

CHAPTER 2401

Several people nodded, saying that Jiang Ning hadn't lied. When they were looking for the Longevity Pool, they knew that there was a place like Tiangong, and the Changsheng Pool was in the Tiangong.

If you don't believe it, you would have given up long ago and look for a pond of longevity.

"The longevity pond is indeed in the Tiangong, I found the Tiangong, but the Tiangong has been destroyed, and the longevity pond is almost exhausted, and all this is caused by the demon king of the crypt."

"What I want to tell you is that the Tiangong is destroyed. But the devil is not dead,"

Jiang Ning said, making everyone's expressions change. "The crypt still exists, the devil still exists, and now, when the devil lives in the body of the wolf, his strength will be so strong, I think you can Guesseed."

"I tell you this, just to let you know what kind of situation is currently, it is very dangerous, because no one knows what the devil wants to do next."

"He was able to do anything at all costs in the past. It must have ulterior motives for ruining the Tiangong, but now he has come back, what will he do?"

Jiang Ning shook his head, he didn't know, and couldn't guess.

Everyone's face is different, no one thought that so many things happened in a short time.

"What are you telling us, what do you want to do?"

someone said, looking at Jiang Ning.

"I promised you the water for the longevity pond, I will give it to you, but I also have a request,"

Jiang Ning said seriously, "Can you help me deal with the devil together and resolve this crisis."

"No!"

Someone objected immediately.

“How terrible the Demon King is, don't you know? He can destroy the Heavenly Palace, how can I be his opponent? Besides, we only want longevity, but don't want to die!”

“Yes, we said yes, listen to your words and fall asleep. You gave us water from the longevity pond. Why do we have other requirements now?”

Several people were a little dissatisfied, thinking that Jiangning was threatening them with the water from the longevity pond.

Jiang Ning smiled and shook his head.

“I'm just a request, and I won't force you.”

He glanced at the old naughty boy, and the old naughty boy sighed.

When he came, the old naughty boy thought about it. If they didn't agree, they would force them to agree, but Jiang Ning did not agree. The twisted melon was not sweet, and it didn't make any sense.

This is a life-threatening thing, how can you force others to be together?

“The water for your longevity pond is refined by me. It does not do much harm to your body, but it can reshape your vitality and improve your strength.”

He took out a bag with many small bottles in it. , They are all the longevity pool water that he extracted, the effect is good and there are no side effects.

Jiang Ning put these things down and glanced at everyone.

“I did what I promised you, and I hope you can do it for yourself and live your life.”

After saying that, he didn't say anything, and left with the old naughty boy.

A group of people stepped forward, picked up the small bottles and opened them. Without any hesitation, they immediately drank the water in the bottles, and they reacted quickly.

They didn't worry that Jiangning would harm them, and it didn't need to be so troublesome to harm them.

The feeling of going down in the longevity pool made them feel as if they were sublimated!

“It's amazing!”

“It's really the water in the longevity pond, I feel like my body has become younger!”

“What a terrible power, my strength is still improving? It's wonderful!? Shu Shu Ershan Grilled West to close? ”

” ha ha ha ha, I can the longevity! ha ha ha ha! ”

...In the cave, there were excitement sounds from time to time, and some even roared like venting, waiting for this day, they really waited too long!

After a long time, everything returned to peace.

Someone got up to leave.

“Hey, where are you going?”

the person behind him asked.

“Go help him.”

The man said, and left without looking back.

CHAPTER 2402

The person behind him suddenly fell silent.

Go help Jiangning?

They all refused just now, didn't they? Why would anyone still want to help Jiang Ning.

“I'll go too, anyway, it's always bad if I owe it personally.”

Another person said, turned and walked out.

Of course they all know that if there is no Jiangning, they will not be able to get the longevity pool water, they will only age quickly, and then be killed by time, but now, they drink the longevity pool water refined by Jiangning, not only can extend the extremely high life span, Strength has improved.

But no one wants to die.

“No one wants to die,”

someone sighed, “but it doesn't seem to have much meaning to live boringly as a whole.”

“This world is no longer what it used to be, it doesn't have much meaning.” The speaker shook his head. He laughed and walked out.

The few people who had just refused, listening to their words at the moment, couldn't help calming down, thinking about it, and it seemed that there was a little reason.

Someone kept making decisions. In the end, half of the people followed suit. The rest of the people were determined to have their own ideas. They didn't want to die, so they didn't want to take risks. They just cherished their current life and enjoyed life.

That kind of adventurous thing is too dangerous, and they accidentally lost their lives, so what's the point of them trying so hard to pursue longevity?

Since Jiang Ning didn't force them, then they didn't need to take the initiative to help. They didn't have this responsibility, and they didn't have this obligation.

Of course Jiang Ning would not force them. This kind of thing is indeed dangerous. People like them are just to be able to live longer and live longer, so why are they willing to take risks?

But, after all, someone needs to stand up.

When Jiang Ning and the others walked outside, footsteps came from behind them.

Two people turned their heads and looked around, and a dozen people came out.

"We help you."

"We don't like to owe people what we owe you."

Several people said.

Everyone is smart, and they all know that Jiang Ning can actually threaten them and even refuse to give them the water in the longevity pond. Even if they kill them while they are asleep, they have nothing to say.

Speaking of them, they should have died a long time ago. People who do not belong to this era are still appearing in this era, and they live more every day.

"Thank you."

Jiang Ning said.

He had no extra polite words, nodded and thanked.

He knew that it was not an easy task to make such a decision. Maybe it was to repay the favor, maybe it was because of boredom and love to fight, maybe, it was really chivalrous heart still there, and there shouldn't be any chaos.

"You follow me."

Jiang Ning glanced at everyone.

The old urchin walked over: "This is just like a man of our time!" The group returned to the East China Sea. The old urchin was responsible for settling them, while Jiang Ning went to make other preparations.

"This is really good, very busy, as we are completely different."

"Yes ah, you see the streets of this lively, every face is a smile, no matter what the unstable, good times ah."

Dye Pa Wuyi closed his mind? "Are there many people practicing martial arts now?" A few people chatted in a relaxed mood. This kind of life is what they want, but different times and different pursuits. At their age, the street Even though he called an old man over, he had to call their grandfather.

In their chaotic era, they learned martial arts to protect themselves and their families, to punish evil and promote good, but now, it seems that they don't need it anymore.

It's good if you don't need it.

The old naughty boy looked at them with emotion, but did not speak.

He is a person of the same age, even a lot older than them, and he has experienced these emotions before.

"Senior, what does Jiang Ning want to do,"

someone looked at the old naughty boy and asked, "what can we do."

CHAPTER 2403

"All we want to do is to maintain such a peaceful life and not be destroyed by others." The old naughty boy said.

"This, I need your help."

He took a deep breath. "To be honest, we are all old bones. We should have disappeared in the long river of history long ago, but it is our good fortune to live to this day. Maybe, this is also old. Heaven has left us with responsibility."

Upon hearing this, the expressions of several people changed slightly, and they felt that the old naughty boy's words made sense.

There were many masters in that era, and many of them were far stronger than them, but none of them were able to stay, and they were obliterated by the years.

And they survived, and now they even get the longevity pool water, as if God was destined to let them go to this day.

It is because they still have responsibilities on their shoulders.

“Back when we searched for the Longevity Pond, we knew that Heavenly Palace existed, and the Catacombs also existed.”

“The most troublesome thing now is that the tyrannical Demon King has not completely disappeared. Now it is lodged on the greedy wolf. People, I think you all know it well.”

Speaking of Greed Wolf, a dignity flashed across their faces.

In that era, or the masters who spanned two eras, the army of greedy wolves and the old naughty boy seven kills in front of them were three people who really stood in the Great Britain.

Especially the greedy wolf, there is a deep city, even the strongest broken army, died under his hands, it is enough to prove how terrible he is.

The current demon king and greedy wolf are merged into one, how terrifying would that be?

Just thinking about it, they all feel that this is indeed a very troublesome problem? Wu Ranshan and Wu Aizhewu.

“If you regret it now, it’s still too late.”

The old naughty boy said, “There are many masters in the crypt, and their strength is good. It is indeed dangerous. It doesn’t matter if you want to withdraw now. Jiangning said, he will not force you.”

“He said, the responsibility of this era is even more important. He should be the one to bear it, he must bear it.”

Everyone looked at the old naughty boy and was silent for a moment.

The old naughty boy didn’t lie, and told them the real situation so that they could know if they wanted to stay and work with Jiang Ning to solve the danger of the cave.

They don't force it, and don't mean to force it at all.

"Senior, if you say this, you look down on us," the leader laughed. "The responsibility of this era is indeed Jiangning's, but the responsibility of our era is ours. To put it this way, we If you can kill these troublesome seedlings, it won't be what we are today."

"Furthermore, you are right, senior, we can live to this day, maybe just like you said, it's a responsibility. God arranged for us to come. Here, do something within your power."

"Yes! Well said!"

