

As soon as Soo Yin touched it, Dae Hyun immediately felt a vibration and tremor that was quite intense throughout his body.

"Honey, go to sleep. I'm afraid I can't control myself," said Dae Hyun in a hoarse voice. As much as possible, he tried to close his eyes.

"Nevermind." Soo Yin actually hid her head even more on the back of her husband's neck. She was deliberately exhaling to create a sensation for Dae Hyun, who had already begun to be provoked, even though the man was trying his best to hold it in.

"Don't keep teasing me," said Dae Hyun as his eyes closed and his breath caught.

"So what? Aren't we husband and wife?" Soo Yin said with a smile. Her naughty hands began to move along other more sensitive parts of Dae Hyun's body.

Dae Hyun remained in his position. As much as possible, he tried not to be provoked by Soo Yin's temptation which only gave him false hope.

Realizing that Dae Hyun had been silent, Soo Yin played her hand again in a much more sensitive area on her husband's body.

"If I can't help it, who should I vent to?" With a quick movement Dae Hyun had managed to turn his body. Until they were now facing each other. Dae Hyun looked at Soo Yin with a glazed and misty look.

"Of course to me. Who do you want to vent to? Aeri? Or is there another woman in your heart?" Soo Yin blinked her eyelids with a sensual smile.

"Honey, don't torture me," whined Dae Hyun, who had suppressed his desire to the top and felt very frustrated.

Soo Yin immediately landed a kiss on her husband's lips which made Dae Hyun's eyes widen.

The desire that can no longer be held made Dae Hyun unable to control himself anymore. He licked those thin lips passionately, tracing every corner of Soo Yin's mouth. He didn't even take a second to let go even though Soo Yin was already gasping for air.

Soo Yin wrapped her arms around her husband's neck with her eyes open, wanting to see how her husband's expression looked when he was tempting. Seeing him closed his eyes made Soo Yin not have the heart.

Dae Hyun broke the kiss after realizing that they weren't going any further.

"Sleep, I don't want to hurt you," Dae Hyun said as he got up from the bed to go to the bathroom before his desire could no longer be contained.

Soo Yin held Dae Hyun's wrist while shaking her head. Forbade him from going to the bathroom. Seeing her husband who looked tortured really made her feel what he was feeling.

"I'll just take a moment to calm myself down," said Dae Hyun while stroking his little wife's face with a misty look.

"Honey," Soo Yin said doubtfully, afraid her husband would be angry.

"Hmmm "

"Actually I lied about my monthly guest. I'm not on my period," Soo Yin said while grimacing and without feeling guilty.

Dae Hyun narrowed his eyes at Soo Yin who was grimacing.

"So you tricked me?" he accused with furrowed forehead.

Soo Yin scratched the back of her head.

Seeing the expression of his little wife who looked innocent, Dae Hyun's face then turned red with growing anger. The man then pushed Soo Yin's body onto her back. Dae Hyun confined her with his body so she can't move. His eyes looked around, looking for something until he found two ties lying on the nightstand right next to the bed.

Dae Hyun grabbed the tie without letting go of his grip on Soo Yin's hands. He used the tie to tie Soo Yin's hands which were tied to the head of the bed. Likewise with her left hand which was tied to the other side.

"What are you doing?" Soo Yin said with wide eyes as she tried to free her hand. She was like a prisoner this time.

"This is the result because you tricked me and annoyed me tonight," Dae Hyun said coldly and smirked scary.

Soo Yin shuddered to see Dae Hyun who was looking at her like that. But she couldn't do anything because it was her fault that she had woken up the sleeping lion.

Dae Hyun who felt his passion in the crown could not be stopped. He immediately traced Soo Yin's body with his lips and tore the lingerie that Soo Yin was wearing a little rough and threw it in any direction.

Soo Yin's eyes widened even more when she saw her body without a single thread. But the binding on her hands was too strong that Soo Yin couldn't break free.

"Honey, let me go," Soo Yin whined, hoping her husband was kind enough to let her go.

"Not until I make calculations with you," said Dae Hyun as his upper lip pulled back.

"Dae Hyun, please don't make me like this. How dare you to me, please turn off the light because I'm so embarrassed." Soo Yin's face was already reddened, unable to see her body that felt so uncomfortable.

"Calm down, honey. I'll turn off the lights later after we do something really beautiful," Dae Hyun said as he brought his face close to Soo Yin's ear and sucked in her recess.

Soo Yin squirmed even more when Dae Hyun's two hands landed on her breasts. Her breath was panting to hold back the passionate love that was getting stronger.

Not being able to move her hands made Soo Yin unable to vent her desire like she usually did by gripping the bed sheet tightly.

"Dae Hyun, let go of my hand," Soo Yin whined with a weak body, feeling herself almost towards the top of the seventh heaven. But Dae Hyun actually bought time and stopped his action.

"Why do you want me to let you go? It's just so beautiful to do it in this position." Dae Hyun chuckled happily because he finally felt the satisfaction of seeing his little wife tormented like what he had felt earlier.
