Well, you better have breakfast before leaving," Mrs. Park said.

Dae Hyun nodded his head in agreement to his mother then asked Jo Yeon Ho to come down.

Aeri was very upset because he just left her. She thought Dae Hyun had changed but left her alone in the room. Actually, she wanted to come down but suddenly Aeri thought of something.

If Dae Hyun was going out of town then he definitely needed clothes to bring because Dae Hyun definitely hadn't had time to prepare them.

Aeri immediately got out of bed and then stepped into the dressing room where there was a wardrobe. One by one Aeri had lowered them.

Took out one big suitcase to put ten sets of clothes. By doing all that, Mrs. Park will be moved and trusted her even more. Although Aeri was not sure if Dae Hyun will be touched by what she did. But it wouldn't hurt to try.

Aeri stopped her activities to fold Dae Hyun's clothes into the suitcase. Somewhat surprised by the change in Dae Hyun's attitude, who suddenly asked her to have her womb checked.

Aeri's hands suddenly trembled thinking about what Dae Hyun might do. It seemed that Dae Hyun was not as stupid as back then and so easily got fooled. No wonder if today he turned out nice. Although indeed his attitude was still indifferent and cold.

Aeri hurriedly put all the items that Dae Hyun was going to bring. It would be better if she thought of a way to make Dae Hyun stop from asking her to have a womb check.

Luckily she wasn't stupid so it was easy to guess what Dae Hyun was going to do.

oooooooo

There were only three people in the dining room because Park Soo Hyun had already left for the hotel. Everyone was silent, there was only the clink of the spoon and the plate shouting to each other. Mrs. Park actually wanted to say something but Jo Yeon Ho was still there. It was inappropriate for a child his age to listen to adult chatter. So that after finishing breakfast, Mrs. Park told Eun Hee to take Jo Yeon Ho to play outside for a while.

"Dae Hyun, I hope you give up your intention in divorcing Aeri. Don't you feel sorry for her who is pregnant?" Mrs. Park said gently without emotion.

Talking to Dae Hyun only needed words of understanding. If she used emotions, Dae Hyun wouldn't listen to her. Her slightly wrinkled hand gripped Dae Hyun's fingers.

Dae Hyun turned his head, looking closely at his mother.

"Mother, I've wanted this separation for a long time. It's enough to survive with Aeri. I want to find my happiness with another woman, Mom."

Mrs. Park tried not to get emotional at Dae Hyun's statement that it seemed like he already had another woman.

"I want to know who that woman is. The woman who has succeeded in turning you away from Aeri."

"If later I parted with Aeri, I will introduce her to you. What is clear is she is a simple woman. One more thing, Mother, don't think that she teased me. Because I teased her," Dae Hyun said with full emphasis on the last sentence.

"Dae Hyun, Aeri is pregnant with your child. What will the public say if you divorce her?" Mrs. Park said.

"Mom, I beg you, please believe in me this time. I'll find out everything," Dae Hyun said as he looked hopefully.

These were the words Dae Hyun uttered when he was caught together with Aeri at a hotel seven years ago. No one believed him. So that now there was a feeling of guilt felt by Mrs. Park because she only believed Aeri's words than her own son.

"All right, I will believe you this time. I will not interfere with your problems anymore. This is your life, so decide according to what you expect. Hopefully

you do not take the wrong step and can find your happiness," said Mrs. Park while smiling warmly.

Indeed, Mrs. Park already realized that Dae Hyun seemed unhappy with his marriage. He always spent more time working than his family.

"Thank you mom." Dae Hyun felt relieved to be able to convince his mother.

From earlier it turned out that Aeri was overhearing their conversation. Her body immediately went limp because of Mrs. Park could not possibly defend her again. It turned out that her guess was correct if Dae Hyun wanted to plan something. Aeri's hands were clenched tightly and her lips were pressed tightly together.

"Mother, I better go now," Dae Hyun said as he rose to his feet.

"Didn't you bring your clothes?" Mrs. Park asked.

"I've prepared it in the car," Dae Hyun said.

Knowing that Dae Hyun was leaving, Aeri immediately hid in an unseen place. She was very upset that her efforts were in vain. It was useless to prepare the clothes if Dae Hyun had even prepared them in advance. Aeri was sure that it was Soo Yin who helped to prepare it.

Actually Aeri wanted to say to Mrs. Park if the woman Dae Hyun meant was Soo Yin. But there were no evidence whatsoever that she had. If so, Mrs. Park will hate her too.

### HIDDEN WIFE : BEST HUSBAND

Chapter 240 - 240 - Want Ice Cream

The night wind blew against the beautiful face of a woman who was standing on the balcony. Her long hair flew in the wind. Tonight the weather was quite clear with the sky full of stars.