"I 'm not afraid of death! I 'm not afraid of death! I pursue longevity in order to become stronger without fighting?"

"Yes, warriors don't fight. Is that still a warrior? Back then, I was a vanguard on the battlefield, killing countless enemies. These people want to destroy the peace, but I don't agree!"

A group of people shouted, full of energy.

"Hahahaha!" The old naughty boy laughed. This is what people of their time should be like.

"Okay!"

"Let the boys in Jiangning see what the people of our time are like!"

He yelled, "What is the crypt? It annoys us, so it will be leveled for him!"

" What is the devil?"

The old naughty boy was extremely overbearing, "Let him go!"

Everyone was so proud, and all of a sudden the whole momentum came up.

From a distance, Jiang Ning looked at them and couldn't help but admire that many people in the past had such things as blood and energy. At that time, the feelings of the family and the country were not comparable to those of the present.

CHAPTER 2404

His current thinking is very simple.

Solving the troubles, solving the troubles that are now encountered, as for other things, he can't think about so much for the time being.

Regardless of the Tiangong or the catacombs, Jiang Ning didn't care what they would become in the future.

All he cares about is his family. What he cares most is his wife and daughter.

As long as they are safe, nothing else matters!

Jiang Ning looked at them from a distance, thinking about things in his heart.

"When are you going to do it?" the old naughty boy asked.

"As soon as possible."

Jiang Ning glanced at him, "I'm worried about Ye Changmeng."

"Then do it now!" The old naughty boy clenched his fists, his face showing murderous expression.

For Jiang Ning, Jiang Yao is his negative scale, and she will be angry if she touches it!

Because Jiang Yao is his daughter.

For the old naughty boy, Jiang Yao was the only apprentice in his life, and he was also someone he could use his life to protect. No one can hurt him! Including Jiangning!

The two looked at each other and decided to do it immediately in order to be out of line.

Jiang Ning called Brother Gou and asked him to take his brothers directly to Fengdu, while he and the old naughty boy immediately rushed to Fengdu with the awakened ones. They arranged to meet at the gate of the crypt.

The atmosphere seemed to suddenly become tense. Even if they did not participate in this operation, other people could feel it. This time might be the most tragic one. They can only succeed, not fail.

Because standing behind them is the entire East China Sea!

At that time, Greedy Wolf was sitting on a stone chair in the Great Cavern Hall, and Tang Fang knelt in front of him.

"Do you know why I am looking for you?"

"I don't know."

"Really I don't know?"

Tang Fang heard his heart slam.

He dared not look up at Greed Wolf, but he knew Greed Wolf must be watching him.

Those horrible double pupils are like deep vortexes.

He glanced at it, I'm afraid he will sink.

"What's the command of the devil? Just say, Tang Fang will definitely bow down and die!"
Tang Fang lowered his head and shouted respectfully.

He guessed that Greedy Wolf and Jiang Ning were playing a game of chess, but he didn't want to be the pawn to be used.

Greedy Wolf got up suddenly, walked to Tang Fang, stretched out his hand and patted him on the shoulder.

"You don't seem to be afraid of me?"

Greedy Wolf smiled, "I'm talking about being afraid of me, not the devil."

Tang Fang did not speak.

"Do you think I am more terrifying or the Demon King is more terrifying?"

Tang Fang paused, and said, "You are the Devil!"

"You are him! He is you! I only want to listen to you, and I don't care about the rest. ! " "

ha ha ha ha ha ha ha, "Wolf laughed, he looked Fang Tang's eyes looked like a dog.

"I can give you a chance to express my heartfelt heart."

"Master Demon King, please!" Tang Fang shouted.

Greedy Wolf squinted his eyes and gave a weird smile.

He suddenly stretched out his hand, patted Tang Fang's heart with a palm, his fingers were like needles, and his nails pierced directly into the flesh.

His nails almost touched the heart, and he could feel the heart beating violently.

Tang Fang's eyes widened, his mouth opened but he couldn't say a word.

"You want to kill me?"

Tang Fang raised his head and stared at Greedy Wolf.

Greedy Wolf didn't speak, just a cloud of black air at his fingertips, which instantly plunged into Tang Fang's heart.

Tang Fang yelled and passed out.

"I gave you a good luck."

Greedy Wolf looked at Tang Fang who fell on the ground.

“Treasure it!”

He turned around and disappeared.

At the same time, before the gate of the crypt, everyone converged.

“Brother, what do you say? Yiyifuyishanyipa? Let’s do it.” The dog sneered, gritted his teeth and said, “This group of turtles and grandchildren should die long ago!” He couldn’t wait to enter the cave. Kill the Quartet.

Jiang Ning glanced at him: “Don’t worry, do it right away.”

CHAPTER 2405

He turned to look at the old naughty boy and the awakened ones.

“Are you all ready?” The old naughty boy nodded.

Jiang Ning walked to the gate of the catacombs, stamped his feet, and suddenly sparkled with gold.

There was a buzzing sound in his ear, “Open!”

Jiang Ning gave a sigh, waving his hands, arrays of patterns flying all over the sky, like thousands of flowers, dazzling.

“What a terrible formation!” The old naughty boy couldn’t help feeling. “Compared with the temporary opening last time, Jiang Ning has completely cracked it this time.”

He saw that the Golden Gate had opened and waved his hand, “In!”

followed him. Under the order, Brother Gou and others turned into afterimages, rushing in.

Those who are awakened are more old-fashioned, very calm, and don’t have much mood swings.

The golden gate lasted for a long time, and Jiang Ning and the old naughty boy walked in last.

The faces of the two people were violent murderous, and could no longer conceal them.

Inside the crypt, the gate exploded and four golden lights were made.

“Who?” The guard of the gate was taken aback and immediately drank.

What responded to him was a pair of fists, no, it was a double-double, a triple-double, and countless pairs.

Brother Gou and others are like wolves, rushing to the soldiers guarding the gate of the cave.

“Grandpa is here to take your dog’s life!” Brother Gou yelled, “Bah! It’s not a dog’s life, you pigs and dogs are better!”

His fist burst like a star, and roared loudly.

A punch was hit on the person who had just spoken.

“Bang!” The flesh and blood flew, and the man was directly smashed by Brother Dog’s fist.

“kill!”

Brother Gou yelled, and the pack of wolves became crazy, and the awakened behind them couldn’t help being surprised.

“There are still such powerful young people in this era? We can’t fall behind!”

Their speed gradually picked up, like a group of old men unwilling to give up in front of young people.

The catacombs began to riot.

Jiang Ning and the old naughty boy walked out of the gate of the crypt. They don’t care what Brother Dog wants to do. Those soldiers and palace owners are the prey of Brother Dog and Jiang Ning is not interested.

He just wanted to find Greed Wolf, and then kill him.

“Let’s go.” As soon as the voice fell, Jiang Ning disappeared instantly like a puff of smoke.

“Run faster, speed!” The old naughty boy snorted and immediately followed.

“Bang!” A figure hit the stone chair in the hall.

The stone chair was safe and sound, but the man cut off.

“Where is the greedy wolf!” The old naughty boy grabbed a person’s neck with one hand, “Speak out, and I will let you go.”

“No, I don’t know.”

“Ka!” The old naughty boy broke his hands without talking nonsense. His neck.

He turned to look at Jiang Ning and shook his head.

They didn’t know that this fellow, Greed Wolf, was probably hidden.

“Someone will always know.”

Jiang Ning? Er Yi Wu Shi Shi Yi Xiyi looked around.

Below, the remaining alive hall masters in the crypt are here.

He walked over and looked at everyone.

“I don’t want to kill you,”

Jiang Ning said, “Tell me where the greedy wolf is.”

He didn’t want to talk nonsense. The purpose of coming this time is to greedy the wolf. As long as you kill the greedy wolf and kill the devil, the world will be peaceful.

“Huh, who do you think you are? If you have the ability, kill me!” ”

I tell you, the crypt is out of balance and the world is just as chaotic!” Kill! ‘

‘ Devil will certainly help us take revenge, you kill it! ”

They did not expect a dignified manner Cave of soldiers in front of the dog brother who, even nothing any defense, these crazy people, no, they do not people !

They are the devil!

Jiang Ning walked over, looked at the person who was talking, shook his head, flicked his finger, and directly bounced him into the air, slamming him heavily on the ground, opening his mouth and spitting out blood!

“Next.”

He looked at the other person, “Where is the wolf.”

“I, I don’t know!”

The person gritted his teeth, “Didn’t you say that you don’t want to kill us? I really don’t. I know!”

Where is Greedy Wolf going? How could he tell him that he is just a Palace Master. In the eyes of Greedy Wolf, what is the difference between Palace Master and Dog?

CHAPTER 2406

"I really don't want to kill you, but you have to force me."

Jiang Ning glanced at him, slowly raised his fist, "I will ask one last time, you know if you know, go greedy wolf Where is it?"

"I... I really don't know!"

Bang!

Fist falls, blood splashes!

Jiang Ning didn't even look at the corpse.

