

# Billionaire God of War Novel Chapter 2433 – 2434

Chapter 2433

Andrew made Jiang Yao laugh in concert with Jiang Yao's performance.

The father and daughter were playing happily, just as usual.

From a distance, the old naughty boy looked at him and didn't say anything. He knew that Andrew was making preparations, and there was not much time left for him and Jiang Yao.

When the time is right, it may be the last step.

"In any case, it is my responsibility to protect Jiang Yao." The

old naughty boy looked up at the sky, "My old bone, I should have died long ago. What is the purpose of living to this day?"

"Of course it is for my precious apprentice."

He sighed and laughed again, taking life and death indifferently a long time ago.

When it comes to living, who doesn't want to live, who doesn't want to live forever?

But sometimes, there will be some people who are more important than their own lives, and there will be some things that are more meaningful than their own lives.

Jiang Yao in front of him is the meaning of his life.

“Hey, it’s a worthwhile trip to meet such a precious apprentice in a lifetime.” The

old naughty boy said optimistically.

Thinking of this, he simply enjoys this last quiet time, drinking some tea, drinking some wine, having fun with Jiang Yao, maybe next time, he will disappear from this world.

Although reluctant, this thing may be doomed long ago.

Tiangong.

Harrison and others stayed there, familiar with the stone warfare.

The entire stone formation is as big as three basketball courts, and there is enough space for eighteen people. This is the battlefield, where the enemy is killed or killed by the enemy.

“Huh!”

“Huh!”

“Huh!”

.....

Everyone moved back and forth, faster and faster, and there was almost no flaw in the transition between offense and defense.

“Stop!”

Harrison suddenly shouted, and slammed his fist to the ground in anger.

“Wrong! Wrong again!”

“Fifth, are you a pig? Why are you wrong again, is this so difficult? Old mistake!” The

old five pursed his lips and was scolded by the dog. In the old days, he opened his mouth and cursed back, but he wouldn't be polite, but today he just didn't say a word.

On the contrary, self-blame and sadness appeared on his face.

Snapped!

He slapped his face, still did not say a word, returned to his position and started again.

With so many of them, they actually want the little girl Jiang Yao to take on such a dangerous thing, not just their little senior sister, but also their niece.

They all remember Jiang Yao clinging to them to play, taking a mouthful of an uncle.

If something happens to Jiang Yao, they can't forgive themselves!

Over and over again, Harrison and the others have spelled it out, don't want to make any mistakes, don't want to make any mistakes, and cannot make any mistakes!

No one cares about Jiang Yao's safety.

boom!

boom!

boom!

Their figures flashed quickly, constantly changing their positions. They were arranged in accordance with Jiang Ning's formation. They needed to integrate their battle formation techniques as soon as possible.

This is their role, and it is the most critical part of this battle.

There has never been a time when they felt so important that no one would slacken their efforts.

After a long time, everyone stopped, all wet with sweat, panting heavily.

"Those positions are still not good, too slow." The

old six barked his teeth. "You have to be up to speed. Don't hesitate. This level of battle may fail even if you lose your mind."

They can't failure.

“Wait later, practice different combinations of numbers. Everyone has to come a few times to make sure they are proficient and make sure...” The

sixth laughed, “Make sure even if someone hangs up,? Shan loves Freya, Lu Shan Zhewu? Others can stand up too!”

“Whether it is the battle formation technique of eighteen people or eight people, even if the last one is left, they must be able to withstand it!”

Everyone looked at him, with their eyes Resolutely, without any hesitation.

Even if the battle reaches the last person, or even the entire army is annihilated, they will never give up, absolutely must support this formation!

Chapter 2434

“Huh, I won’t die in front of you,”

Lao Jiu cursed, “You guys, bragging every day, I don’t bother to expose you, among so many brothers, in fact, my strength is the strongest.”

“You guys. When the time comes, all fucking hide behind me, I will protect you!”

“Blow on you, who protects whom?”

Thirteen scolded, “You were beaten and cried by me last time. Did you forget?”

Several people were right. When they scolded, this was their daily routine in the past, and there is no day when they should not be scolded, but today, when they scolded and scolded, they suddenly stopped talking.

It seems that if you are afraid of something, it will really come true after the curse is over.

“Drink some water, rest and continue.”

Harrison glanced at them, poured a few large mouthfuls of longevity pool water into his mouth, got up, and continued to train.

The others didn't say anything, and continued training after drinking water.

It's as usual, except that today's training location is different, the training items are different, and the others are no different.

Time and time again, the cycle keeps on. If you make a mistake, you can change it, even if you make a mistake. Take a break when you are tired, drink two sips of water from the longevity pond, and let your body recover as soon as possible, without stopping.

Time, one minute and one second passed, and the coordination of the eighteen people became more and more smooth, like clouds and flowing water, shuttled in the stone formation, as fast as lightning!

The attack is like thunder, the defense is like a rock, and the speed of offensive and defensive transitions, even if the old naughty boy is watching here, he must shout good.

Ordinary people don't have this kind of tacit understanding. Only brothers like Brother Dog, who have lived and died for many years, can have such a tacit understanding.

This formation is designed to kill the greedy wolf, and this is their only purpose!

At the same time.

Inside the crypt.

Greedy Wolf returned to the cemetery again.

The tablets of the devil kings of the past were all thrown to the ground by him at this moment, and they were broken with one foot.

“They are all old things that have been eliminated, do you really think they can stop me?” It

was the voice of the devil, arrogant.

He knows that Greedy Wolf wants to consume himself through the remnants of the demon kings of the past. He is too naive and completely unaware that the demon kings are eliminated from generation to generation, and generations are stronger than generations. How can he lose?

He is the strongest demon in history!

It is possible to truly pursue longevity and pursue invincible existence!

He bluffed his hands and slapped it violently, and suddenly a hole cracked in the ground, and jars emerged one by one.

“Don’t you want to swallow the remnants of the devil kings of the past to suppress me?” The

devil laughed. "Then I will let you see how they suppressed it!" With a

bang, a dozen jars were all broken, and the entire ancestral hall was instantly broken. Liyin wind screams!

Whoops!

The wind whizzed, and afterimages flew out of the jar and rushed directly to the greedy wolf, but he stood there, didn't move, and didn't seem to care at all, letting those remnants impact on him.

A series of remnant souls wanted to swallow and bite the greedy wolf, but it seemed useless.

"Well!"

Wolf a hand, direct catch a residual soul, is the devil's voice, extremely insolent, "fall by the wayside, it is from you first start!"

He finished, direct opened his mouth, the residue of that road Hunsheng swallowed it without any muddle-headedness.

But in a blink of an eye? Ling Shan Pa Shan Shan Zhe Xi Ai? The breath of the remnant soul disappeared without a trace, and was directly digested by the devil.

Greedy Wolf could clearly feel that the devil's remnant soul seemed to have become more solid and healed again. How could it be so terrible?

"What do you want to do?"

was the voice of Greed Wolf.

“Swallow these, I should be able to recover to about 70%.” The

Demon King sneered, “You ignorant fellows, don’t even know how powerful

I was !” “I tell you, I am The strongest! Always the strongest, hahahaha!””
