

"So, now your work is back to the way it used to be after being dumped by Dae Hyun? Your fate is unfortunate because you've only been enjoying life with Dae Hyun for a few days but quickly all your rottenness is exposed," Aeri said with a lopsided smile and a very fierce gaze.

"Of course, maybe this job is just a distraction while you're looking for a rich man who will be your next victim," said Li Sa, agreeing with Aeri's words.

Soo Yin wore a disdainful smile. Felt happy because she had managed to deceive the two women who were sitting in front of her.

"If you came here only to insult me, you should just get out of here. You also don't have to worry about being charged for your orders," Soo Yin said in a calm tone.

"How arrogant of you. Who do you think you are here? Have you found a masher so you don't need to work here anymore?" Li Sa sneered with emotion.

Soo Yin remained calm regardless of Li Sa's words because no matter how good she was, Li Sa would definitely continue to sneer at her.

"Who I am here is none of your business. You better get out of here and don't make a fuss," Soo Yin said calmly.

Li Sa was getting more and more emotional because Soo Yin's words continued to belittle her. Finally, she pounded the table with a loud enough sound.

"Call the manager of this restaurant right now! Let your manager see how an ignorant waiter like you behaves. Just working as a waiter makes you act as arrogant as a boss," Li Sa sneered with passionate breath.

Aeri and Li Sa continued to say degrading and insulting words to Soo Yin.

Until the waiter who had noted Li Sa's order came over because Li Sa kept calling her.

"Quickly tell the boss of this restaurant to fire her. A bitch like her is not fit to be a waitress in a restaurant as good as this," Li Sa said to the female waitress who looked down in fear.

"What's all this fuss about?" said Chang Yuan who had just left his room after hearing a commotion from one of the waiters.

"Assistant Chang, what are you doing here?" said Aeri with a flabbergasted face.

"He is the manager of this restaurant," said the waitress who stood beside him.

"What a coincidence that you came out. You better fire her from here. Look, all this food is spilled because she is not good at working. In no time, this restaurant will go bankrupt if it continues to employ waiters like her," said Li Sa with pouting lips then pointed sarcastically at Soo Yin's face.

"Sorry, you'd better get out of here because you disturbed the others. We don't serve visitors who like to make a fuss," said Chang Yuan gently.

"Chang Yuan, why are you being so disrespectful to us? Don't you remember who you worked with so that you could live a decent life?" said Aeri sarcastically. She tried to remind Chang Yuan who should have a favor.

"Of course I still remember that. I always remember Mr Dae Hyun's kindness to me," said Chang Yuan flatly.

"Then don't you remember? Who am I to Dae Hyun so you're being rude to kick me out?" said Aeri who had stood up while squinting at Chang Yuan.

"Of course I remember that you are Mr. Dae Hyun's wife," said Chang Yuan again.

"Then why are you defending her? Quickly call the boss of this restaurant to fire her immediately. She doesn't deserve to work here," Aeri said with a snort.

"If you look for the boss of this restaurant. She is now standing in front of you," said Chang Yuan with emphasis. Wanted to say directly that Soo Yin was the boss. But Soo Yin gave the code by shaking her head.

"Who? Where?" Li Sa said while looking around to quickly find out who it was.

"You don't have to joke around. There's no way this bitch is the boss here. Even in a dream, it will never come true," Aeri sneered with a cynical smile then laughed out loud because Chang Yuan's words were very funny.

"Manager Chang, better call the security guards to kick them out," Soo Yin said in a commanding tone. She looked around, it seemed other visitors were starting to get annoyed with them.

"How dare you kick us out. I will make sure you are the one who will leave this restaurant," Aeri said coldly.

Aeri then walked briskly towards the kitchen where the chefs were cooking.

"Can you call your boss?" Aeri said to the chefs.

"Miss Soo Yin is the boss at this restaurant. That is the person," said one of the assistant chefs while pointing at Soo Yin.

"Are you sure?" Aeri said with a furrowed brow.

"Of course," said the man.

"Apparently you are in cahoots. It's okay if you stay quiet. I'll make sure you'll lose your job," Aeri said, smiling lopsidedly at the chefs who were busy.

With steps like a model, Aeri came out and waved at the two security guards who were on guard.

"Now drag that woman out of this restaurant if you don't want to be fired," Aeri ordered confidently.

The two security guards just kept quiet without carrying out Aeri's orders.

"Are you deaf?" said Li Sa who had followed Aeri. They were now on the terrace of the restaurant.

Instead of carrying out orders from Aeri, the two men grabbed Aeri and Li Sa's wrists after receiving a code from Chang Yuan.

"You two better get out of here and never come back!" expelled one of the security guards firmly.

"What's all this fuss about?" said Dae Hyun who had just arrived. He had rushed out of the car when he saw the commotion.

"Dae Hyun, help us," said Aeri because she was disgusted by her hand being touched by the security.

"Let them go, let me take care of them," Dae Hyun ordered his men. Immediately, the order was executed.. But the security guards were still there just in case.