He turned his head, and the others were already trembling with fright. They felt that Jiang Ning was the real demon. I am afraid that to the extreme, in front of Jiang Ning, they had no power at all.

But they really don't know where the greedy wolf is!

"You just killed us, and we don't know where the greedy wolf is!"

Someone shouted in grief and sullen expression, "If you want to kill, kill it. I will die in your hands. I won't let you be a ghost. !"

Jiang Ning glanced at him, and found it really ridiculous.

Obviously they came to provoke themselves first, thinking that they wanted to hurt Jiang Yao and hurt his family, but now it seems that he took the initiative to kill.

If they didn't come to hurt the people around him, he wouldn't be too lazy to be familiar with them.

Jiang Ning has always been like this. People don't offend me, I don't offend people, and if people offend me, we must cut the grass and get rid of the roots!

He waved his hand, and Gou Ge and several people came forward.

"Take it down."

"Yes."

Several hall masters were taken down, leaving Tang Fang alone.

He looked at the others, they were all taken away, but he was still there, Jiang Ning only left him.

"What do you want to do?"

Tang Fang gritted his teeth, "If you want to kill, then do it! At this point, do you think I will still be afraid?"

Anyway, it's a death, does he have other choices.

Jiang Ning walked up to him.

"Where is the greedy wolf?"

He still asked this question.

Tang Fang couldn't help sneering.

"Why waste time? I don't know, no matter how you ask, I don't know!"

No matter how much you force yourself, it's useless, he just doesn't know, so what can he do?

Jiang Ning seemed to be very patient, and believed that Tang Fang must know it, and continued to ask, "Where is the greedy wolf?"

Tang Fang was a little mad, thinking that Jiang Ning was clearly humiliating and teasing himself!

He didn't speak at all.

But Jiang Ning was still patient. Without saying anything else, he stared at Tang Fang and asked over and over again: "Where is the greedy wolf?"

He was like a repeater, which made Tang Fang intolerable!

"I don't know!"

He yelled, like a madman, "I said I don't know! How can you believe it?"

"How could a person like wolf tell me whereabouts? Do you think it is possible? "

Tang Fang laughed furiously. He thought Jiang Ning was a fool. He still didn't believe such an obvious thing?"

Not to mention whether Greedy Wolf told himself, he was going to tell himself, would he not want his own life in order to keep the secret of Greedy Wolf? This is obviously impossible.

Jiang Ning didn't care at all, and continued to ask.

"Where is the greedy wolf?"

Tang Fang didn't say anything at all, letting Jiang Ning ask again and again, meaninglessly.

The old naughty boy and others just stood aside, and no matter what Jiang Ning did, they waited quietly, knowing that Jiang Ning would definitely not waste time on such boring things.

There must be a reason why he keeps asking.

When Jiang Ning asked about it fifty times, Tang Fang couldn't help it.

"Enough!"

He roared, "I don't know at all. What's the use of asking again!"

"The wolf didn't tell me, I just wanted to tell you, I don't know!"

Jiang Ning squatted down and squinted.

Holding his eyes: " Really ?" He glanced at Tang Fang, put his hand on his head, flipped his palm, and immediately surrounded Tang Fang.

"Sure enough, it's the same as I guessed."

"The wolf greedy guy is too cunning. He? He loves to serve Xi'er to cover his mind? He deliberately left the information in his mind."

CHAPTER 2407

He slapped Tang Fang's face fiercely, and directly took out the corners of Tang Fang's mouth!

"Are you awake!"

Jiang Ning shouted loudly, sound like a huge thunder, shaking in Tang Fang's ears, Tang Fang's whole body was dizzy, and there was a ring of tinnitus.

He stared at Jiang Ning blankly, his mind was shaking, and he didn't react for a while.

It seemed that there was a sound in his head, buzzing, making him seem to be floating.

Tang Fang suddenly remembered what Greedy Wolf said in front of him. In his memory, Greedy Wolf's mouth was moving, but he could not hear any sound. He could only judge what he said by the shape of Greedy Wolf's mouth. words.

"

Did you remember?" Jiang Ning looked at him, "The wolf told you, but you can't remember it anymore."

"Now, do you remember?"

"I..."

Tang Fang was stupid. , I don't know what's going on at all.

Greedy wolf's self-sufficiency touches Lu Yi? Did you tell yourself?

When did he tell himself.

"How could this be?"

Tang Fang was incredulous.

"This is the power of the double pupil."

Jiang Ning said lightly, "Do you really think Greedy Wolf is so easy to talk to?" "He will talk to you well?"

"He just wants to pass you and tell me what he wants to do. You pass it to me."

He stretched out his hand and pointed to Tang Fang's eyes. The answers Lin Yi wanted to ask were written in them.

Tang Fang was a little numb, and there was no response for a long time, and he couldn't understand it at all. He didn't know how this happened.

"When I think about it, say, at least, you can still get your life back. Don't expect me to appreciate your backbone. If you have no value, I will kill."

Jiang Ning's words are calm, but they are full of terrifying murderous aura!

Tang Fang said that he was not afraid of death, but he still trembled when he heard Jiang Ning's words.

...

At that time.

Catacombs Palace!

I don't know which actions belonged to the Demon King, but in the deepest part of the cave, no one would usually come, and no one would dare to come.

Because here is not only the palace, but also the grave of the demon kings of the past!

The demonic energy emanating from here alone can't be withstood by most people, and once the mentality is affected, sooner or later, they will become confused.

At this moment, Greedy Wolf is standing in front of the cemetery.

"In order to kill you, it's really interesting,"

Greedy Wolf muttered to himself. He was talking to the Demon King. He wanted to kill the Demon King. The Demon King knew it, and even what means he wanted to kill the Devil King. clear.

After all, the two of them have become one, and they have long been one.

"I want to resurrect the demon kings of the past and let them kill you. Would you feel honored?"

Greedy Wolf sneered.

“Really, do you think your idea can be realized?” The voice became the voice of the devil again, and the two people switched back and forth. If there are outsiders here, I’m afraid I will be scared to death.

“If you don’t try it, how can you know?”

Greedy wolf has no mood swings, and will not underestimate the devil because of this, and will not give up his body because of it.

“The great devil in the past, you are the most powerful one. This is enough to make you proud, but you are trying to occupy my body. This decision is wrong.”

He walked to the cemetery, looked at the tombstones, his eyes were gloomy.

“It’s you who are looking for death by yourself,” Greed Wolf shook his head, looking regretful.

“Really, we are one. You kill me and you will die too. Are you really not afraid of death?” The demon king smiled, as if he had eaten the wolf, and he would also have to be greedy with this body. No matter what the wolf does, it will be useless. Once his mental strength recovers, he can directly obliterate the wolf-greedy soul!

At that time, this body will be his demon king’s!

He can have a heavy pupil and a powerful physical body. Who can stop him?

CHAPTER 2408

“Fear of death?”

Greed Wolf laughed. How could he be afraid of death?

People like him are crazy in themselves, as long as they can achieve their goals, they are not afraid of anything, including death!

For greedy wolves, death is just a process, a means, and a means to an end. As long as one can accomplish one’s own ends, why not die?

Ordinary people simply can’t understand this kind of madness.

“Just treat me as if I’m afraid.” Greed Wolf said, “When you die, you will regret why you didn’t choose someone else but chose me!” The devil did not respond to him anymore, and seemed to fall into silence.

Greedy Wolf looked at the cemetery in front of him, hummed softly, and went to prepare.

He wants to get his body back at all costs!

In the depths of the palace, there is a huge ancestral hall.

Enshrined here are the spiritual positions of the demon kings of the past. The cemetery buried their bodies, and this ancestral hall enshrined their souls.

Greedy wolf walked in.

Shattered—with a slight noise, the ever-bright lights in the corner of the wall all lit up in an instant.

Suddenly, the entire ancestral hall exudes a faint light.

“Huhuhu—” It was obvious that the doors and windows were closed, but there was a gust of gloomy wind blowing, Greedy Wolf’s eyes blinked, and the double pupil reappeared. You can see many things floating in this ancestral hall.

He didn’t have any fear at all, and hummed softly: “No one is willing to die, right?? Ran Yiyi servant Xizhe servant?”

“Being a demon king is addicted, how can he easily hand over his position.”

The demon kings all have one thing in common, that is, they are greedy enough, have enough ambition, selfishness, and it can be said that the darkest things in human nature have become standard for these demon kings.

The difference between them is, who is more ruthless, who is more cruel, who is more terrible than who!

Hu Hu Hu-the wind whistling, it seems that the devil kings of the past are not reconciled.

No one wants to die, especially when they have reached the position of the devil, and they are not easy to leave the world, but people can’t fight against time, let alone fight against time.

Therefore, the demon kings of the previous generation will attack the heaven at all costs in order to obtain the opportunity of longevity.

But no one thought that the longevity pond of the heavenly palace could only play a role in the heavenly palace, even if he got the spring eyes of the longevity pond, it would not make any sense to him.

On the contrary, there were too many casualties, and the devil himself almost fell.