Her husband had just left her for a day but Soo Yin already felt a deep of longing. Maybe it was because she was pregnant that made her want to always be spoiled by Dae Hyun.

Suddenly her heart was beating uneasily. Soo Yin sensed something was going to happen. But Soo Yin got rid of her bad thoughts and kept trying to think positively. She looked at the beautiful night sky, while praying that nothing would happen and her life would always be happy.

Soo Yin felt bored because she hadn't gone anywhere all day. All she did was sleep and eat then water the plants in the afternoon.

Suddenly it occurred to her to eat chocolate ice cream. Somehow the idea came on nights like this even though the weather was quite cold. Soo Yin tried to hold back her will but can't. In her mind right now was only chocolate ice cream which was so delicious. Pregnant women always wanted to eat quickly when they thought of something to eat.

Soo Yin took a deep breath from the nose and then let it out through the night. Her efforts were still unsuccessful to hold back her urge so Soo Yin entered the room to change into a warmer clothes.

She picked up a yellow sweater paired with brown trousers. This seemed like enough to warm her body. Didn't forget to bring her cellphone too.

Before leaving, Soo Yin met Aunt Xia. Afraid that the middle-aged woman would look for her. It so happened that Aunt Xia was in the dining room.

"Auntie, I want to go out for a bit," Soo Yin said with a smile.

"Where are you going at nights like this, Miss?" Aunt Xia asked with a frown. There was a worry that she felt now considering that it was night.

"I'll just go out for a while to find ice cream. Earlier, I suddenly wanted to eat ice cream," Soo Yin said while rubbing her stomach.

"You should stay at home, Miss, let Chung Ho buy it," said Aunt Xia. Her current feeling was very bad.

"No need, I'll just go for a moment. I also want to stop by the bookstore as well. Then I'll go now." Soo Yin immediately turned around then stepped out.

"Miss, please be careful on the road," Aunt Xia said.

Soo Yin turned her head for a moment then nodded her head.

"But..." Before Aunt Xia stopped her, Soo Yin had disappeared behind the door. Walked very fast.

Aunt Xia just prayed that nothing happened to Soo Yin. Somehow her heart felt very anxious. Wish the goddess of luck always on her side.

When Soo Yin was about to step out of the gate, Chung Ho intended to escort her but Soo Yin insisted on refusing. So that Chung Ho was forced to comply with Soo Yin's request not to deliver her.

Soo Yin left in a taxi because she didn't want to be too much trouble for Chung Ho. While on the way her eyes kept looking at the side of the road in turn to see the existence of a bookstore near to a supermarket. As well as buying books she will also buy snacks and fruits. Of course, she didn't forget that her main goal was to buy ice cream.

Just imagining it made her want to drool.

=====

At the same time.

Jean just left her working place. She worked in a fancy restaurant in Seoul as a waiter. Tonight there were so many visitors that it was enough to make her tired. Her body now felt hot even though outside the wind was blowing lightly against her body. Her feet were also sore from taking too many steps back and forth delivering orders.

Repeatedly, Jean stopped in her steps to massage her legs. Not too bad to reduce the feeling of the sore a little.

Working at the restaurant was actually a lot cheaper than the salary at a hotel with almost the same job. Even though at this time her mother needed a large amount of money for medical expenses. Jean was even willing to work elsewhere to make more money. Sometimes until the middle of the night she can finally go back to her rented house.

For the sake of her friend, Jean was willing to leave the hotel even though in there her salary was 3 times higher than her current job. Her heart hurted too much every time she met the man she loved. Especially now that they were together, they must be happy. Jean's chest always tightened when she remembered.

After walking for a while, Jean sat at the bus stop to wait for the bus to arrive. She almost fell on her back from holding back her sleepiness.

For a long time, Jean waited for the bus to come, but when the bus stopped, Jean didn't know it because she was asleep for a while. So she immediately ran to catch the bus.

"Wait!" Jean ran after the bus which had gone several meters. She immediately stopped running because her breath was now running hard. Jean was very upset because she could not help but felt sleepy.

Now the waiting for the next bus must have been quite a while longer so Jean to stepped slowly over the sidewalk.

The road conditions were getting increasingly lonely when passing an old factory that had been empty for a long time. Instantly the hair on her neck felt goosebumps. Jean tightened her sweater while looking around.

She even seemed to see a shadow walking after her. But when Jean looked back there was no one behind her. Jean accelerated her footsteps even more.

Brakk....

Looking back too often, Jean did not realize that there were two large men standing in front of her. A position that was not ready made Jean fell so that her buttocks sat on the asphalt.