If it hadn't been for a trace of remnant soul to remain, and now lodged on the greedy wolf, the demon king of this generation would have long since died and disappeared completely from this world.

Greedy Wolf walked up to those spiritual positions and said loudly: "Do you want to live?"

"Do you want to be resurrected!"

"Do you want to regain your status as a demon king!"

He looked crazy, like a true lunatic, screamed loudly, causing the wind in the entire ancestral hall to become more and more violent. It seems that the demon kings of the past can't help it.

They want to be resurrected immediately, they want to repeat their glory, and they want to get back everything that belongs to them!

Greedy wolf folded his hands together, and his heavy pupils radiated golden light!

Suddenly, the wind screamed, the doors and windows snapped, and everything was blown open.

He yelled: "Rebirth!" The golden light shone, covering the ancestral hall and covering the ghosts that had not dispersed, making them scream.

"Wow—"

As if the ghost is crying and howling, the world is shaking!

The terrible howling sound, heart-piercing, like a terrifying monster, is going crazy at the moment.

If someone is here and hear this kind of sound, I am afraid they will be scared to death!

Greedy Wolf opened his mouth and roared, his breath was suspended, and the air was a little distorted. His heavy pupils were so terrifying that even the old naughty boy didn't know that Greedy Wolf had this ability.

The demon king will look at his body, there really is a reason, it is as if it is destined to be, such a perfect body, such a perfect ability.

CHAPTER 2409

“Ooo! Ooo!”

Yin Feng screamed, those spiritual positions trembled violently, as if something was about to break free from those spiritual positions.

Under the golden light, a strong breath is constantly released.

“Come out!”

Greedy Wolf roared, he saw that a crack had appeared on a token, something was about to come out!

Suddenly-

bang!

A terrible punch came suddenly, hit the token severely, and instantly smashed the token directly!

“Huh?”

Greedy Wolf was shocked, turned his head to look, his face suddenly murderous, “Jiang Ning!”

He didn’t expect that Jiang Ning would come at this time, a bit earlier than he expected.

“Do you dare to do anything to me!”

Jiang Ning’s foot flashed like a shadow, and he ignored the wolf. He punched a few times, punched out his strength, and directly dispelled the golden light on those spirit cards!

He stood there, looking at the greedy wolf.

“The meaning of my existence is to stop you, no matter what.”

Greedy Wolf sneered.

“Do you have to fight against me?” He looked at Jiang Ning, and it was hard to believe that Jiang Ning would be so strong now. Last time he fought against the Demon King, he didn’t lose the wind at all. It was really surprising.

It seems that Jiang Ning has also gained a lot of benefits in Tiangong, not worse than himself.

“I said, I exist to stop you.”

Jiang Ning said, “What you want to do, I won’t let you do it easily.”

He slowly raised his hand and pointed at the tokens.

“Let’s talk, what the hell do you want to do.”

”

Stop talking nonsense!” Greedy wolf didn’t want to talk nonsense to Jiang Ning, “You’re here early.”

He wanted to wait until he was ready and Jiang Ning would come again. Then he could borrow Jiang Ning. Killing the Demon King by his hand, but now it seems that Jiang Ning is smarter than he thought.

He came early and he was not ready yet. Of course, this was not important. The important thing was that Jiang Ning would not cooperate with him.

“You helped me kill the Demon King, and I’ll let your daughter go.”

Greedy Wolf said directly, “This is fair.”

Jiang Ning squinted his eyes. Greedy wolf didn’t say this. It’s okay. When he talked about his daughter, As if threatening yourself!

And Jiang Ning hates being threatened by others!

“Huh!”

Without any hesitation, Jiang Ning started directly!

The violent Ji Dao boxing technique was unfolded in an instant, and each boxing force was punched out, and the air shook with a burst of noise!

Snapped! Snapped! Snapped!

Jiang Ning took the shot.

“Drink!”

Greedy Wolf knew that Jiang Ning would definitely do it. He came to kill himself, even if there was no reason!

The weakness of this guy is feelings, especially for his relatives, using his woman as an excuse for Jiang Ning not to be angry.

Boom——As soon as the two talents touched each other, a loud noise erupted, like two bulls rushing into each other fiercely.

They separated in an instant, and collided again, they didn’t care about any moves at all, they collided wildly like savages.

boom!

boom!

boom!

Fists and feet are like steel whips, lashing fiercely, making a loud noise.

The violent winds that set off? Covered up and shook the surrounding doors and windows!

The fighting between the two people just started, and it became extremely fierce, as if the gods were fighting, and the mortals couldn't intervene at all.

"Bang!" The two separated again.

"You can't kill me."

Greedy Wolf stared at Jiang Ning and said viciously, "You know in your heart that as long as I have the devil's remnant soul in my body, you can't kill me."

"How about it, help me kill ." He? How?"

"If you don't kill him, you can't kill me, I won't die, and your family and friends will never live in peace!" "What kind of person I am, you know, Jiang Ning, don't do what you regret Things, don't leave any regrets for yourself, hahahaha!"

CHAPTER 2410

This threat is too direct!

Greedy Wolf knows Jiang Ning's temper and knows that he least likes to be threatened, especially his family.

Looking at the anger on Jiang Ning's face, the wolf laughed: "How? Cooperate with me! Good to you, and good to me!"

"If you don't cooperate, you have to bear the consequences!"

responded to him Yes, it is Jiang Ning's fist!

Great momentum!

Boom!

A white glow, wrapped in fist strength, exploded violently, causing the surrounding air to instantly compress, and hitting you on the chest of the greedy wolf.

With a bang, the greedy wolf flew out, sliding on the ground for more than ten meters before stopping.

He looked at the broken robe on his chest, with a hint of coldness in his eyes.

“Unbelievable,”

Greedy Wolf hummed, “Your strength is getting stronger and stronger.”

“As long as you kill you, the Demon King will die with you! Why bother?”

Jiang Ning walked towards Greedy Wolf step by step. “You shouldn’t touch my family.”

He can tolerate a lot. The dimension family is Jiangning’s Nilin. No one is allowed to touch it. Just like the East China Sea is a forbidden place, his family is a forbidden place in Jiangning’s heart!

Rumble!

Jiang Ning moved and broke out instantly!

The whole person is like a cannonball, violent and powerful.

“So fast!”

Greedy Wolf exclaimed.

In the next moment, Jiang Ning was already in front of him, and the fists of the two slammed together again.

A violent explosion!

Boom!

Greedy Wolf retreated, a flash of horror flashed in his eyes, Jiang Ning’s strength was terrifying, what exactly he experienced in Tiangong, it seemed that every time he played against Jiang Ning, Jiang Ning improved significantly.

The most frightening thing is that it hasn’t been too long since the last time the two played against each other.

“Bang!”

“Bang!”

“Bang!”

...

Jiang Ning seemed to be tireless, hitting the greedy wolf with one punch after another, punching more domineering than punching, and punching more violent than punches!

Greedy Wolf can only resist. Facing Jiang Ning's high-frequency attacks, he has no chance to fight back, so he can only hold on first and wait for Jiang Ning to exhaust himself.

But where will Jiangning stop?

His speed is getting faster and faster, faster and faster!

A punch with strength is heavier than a punch, like a mountain, heavy pressure!

boom!

There was a violent explosion, and the two separated again.

Greedy wolf glanced at his hands, he was bleeding, and he could even see Sensen's finger bones!

Jiang Ning's attack was indeed terrifying. It broke his physical body. What are those white glows? What a powerful lethality.

”

Are you tired?” Greedy Wolf looked at him blankly, “You want to kill me, this strength is not enough.”

He sneered, deliberately irritating Jiang Ning, as if he was not afraid of death at all.

Even if he knows that Jiang Ning's strength is terrifying, he really wants to kill him, and it is really possible to kill himself, but the price Jiang Ning has to pay is definitely not small.

Jiang Ning is a wise man. He knows very well that if he can't kill himself cleanly, and instead ends up hurting both, he is giving the Demon King a chance.

When he was weak, the Demon King completely occupied his body, and Jiang Ning was injured at that time. How could he resist the Demon King?

“My suggestion to you, or consider?”

Ran Shishan Shiyi Shiyi cover Ranyi?" Greed Wolf smiled.

"I can be seriously injured or even killed by you, but what about you?"

"You can guarantee that I won't be hurt? That would be too small for me." "

Once my body is completely occupied by the devil, he 'S strength will be restored soon, and what about you? Injured you, how to fight against the devil, do you expect to kill the old thing seven times? '

Greed Wolf shook his head, "He is old, but it can't be of much use." As soon as the voice fell, a fist slammed into it!

boom!

Greedy Wolf raised his hand to pick it up, looking at the old naughty boy who was furious.

"Why, you are not happy yet?"

CHAPTER 2411

The old naughty boy glared.

"Old stuff, who do you scold ?" He heard Greedy Wolf scolding himself from a distance, and said he was useless, how could he bear it.

"Jiang Ning, get out of the way, I'll take care of him!" The old naughty boy's momentum was amazing, and his murderous aura rose up into the sky, wishing to tear the greedy wolf to pieces immediately!

Greedy wolf didn't care at all.

"Why, both of you want to get hurt?"

He said, "If even this old thing is injured, then nobody can protect your family."

"Jiangning, this old thing is confused, you can't be confused." Ah."

He was so busy, he didn't worry at all, let alone anxious, grasping Jiang Ning's mentality, there was no problem.

Jiang Ning did not speak.

He knew that Greed Wolf was a ruthless person, and he was really anxious. Greed Wolf would definitely fight himself to death, even if he just injured himself, he would die.

As Greedy Wolf said, if Greedy Wolf is weak, the Demon King will take advantage of the weakness and completely occupy the body of Greedy Wolf. At that time, the strength of the Demon King, coupled with the heavy pupil of Greedy Wolf, will probably be even more difficult to deal with!

And he was injured with the old naughty boy, who else can compete with the devil?

This guy is really accurate.

“Do you want to understand?”

Seeing Jiang Ning kept silent, squinting his eyes greedily, “You are a smart person, you should make a smart decision, just like we work together to find the longevity pool, isn’t it very pleasant?”

Happy fart!

Jiang Ning is very clear that people like wolves are not worthy of trust at all.

It’s not worth it at all.

“Boy, ignore him, we two united? Wu Fu Ai Er loves his love and Western Italy? Kill him, everything is over!” the old naughty boy shouted.

As long as the greedy wolf is killed, there will be no problem, and the devil must die, so what is the trouble?

“The old thing, say you stupid, you’re stupid,”

Wolf grunted, his face gradually cool down, “Do you really think the two of you together, we can no destructive to kill me?”

“Breaking year The army ranks first, Laozi ranks second! You are only third!” The old naughty boy was even more annoyed when he heard it.

He didn’t bother to say anything to Jiang Ning, but he just raised his hand with a punch.

“Let’s see, who is second in the end!”

Boom!

The two were entangled in an instant, the terrible attack, the loud noise, and the fists flew up and down, and the surrounding areas were about to become a ruin.

The yellow sand is all over the sky, the gravel is rolling, and the old naughty boy is determined to kill the greedy wolf, but he himself knows that it is as difficult as reaching the sky if he wants to kill the greedy wolf without damage!

Not to mention that the two people were about the same strength back then. Now that after so many years, even if he drank the water of the longevity pond and possessed the vitality, after all, there is still the remnant soul of the devil in the body of Greedy Wolf!

He wanted to prevent the remnant soul of the Demon King from taking advantage of it while still killing him with a single blow. It was simply impossible.

But, it is always necessary to beat the bastard to relieve his anger!

boom!

boom!

boom!

... The old naughty boy didn't say a word, but just to vent his anger.

"Old stuff!"

Greedy Wolf said angrily, "Are you so funny? Naive!"

Knowing that he can't kill himself, but he still has to do it, this guy is still the same as before, and he doesn't care about anything when he comes up with childishness?

The old naughty boy can do any tricks no matter what the greedy wolf says, even some insidious tricks, like... two little kids fighting.

"Old stuff!" The greedy wolf was furious, "Where are you going! Don't force me to kill you!"

"Come on!" The old naughty boy stuck out his tongue, and said briefly, "I'll see if you have that stuff in the end. , It seems that there is no, I haven't even touched it!"

Greedy wolf was angry, and rushed over instantly, and the two men fought fiercely again.

Jiang Ning was watching there without saying a word. He wanted to see if there was a chance to kill the greedy wolf with one blow!

This is the best way!

CHAPTER 2412

Jiang Ning watched, and the old naughty boy fought fiercely with the greedy wolf.

The two recruits are fierce. The difference is that the old naughty boy uses some “insidious tricks” from time to time, like a child fighting, which makes the greedy wolf very annoyed.

“Don’t force me!”

Greedy Wolf roared.

The old urchin simply ignored it.

“What did I force you to do?”

His movements continued, and his cynicism continued. If words can kill people, I am afraid that the greedy wolf? Ling Yishan has been killed by the old naughty boy hundreds of times.

These words are not aggressive, but insulting enough.

People say that cursing people do not reveal shortcomings, hitting people without slapping their faces, and the old naughty boy keeps talking. He talks about some shameful things about greed of wolves, and he can even raise the matter of greedy wolves when he was young.

Greedy wolf’s face turned blue. He knew that old naughty boy was like this, but it still sounded annoying.

Not mature at all!

Where can the old naughty boy take care of this, while doing it, taunting at the same time.

“Aren’t you trying to kill me? I have forced you to do this, why don’t you do it?” “Can’t you kill me? How about your conspiracy? Use it!”

“You didn’t use these back then Insidious trick, kill the broken army? Is it hard to kill me? Come on!”

“I think you are bragging, you are so bad. I really don’t know how you guys get through. You can make a little progress. No!”

... the old naughty boy chattered and felt uncomfortable for anyone to listen to.

Jiang Ning didn’t care about what he said, his eyes fixed on the greedy wolf, waiting for the opportunity, if there was a chance to kill with one blow, he would not let it go.

But Greedy Wolf knows where he can easily show his feet.

The strength of the old naughty boy is indeed very strong, but it is obviously not enough to force him to expose his flaws.

It's like two people want to vent their grievances over the years. Even if they can't kill each other, it's good to vent their anger.

"Bang!"

"Bang!"

"Bang!"

...

hesitating when the flying rocks collided with each other, the two people did not retain the slightest bit of strength and ferocity.

It gradually became angry!

"Greed wolf! Are you not going to kill me?" The old naughty boy is still angering the wolf, "Are you a man who has to do what he says, or is you not a man at all?" The wolf did not speak, just punched. The speed is getting faster and faster.

He smashed his fist and slammed into the old naughty boy. The fists of the two people made a clanging sound, like two steel plates, slapped together fiercely.

boom!

The two separated again, their arms trembling violently!

"Hehe, just this strength?" The old naughty boy said not forgiving, "You are far from the army, but with this strength, you still want to fight for the rain dream? What are you fighting for?"

As if talking about the pain of greedy wolf, greedy wolf's expression suddenly changed.

"Yumeng only likes the strong. Obviously you are not the strong. You are just a weak, too weak."

Upon seeing this, the old naughty boy spoke like a knife and became more aggressive.

"Look at you. You are not a man and have no strength. Why should Yumeng like you?"

"She should reject you. It is me who rejects you the same way. It's shameful to be with someone like you." "

Looking at the wolf, you still look in the mirror to see what you look like, are you worthy?"

...

“Shut up!”

Greedy Wolf was angry.

He pointed at the old naughty boy and shouted sharply. The light in his heavy pupils burst out in an instant, “Looking for death!”

As if stimulated, the wolf’s anger was instantly out of control, and the whole person’s expression changed.

Jiang Ning secretly said badly.

“His body is controlled by the Demon King!”

It turned out that once the Greedy Wolf was angry, the body would lose control, and the Demon King took advantage of his emptiness and took control of his body.

Before Jiang Ning finished speaking, Greedy Wolf had already moved, completely different from the previous breath.

CHAPTER 2413

The violent demonic energy surged, surrounded the old naughty boy, murderous!

boom!

There was a loud noise, and the old naughty boy backed back again and again, his palms numb.

“It’s still a little bit like.”

He grinned, knowing that the person who controls the body of the wolf at this moment has become a demon king.

He just wanted to stimulate the Demon King. Now, as he guessed, once the Greedy Wolf loses control of his emotions, he will be taken over by the Demon Lord, and Yumeng is the only thing that can make the Greedy Wolf lose control.

“Jiang Ning!” The old naughty boy shouted, “Now it is the demon king who is possessed by him. If you kill him, you can kill the demon king!” The two people looked at each other and acted at the same time.

“Only you?” The devil laughed, his appearance was crazy, his hair fluttered, like a madman, arrogant and domineering, “Dreaming!” There was a loud bang, and the ground instantly cracked!

The double pupils can turn left and right, one eye looks at Jiang Ning, the other eye looks at the old urchin, and independently captures the trajectory of the two people.

boom!

Wu Shanyi closes her love? Bang!

Jiang Ning and the old naughty boy shot at the same time, the Demon King borrowed the body of the wolf and raised one hand each to block the attack of the two.

What a terrible ability!

Jiang Ning was surprised: “What ability does this double pupil have that we don’t know?”

“Too many!” The old naughty boy gritted his teeth and bombarded away with a punch again, still being blocked by the Demon King.

“The heavy pupil of the wolf-greedy is born, and now it is used by the demon king, and it will only go further.”

There are too many secrets of the double pupil, and it is not the owner, and he will not understand it at all. Even if he used to be a wolf, he does not know what ability he has to develop with his double pupil.

He only knows how to use his pupil power to confuse people. Where did he think that this double pupil is so powerful.

“Do you think I will find a body to use casually?” In the devil’s voice, with a hint of sarcasm, “Everything is destined.”

“Chongtong can see the world! Hell!”

“And I, He is the one who is most qualified to have heavy pupils!”

His voice roared, shaking the heavens and the earth, his left and right hands punched out each, sending the old naughty boy and Jiang Ning away at the same time.

“It’s stronger than last time.”

Jiang Ning took a dozen steps back and stood firm, with a dignified flash in his eyes.

The greedy wolf in front of him is stronger than the last time he played against it. Of course, now the greedy wolf is the demon king, that is to say, the strength of the demon king is constantly improving, and it continues to improve over time!

If this continues to drag on, once the Demon King's strength is fully restored, no one can stop him.

Greedy wolf is right, the devil is too difficult and extremely mysterious.

Jiang Ning narrowed his eyes slightly, and it seemed that he really had to cooperate with Greedy Wolf to be able to kill the Demon King. Otherwise, if this continues, no one can stop the Demon King.

The old naughty boy wanted to continue his hands, but Jiang Ning stopped him.

He slowly raised his fist, but aimed at those spirit cards.

"The strength of the demon king is extraordinary, but I don't know, who is more powerful among the demon kings in the past?"

Jiang Ning looked at the double pupil, "is it you or them? Will they recognize you again."

"Do you think Greedy wolf said that by resurrecting them, it can threaten me?" The devil laughed and shook his head constantly, as if he had heard a big joke.

"Let me tell you,"

he stared at Jiang Ning, "you certainly don't know how the demon kings of the past died."

His eyes became fierce, like beasts.

"Each generation of demon kings will die in the hands of new demon kings! They will all be swallowed by new demon kings! Their abilities will also be continuously swallowed and turned into their own use!"

"You think they have already lost once," Is there still a chance to win?" The devil looked at Jiang Ning and the old naughty boy like a fool.

"I am the most powerful demon in the world!"

CHAPTER 2414

At this moment, the greedy wolf is possessed by the demon king. It looks crazy and arrogant, which is amazing.

This is the devil!

As his abilities continue to recover, it will only become more and more troublesome and more terrifying!

“Go!” The old naughty boy doesn’t care about this. Since the demon king has appeared, he has to try anyway. Even if he can’t kill him or get him injured, it is an opportunity.

As soon as the voice fell, he rushed up, very fast.

The violent vitality, as if returning to the peak period of the year, even stronger!

The energy of the water in the longevity pond is equally terrifying, so that the old naughty boy can describe the withered people like this, and can regenerate life.

boom!

The Seven Kills Fist was extremely powerful and thick as a mountain, and the space began to shake with one punch.

This is the real strength of the old naughty boy!

His eyes are like torches, his long fists are constantly swinging, punch after punch, and his speed has been increased to the extreme.

boom!

boom!

boom!

The old naughty boy was uncertain, faster and faster.

“You can’t do it!” The greedy wolf roared, and the voice of the demon king was full of disdain, “Just rely on you? It can’t hurt me at all!”

“What about me?” It was Jiang Ning’s voice!

Huh!

An afterimage flashed past, and three Jiang Nings appeared in an instant. Together with the old naughty boy, they surrounded the greedy wolf. There was one person at the front, back and left, blocking the way of the wolf.

Don't give him the slightest chance to escape.

Three Jiang Nings, including the old naughty boy, raised their fists at the same time!

There is a faint white glow on their fists, which are exuding light.

"Kill!" the two shouted in unison!

In the next moment, four fists hit the wolf at the same time.

Boom!

The earth is shaking!

Greedy wolf didn't escape at all, and he didn't have a chance to escape. He slammed these four fists on his body abruptly. The terrifying fist strength penetrated through his body and went directly towards the organs in his body.

On his face, there was no expression on Wu Shan's willingness to wait and see, it seemed to freeze.

Jiang Ning watched, the three figures gradually merged into one, converging in front of Greedy Wolf, two pairs of eyes, staring at each other firmly!

Suddenly, Jiang Ning's expression changed.

"Retreat!"

He shouted, and took the opportunity to push the old naughty boy away. The next moment, Greedy Wolf burst into a terrible breath, lifted his foot, and kicked Jiang Ning hard.

boom!

Jiang Ning flew out and rolled a dozen times on the ground before he stopped.

"Plus you, it won't work."

Greedy Wolf made a hoarse voice, surrounded by black auras. Compared with before, it was like a different person.

What a terrible breath!

This is the devil?

He looked at Jiang Ning with a touch of playfulness on his face. It seemed that after so many years, he was finally a bit interesting. Although Jiang Ning was a threat to him, he had experienced too much in his life.

What threat have you not seen?

He dared to fight against the sky!

What is Jiangning!

“Today, you have to die.”

Greed Wolf said, “I don’t like others to affect my mood repeatedly.”

He stepped forward step by step and walked towards Jiangning.

“Bang!” Behind him, the old naughty boy suddenly appeared and smashed his back with a fierce punch, but it was of no use to the greedy wolf!

It seems that no matter how powerful his fist is, it can’t break the greedy wolf’s body like steel!

Instead, he turned his head and glanced at the old naughty boy: “Noisy!”

Boom!

The next moment, with a palm shot, the old naughty boy yelled and was beaten into the air. He opened his mouth and spewed a mouthful of blood.

Jiang Ning’s face was solemn, but he didn’t expect that the Demon King had recovered partly again, what a terrifying strength.

No wonder the Heavenly Palace will be destroyed. Who can resist the terrifying power such as the Demon King alone?

“Huh!”

He didn’t say a word, a little bit, and the whole person swept over again, the extreme fist broke out, every inch of his fist, like thunder, and the greedy wolf once again fought together in an instant.

CHAPTER 2415

Wu Qixi, Wuran and Erran? “Bang!”

“Bang!”

“Bang!”

... In the entire space, no two people can be seen, only fists and fists can be heard. There was a terrible noise from the collision.

It shook people’s ears numb!

At this level of battle, most people don’t even have the qualifications to intervene.

The old naughty boy stood up, with two broken breastbones, he frowned slightly, not paying too much attention.

It’s just that the expression on his face has become more solemn.

“The devilish energy is getting stronger and stronger, and part of the greedy wolf has been swallowed up,”

he couldn’t help saying, “every time the demon king occupies his body, it will further devour the soul of the greedy wolf, waiting for this body to completely become the devil’s thing. , Then it’s really troublesome.”

They understood at this moment what the situation of greedy wolves was.

In this way, Greedy Wolf is really pitiful, and even his body cannot be kept.

Let him be greedy and proud of the wolf for a lifetime, and in the end, he will fall into this kind of field. He can’t control his own body, and instead becomes a tool for others.

The old naughty boy was angry. In any case, greedy wolves were from his time. When he became like this, the old naughty boy felt uncomfortable.

boom!

With a loud noise, Jiang Ning and the Demon King separated!

The eyes of the two of them were full of fighting spirit, and the murderous aura was boiling!

Jiang Ning became more and more courageous as he fought, and his whole body exuded a powerful aura. Even if he was fighting against the devil, he was not at all timid!

A pair of fists, surrounded by white glow, extremely terrifying!

Greedy wolf twisted his neck and made a creaking sound, his body was wrapped in black air currents, and the breath that radiated from it made people feel disgusted and unconsciously suppressed.

This is the magic!

“You also have a demon in your heart.”

Greedy Wolf looked at Jiang Ning with a touch of surprise, “Everyone has a demon in their heart, and you are no exception. Release it, Jiang Ning, there will be surprises.”

“You don’t know. , Demon, how much power can it bring to you, try it.”

He seduced Jiang Ning over and over again . He felt Jiang Ning’s magical energy, and he knew that if he used it well, Jiang Ning might be able to do it. For your own use!

He is the collection of demons in this world, and he can swallow the demonic energy in anyone’s body!

“We are not all the same.”

Jiang Ning said lightly, “Don’t be foolish.”

“Hahahaha!”

Greedy wolf doesn’t care what Jiangning said. Everyone has devilish energy in everyone’s heart, and Jiangning is no exception. Since there is devilish energy, He can use it sooner or later.

His mentality suddenly changed.

He put down his hand and was not going to continue fighting with Jiang Ning fearlessly. It didn’t make much sense.

He is not in his heyday, and his strength has not reached the peak. If he continues to fight, there is no effect, just a waste of time and energy.

“Why, don’t you fight anymore?”

Jiang Ning clenched his fists.

He knew in his heart that there was no way to kill the greedy wolf today, even if he joined forces with the old naughty boy, he still couldn't do it.

"It doesn't make sense to stop fighting." Greed Wolf shook his head, "You can't kill me, and you two can't kill me if you join hands."

He glanced at Jiang Ning and the old naughty boy, his eyes full of playfulness. This invincible feeling gradually returned. No matter who it was, it had no effect in front of him.

This feeling is really wonderful.

"Jiang Ning, cherish the devil in your body, trust me, when you feel its beauty, you won't regret it, hahahaha!"

Greedy wolf laughed, his body shape like smoke, gradually disappeared.

Jiang Ning didn't chase, and the old naughty boy couldn't catch up even if he wanted to.

They all knew that they couldn't leave Greedy Wolf today, but instead let Greedy Wolf discover that Jiang Ning also has devilish energy.

"It seems that we have no other choice." The old naughty boy cursed angrily, "Except for cooperating with the wolf, I am afraid that there is no other way to kill the devil!" The devil is too terrifying and unfathomable, if not three. People team up, it seems there is really no way!

CHAPTER 2416

At this point, they have no choice.

No one thought that such a thing would happen.

Compared to wolf greedy, the Demon King is obviously more difficult to deal with. The terrible thing about this guy is not only in strength, but also insidious and cunning, and more importantly, he has no humanity.

In order to achieve one's own goals, he dare to do everything, and he doesn't care about the consequences at all.

Jiang Ning went back with the old naughty boy, and everyone was still on top of the hall.

Tang Fang looked at Jiang Ning, his lips moved: "Is the Demon King dead?"

“No.”

Jiang Ning did not hide, “We can’t kill him.”

Tang Fang was startled slightly, he thought that the Demon King was killed by them together. Now, it seems that no one can kill the devil.

As long as the Demon King is still there, the crypt must be there, no one can destroy the crypt, only the crypt destroys others.

“If this world is ruined, do you think you can live?”

Jiang Ning asked suddenly.

“I think you are not the demon king who is loyal, right?”

Tang Fang trembled .

Not only him, but the other hall masters are like this. Among them, no one is loyal to the demon king, or loyal to the greedy wolf.

After so many years, the mark of the Demon King in their hearts has long been dissipated, and what is now imposed on them is nothing but the greedy wolf or the terrifying power of the Demon King!

Forcing them to surrender, otherwise it would be a death!

What choice do they have?

In the face of absolute strength, everything is in vain. Only by bowing your head and surrendering can you find a way to survive.

Tang Fang laughed sadly: “I am a fish and a man is a knife. Do you have a choice?”

“Just like you can kill us easily, he can also kill us easily. We are the Lords, but we live more humble than anyone else!”

“Isn’t it a death in the end, what’s the difference?”

“We are early It should be known that if the Heavenly Palace is not there, the crypt will also be destroyed. The two sides of the balance between heaven and earth will be destroyed, and even if the other will be brilliant, it will definitely decline. This is the way of heaven, this is fate! No one changes. Nope!”

Jiang Ning didn’t expect Tang Fang to say such philosophical words.

He nodded: “Let them go.”

Jiang Ning ordered.

Tang Fang and the others were shocked. They thought that Jiang Ning would definitely not keep them alive. After all, they were alive and were going to kill the Demon King after all, so it would be better to kill a hundred.

But Jiang Ning, actually want to let them go?

“Why.”

Tang Fang sneered, “Isn’t it better to kill us.”

“Killing you, it doesn’t make any sense? Shi Zhe intended to feast on the servant?”

Jiang Ning turned his head and glanced at him, “Just like you said, the devil die, we all think about living, Temple was destroyed, the cave is difficult to survive. ” ”

I can not help you, kill you, can not help myself, it is their own self-help it. ”

Having , Jiang Ning led people out of the crypt.

Tang Fang and others were still standing there, and did not respond for a long time.

They all knew what Jiang Ning said.

Killing them again doesn’t make any sense, it’s not that Jiang Ning is soft-hearted, but that he doesn’t want to do such meaningless things.

They should have thought that on the day the temple was destroyed, there would be such a day in the catacombs!

There are two sides to everything. I thought that the collapse of the heavenly palace would give the crypts more resources and develop better, but in reality, they didn’t.

It was just that the demon king sacrificed the vital power of the crypt in order to achieve his own goal.

In the eyes of the devil, the crypt... is just a tool!

“Hahahahaha!”

Tang Fang laughed presumptuously, his face full of self-deprecating, “We are just tools, just tools!” The other hall masters all looked at Tang Fang who seemed to be crazy, and they all knew that, Tang Fang There is nothing wrong with what he said, he is not mad, no one is mad, and only the world is mad.

CHAPTER 2417

Leaving the crypt, Jiang Ning and the others' expressions were a bit solemn.

Greedy wolf is gone, and he will appear next time. I don't know when and where it will appear.

But he knew that by the time he appeared next time, the devil's remnant soul might have recovered a lot. At that time, if the wolf could not be suppressed, it could only be completely swallowed by the devil.

At that time, it was really troublesome.

"Unexpectedly, the greedy wolf will have today." The old naughty boy said this, without sarcasm, but a little embarrassed.

People of the same era, everyone was still good friends at the beginning, but now, they have become what they are now.

The wolf has been greedy for so many years, and until now, he still has to maintain his pride, but he knew in his heart that he was occupied by the devil's remnant soul, and he had no retreat.

"Are you sure you want to cooperate with Greed Wolf?"

He turned his head and looked at Jiang Ning who was silent.

"There is no choice."

Jiang Ning said.

"The devil's remnant soul is very powerful. Once he is fully recovered, everyone will be finished."

They still don't know what the purpose of the devil is. They only know that he is looking for the last spring, that is Jiang Yao.

Regardless, Jiang Ning will never allow Jiang Yao to be hurt!

Even if he had to sacrifice his life, he would not hesitate.

"But cooperating with greedy wolves is also a dangerous thing," the old naughty boy said. "When necessary, I think even greedy wolves should be killed together."

He said calmly.

But Jiang Ning could hear that the old naughty boy was reluctant to give up. It was his friend, an old friend of his time, but it would be a hidden danger not to kill the greedy wolf.

He didn't want his precious apprentice to encounter any danger.

Even if you have to make such a decision.

Jiang Ning glanced at him, and both of them were silent. Everyone knew in their hearts that this was a choice with no choice. Perhaps, Greedy Wolf knew it, and it would be the result in the end.

He also had no choice.

“Ah!”

Suddenly, Jiang Ning's expression changed, and he slammed his head with his hands, and yelled, his expression full of pain!

“What's the matter? Jiang Ning!” The old naughty boy immediately stepped forward, but was shaken away by the energy of Jiang Ning's body.

Does it appear again?

This is not the first time.

The old naughty boy immediately blocked Jiang Ning to prevent his anger from hurting others, how could he show up again.

After a while, Jiang Ning calmed down. Is this the third time?

“How is it?” the old naughty boy asked, “Is it still that memory?”

Jiang Ning nodded.

“Since that time when I came back from Tiangong, it has appeared in my head from time to time. It was painful each time, but it was only for a short time.”

He didn't know what was going on. It was clearly unclear. Shan? Wu Diwu hid her memories, but she appeared again and again, as if she just wanted to let him know, but it was always just a fragment, unable to get a complete memory.

Jiang Ning remembered that these memories, which he had only after sitting on the dragon chair, were constantly emerging and appearing in his mind little by little.

“What the hell is it?” the old naughty boy asked.

“I don't know, but I'm sure. Someone wants me to know.”

This one, the old naughty boy, made his eyes shrink.

Someone? who is it?

Where is he?

I don't know.

The two people looked at each other and could see the surprise in each other's eyes. Even Jiang Ning himself, after saying this, felt that someone wanted to say this, borrowing his own mouth to say this sentence. .

It seems that in his body, there is also a remnant soul of a person, like a wolf, occupied by the remnant soul of the devil!

But he didn't have that intuitive feeling.

"Go to Tiangong again," the old naughty boy hesitated, "maybe, go again and find some answers."

CHAPTER 2418

They definitely have a lot of things they don't know.

There are too many unknowns, which is not a good thing for them.

The most important thing now is to clarify the situation, at least to know, what is the weakness of the devil, otherwise how to defeat him?

As long as the devil is still a day, there will be no peace in this world.

Jiang Ning walked to the door and looked at the street outside. There was still a lot of traffic and people coming and going, but who knew that someone was silently bearing some responsibilities.

Where are the years quiet and good, but someone is carrying the weight for you.

"Donghai, you stare first."

Jiang Ning turned to look at the old naughty boy.

“Don’t you need me to go with you?”

“No, I can go by myself. Someone is needed on the East China Sea.”

Jiang Ning said, “The two of us, we must have one guarding the East China Sea to protect their safety.” The old naughty boy said Nodded.

The whereabouts of the greedy wolf is still unknown. Of course he knows that without certainty, the greedy wolf will not appear again, but they don’t have much time.

They must not just watch the remnant soul of the Demon King and recover step by step, otherwise it will be really troublesome.

Jiang Ning left without telling other people, lest they would worry anymore.

There are old urchins in the East China Sea, so he doesn’t need to worry too much. The greedy wolves are also helping themselves. Everyone has the same opponent, the devil! Jiang Ning once again entered the second dimensional space and headed to the heavenly palace.

Compared with the last time he came in, Jiang Ning found that the environment of Tiangong had changed a bit.

The dense fog makes people feel very comfortable.

He knew that it was the water in the Longevity Pond, and the mist that was constantly evaporating, filling the entire heavenly palace with vitality. He just wanted to restore this place and become the same as in the past, which might take a long time.

Jiang Ning looked at the way he was walking, and the first time he came here was with Greed Wolf, and was in a lot of trouble.

But now he came in again without any hindrance.

On the ground, you can already see that there are many grasses that have emerged. The green color makes people feel comfortable in their hearts. It is life and represents new life. Jiang Ning squatted down and reached out to touch the grass lightly, feeling her heart trembling.

“This is Xiaosheng? Ranshan closed and flicked Wu Yifu’s fate.”

Xiaocao seemed to be spiritual, touched by Jiang Ning’s finger, shook slightly, and seemed to like being touched by Jiang Ning.

A gust of wind blew gently, and the grass shook faster.

This feeling of spring is really rare.

Jiang Ning turned his head and looked around.

Even under the collapsed corners, there are greenery. The dense air is full of energy and nutrients. The grasses are struggling to absorb these nutrients so that they can grow up quickly.

This feeling is really wonderful.

Jiang Ning stood there, watching everything around him, feeling the changes here, even the slightest bit, it made him feel very comfortable.

Suddenly there was a very strong feeling in his heart.

The Tiangong must be rebuilt!

This feeling is particularly strong, not just because he has been affected, but he feels that even these grasses are working hard, trying to find a way to add a bit of vitality to this place.

That is the yearning for new life, yearning for life, yearning for everything new!
“If the crypt represents death, the palace of the day represents life.”
Jiang Ning said, “Life and death shouldn’t be opposites.”
Life and death, life and death should be the same thing, where is the new life without death?
If his thoughts are heard by others, I am afraid they will find it a bit weird, and those who understand, may feel a tremor in their hearts when they hear this.
Jiang Ning’s understanding reached an extremely deep level in an instant.
What is life and what is death?
What is the exchange of death?
He walked aimlessly, looking around, looking at the tender green branches!

CHAPTER 2419

Especially when you see a small grass hidden under a boulder, it is against the boulder, as if you want to use its thin body to break through the huge pressure and rise up!

Jiang Ning stood there, watching for a long time, the expression on his face became more and more complicated.

After a long time, he took a deep breath. Instead of helping the little grass, he pushed away the huge boulder, but let it continue to grow. Maybe one day, the little grass will grow into a big tree in the sky and will stand in front of it. The top of the boulder opens.

He continued walking, looking at the dilapidated Nantian Gate, thinking to himself, once here was glorious and peaceful, but now he turned his head into nothingness.

Jiang Ning’s mood is constantly changing. As far as his eyes are concerned, they are from devastation to gradually showing some vitality. There is still ruin in front of him, a dead silence.

But in this dead silence, there are new lives appearing.

What are these, and what do they mean?

Jiang Ning walked step by step, walking up the steps of the 33rd heaven again, looking at the weird dragon chair, he didn’t sit on it anymore, just walked to the dragon chair, as if there was a person sitting on it at the moment. .

“What do you want me to do?”

He said, looking at the empty dragon chair.

“You attract me, you must want to tell me something. If you have something and you want me to do it, just say it.”

He seemed to be talking to himself, but only Jiang Ning knew that there, really There is one person.

The man was staring at himself as well.

He finished asking, but no one answered him.

The dragon chair was still empty, and no one could be seen there.

Jiang Ning was still standing there.

“The Heavenly Palace should not be opposed to the Catacombs,”

he took a deep breath. “There should be death if there is life, and there should be life if there is death, the devil is wrong, you are all wrong.”

Booming -the voice just covered Zhe Er closed Zhe Er Zhe Wu, the sky suddenly sounded a thunder, which instantly illuminated the sky and fell to the ground.

Right by Jiang Ning’s side!

Almost hit him!

“Do you think I was wrong?”

Jiang Ning was motionless and didn’t care at all. “You are still resenting the Demon King for ruining this place, right?”

“You want to kill the Demon King through me, avenge the Heavenly Palace, and then rebuild the Heavenly Palace. , Right?”

“It shouldn’t be like this.”

He shook his head, “It really shouldn’t be like this.”

Jiang Ning suddenly felt a strange feeling that even if he rebuilt the Tiangong, he shouldn’t follow other people’s ideas. Do it, but ask him to do it himself, do it in his own way.

There were thunders in the sky, and they fell on Jiang Ning’s side one after another, like a warning, but also like someone venting their anger.

But always, Jiang Ning remained motionless, ignoring the thunder.

After a long time, everything returned to peace.

Jiang Ning stretched out his hand, placed it on the dragon chair, and patted it lightly.

“Let the past pass. Your grievances are your grievances. I don’t want to intervene. I just want to take care of the current affairs. I hope you can understand.”

After that, Jiang Ning didn’t say anything, and walked towards the longevity pool. .

He has already said what he should say, and whether others can understand it or not is not his decision.

For so long, Jiang Ning has never been a person who listens easily to others. He has his own ideas, his own opinions, and he only believes in his own judgment.

Jiang Ning left. On the dragon chair, there seemed to be a phantom. He sighed softly, laughed again, shook his head, and then gradually dissipated, like a layer of mist, warm and fused by the sun.

Everything is calm.

Jiang Ning walked to the longevity pond and looked at the water in the pond. It was still tumbling. Compared with the last time, the speed of this spring gushing out of the pond has been much faster.

“Guru Guru Guru...”

Seeing the water splashing, Jiang Ning’s eyes were like torches. The most important thing in the reconstruction of the Tiangong was the Changshengchi. This is the origin of life and the spiritual energy of the whole Tiangong!

CHAPTER 2420

Only with vitality can there be unlimited possibilities.

But he also knew that it would definitely take a long, long time to bring the heavenly palace back to life, but the people in the heavenly palace really couldn’t come back.

That dragon chair, no one has sat on it for a long time, what kind of person can sit on that dragon chair.

What kind of people can come to this heavenly palace? These rules have been broken. To rebuild the heavenly palace is not just to restore the buildings here, restore the vitality here, but also restore all order.

These are not easy things.

That is equivalent to rebuilding a world!

Jiang Ning just thought about it and found it very difficult. It is too difficult to do it by himself. Even with the support of modern technology, it is also difficult.

Even, he has no clue at present.

Jiang Ning stood there, his heart calm, listening to the gurgling sound of the water, the whole person became calm, that kind of spiritual peace was too difficult.

He took a deep breath, and sat cross-legged slowly, looking at the water that kept coming out of the spring, his eyes were out of focus, and the kind of absent-minded daze was often a very good and comfortable state.

It's just that in the past thirty years, Jiangning has not had the opportunity to experience it. In his mind, like a slide show, he played the path of his life.

He was kicked out of his house when he was a child, lived on the streets, and almost died outside, until he was taken away by his master, he learned a skill and became the most powerful God of War in the East!

Then I left the battlefield and returned to the East China Sea to find Lin Yuzhen, protect her, love her, accompany her, and even now, he has a daughter of his own.

All this is so dreamy that it is a little unreal.

Jiang Ning watched the sparkling water surface, and his thoughts floated far away. It was rare to relax in a daze like this.

Suddenly, the ground trembled suddenly!

Jiang Ning instantly became vigilant.

He saw the water trembling violently, and there seemed to be something about to come out of the pool.

He immediately stood up, alert to the abnormal changes in the longevity pool.

But in the longevity pool, no monster came out, but the water was rippling, and a curtain of water gradually rose, still sparkling, but some shadows appeared on the water curtain.

“this is.....”

Jiang Ning was a little surprised, but he didn't expect such a thing to happen.

Just like a projector, the picture on the water screen gradually becomes clearer, and you can see figures and movements.

He turned his head and looked around. Everything was normal around him, and there was nothing special.

“How could this happen?”

Jiang Ning couldn't help saying.

The water curtain seemed to come alive, and it shuddered slightly, and the picture became clearer, and Jiang Ning could even tell whether the figures on the water curtain were male or female.

Amazing!

What happened now has long surpassed his cognition, even though he kept reminding himself that this world is very strange and mysterious, as Lu Jing said, what they can always see is only the tip of the iceberg of this world.

Even this world is just the tip of the iceberg that they are willing to let them see.

Just like this kind of water curtain, it's like magic, and ordinary people will be shocked when they see it.

Suddenly, Jiang Ning's face changed slightly.

He saw the picture on the water curtain start to change, a man... is that greedy wolf? No, it's the devil!

It is the complete recovery of the devil!

He can control people's hearts. The double pupils expose the dark side of everyone's heart. There is no fan in the world, only selfishness, as long as treacherous and cunning.

The picture changed again. Jiang Ning saw that the crowd began to do things, violence and crime were everywhere, and the world began to become chaotic.

war.....

Kill...

plunder.....

The world order is gone. Everyone seems to have returned to the age of wildness. There are no rules to restrain them. Everyone follows the selfish thoughts of the heart. There is no morality and law to suppress them.

That kind of state makes people feel terrible!

Even Jiang Ning couldn't help but trembled.

If the world becomes like that, it's really over. .
